essentia health wellness clinic hermantown: *The Midwest Survival Guide* Charlie Berens, 2021-11-16 New York Times Bestseller A hilarious full-color guide to Midwestern culture, from comedian and journalist Charlie Berens, creator of the viral comedic series *The Manitowoc Minute* Have you ever had a goodbye lasting more than four hours? Do you lack the emotional capacity to say "I love you" so you just tell your loved ones to "watch out for deer"? Have you apologized to a stranger because she stepped on your foot? If you answered yes to any of these questions, there's a good chance you're a Midwesterner—or a Midwesterner at heart. Even if you answered no, you probably know someone who held the door for you from two football fields away. He likely waved at you and said, "Hey there," like you organized the church bar crawl together. That was a Midwesterner in the wild. We understand that your interaction was strange—but it's likely to get stranger. Don't wait until they stick their head in your second-floor window to invite you over for a perch fry because they climbed on your roof to clean your gutters. There's no need to pull the pepper spray; this species is helpful by nature. And the relationship could be very symbiotic—but only if you let it happen. And that's where this book comes into play. Inspired by my comedy tours across the Midwest and life growing up in Wisconsin, this book is an exploration into my favorite region on Earth. Some may think the Midwest is just a bunch of bland flyover states filled with less diversity than a Monsanto monoculture. But scratch that surface with your buck knife and you'll find rich cultures and traditions proving we're more than just fifty shades of milk. So whether you're a born-and-bred Midwesterner looking to sharpen your skill at apologies or a costal elite visiting the in-laws for the holidays, this book will help you navigate the Midwest, with everything from the best flannel looks to dating and mating rituals (yes, casserole is involved) to climbing the corporate corn

silo to how to handle a four-way stop—and every backyard brat fry in between. And for those of you who don't like reading, don't worry—we've got pictures! Toss in illustrations, sidebars, quizzes, and jokes worthy of a supper club stall and *The Midwest Survival Guide* is just the walleye-deep look into this distinctive, beautiful, and bizarre American culture you've been looking for.

essentia health wellness clinic hermantown: *Brainspotting* David Grand, Ph.D., 2013-04-01
Brain-based therapy is the fastest-growing area in the field of psychological health because it has proven that it can immediately address issues that talk therapy can take years to heal. Now Dr. David Grand presents the next leap forward in psychological care—combining the strengths of brain-based and talk therapies into a powerful technique he calls Brainspotting. In Brainspotting, Dr. Grand reveals the key insight that allowed him to develop this revolutionary therapeutic tool: that where we look reveals critical information about what's going on in our brain. Join him to learn about: The history of Brainspotting—how it evolved from EMDR practice as a more versatile tool for brain-based therapy • Brainspotting in action—case studies and evidence for the effectiveness of the technique • An overview of the different aspects of Brainspotting and how to use them • Between sessions—how clients can use Brainspotting on their own to reinforce and accelerate healing • Why working simultaneously with the right and left brain can lead to expanded creativity and athletic performance • How Brainspotting can be used to treat PTSD, anxiety, depression, addiction, physical pain, chronic illness, and much more Brainspotting lets the therapist and client participate together in the healing process, explains Dr. Grand. It allows us to harness the brain's natural ability for self-scanning, so we can activate, locate, and process the sources of trauma and distress in the body. With Brainspotting, this pioneering researcher introduces an invaluable tool that can support virtually any form of therapeutic practice—and greatly accelerate our ability to heal.

