Or the time you crashed your car because you were giving a hand job in barely moving traffic and took your eye off the car in front. That's the kind of dinner-party ice-breaker I'm talking about.' Northern, working-class and shagging men three times her age, Crystal writes candidly about her search for 'the one'; sleeping with a VIP in an attempt to become a world famous journalist; getting hired and fired by a well-known fashion magazine; being torn between losing weight and gorging on KFC; and her need for constant sexual satisfaction (and where that takes her). **glamour beauty and wellness awards 2024: *Glamour Road*** Tom Dolle, Jeff Stork, 2022-03-28 This highly visual book explores the seldom-told story of how glamour, fashion, design, and styling became the main focus of automotive marketing from the postwar 1940s through the 1970s. With the expansion of the American suburbs after WWII, women suddenly needed cars of their own. By adopting the fashion industry's yearly model changes, as well as hiring many designers and stylists from the fashion industry, the automobile industry made a direct appeal to the rising sophistication and influence of women. By perfecting the fashion-centric concept of planned obsolescence, it became the dominant economic engine of American postwar prosperity. The dramatic photography, elegant fashion, and use of color and materials in midcentury automotive marketing created a groundswell of demand for new cars. Much of the marketing imagery of the period hasn't been published since it first came out, and this book features some of the best.

**glamour beauty and wellness awards 2024: *The Equivalents*** Maggie Doherty, 2021-04-13 FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD In 1960, Harvard's sister college, Radcliffe, announced the founding of an Institute for Independent Study, a "messy experiment" in women's education that offered paid fellowships to those with a PhD or "the equivalent" in artistic achievement. Five of the women who received fellowships—poets Anne Sexton and Maxine Kumin, painter Barbara Swan, sculptor Marianna Pineda, and writer Tillie Olsen—quickly formed deep bonds with one another that would inspire and sustain their most ambitious work. They called themselves "the Equivalents." Drawing from notebooks, letters, recordings, journals, poetry, and prose, Maggie Doherty weaves a moving narrative of friendship and ambition, art and activism, love and heartbreak, and shows how the institute spoke to the condition of women on the cusp of liberation. "Rich and powerful. . . . A love story about art and female friendship." —Harper's Magazine "Reads like a novel, and an intense one at that. . . . The Equivalents is an observant, thoughtful and energetic account." —Margaret Atwood, *The Globe and Mail* (Toronto)

**glamour beauty and wellness awards 2024: *We Keep the Dead Close*** Becky Cooper, 2020-11-10 FINALIST FOR THE J. ANTHONY LUKAS BOOK PRIZE NATIONAL BESTSELLER Named One of The Best Books of 2020 by NPR's Fresh Air \* Publishers Weekly \* Marie Claire \* Redbook \* Vogue \* Kirkus Reviews \* Book Riot \* Bustle A Recommended Book by The New York Times \* The Washington Post \* Publisher's Weekly \* Kirkus Reviews\* Booklist \* The Boston Globe \* Goodreads \* Buzzfeed \* Town & Country \* Refinery29 \* BookRiot \* CrimeReads \* Glamour \* Popsugar \* PureWow \* Shondaland Dive into a tour de force of investigative reporting (Ron Chernow): a searching, atmospheric and ultimately entrancing (Patrick Radden Keefe) true crime narrative of an unsolved 1969 murder at Harvard and an exhilarating and seductive (Ariel Levy) narrative of obsession and love for a girl who dreamt of rising among men. You have to remember,

he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites, the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. *We Keep the Dead Close* is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history.

World War II comes to Southeast Asia, and Benny and Khin must go into hiding in the eastern part of the country during the Japanese occupation, beginning a journey that will lead them to change the country's history. Based on the story of the author's mother and grandparents, *Miss Burma* is a captivating portrait of how modern Burma came to be and of the ordinary people swept up in the struggle for self-determination and freedom. **glamour beauty and wellness awards 2024: Living with a Wild God** Barbara Ehrenreich, 2014-04-08 From the New York Times bestselling author of *Nickel and Dimed* comes a brave, frank, and exquisitely written memoir that will change the way you see the world. Barbara Ehrenreich is one of the most important thinkers of our time. Educated as a scientist, she is an author, journalist, activist, and advocate for social justice. In *Living With a Wild God*, she recounts her quest-beginning in childhood-to find the Truth about the universe and everything else: What's really going on? Why are we here? In middle age, she rediscovered the journal she had kept during her tumultuous adolescence, which records an event so strange, so cataclysmic, that she had never, in all the intervening years, written or spoken about it to anyone. It was the kind of event that people call a mystical experience-and, to a steadfast atheist and rationalist, nothing less than shattering. In *Living With a Wild God*, Ehrenreich reconstructs her childhood mission, bringing an older woman's wry and erudite perspective to a young girl's impassioned obsession with the questions that, at one point or another, torment us all. The result is both deeply personal and cosmically sweeping-a searing memoir and a profound reflection on science, religion, and the human condition. With her signature combination of intellectual rigor and uninhibited imagination, Ehrenreich offers a true literary achievement-a work that has the power not only to entertain but amaze.

**glamour beauty and wellness awards 2024:** On the Other Side of Freedom DeRay Mckesson, 2019-09-03 Hope and insight and empathy spring from every page. . . . [McKesson] stares down the faces of bigotry and unfreedom and cynicism and doesn't flinch in writing out our marching orders toward freedom. --Ibram X. Kendi, #1 New York Times bestselling author of *How to Be an Antiracist* From the internationally recognized civil rights activist/organizer and host of the podcast *Pod Save the People*, a meditation on resistance, justice, and freedom, and an intimate portrait of a movement from the front lines. In August 2014, twenty-nine-year-old activist DeRay Mckesson stood with hundreds of others on the streets of Ferguson, Missouri, to push a message of justice and accountability. These protests, and others like them in cities across the country, resulted in the birth of the Black Lives Matter movement. Now, in his first book, McKesson lays down the intellectual, pragmatic, and political framework for a new liberation movement. Continuing a conversation about activism, resistance, and justice that embraces our nation's complex history, he dissects how deliberate oppression persists, how racial injustice strips our lives of promise, and how technology has added a new dimension to mass action and social change. He argues that our best efforts to combat injustice have been stunted by the belief that racism's wounds are history, and suggests that intellectual purity has curtailed optimistic realism. The book offers a new framework and language for understanding the nature of oppression. With it, we can begin charting a course to dismantle the obvious and subtle structures that limit freedom. Honest, courageous, and imaginative, *On the Other Side of Freedom* is a work brimming with hope. Drawing from his own experiences as an activist, organizer, educator, and public official, McKesson exhorts all Americans to work to dismantle the legacy of racism and to imagine the best of what is possible. Honoring the voices of a new generation of activists, *On the Other Side of Freedom* is a visionary's call to take responsibility for imagining, and then building, the world we want to live in.
