**fireacu wellness san jose: How to Take Over the World** Ryan North, 2022-03-15 NAMED A BEST NONFICTION BOOK OF THE YEAR BY ESQUIRE “Comic book fans will fall hard for this delightfully daffy guidebook. . . . Exuberant, optimistic, and just plain fun, *How to Take Over the World* will both surprise and delight.” —Esquire A book this informative should be a crime! Taking over the world is a lot of work. Any supervillain is bound to have questions: What’s the perfect location for a floating secret base? What zany heist will fund my wildly ambitious plans? How do I control the weather, destroy the internet, and never, ever die? Bestselling author and award-winning comics writer Ryan North has the answers. In this introduction to the science of comic-book supervillainy, he details a number of outlandish villainous schemes that harness the potential of today’s most advanced technologies. Picking up where *How to Invent Everything* left off, his explanations are as fun and elucidating as they are completely absurd. You don’t have to be a criminal mastermind to share a supervillain’s interest in cutting-edge science and technology. This book doesn’t just reveal how to take over the world—it also shows how you could save it. This sly guide to some of the greatest threats facing humanity accessibly explores emerging techniques to extend human life spans, combat cyberterrorism, communicate across millennia, and finally make Jurassic Park a reality.

**fireacu wellness san jose: Romeo and/or Juliet** Ryan North, 2016-06-07 The New York Times bestseller from the author of *How to Invent Everything* and *To Be or Not To Be* Romeo loves Juliet. Or Rosaline. And Juliet loves Romeo. Or Viola. Or Orlando. It's Shakespeare as you've never played him before. In this choose-your-own-path version of *Romeo and Juliet*, you choose where the story goes every time you read! What if Romeo never met Juliet? What if Juliet got really buff instead of

moping around the castle all day? What if they teamed up to take over Verona with robot suits? Whatever your adventure, you're guaranteed to find lots of romance, lots of epic fight scenes, and plenty of questionable decision-making by very emotional teens. All of the endings—there are over a hundred—feature beautiful illustrations by some of the greatest artists working today, including New York Times bestsellers Kate Beaton, ND Stevenson, Randall Munroe, and Jon Klassen. Packed with exciting choices, fun puzzles, secret surprises, terrible puns, and more than a billion possible storylines, *Romeo and/or Juliet* offers a new experience every time you read it. You can choose to play as Romeo or Juliet (obviously) but you can also play as both of them, or as Juliet's nurse, or, if you're good, you can even unlock a fourth playable character! That's right. We figured out how to have unlockable characters in books. Choose well, and you may even get to write the world's most awkward choose-your-own sex scene.