essentia health wellness clinic hermantown: Veterans Health Care U. s. Government Accountability Office, 2013-07-15 VHA's logistics program is responsible for the management of medical supplies and equipment in VAMCs' inventories and the standardization of such items throughout VHA. Previous reports have pointed to deficiencies in VHA's logistics program. GAO assessed (1) the extent to which VAMCs and networks have complied with new VHA requirements to remedy known deficiencies in its logistics program and (2) VHA's progress in enhancing its logistics program. GAO reviewed documents and interviewed officials to identify new requirements affecting VHA's logistics program. GAO then visited a nongeneralizable sample of five VAMCs and verified the extent to which the VAMCs and corresponding networks, which oversee VAMCs, were complying with VHA's new requirements. GAO also reviewed documentation of VHA's plans for funding, implementing, and evaluating efforts it is undertaking to enhance its logistics program, examined the extent to which VHA was on track to execute those plans, and assessed VHA's efforts against criteria in GAO's standards for internal control in the federal government. To address deficiencies in its logistics program, the Veterans Health Administration (VHA) issued new requirements in 2011 regarding the management of medical supplies and equipment in Veterans Affairs medical centers' (VAMC) inventories, the standardization of these items, and the monitoring of VAMCs' logistics programs. These requirements, some of which apply to VAMCs and some of which apply to networks, are designed to improve veterans' safety and the cost-effective use of resources. GAO found that the five VAMCs GAO visited and their corresponding networks have partially complied with VHA's new requirements. Specifically, as of December 2012, none of the VAMCs GAO visited fully complied with all of VHA's new requirements for managing inventories; one VAMC GAO visited and two networks fully complied with VHA's new standardization requirements, and the remaining four VAMCs and three networks partially complied; and four of the five VAMCs GAO visited and three of the five corresponding networks fully complied with the new monitoring requirements. Because VAMCs GAO visited and the associated networks have only partially complied with these requirements, potential risks to patient safety and the inefficient use of resources remain. In addition to the new VAMC and network requirements, VHA has other efforts underway that—according to officials—will further improve the management and tracking of medical supplies and equipment in VAMC inventories and the standardization of such items across VHA. However,

there are substantive uncertainties relating to implementation, funding, and operational issues that may impede their success, if not appropriately addressed. Specifically: VHA is piloting a new inventory management system that is intended to replace VHA's existing systems for managing medical supply and equipment inventories. However, VHA has not fully funded the pilot, staffing resources to implement it at VAMCs are limited, and VHA has yet to resolve technical issues to ensure that this new system can interface with legacy systems. Furthermore, VHA has yet to develop criteria and collect corresponding data to evaluate the performance of the pilot. VHA is also implementing a system for electronically tracking the location of certain medical supplies and equipment in VAMCs. However, there are uncertainties with respect to interoperability issues with other inventory management systems and resources to implement the system. Lastly, VHA is establishing a program executive office that will provide logistics support and manage the standardization of medical supplies and equipment VHA-wide. However, the office has not been fully staffed and uncertainty exists about its continued implementation, because VHA's efforts to hire additional staff are on hold pending its evaluation of the effectiveness of this office. GAO-13-336

essentia health wellness clinic hermantown: The American Midwest Andrew R. L. Cayton, Richard Sisson, Chris Zacher, 2006-11-08 This first-ever encyclopedia of the Midwest seeks to embrace this large and diverse area, to give it voice, and help define its distinctive character. Organized by topic, it encourages readers to reflect upon the region as a whole. Each section moves from the general to the specific, covering broad themes in longer introductory essays, filling in the details in the shorter entries that follow. There are portraits of each of the region's twelve states, followed by entries on society and culture, community and social life, economy and technology, and public life. The book offers a wealth of information about the region's surprising ethnic diversity -- a vast array of foods, languages, styles, religions, and customs -- plus well-informed essays on the region's history, culture and values, and conflicts. A site of ideas and innovations, reforms and revivals, and social and physical extremes, the Midwest emerges as a place of great complexity, signal importance, and continual fascination.

essentia health wellness clinic hermantown: Urological and Gynaecological Chronic Pelvic Pain Robert M. Moldwin, 2018-08-12 This text is designed for those clinicians who feel comfortable diagnosing these illnesses and wish to enhance their knowledge base and skill set regarding treatment options. Referrals for pelvic pain are common in urological and gynaecological practice; and may lead to varied diagnoses such as interstitial cystitis/bladder pain syndrome, chronic prostatitis/chronic pelvic pain syndrome, pelvic floor dysfunction, chronic orchialgia, and vulvodynia.

