Unlocking the Secrets Within: A Comprehensive Guide to Graphology Analysis

Introduction:

Have you ever wondered if someone's personality is subtly revealed through their handwriting? For centuries, graphology analysis, the study of handwriting and its connection to personality, has fascinated psychologists, investigators, and curious individuals alike. This in-depth guide delves into the fascinating world of graphology analysis, demystifying its techniques, exploring its applications, and addressing common misconceptions. We'll equip you with the knowledge to understand the basics of graphology and how it can be used for self-discovery and even professional insights. Prepare to unlock the secrets hidden within the strokes of a pen!

What is Graphology Analysis?

Graphology analysis isn't about simply identifying a person's handwriting style as "cursive" or "print." It's a much more nuanced process that examines various aspects of handwriting, including:

Letter Size and Spacing: Do letters consistently fill the line, or are they small and cramped? Wide spacing between words or letters can indicate different personality traits than close spacing.

Slant: Does the writing slant to the right, left, or remain vertical? The slant is believed to reflect the degree of emotionality and extroversion.

Pressure: Is the writing light and delicate, or heavy and forceful? Pressure can indicate energy levels, emotional intensity, and self-confidence.

Line Quality: Is the writing smooth and flowing, or shaky and uneven? Line quality can reflect stress levels, control, and overall mental state.

Letter Formation: The shape and construction of individual letters provide insights into self-image, creativity, and thought processes.

Margins and Alignment: The use of margins and how writing aligns on the page can reveal organizational skills, self-discipline, and emotional boundaries.

Word and Sentence Structure: The flow of words and sentences can indicate thought processes, communication style, and even cognitive abilities.

Graphologists meticulously analyze these elements, integrating them to form a holistic profile of the writer's personality and potential tendencies.

The Science (and Art) Behind Graphology Analysis:

While graphology is not a scientifically proven method in the same way as

some psychological tests, its practitioners believe in its validity based on empirical observation and consistent patterns. Many argue that the intricate connection between the brain and the hand makes it plausible that handwriting reveals aspects of personality and cognitive function.

However, it's crucial to remember that graphology analysis shouldn't be used in isolation to make significant life decisions. It is best seen as a supplementary tool, providing insights alongside other methods of assessment. The interpretation of graphology requires significant training and experience, making it both an art and a science.

Applications of Graphology Analysis:

Graphology's applications are diverse, although its use varies depending on the context and the graphologist's expertise. Some common applications include:

Self-Discovery and Personal Growth: Graphology can be a powerful tool for self-reflection, helping individuals understand their strengths, weaknesses, and potential blind spots.

Career Guidance: Identifying personality traits can help guide career choices, suggesting roles that align with individual strengths and preferences.

Relationship Dynamics: Analyzing handwriting can offer insights into communication styles and potential compatibility issues in relationships.

Forensic Psychology: In certain contexts, graphology can be used as a supplementary tool in criminal investigations, although its admissibility in court varies widely.

Human Resources: Some organizations use graphology (with appropriate ethical considerations) to assess candidates during the hiring process, focusing on attributes like integrity and work ethic.

Common Misconceptions About Graphology Analysis:

Several misconceptions surround graphology:

It's not a fortune-telling technique: Graphology doesn't predict the future. It focuses on interpreting existing personality traits and tendencies.

It's not infallible: Like any assessment tool, graphology is subject to interpretation and potential inaccuracies. It's essential to consider it one piece of a larger puzzle.

It doesn't diagnose mental illness: Graphology is not a substitute for professional psychological evaluation.

Ethical Considerations in Graphology Analysis:

Ethical considerations are paramount in graphology. Practitioners should:

Obtain informed consent: Individuals should be aware of the process and how their data will be used.

Maintain confidentiality: All information gathered should be treated with strict confidentiality.

Avoid making definitive judgments: Graphological insights should be presented as potential interpretations rather than absolute truths.

Use it as a supplementary tool: Graphology should never be used in isolation to make critical decisions.

How to Find a Qualified Graphologist:

Finding a qualified graphologist is crucial. Look for practitioners with proper training, certifications, and experience. Check online directories and seek recommendations. Remember to clarify their approach, fees, and the limitations of the analysis.

A Sample Graphology Analysis Report Outline:

Name: Comprehensive Graphology Analysis Report

Introduction: Briefly stating the purpose of the analysis and the methodology used.

Analysis of Writing Characteristics: Detailed analysis of various aspects like letter size, slant, pressure, line quality, etc., with illustrative examples from the handwriting sample.

Personality Profile: Summarizing the key personality traits derived from the analysis, including strengths, weaknesses, and potential challenges.

