foothills health and wellness: The Wellness Sense: A Practical Guide to your Physical and Emotional Health Based on Ayurvedic and Yogic Wisdom Om Swami, 2015-08-10 Why do certain foods harm some people and help others? How come the results of a weight loss programme varies from individual to individual? And why do some people fall sick more often than others? The science of Ayurveda holds answers to these questions and many more. Its scriptures took a holistic approach to health by combining our lifestyle with our natural tendencies (which vary from one person to another). This groundbreaking new work from Om Swami combines the yogic view of food as sattvic, rajasic and tamasic with Ayurvedic perspective, and further relates it to the modern view of foods as acidic and alkaline. This is also the first time that Ayurvedic prakriti (vata, pitta and kapha) has been discussed in the context of yogic prakriti (sattvic, rajasic and tamasic) in a truly cohesive fashion. The Wellness Sense extracts the essence of Ayurveda, yoga and tantra to combine it with modern medicine in this simple, step-by-step handbook on how to take better care of yourself. Accessibly written, deeply researched and distilled from Om Swami's own lived experience, The Wellness Sense puts your health and happiness in your hands.

foothills health and wellness: The Swift Diet Kathie Madonna Swift, MS, RDN, LDN, Joseph Hooper, 2015-08-11 "Kathie Swift [is] a leader in the functional nutrition and functional medicine revolution." —Susan S. Blum, MD, MPH, author of The Immune System Recovery Plan The latest research on the gut microbiome, the bacteria that lives in the gut, confirms what Kathie Madonna Swift has known for years: when we eat in a way that soothes our digestive problems, we address weight issues at the same time. A leading holistic dietitian/nutritionist, Swift noticed that women who want to lose weight generally suffer from a host of annoying digestive issues—and seemingly unrelated ailments such as joint pain and troublesome skin. Changing their gut bacteria by changing their diet, Swift has helped thousands of women lose weight without going hungry. In The Swift Diet, she shares the meal plans, recipes, and lifestyle changes that will help readers shed those stubborn pounds—and improve their overall health.

foothills health and wellness: Health and Wellness in 19th-Century America John C. Waller, 2014-08-11 This book provides a comprehensive description of what being sick and receiving medical care was like in 19th-century America, allowing modern readers to truly appreciate the scale of the improvements in healthcare theory and practice. Health and Wellness in 19th-Century America covers a period of dramatic change in the United States by examining our changing understanding of the nature of the disease burden, the increasing size of the nation, and our conceptions of sickness and health. With topics ranging from the unsanitary tenements of New York's Five Points, the field hospitals of the Civil War, and to the laboratories of Johns Hopkins Medical School, author John C. Waller reveals a complex picture of tradition, discovery, innovation, and occasional spectacular success. This book draws upon an extensive literature to document sickness and wellness in environments like rural homesteads, urban East-coast slums, and the hastily built cities of the West. It provides a fascinating historical examination of a century in which Americans made giant strides in understanding disease yet also clung to traditional methods and ideas, charting how U.S. medical science gradually transformed from being a backwater to a world leader in the field.

foothills health and wellness: Cosmic Detox Mantak Chia, William U. Wei, 2011-04-25 How to cleanse the nine openings of the body for detoxification and self-healing • Explains how to purify the body's internal environment through mono diets, fasts, and colonic cleanses to prevent degenerative disease and premature aging • Presents a 14-day total-body cleansing guide • Includes chi self-massage and healing sound practices as well as natural recipes for herbal tonics and cleansing flushes Long known by Taoist masters, the body has an innate ability to heal itself, an ability that is hampered by toxins in the food we ingest and energy blockages that arise from illnesses and obstacles in our lives. These blockages transform the body's energy rivers into a polluted and stagnant swamp--the root of degenerative disease as well as premature aging. Revealing the detoxification and rejuvenation practices of the Taoist sages, Master Mantak Chia and William U. Wei show how to reactivate your body's self-healing abilities by gradually and safely expelling accumulated toxins through fasting, mono diets, and cleansing the nine openings of the body. Using the practices of chi self-massage and healing sounds along with natural recipes for herbal tonics and cleansing flushes for each of the openings and their related organs, the authors explain how to balance and purify the body's internal environment through acid and alkaline foods, urine therapy, colonic cleanses, dry skin brushing, ear candling, and energized water. Concluding with a 14-day total-body cleansing program, *Cosmic Detox* offers tools to keep the energy rivers clean and flowing, preparing the body for higher level Taoist practices as well as enabling healing of our emotional and spiritual bodies.