To make matters more complex, each of these conditions is frequently associated by co-morbidities. The text is unique in being organized by the multiple and multifaceted therapies that are available, rather than by specific disorders. The text is richly illustrated with multiple diagrams, figures, and tables, making it the “go to” and “how to” reference for patient treatment.

essentia health wellness clinic hermantown: *Life on the Tenure Track* James M. Lang, 2005-05-12 In this fast-paced and lively account, Jim Lang asks—and mostly answers—the questions that confront every new faculty member as well as those who dream of becoming new faculty members: Will my students like me? Will my teaching schedule allow me time to do research and write? Do I really want to spend the rest of my life in this profession? Is anyone awake in the backrow? Lang narrates the story of his first year on the tenure track with wit and wisdom, detailing his moments of confusion, frustration, and even elation—in the classroom, at his writing desk, during his office hours, in departmental meetings—as well as his insights into the lives and working conditions of faculty in higher education today. Engaging and accessible, *Life on the Tenure Track* will delight and enlighten faculty, graduate students, and administrators alike.

essentia health wellness clinic hermantown: *The IC Chef Cookbook* Jill Heidi Osborne, 2015-04-01 The IC Chef Cookbook offers more than 260 recipes for patients struggling with bladder and prostate sensitivity. In addition to explaining how foods irritate the bladder and those ingredients known to trigger discomfort, it offers recipes for hot and cold drinks, breakfast & brunch, sauces, main dishes, vegetables, soups, salads & salad dressings, breads and desserts. Extensive appendices include the ICN food list, FAQ's, Fighting Constipation With Fiber and more.

essentia health wellness clinic hermantown: *The Struggle for Equality* James M. McPherson, 2014-10-26 Originally published in 1964, *The Struggle for Equality* presents an incisive and vivid look at the abolitionist movement and the legal basis it provided to the civil rights movement of the 1960s. Pulitzer Prize-winning historian James McPherson explores the role played by rights activists during and after the Civil War, and their evolution from despised fanatics into influential spokespersons for the radical wing of the Republican Party. Asserting that it was not the abolitionists who failed to instill principles of equality, but rather the American people who refused to follow their leadership, McPherson raises questions about the obstacles that have long hindered American reform movements. This new Princeton Classics edition marks the fiftieth anniversary of the book's initial publication and includes a new preface by the author.

essentia health wellness clinic hermantown: *The Human Factor to Profitability* Jeanette Kersten, Kelly La Venture, 2015-10-06 Building a People-Centered Culture for Long-Term Success *The Human Factor to Profitability: Building a People-Centered Culture for Long-Term Success* explores the unique factors of organizational culture and climate that highlight the role and value of employees in any organization. People spend most of their time at work, and being an active participant in the culture and climate of their organization impacts the bottom line. Organizations that promote such values as openness, trust, initiative, teamwork, collaboration, creativity, and empowerment obtain better results. Having employees who are engaged, motivated, and happy at work results in higher productivity and profitability. This book showcases the research, practical application, and testimonials of leaders who use a people-centered process in their organizations.

essentia health wellness clinic hermantown: *120 Years of American Education* , 1993

essentia health wellness clinic hermantown: *Comprehensive Internationalization* John K. Hudzik, 2014-11-20 This book is a timely insight into the internationalization of higher education institutions. The internationalization of higher education is a global phenomenon, but with substantial variation in how it is made operational in individual institutions. *Comprehensive Internationalization* focuses on desirable practices in institutions and their actual approaches to implement a more integrated, strategic, or comprehensive global engagement across their core missions: teaching, research, and service. Part I of the book investigates a wide range of issues governing the internationalization of institutions: Outlining the origins, meaning and evolution toward more strategic and comprehensive forms of internationalization; building an understanding of the meanings of comprehensive internationalization, as well as common aspirations, when linked

