eot wellness lotion applicator: City of a Thousand Gates Bee Sacks, 2021-02-02 WINNER OF THE JANET HEIGINGER KAFKA PRIZE FOR FICTION “The novel showcases the humanity, tragedy, and complexity of life in the West Bank. . . . The characters’ interwoven lives will stay with you long after the book's denouement.” —Entertainment Weekly “Sacks is an extraordinarily gifted writer whose intelligence, compassion and skill on both the sentence and tension level rise to meet her ambition. She keeps us constantly on edge. . . . City of a Thousand Gates makes a convincing case for a literature of multiplicity, polyphonic and clamorous, abuzz with challenges and contradictions, with no clear answers but a promise to stay alert to the world, in all its peril and vitality.” —Washington Post Brave and bold, this gorgeously written novel introduces a large cast of characters from various backgrounds in a setting where violence is routine and where survival is defined by boundaries, walls, and checkpoints that force people to live and love within and across them. Hamid, a college student, has entered Israeli territory illegally for work. Rushing past soldiers, he bumps into Vera, a German journalist headed to Jerusalem to cover the story of Salem, a Palestinian boy beaten into a coma by a group of revenge-seeking Israeli teenagers. On her way to the hospital, Vera runs in front of a car that barely avoids hitting her. The driver is Ido, a new father traveling with his American wife and their baby. Ido is distracted by thoughts of a young Jewish girl murdered by a terrorist who infiltrated her settlement. Ori, a nineteen-year-old soldier from a nearby settlement, is guarding the checkpoint between Bethlehem and Jerusalem through which Samar—Hamid’s professor—must pass. These multiple strands open this magnificent and haunting novel of present-day Israel and Palestine, following each of these diverse characters as they try to protect what they love. Their interwoven stories reveal complicated, painful truths about life in this conflicted land steeped in hope, love, hatred, terror, and blood on both sides. City of a Thousand Gates brilliantly evokes the universal drives that motivate these individuals to think and act as they do—desires for security, for freedom, for dignity, for the future of one’s children, for land that each of us, no matter who or where we are, recognize and share.