foothills health and wellness: Taoist Shaman Mantak Chia, Kris Deva North, 2011-01-25 The shamanic roots of Taoist practice • Explains the principles of the Taoist Medicine Wheel, including the Five Elements, the animals of the Chinese zodiac, and the trigrams of the I Ching • Includes exercises from the “Wheel of Love” to access the Tao of Ecstasy • Contains illustrated teaching stories about the Eight Immortals Thousands of years ago the immortals known as the Shining Ones shipwrecked on the Chinese coast. Passing their shamanic practices--such as ecstatic flight and how to find power animals and spirit guides--on to the indigenous people, they also taught them the wisdom of the Medicine Wheel. From the Taoist Medicine Wheel came the principles of Yin and Yang, the Five Elements, the Eight Forces, the Chinese zodiac, and the I Ching. The Taoist Medicine Wheel can also be found at the foundation of traditional Chinese medicine and the esoteric sexual practices of Taoist Alchemy. In the Taoist Shaman, Master Mantak Chia and Kris Deva North explain the shamanic principles of the Taoist Medicine Wheel, how it is oriented on the Five Elements rather than the Four Directions, how it relates to the twelve animals of the Chinese zodiac and the trigrams of the I Ching, and how it aligns with the Eight Forces of the Pakua. Through illustrated teaching stories, the authors show how the energetic principles of each of the Eight Forces are reflected in the Eight Immortals. Revealing the wheel’s application to sacred sexuality, they offer exercises from the “Wheel of Love” to strengthen and deepen relationships as well as providing a means to access the Tao of Ecstasy.

foothills health and wellness: Pi Gu Chi Kung Mantak Chia, Christine Harkness-Giles, 2016-04-15 A step-by-step guide to the Taoist fasting practice of Pi Gu • Explains how you do not stop eating with this fasting practice and details the simple pi gu diet • Illustrates the chewing and chi kung practices to accompany pi gu, for natural chi energy production • Reveals how Pi Gu Chi Kung activates the body’s natural healing abilities, accelerates the elimination of toxins, reduces appetite and cravings, and enables you to draw energies from the Earth and Universe Pi gu is an ancient Taoist method of fasting for spiritual and healing purposes. Unlike traditional fasting, you do not need to stop eating when practicing pi gu. Used by ancient Taoist masters during their months or years of solitary retreat in pursuit of enlightenment, the practice centers on a simple diet of fruits, teas, nuts, and eggs paired with special chewing techniques and chi kung exercises. During the pi gu state, the need for food decreases yet the body’s energy levels actually increase. The body gathers chi not from food but from chi kung and the “golden elixir” produced by the pi gu chewing practices. The chi produced through pi gu charges your internal organs, activating the body’s natural healing abilities and enabling you to draw energies from the Earth and Universe. In the pi gu state the body automatically balances itself, the mind is more relaxed, and sleep improves. The pause in normal eating makes the body’s cells more sensitive, accelerating the elimination of toxins. The stomach reduces in size, flattening the belly, eliminating cravings, decreasing appetite, and naturally producing weight loss. The body’s meridians stay open, making it easier to attune to meditation, chi kung, and energies from the cosmos. Providing a step-by-step guide to Pi Gu Chi Kung, Master Mantak Chia and coauthor Christine Harkness-Giles explain the pi gu diet, provide immortality tea recipes, detail the pi gu chewing exercises, and illustrate the corresponding chi kung energy exercises. They also explain the use of pi gu during darkness retreats to enhance spiritual awareness and increase mental powers and wisdom.