to different types of institutions; understanding the rationales and motivations for internationalization and intended results; creating an institutional vision and culture to support comprehensive internationalization; and implementing key strategies for successful internationalization in terms of practical actions and programs and results, including identifying and ameliorating barriers, engaging organizational change, assessing outcomes, and obtaining resources. Part II of the book offers case stories from institutions across the globe which describe varying pathways toward more comprehensive internationalization. Institutions were chosen to reflect the diversity of higher education and approaches to internationalization. An analysis of the cases uncovers similarities and differences, as well as common lessons to be learned. With contributions from mainland Europe, Australia, the USA, the UK, Latin America, Singapore and South Africa, the global application of the book is unparalleled. Comprehensive Internationalization will be of vital interest to a wide variety of higher education institutional leaders and managers as they address the problems and solutions for institutional internationalization available to them in a rapidly changing educational world and a 21st Century global environment.

essentia health wellness clinic hermantown: Fallingwater Rising Franklin Toker, 2007-12-18 Fallingwater Rising is a biography not of a person but of the most famous house of the twentieth century. Scholars and the public have long extolled the house that Frank Lloyd Wright perched over a Pennsylvania waterfall in 1937, but the full story has never been told. When he got the commission to design the house, Wright was nearing seventy, his youth and his early fame long gone. It was the Depression, and Wright had no work in sight. Into his orbit stepped Edgar J. Kaufmann, a Pittsburgh department-store mogul—"the smartest retailer in America"—and a philanthropist with the burning ambition to build a world-famous work of architecture. It was an unlikely collaboration: the Jewish merchant who had little concern for modern architecture and the brilliant modernist who was leery of Jews. But the two men collaborated to produce an extraordinary building of lasting architectural significance that brought international fame to them both and confirmed Wright's position as the greatest architect of the twentieth century. Fallingwater Rising is also an enthralling family drama, involving Kaufmann, his beautiful cousin/wife, Liliane, and their son, Edgar Jr., whose own role in the creation of Fallingwater and its ongoing reputation is central to the story. Involving such key figures of the 1930s as Frida Kahlo, Albert Einstein, Henry R. Luce, William Randolph Hearst, Ayn Rand, and Franklin Roosevelt, Fallingwater Rising shows us how E. J. Kaufmann's house became not just Wright's masterpiece but a fundamental icon of American life. One of the pleasures of the book is its rich evocation of the upper-crust society of Pittsburgh-Carnegie, Frick, the Mellons—a society that was socially reactionary but luxury-loving and baronial in its tastes, hobbies, and sexual attitudes (Kaufmann had so many mistresses that his store issued them distinctive charge plates they could use without paying). Franklin Toker has been studying Fallingwater for eighteen years. No one but he could have given us this compelling saga of the most famous private house in the world and the dramatic personal story of the fascinating people who made and used it. A major contribution to both architectural and social history.

essentia health wellness clinic hermantown: Prospero's Daughter Elizabeth Nunez, 2016-10-25 Set on a Caribbean island in the grip of colonialism, this novel is "masterful . . . simply wonderful . . . [an] exquisite retelling of *The Tempest*" (Kirkus Reviews, starred review). When Peter Gardner's ruthless medical genius leads him to experiment on his unwitting patients—often at the expense of their lives—he flees England, seeking an environ where his experiments might continue without scrutiny. He arrives with his three-year-old-daughter, Virginia, in Chacachacare, an isolated island off the coast of Trinidad, in the early 1960s. Gardner considers the locals to be nothing more than savages. He assumes ownership of the home of a servant boy named Carlos, seeing in him a suitable subject for his amoral medical work. Nonetheless, he educates the boy alongside Virginia. As Virginia and Carlos come of age together, they form a covert relationship that violates the outdated mores of colonial rule. When Gardner unveils the pair's relationship and accuses Carlos of a monstrous act, the investigation into the truth is left up to a curt, stonehearted British inspector, whose inquiries bring to light a horrendous secret. At turns epic and intimate, *Prospero's Daughter*,

