The City at Eye Level qualitatively evaluates plinths by exploring specific examples from all over the world. Over twenty-five experts investigate the design, land use, and road and foot traffic in rigorously researched essays, case studies, and interviews. These pieces are supplemented by over two hundred beautiful color images and engage not only with issues in design, but also the concerns of urban communities. eurostar gare du nord business premier lounge: A New Kind of Bleak: Journeys Through Urban Britain Owen Hatherley, 2012-07-31 An anatomy of failed-state Britain, by the author of A Guide to the New Ruins of Great Britain. In A Guide to the New Ruins of Great Britain, Owen Hatherley skewered New Labour's architectural legacy in all its witless swagger. Now, in the year of the Diamond Jubilee and the London Olympics, he sets out to describe what the Coalition's altogether different approach to economic mismanagement and civic irresponsibility is doing to the places where the British live. In a journey that begins and ends in the capital, Hatherley takes us from Plymouth and Brighton to Belfast and Aberdeen, by way of the eerie urbanism of the Welsh valleys and the much-mocked splendour of modernist Coventry. Everywhere outside the unreal Southeast, the building has stopped in towns and cities, which languish as they wait for the next bout of self-defeating austerity. Hatherley writes with unrivalled aggression about the disarray of modern Britain, and yet this remains a book about possibilities remembered, about unlikely successes in the midst of seemingly inexorable failure. For as well as trash, ancient and modern, Hatherley finds signs of the hopeful country Britain once was and hints of what it might become.

The same words could describe *Enter, Fleeing*, the fourth collection of poems from one of the UK's most distinctive poets. The work gathered here displays Ford's power to amuse and startle, to move and disconcert. A number of short poems recreate moments from the poet's peripatetic childhood, while others dramatise more general states of fear and desire, of excitement and anxiety. As Vendler noted, Ford's recent work frequently addresses post-colonial issues arising from the collapse of the British Empire, as well as the paradoxes and information loops of today's globalised economy. *Enter, Fleeing* is Ford's most exhilarating and powerful volume to date.

eurostar gare du nord business premier lounge: *Senna Versus Prost* Malcolm Folley, 2009-05-07 In the late eighties and early nineties, Formula One was at its most explosive, with thrilling races, charismatic drivers, nail-biting climaxes - and the most deadly rivalry ever witnessed in sport. Two of Formula One's most honoured champions and iconic figures drove together for McLaren for two seasons, and their acrimonious and hostile relationship extended even after one of them had left the team. ALAIN PROST, France's only F1 world champion, the intelligent, smooth driver with the epithet 'Le Professeur'. Ayrton Senna, the mercurial kid from a privileged background in Sao Paulo who would become the most intense and ruthless racing driver the world has ever seen. It was a story that would have a tragic ending. As the great rivals raced to victory, their relationship deteriorated badly, beginning with the breaking of a gentleman's agreement, and public spats followed, culminating in Prost accusing Senna of deliberately trying to ride him off the circuit, and fearful that the Brazilian would get someone killed with his daring overtaking feats. And the final, sad act of this drama happened at the San Marino Grand prix at Imola in May 1994, when Senna was killed. Featuring a rare interview with Prost, and insight from Martin Brundle, Damon Hill, Sir Frank Williams, Bernie Ecclestone, Derek Warwick, Johnny Herbert, Gerhard Berger, plus McLaren insiders and other F1 figures, Malcolm Folley provides us with a breath-taking account of

one of the all-time classic sporting rivalries.

Painted with hand-mixed pigments, roughhewn and deceptively simple, Zapata's art is both celebratory and unflinching.

eurostar gare du nord business premier lounge: Soho in the Eighties Christopher Howse, 2018-09-06 A fascinating glimpse into 1980s Soho by leading journalist and writer Christopher Howse. In the 1980s Daniel Farson published *Soho in the Fifties*. This memoir is a sequel from the Eighties, a decade that saw the brilliant flowering of a daily tragi-comedy enacted in pubs like the Coach and Horses or the French and in drinking clubs like the Colony Room. These were places of constant conversation and regular rows fuelled by alcohol. The cast was more improbable than any soap opera. Some were widely known – Jeffrey Bernard, Francis Bacon, Tom Baker or John Hurt. Just as important were the character actors: the Village Postmistress, the Red Baron, Granny Smith. The bite came from the underlying tragedy: lost spouses, lost jobs, pennilessness, homelessness and death. Christopher Howse recaptures the lost Soho he once knew as home, its cellar cafés and butchers' shops, its villains and its generosity. While it lasted, time in those smoky rooms always seemed to be half past ten, not long to closing time. As the author relates, he never laughed so much as he did in Soho in the Eighties.

eurostar gare du nord business premier lounge: *The Train in Spain* Christopher Howse, 2013-11-07 This is not a book about trains but about the variety of Spain. Bestselling author Christopher Howse makes ten great railway journeys that explore the interior of the peninsula, its astonishing landscapes and ancient buildings. The focus is the way the Spanish live now: their habits, streets, characters, stories – and quite a bit about their eating and drinking. Christopher Howse has been travelling around Spain for 25 years, and has now made a 3,000 mile circumnavigation by train from the top of the Pyrenees – through the vulture-haunted wilds of Extremadura and the Spaghetti Western deserts of the south, to the ancient hilltop city of Cuenca and beyond. On the way he meets troglodytes, visits a city ruined by an earthquake, runs into a dancing lion, stumbles across a body-snatching plot and tries out a recipe for acorn pie. An entertaining exploration of a much-loved country, *The Train in Spain* gives a fascinating and entirely original portrait of a strange land at a time of great change.
