fishy business dreamlight valley: The Essence of Enlightenment James Swartz, 2023-05-02 The core teachings of Vedanta are eternal. They were revealed several thousand years before the Christian era. As a means of enlightenment, Vedanta evolved slowly since then as great minds contributed dispassionately to the teaching tradition, which reached perfection in the eighth century. Just as nobody is trying to invent a new wheel, no one can improve Vedanta, because it does what it purports to do: set us free of our sense of limitation. This book demystifies the topic of enlightenment. Although it is inspirational, it is not just another vague inspirational read. It is written in a simple style that I believe will make the science of Self-inquiry accessible to seekers and finders everywhere.