from American Book Award winner Elizabeth Nunez, uses Shakespeare's play as a template to address questions of race, class, and power, in the story of an unlikely bond between a boy and a girl of disparate backgrounds on a verdant Caribbean island during the height of tensions between the native population and British colonists. "Gripping and richly imagined . . . a master at pacing and plotting . . . an entirely new story that is inspired by Shakespeare, but not beholden to him." —The New York Times Book Review "Absorbing . . . [Nunez] writes novels that resound with thunder and fury." —Essence "A story about the transformative power of love . . . Readers are sure to enjoy the journey." —Black Issues Book Review (Novel of the Year)

essentia health wellness clinic hermantown: *Within These Woods* Timothy Goodwin, 2015-04-28 With the eye of a biologist and the soul of an artist, Tim Goodwin guides the reader on a personal and educational journey through the Northwoods of the Great Lakes Region. He reflects on the elegance of the evolutionary process and the interconnectedness of all living things. At times a microscopic examination of the forest floor, and at others a far-reaching gaze into the wonders of a night sky. Goodwin explores this enchanted place and the delicate dance its history, geology, and organisms have performed since before recorded time. Along the way, he asks the hard questions about stewardship and spirituality that only connecting to nature and understanding our place in it can begin to answer.

essentia health wellness clinic hermantown: *The Love Wife* Gish Jen, 2004-09-14 From the massively talented, award-winning author of *Thank You, Mr. Nixon* comes "a big story ... about families and identity and race and the American Dream.... Jen's most ambitious and emotionally ample work yet" (The New York Times). The Wongs describe themselves as a "half half" family, but the actual fractions are more complicated, given Carnegie's Chinese heritage, his wife Blondie's WASP background, and the various ethnic permutations of their adopted and biological children. Into this new American family comes a volatile new member. Her name is Lanlan. She is Carnegie's Mainland Chinese relative, a tough, surprisingly lovely survivor of the Cultural Revolution, who comes courtesy of Carnegie's mother's will. Is Lanlan a very good nanny, a heartless climber, or a posthumous gift from a formidable mother who never stopped wanting her son to marry a nice Chinese girl? Rich in insight, buoyed by humor, *The Love Wife* is a hugely satisfying work.

essentia health wellness clinic hermantown: *Advanced Personality* David F. Barone, Michel Hersen, Vincent B. Van Hasselt, 2012-09-14 Embracing all aspects of personality study, *Advanced Personality* addresses major established theories and vital current research topics in the field, from the perspectives of both clinical and scholarly settings. This impressive text-reference features chapters that cover, among other topics-psychobiological theories of personality- conscious and unconscious functioning-and personality disorders from a trait perspective. Written for entry-level graduate and upper-level undergraduate students, the book includes an introductory chapter with a chronological table listing all major figures in the history of the field, and tables that summarize key aspects of various theories.

essentia health wellness clinic hermantown: *No Vulgar Hotel: The Desire and Pursuit of Venice* Judith Martin, 2011-02-07 Add *No Vulgar Hotel* to the list of books you must read before you come to Venice. —Donna Leon This is the definitive book for managing an incurable passion for a decaying, waterlogged village. Whether you already have a raging case of Venetophilia or are among the fifteen million people who yearly put themselves in danger of contracting it, here is where you get your fix of Venetian wit, history, practicality, and enchantment.

essentia health wellness clinic hermantown: *Warrior Nation* Anton Treuer, 2015 By fending off repeated assaults on their land and governance, the Ojibwe people of Red Lake have retained cultural identity and maintained traditional ways of life.

essentia health wellness clinic hermantown: *Children, Adults, and Shared Responsibilities* Marcia J. Bunge, 2012-09-27 Collected essays discussing religious and ethical perspectives on children and obligations to them within the religious traditions of Judaism, Christianity and Islam. Contributes to intellectual inquiry regarding children in the specific areas of children's rights and childhood studies, and provides resources for child advocates and those

engaged in interreligious dialogue.