foothills health and wellness: Taoist Foreplay Mantak Chia, Kris Deva North, 2010-07-13 Sexual techniques and traditional Chinese medicine for increased pleasure • Reveals how to enhance relationships by harmonizing male and female energies • Includes easy-to-follow, illustrated acupressure massage routines • Shows how to maintain sexual health with prostate massage and

jade egg exercises Taught to Chinese emperors, their wives, and their concubines for thousands of years, Taoist sexual techniques help lovers harmonize their cycles of pleasure and utilize the abundance of reproductive power that is otherwise wasted in non-procreative sex. Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male (yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupressure massage routines connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. It also explains how to reveal and overcome incompatibility with the Taoist Zodiac. From foreplay to climax, these practices offer a way to keep the flame of sexual energy alive.

foothills health and wellness: Simple Chi Kung Mantak Chia, Lee Holden, 2011-12-30 Distills the many different Chi Kung practices into one simple daily routine for abundant health, calmness, and mental clarity • Provides step-by-step illustrated instructions for a complete yet easy daily Chi Kung routine • Perfect for beginners and ideal as a warm-up to more advanced practices • Clears physical and mental stress, stimulates healing and disease prevention, detoxifies the body, releases tensions, improves circulation, and works to develop flexibility, strength, resiliency, and suppleness Within every person there is a place full of energy, health, and happiness. Practicing Chi Kung allows us to visit this place of inner vitality and harmony, clearing physical and mental stress, detoxifying the body and mind, and helping us return to our natural state of abundant health, calmness, and mental clarity. An ideal complement to the treatment of chronic pain, asthma, diabetes, high blood pressure, headaches, and even heart disease and cancer, Chi Kung is a way to take control of your physical, mental, and spiritual health and live a long and healthy life. In Simple Chi Kung, Taoist master Mantak Chia distills thousands of Chi Kung practices into one simple daily routine perfect for beginners and ideal as a warm-up to more advanced practices. Designed to relax our muscles, loosen the joints, improve circulation, and develop flexibility, strength, resiliency, and suppleness, the gentle, flowing movements of Chi Kung mirror the movements of nature and help practitioners connect to their own inner flow of chi, clearing blockages and stagnation in our life-force energy and tapping in to our natural powers of healing and disease prevention. Walking readers step-by-step through each exercise, from movement work with the knees, hips, and spine to internal energy work through controlled breathing, Master Chia explains how daily practice of Chi Kung cultivates life-force energy, a stronger immune system, emotional balance, and spiritual awareness, transforming the patterns and assumptions that limit our body and mind as well as enhancing our connection to nature and the universe.

foothills health and wellness: The Healing Energy of Shared Consciousness Mantak Chia, 2011-02-23 How to connect with universal energy for inner peace, happiness, and individual and global healing • How to transform the energy around us into positive loving energy • How to perform the World Link meditation to unite with global consciousness • How to fuse the observing mind, the conscious mind, and the mind of awareness Western science now recognizes the three “minds” associated with the three tan tiens of Taoism: the observing mind centered in the brain, the conscious mind centered in the heart, and the mind of awareness centered in the lower abdomen. By unifying the three minds--what in Chinese is called Yi--we can transform the energy around us into positive loving energy and be empowered to manifest our goals and dreams. This can lead to a more balanced, less negative way of life and offers a way to gain inner peace, wholeness, and happiness as well as the ability to heal yourself and others. In The Healing Energy of Shared Consciousness, Master Mantak Chia shows how to fuse the three minds and form the Protective Sacred Circle of Fire, which creates a seal around us allowing in only good energy and intentions. He explains step-by-step how to perform the World Link meditation to connect with global and universal energy for inner peace, happiness, and healing. Accessible even for those who have never worked with the Universal Healing Tao, this practice offers a way to unite people all over the world in a form of shared consciousness that amplifies collective loving energy to benefit the world.

