365 apps for business: Fair Play Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. 365 apps for business: The Writer's Diet Helen Sword, 2016-05-02 This book offers an easy-to-follow set of writing principles. For example, use active verbs whenever possible, favour concrete language over vague abstractions, avoid long strings of prepositional phrases, employ adjectives and adverbs only when they contribute something new to the meaning of a sentence and

reduce your dependence on the waste words: 'it', 'this', 'that' and 'there'. The author also shows these rules in action through examples from famous authors such as Shakespeare and Emily Dickinson. The book includes a test to help you assess your own writing and get advice on problem areas.