essentia health wellness clinic hermantown: *Etchers and Etching* Joseph Pennell, 1919

essentia health wellness clinic hermantown: *Reflections and Undercurrents* Eric Denker, Trout Gallery, 2012 In the 1880s, James McNeil Whistler revolutionized the way artists represented the city of Venice by producing images that moved away from the major tourist monuments to depict the squares, back alleys, and isolated canals that only residents knew. His novel approach inspired generations of printmakers who worked in Venice, and this book celebrates their work. Ernest David Roth (1879-1964) was one of the most significant American etchers of the first half of the 20th century, and his most important achievements are the views he did of Venice between 1905 and 1941. Roth and his friends John Taylor Arms and Louis Rosenberg formed the nucleus of a circle of American etchers that created a timeless vision of European and American cityscapes and landscapes in the 1920s and 1930s, and their Venetian views are at the center of their accomplishment.

essentia health wellness clinic hermantown: *Whistler and His Circle in Venice* Eric Denker, Corcoran Gallery of Art, Grolier Club, 2003 This new study focuses on a little-documented period of Whistler's career: his stay in Venice from 1879 to 1880. Arriving in the footsteps of such renowned artists as Canaletto, Guardi, and Turner, whose enthusiasm for representing the city was shared by so many Grand Tourists, Whistler was determined to do more than simply capture its popular views. He wanted to penetrate further - to achieve a greater understanding of the nature of Venice itself. As this book reveals, Whistler's struggle to find a Venice of the Venetians proved profoundly significant, challenging and redefining the ways in which others viewed the city. It also traces the remarkable breadth of his influence on artists in Europe and the United States, including John Singer Sargent, whose lifelong association with Whistler - begun during their stay in Venice - receives a new, in-depth appraisal. Whistler's impact on pictorial photography, notably on the work of Alfred Stieglitz, is explored here for the first time.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. essentia health wellness clinic hermantown: *Greek Theatre in Context* Eric Dugdale, 2008-07-24 An exciting series that provides students with direct access to the ancient world by offering new translations of extracts from its key texts. This book offers a valuable guide to Greek theatre. It presents a broad selection of key ancient sources, both visual and literary, about all aspects of performance - including actors, masks, stage props and choral dancing - as well as scenes from the plays themselves that offer insights into their staging, plots, and reception. The dramatic brilliance of playwrights such as Sophocles, Aristophanes and Menander is brought to the fore by helpful commentary that provides a framework for the interpretation of Greek drama, fleshes out its cultural contexts, and invites students to consider a range of provocative questions.

essentia health wellness clinic hermantown: *The Child in Christian Thought* Marcia J. Bunge, 2001 A collection of seventeen essays presenting theological perspectives on children throughout history. Discusses the care of children, their spiritual education, and the role of parents, the church, and the state in raising children.

essentia health wellness clinic hermantown: *The Child in the Bible* Marcia J. Bunge, Terence E. Fretheim, Beverly Roberts Gaventa, 2008-09-15 In this volume nineteen biblical scholars collaborate to provide an informed and focused treatment of biblical perspectives on children and childhood. Looking at the Bible through the lens of the child exposes new aspects of biblical texts

and themes. Some of the authors focus on selected biblical texts -- Genesis, Proverbs, Mark, and more -- while others examine such biblical themes as training and disciplining, children and the image of God, the metaphor of Israel as a child, and so on. In discussing a vast array of themes and questions, the chapters also invite readers to reconsider the roles that children can or should play in religious communities today. Contributors: Reidar Aasgaard David L. Bartlett William P. Brown Walter Brueggemann Marcia J. Bunge John T. Carroll Terence E. Fretheim Beverly Roberts Gaventa Joel B. Green Judith M. essentia health wellness clinic hermantown: *Trojan Barbie* Christine Evans, 2010 Lotte Jones, a doll repair expert, needs a vacation. She books herself on a cultural tour for singles and travels with them to modern-day Troy, where she finds more of a change of scene than she'd bargained for-she's in the midst of an attack by the Greek army threatening to destroy the last fragments of a mighty civilization. When the camp is torched, the women are enslaved and Lotte is rescued by the British Embassy. Her life returns to normal-until a revenge-obsessed Hecuba claws her way up through the centuries into Lotte's doll shop, in search of her murdered children's bodies.