foothills health and wellness: The Tao of Immortality Mantak Chia, William U. Wei, 2018-02-20 A comprehensive guide to the core practices of the Universal Healing Tao System and the advanced esoteric practices of Inner Alchemy • Explains each of the nine levels of Inner Alchemy and their more than 240 formulas • Explores the Four Healing Arts for transformation of the emotional body, physical body, energy body, and spiritual body • Provides simplified versions of core Universal Healing Tao practices to more easily integrate the system into your daily life • Shows how these exercises were designed to increase longevity and ensure the survival of consciousness beyond death Explaining the evolution and core of the Universal Healing Tao system, Master Mantak Chia and William U. Wei offer a condensed approach to the Inner Alchemy practices taught to Master Chia by his first Taoist Master, Yi Eng, more than 60 years ago. Beginning with the basic principles called the Five Enlightenments, the authors explain each of the nine levels of Inner Alchemy and their more than 240 formulas, including simplified versions of the Microcosmic Orbit, the Inner Smile, Sexual Alchemy exercises for men and women, Fusion of the Five Elements practices, Kan and Li Alchemy, the Sealing of the Five Senses, and Star and Galaxy Alchemy. They explore the Four Healing Arts that encompass the nine levels of Inner Alchemy--Living Tao practices for transformation of your emotional body, Chi Nei Tsang practices for transformation of the physical body, Cosmic Healing practices for transformation of the energy body, and Immortal Tao practices for transformation of the spiritual body--all aimed toward the survival of consciousness in a self-aware vessel. They also offer simplified versions of the other core practices, such as Iron Shirt Chi Kung, Bone Marrow Nei Kung, and Wisdom Chi Kung, to help you easily integrate Inner Alchemy and Universal Healing Tao practices into your daily life. Providing a primer not only on the foundational practices of the Universal Healing Tao System but also a condensed guide to the esoteric practices of Inner Alchemy, Master Chia and William U. Wei show how these exercises were designed to increase longevity, providing you with enough time to master the more advanced spiritual techniques and ensure the survival of consciousness beyond death.

foothills health and wellness: Tai Chi Fa Jin Mantak Chia, Andrew Jan, 2012-02-08 A guide to the seemingly effortless yet explosively powerful martial art techniques of Fa Jin • Explains how to collect energy within and discharge it for self-defense as well as healing • Explores how to counter the natural instinct to resist force with force and develop yielding softness through the 13 Original Movements of Tai Chi • Illustrates routines for the partner practice of "Push Hands" (Tui Shou) Fa Jin, an advanced yang style of Tai Chi, complements the physical, mental, and spiritual conditioning available through solo Tai Chi practice and the internal martial arts of Taoism. Fa Jin enables adepts to harness the energy of yin, yang, and the earth in the lower tan tien and discharge it as an extremely close-range yet explosively powerful blow in self-defense and partner practice as well as in healing techniques. Integrating the teachings of many Taoist masters, including Chang San-Feng, the creator of Tai Chi; Wang Tsung-Yueh, the legendary 19th-century master; Bruce Lee, the actor and martial artist who made the "one-inch punch" technique famous; and the Magus of Java, a living master able to discharge energy in the form of electric shocks, this book explores the history, philosophy, internal exercises, and physical practices of Fa Jin. Drawing on Iron Shirt Chi Kung and Tan Tien Chi Kung techniques, Master Mantak Chia and Andrew Jan reveal the secrets to collecting yin and yang in the lower tan tien and discharging the energy in a seemingly effortless yet explosive blow. Illustrating several routines of the Tai Chi partner practice of "Push Hands" (Tui Shou), they explain how to apply Fa Jin techniques by "listening" to your opponent's intentions and countering the natural instinct to resist force with force through yielding softness and redirection. The authors also detail how to prepare for this advanced practice through stretching, meditation, breathing, relaxation, and energetic exercises.