Communication Style: Assessment of communication preferences and potential areas for improvement.

Emotional Intelligence: An evaluation of emotional awareness, self-regulation, and empathy.

Cognitive Abilities: Insight into thinking patterns, problem-solving skills, and creativity.

Conclusion: Summary of findings and recommendations for personal or professional development. Emphasis on the limitations of the analysis.

Detailed Explanation of Report Sections:

The Introduction sets the stage by explaining the analysis's purpose and the methods employed. This section ensures transparency and sets expectations. The Analysis of Writing Characteristics is the core section. Here, each aspect of the handwriting is meticulously analyzed. For instance, if the writing shows a strong upward slant, this could suggest optimism and enthusiasm, while a leftward slant might indicate introversion or emotional reserve. Examples from the handwriting itself are crucial for clarity.

The Personality Profile synthesizes the findings from the analysis of writing characteristics into a cohesive overview of personality traits. This section

provides a holistic understanding of the individual, highlighting both strengths and areas for growth. The Communication Style section focuses on how the individual tends to communicate, including their preferred methods, potential barriers, and suggestions for improving communication effectiveness.

The Emotional Intelligence section explores the individual's capacity for self-awareness, self-regulation, empathy, and social skills. This section provides insights into how well they manage their emotions and interact with others. The Cognitive Abilities section examines aspects of thinking patterns, including problem-solving skills, creativity, and decision-making processes. This offers insights into the individual's cognitive strengths and areas needing improvement.

Finally, the Conclusion recaps the main findings and offers practical recommendations. Crucially, the conclusion re-emphasizes the limitations of the analysis, stressing that it's a tool for self-discovery and should not be taken as a definitive judgment.

FAQs:

1. Is graphology analysis scientifically proven? While not definitively proven in the same way as some psychological tests, it relies on observed patterns and the connection between the brain and hand.
2. Can graphology analysis be used to diagnose mental illness? No, it is not a replacement for professional psychological assessment.
3. Is graphology analysis accurate? The accuracy depends on the skill of the graphologist and the quality of the handwriting sample.
4. How much does a graphology analysis cost? Prices vary depending on the graphologist and the scope of the analysis.
5. What type of handwriting sample is needed for analysis? Ideally, an unconstrained writing sample, such as a personal letter or journal entry.
6. Can graphology analysis be used for children's handwriting? Yes, but the interpretation may differ as children's handwriting is still developing.
7. Can I learn graphology analysis myself? While basic concepts can be learned, mastering the art requires extensive training and practice.
8. Is graphology analysis used in legal settings? Its admissibility in court varies greatly depending on jurisdiction and context.
9. Is online graphology analysis reliable? Exercise caution with online

services, ensuring the provider has appropriate qualifications and experience.

graphology analysis: *Graphology* Ruth Gardner, 1991-12 Learn to interpret the messages in your handwriting and open to a new dimension in self-understanding, with *The Truth About Graphology* by Ruth Gardner. Your handwriting consists of unusual configurations that can be decoded. *The Truth About Graphology* explains how to translate these tell-tale signs for accurate information about anyone's personality. You can determine the physical condition of your Uncle Bill by examining his baseline slants. Or measure your child's vitality by the pressure she uses. Will you work well with that new employee? Look at her letter spacing. Distinguish a moody person from one with an even temper--from their handwriting alone. With *The Truth About Graphology* you'll: -Learn instant handwriting analysis in less than two hours -Recognize the personal traits revealed in your handwriting -Awaken to personality characteristics you previously ignored -Recognize areas of budding potential -Gain keen insight into others' actions -Design a signature that reflects your self-image -Practice your handwriting analysis skill at work and social events -Uncover hidden

personality traits -Use the tell-tale signs in anyone's handwriting for an accurate assessment of their character -Learn to use graphology for professional gain and entertainment The Truth About Graphology is filled with illustrations that will finally make handwriting analysis easy for you to learn and practice. You'll learn, through examples and clear explanations, the meanings of the different letter slants, zones, spacing, loops and more. Once you learn handwriting analysis, people will be asking you to tell them about themselves: what are their hidden potentials, abilities, and even fears? Here is a system that requires nothing more than a piece of paper and a pen, a technique that can be done anywhere. To find out more you must get The Truth About Graphology.

graphology analysis: *Handwriting Analysis* Andrea McNichol, Jeffrey A. Nelson, 1994-09-22 Shows how to analyze handwriting traits, including slant, spacing, baseline, and connecting strokes, and discusses practical uses.