essentia health wellness clinic hermantown: *Children and Childhood in World Religions* Don S. Browning, Marcia J. Bunge, 2009-08-14 While children figure prominently in religious traditions, few books have directly explored the complex relationships between children and religion. This is the first book to examine the theme of children in major religions of the world. Each of six chapters, edited by world-class scholars, focuses on one religious tradition and includes an introduction and a selection of primary texts ranging from legal to liturgical and from the ancient to the contemporary. Through both the scholarly introductions and the primary sources, this comprehensive volume addresses a range of topics, from the sanctity of birth to a child's relationship to evil, showing that issues regarding children are central to understanding world religions and raising significant questions about our own conceptions of children today.

essentia health wellness clinic hermantown: *A Reader's Guide to Dag Hammarskjöld's Waymarks* Bernhard Erling, 2002

essentia health wellness clinic hermantown: *Alternative Kilns & Firing Techniques* James C. Watkins, Paul Andrew Wandless, 2006 Demonstrating four different clay-firing techniques, this book illustrates the diverse results that each can produce.

essentia health wellness clinic hermantown: *A Pearl in the Storm* Tori Murden McClure, 2009-04-07 In the end, writes Tori McClure, I know I rowed across the Atlantic to find my heart, but in the beginning, I wasn't aware that it was missing. During June 1998, Tori McClure set out to row across the Atlantic Ocean by herself in a twenty-three-foot plywood boat with no motor or sail. Within days she lost all communication with shore, but nevertheless she decided to keep going. Not only did she lose the sound of a friendly voice, she lost updates on the location of the Gulf Stream and on the weather. Unfortunately for Tori, 1998 is still on record as the worst hurricane season in the North Atlantic. In deep solitude and perilous conditions, she was nonetheless determined to prove what one person with a mission can do. When she was finally brought to her knees by a series of violent storms that nearly killed her, she had to signal for help and go home in what felt like complete disgrace. Back in Kentucky, however, Tori's life began to change in unexpected ways. She fell in love. At the age of thirty-five, she embarked on a serious relationship for the first time, making her feel even more vulnerable than sitting alone in a tiny boat in the middle of the Atlantic. She went to work for Muhammad Ali, who told her that she did not want to be known as the woman who almost rowed across the Atlantic Ocean. And she knew that he was right. In this thrilling story of high adventure and romantic quest, Tori McClure discovers through her favorite way—the hard way—that the most important thing in life is not to prove you are superhuman but to fully to embrace your own humanity. With a wry sense of humor and a strong voice, she gives us a true memoir of an explorer who maps her world with rare emotional honesty.

essentia health wellness clinic hermantown: *The Macho Paradox* Jackson Katz, 2019-06-04

A fully revised and updated edition to a classic bestseller, *The Macho Paradox* is the first book to show how violence against women is a men's issue—and how all genders can come together to stop it. From the #MeToo movement to current discussions about gender norms in schools, sports, politics, and media culture, *The Macho Paradox* incorporates the voices and experiences of the women, men, and others who have confronted the problem of gender violence from all angles. Bestselling author Jackson Katz is a pioneering educator and activist on the topic of men's violence against women. In this revised edition of his heralded book, Katz outlines the ways in which cultural ideas about manhood contribute to men's sexually harassing and abusive behaviors and that men have a positive role to play in challenging and changing the sexist cultural norms that too often lead to gender violence. This important book for abused women covers topics ranging from mental and emotional abuse to sexual harassment to domestic violence and is a vital read for women with controlling partners or as a self-help book for men. Praise for *The Macho Paradox*: A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women.—Booklist If only men would read Katz's book, it could serve as a potent form of male consciousness-raising.—Publishers Weekly These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of the issues, demonstrating undeniably that stopping the degradation of women should be every man's priority.—Lundy Bancroft, author of *Why Does He Do That?: Inside the Minds of Angry and Controlling Men*