foothills health and wellness: Basic Practices of the Universal Healing Tao Mantak Chia, William U. Wei, 2013-04-05 A comprehensive reference guide to the foundational Taoist practices taught by Master Mantak Chia • Organized by level and chi kung system for quick reference during practice or teaching • Includes 220 exercises from more than 20 of Master Chia's practice systems, including the Inner Smile, the Six Healing Sounds, the Microcosmic Orbit, Chi Self-Massage, Cosmic

Detox, and Iron Shirt Chi Kung • Covers all of the basic exercises in the Universal Tao's first 6 levels of instruction Organized progressively by level and system for quick reference during practice or teaching, this illustrated guide covers all of the foundational exercises in the Universal Healing Tao's first 6 levels of instruction. Keyed to the corresponding book for each complete practice, such as Healing Light of the Tao and Chi Self-Massage, this guide includes 220 exercises from more than 20 of Master Mantak Chia's practice systems, including the Inner Smile, the Six Healing Sounds, the Microcosmic Orbit, Iron Shirt Chi Kung, Wisdom Chi Kung, Tao Yin, Chi Nei Tsang, Cosmic Detox, Bone Marrow Nei Kung, Cosmic Healing, Tendon Nei Kung, and Karsai Nei Kung. Offering a comprehensive reference to the beginning and intermediate practices of the Universal Healing Tao, this book allows you to build a regular Taoist practice combining internal and external chi and sexual energy exercises from the full range of Master Chia's teachings, enabling you to purify, transform, regenerate, and transcend not only your own energy but the energy around you as well.

foothills health and wellness: The Inner Structure of Tai Chi Mantak Chia, Juan Li, 2005-12-15 Explores the deep, internal work necessary for the effective practice of tai chi • Reveals the Taoist principles that gave birth to the Yang-style tai chi forms • Shows how tai chi can circulate powerful healing energies through the body Taoist adepts developed tai chi as both a martial art and a way to cultivate their physical body, energy body, and spirit body. Like all Taoist exercises, its main purpose is to form a connection to the basic energy that is the foundation of all life: chi. Until the beginning of the twentieth century, tai chi was considered a secret practice that was passed down only within a closely knit structure of family and loyal disciples. Despite its widespread growth in popularity as a martial art and health exercise, many of its underlying internal practices remain unknown. The Inner Structure of Tai Chi explores the deep, internal work necessary for the effective practice of tai chi. Designed for practitioners at every level, the book contains step-by-step illustrated instructions for mastering the 13 forms of early Yang-style tai chi, also known as Tai Chi Chi Kung. The authors demonstrate the relationship of the inner structure of tai chi to the absorption, transformation, and circulation of the three forces that animate all life--the Universal force, the Cosmic force, and the Earth force--revealing the principles and practices necessary to receive the full spectrum of physical, psychological, and spiritual benefits that tai chi can bring.

foothills health and wellness: Cosmic Astrology Mantak Chia, William U. Wei, 2012-07-26 Combining Chinese Taoist astrology, Western zodiac astrology, and birth destiny cards to develop your innate talents and transform your negative traits • Includes charts to discover your Chinese animal year, your Western zodiac sun sign, your moon sign, and your birth destiny card as well as those of your friends, lovers, relatives, and colleagues • Provides insightful and accurate descriptions for each animal year, zodiac sun sign, and birth card as well as each year and sun sign combination and each sun and moon sign combination • Offers career suggestions based on your innate gifts and relationship advice on which animals, sign combos, and birth cards to seek out and which to avoid With your first breath of life, you take in the energy pattern radiated by the sun, moon, and stars at that moment in time and space. This internal energy pattern underlies your persona--your behavioral patterns, personality traits, and life's path. Understanding these underlying patterns enables you to balance and transform your negative traits and highlight and develop your innate talents. Blending Eastern and Western astrological methods, Master Mantak Chia and William Wei explain how to identify the five key patterns of your internal energy persona based on the year, month, and day of your birth. Including charts to discover your Chinese animal year, your Western zodiac sun sign, your moon sign, and your birth destiny card, they explore how each of these astrological profiles interact to build your unique persona and provide profoundly accurate descriptions for each year and sun sign combination, each sun and moon sign combination, and each birth card. Each description also includes career recommendations to best utilize your innate gifts and relationship advice on which animals, sign combinations, and birth cards to seek out and which to avoid. Not only useful for personal insight and self-development, this new astrological approach can also be used to understand the underlying energetic personality patterns of your lovers, friends, relatives, and colleagues.

foothills health and wellness: Greatest Kan and Li Mantak Chia, Andrew Jan, 2014-07-21 A fully illustrated guide to the most advanced Kan and Li practice to birth the immortal spirit body and unite with the Tao • Explains how to establish the cauldron at the Heart Center to collect cosmic light, activate the Cranial and Sacral Pumps, and align the Three Triangle Forces • Details how to merge energy at the Heart Center to birth the immortal spirit body, allowing you to draw limitless energy from the Cosmos • Discusses the proper Pi Gu diet and herbs to use with Kan and Li practice • Reveals how to expel the three Worms, or “Death Bringers,” that can imbalance the three Tan Tians, leading to misdirection in your sexual, material, and spiritual goals After mastering the Inner Alchemy practices of Lesser Kan and Li and Greater Kan and Li, the advanced student is now ready for the refinement of the soul and spirit made possible through the practice of the Greatest Kan and Li. With full-color illustrated instructions, Master Mantak Chia and Andrew Jan explain how to establish the cauldron at the Heart Center to collect cosmic light, activate the Cranial and Sacral Pumps, and align the Three Triangle Forces. They detail how merging energy at the Heart Center then leads to the birth of the immortal spirit body, uniting you with the Tao and allowing you to draw limitless energy and power from the Cosmos. The authors explain the proper Pi Gu diet and herbs to use in conjunction with Kan and Li practice and provide warm-up exercises, such as meditations to expel the three Worms, or “Death Bringers,” that can imbalance the three Tan Tians, leading to misdirection in your sexual, material, and spiritual goals. Revealing the ancient path of Inner Alchemy used for millennia by Taoist masters to create the “Pill of Immortality,” the authors show that the unitive state of oneness with the Tao made possible through Kan and Li practice represents true immortality by allowing past and future, Heaven and Earth, to become one.

foothills health and wellness: Karsai Nei Tsang Mantak Chia, 2011-07-08 An illustrated guide to releasing emotional and physical blockages in the pelvic area through massage • Presents step-by-step instructions for sexual organ massages for women and men • Explains techniques to release knots, unravel nerve and lymphatic tangles, dissolve toxins and sediments, and increase blood flow • Effective for impotency, frequent and difficult urination, painful menstruation, ovarian cysts, menopause symptoms, painful intercourse, and low libido as well as back pain, sciatica, and hormone imbalance Our sexual organs play a major role in our physical and emotional health. Many emotional traumas and stresses are stored in the pelvic region in the form of tension in the muscles, ligaments, and tendons and imbalances in the meridians and organs, resulting in an accumulation of toxins and energetic knots and tangles. Freeing the jing chi of the sexual organs--a powerful source of healing energy--Karsai Nei Tsang helps to resolve physical and emotional blockages in the pelvic area through massage, meridian clearing, and detoxification. Illustrating complete sexual organ massages for women and for men, this book guides you through the techniques of Karsai Nei Tsang--including necessary detox preparations and the underlying Chi Nei Tsang principles--and shows you how to release knots and tight muscles (including the hip, buttock, and thigh muscles), unravel nerve and lymphatic tangles, dissolve toxins and sediments, and increase blood flow to the pelvic area. Addressing common problems associated with our sexual organs, this practice can be used to treat impotency, frequent and difficult urination, painful menstruation, ovarian cysts, menopause symptoms, painful intercourse, and low libido. It is also effective in alleviating back pain and sciatica, improving the body's alignment, strengthening the pelvic floor, balancing the hormones, and increasing general vitality.

foothills health and wellness: Tai Chi Wu Style Mantak Chia, Andrew Jan, 2013-01-22 A guide to the internal martial arts exercises of short-form Wu-Style Tai Chi • Details the 8 core forms of Wu-Style Tai Chi with fully illustrated instructions • Ideal for older practitioners as well as those with health disabilities due to the “small frame” primary stance, slower and smaller movements, and conservation of energy • Explains how Wu Style provides a natural introduction to martial arts boxing • Reveals how Wu Style eases stiffness, relieves back pain, and reduces abdominal fat Following the flow of chi energy, rather than directing it as in traditional Tai Chi, Wu-Style Tai Chi focuses on internal development, seeking to conserve chi energy and gather jin power from the Earth through the tan tien. Centered on a “small frame” stance--that is, feet closer together and

arms closer to the body--and a slower progression of movements in solo practice, Wu Style offers a gentle Tai Chi form for beginners and, when practiced with a partner, a grounding introduction to martial arts boxing and Fa Jin (the discharge of energy for self-defense). The more functional stance, smaller movements, and conservation of internal energy make Wu-Style Tai Chi ideal for older practitioners as well as those with health disabilities. Condensing the 37 movements of Wu Style into 8 core forms, Master Mantak Chia and Andrew Jan illustrate how to build a personal short-form Wu-Style Tai Chi practice. They explain how Wu-Style Tai Chi removes energetic blockages and helps to elongate the tendons, reducing stiffness and allowing the limbs to return to their natural length and full range of motion. Regular practice of Wu Style relieves back pain as well as reducing abdominal fat, the biggest hindrance to longevity. Exploring the martial arts applications of Wu Style, the authors trace its history beginning with founder Wu Chuan-Yu (1834-1902) as well as explain how to apply Wu Style to "Push Hands" (Tui Shou) and Fa Jin. Through mastering the short-form Wu Style detailed in this book, Tai Chi practitioners harness a broad range of health benefits as well as build a solid foundation for learning the complete long-form Wu Style.

foothills health and wellness: Cosmic Nutrition Mantak Chia, William U. Wei, 2012-06-18 Achieve vibrant health by combining ancient Taoist principles, modern alternative health practices, and acid-alkaline balance • Offers complete guidelines on what to eat for different yin-yang constitutions, specific health problems and organ systems, and energetic conditions • Provides detailed information on fasting, detoxification, and food combining for acid-alkaline and yin-yang balance • Includes illustrated guides to several self-diagnostic methods from the East, allowing you to interpret your body's signs before disease manifests The human body, like all phenomena in nature, possesses the inherent power of self-regeneration when the conditions of true health are adopted. In *Cosmic Nutrition*, Taoist Master Mantak Chia and senior Universal Tao teacher William Wei reveal the secret to true health and longevity: keeping all four bodies--physical, emotional, mental, and spiritual--vibrant and balanced. They show you how to work with the four bodies through simple, step-by-step nutritional and energetic practices for everyday life. Combining the ancient Taoist principles of yin and yang energy with acid-alkaline balance and metabolic body types, the authors offer complete guidelines on what to eat for different yin-yang constitutions, specific health problems and organ systems, and energetic conditions. They provide an easy-to-follow food combining method for acid-alkaline and yin-yang balance, recipes for healing meals, detailed information on fasting and detoxification, and illustrated guides to several self-diagnostic methods from the East that allow you to interpret your body's signs before disease manifests. Dispelling the myth of germs as the cause of disease, they reveal the cancerous dangers

of too much protein or pharmaceutical drugs. They also examine the life-force-increasing and youth-renewing benefits of powerful “superfoods” such as sprouts and specific vitamins and minerals. Exploring emotional and mental balance, the authors explain the psychological aspects of yin and yang and offer simple practices to release fear and worries, promote inner calm, and build a positive attitude. Balancing body, mind, and blood chemistry, this book lays out the Universal Tao’s holistic path to a long and happy life.

foothills health and wellness: Minimally Invasive Acute Care Surgery Kosar A. Khwaja, Jose J. Diaz, 2018-01-04 This text is designed to present a comprehensive, up to date and safe approach to managing emergency general surgery patients with a minimally invasive approach. This book bridges the gap between the minimally invasive surgery (MIS) expert who may not routinely be involved in the care of the acute care surgery patient and the ACS expert surgeon who may not have a routine MIS elective practice. The first section reviews the physiology of the acute care surgery patient and the physiologic impact of MIS techniques including pneumoperitoneum in critically ill patients. This review is crucial to assure that the surgeon has a clear understanding of when a MIS approach is safe and when it can be potentially dangerous to the patient. The illustrations are presented in an atlas-style format to describe the surgical procedures. The authors of the various sections are minimally invasive and acute care surgeons from prominent academic centers. The format represents a narrative review with appropriate illustrations and links to online videos.

foothills health and wellness: The Art of Cosmic Vision Mantak Chia, Robert T. Lewanski, 2010-03-09 How to achieve perfect vision naturally through proven eye-training methods • Explains how vision problems are related to imbalances in the internal organs • Provides Taoist and Ayurvedic practices for harmonizing the liver and kidneys, the organs directly associated with eye problems In the West, problems with eyesight are treated separately from overall health, usually with prescription glasses or contact lenses. But Eastern systems of holistic healing view the eyes as mirrors of physical health. Eye problems reflect problems with the internal organs, most specifically the liver and kidneys. The Art of Cosmic Vision offers Taoist healing sound exercises for strengthening the liver and kidneys as well as seven internal Chi Kung exercises and Dao-Yin self-massage practices for toning the organ meridians. It also provides extensive dietary recommendations, including a complete Ayurvedic analysis of the three main nutritional body types. The wide variety of eye-strengthening exercises in The Art of Cosmic Vision includes the Egyptian Black Dot technique, the Taoist Long Swing technique, the Tai Chi Rocker Eye technique, and relaxing Yoga Eye Palming techniques. Rather than viewing the ciliary muscle within the eye as the only muscle responsible for focus, these exercises improve focus by training all of the muscles surrounding the eyes. With attention to improved diet, physical exercise, and these proven eye-training techniques, readers can restore their vision to vibrant health.

foothills health and wellness: Fusion of the Five Elements Mantak Chia, 2007-04-30 A guide to the practice of Inner Alchemy, which allows you to control the energies of your inner universe to better connect with energies of the outer universe • Teaches the essential first-level meditations in Taoist practice, also known as Fusion of the Five Forces, for self-healing and emotional and spiritual development • Shows step-by-step how to remove negative emotions from the organs in which they are lodged by neutralizing and transforming the negativity back into

positive energy • Includes basic and advanced-level meditations Fusion of the Five Elements is the necessary first step in the Taoist practice of Inner Alchemy, in which one learns to control the generation and flow of emotional, mental, and physical energies within the body. It is a series of meditations designed to locate and dissolve negative energies trapped inside the body by making a connection between the five outer senses (experienced through the ears, eyes, nose, mouth, and tongue) and the five major negative emotions (anger, hate, worry, sadness, and fear). When the body is cleared of negative energy, universal chi energy flows freely and productively, nourishing both body and soul. The practice is divided into two parts. The first works with controlling the forces of the five elements on the five major organs of the body by learning the elements' effects upon each other and how to balance and utilize these energies properly. The advanced Fusion exercises then show how to channel the greater energies of the stars and planets to strengthen internal weaknesses and crystallize positive energy. By "fusing" all the different kinds of energy together, a harmonious whole is created--the key to manifesting an Immortal existence.