graphology analysis: Graphology Julian Moore, Is it possible to know all about someone, just by looking at their handwriting? Imagine you could ask anyone to write down two simple words yet you could start telling them 'what they're like' from their handwriting almost immediately - even complete strangers! You must admit that would be cool. How could you know so much with so little information? Well with the graphology system outlined in this new graphology book designed to be learned in few days, you can be giving interesting yet fun handwriting readings in no time at all - Here are some points to consider: * Can be learned over a weekend * Requires only two words to be written down * Can be done for two or more people at the same time * A great ice-breaker or conversation starter * Once you've learned it, it's almost impossible to forget Oh - and did we mention the FREE AUDIOBOOK? We almost forgot - not only do you get the book packed with examples, exercises and top-tips to make learning graphology as painless as possible, you also get the 13 part audiobook thrown in as well! FLASH CARDS! With the book and audiobook you also get a set of 10 flash cards! Print them off onto index cards and stick them in your back pocket so you can have an instant 'refresher' moment while you're still learning the system. No need for last minutes nerves - a quick look at your flash cards and you can top-up your new found knowledge in a jiffy. Powerful stuff Seriously, knowing this information is powerful - everyone is interested in themselves, and by using the fun techniques in this unique book you'll find that sometimes you simply haven't got the time to check out everybody's handwriting! REVIEWS I really enjoyed reading your new book and would heartily recommend it. It is a great way to learn the art without spending hours ploughing through the many books out there on the subject. - Richard Osterlind Julian is a wonderful teacher. I've tried learning enough about graphology before to use as an adjunct to my mentalism performances but it never stuck. And I quickly became bored. With Julian's system once the info is in your head, it isn't easily leaving. And I found the whole process fun! Julian has set this up in a way that you get constant reinforcement for your efforts and just want to keep going. - Bill Cushman I have finished Julian's book on Graphology and highly recommend it. Julian has condensed a large amount of information on graphology into an easily memorized system and provided a presentation that is short, sweet, and can be done on the back of a business card. I like to explain how I am getting my information as I am doing the reading, and Julian's system is perfectly suited for this. In fact, it is so simple to explain that your subject will likely go away believing they have learned something valuable even in the unlikely event that most of your reading doesn't hit the mark -- so you really cannot lose. Anyone that is interested in Graphology should definitely pick up this book. - John Lumber As a long time graphologist, I've perused Julian's manuscript, and can attest that it is exactly as described. He's taken some of the real 'meat' of the subject and found a way to explain it clearly and simply - AND to do it in a wicked clever mnemonic sort of structure that makes it quite easy to remember. (And, therefore, easy to explain to others.) He's done a lot of hard mental work so that you won't have to! Well worth the price tag for those who wish to use it. - Brane OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: Palmistry - Palm Readings In Your Own Words Speed Learning: Numerology - Numbers Past And Present With The Lo-Shu Square Speed Learning: Star Signs

graphology analysis: The Power of Handwriting Analysis Pradnyaa Sourabh Parikh, 2016-11-27

graphology analysis: Handwriting Analysis Karen Kristin Amend, Mary Stanbury Ruiz, 2000-06-19 Learn the many ways handwriting can reveal personality traits in this comprehensive introduction to graphology. In *Handwriting Analysis*, graphology expert Karen Kristin Amend offers a fresh approach to the principles of graphology. Covering all aspects of handwriting, from size and spacing to pace and form quality, this book is designed to help readers learn the skills of whole-person profiling. Amend demonstrates how to determine various personality traits ranging from mood to moral character, self-confidence, and emotional needs. She also shows how to detect emotional disturbance or mental illness. With new material for understanding the significance of the writing rhythm, this volume also provides handwriting samples of famous people.

graphology analysis: Handwriting Analysis Milton Newman Bunker, 2010 The Best Insurance Policy Money Can't Buy Trust is a very powerful thing. But in today's world, it can be hard to decide who you can trust and who you can't. Have you ever had nagging doubts when you left your car at the mechanic? Or wondered how responsible your child's babysitter really is? Do you ever wonder if you can really trust your friends, your co-workers... or the people you date? You already know how easy it can be to get hurt, taken advantage of, or used by people whom you thought you could trust - simply because it's so easy for people to lie and mislead you. But you don't have to put yourself (or your family) at risk anymore! There is an amazingly accurate way for you to discover people's TRUE character - within seconds - and protect yourself from trouble. And the best part is... No One Can Hide From This... Handwriting Analysis is one of the most effective and powerful ways for you to uncover someone's true character and find out their real personality. Within seconds you can look at anyone's handwriting and instantly know everything they think and everything they feel. You can uncover the dark little secrets they try to hide - and you can learn which people you can trust. Discover which friends you can always depend on... (and which friends you should never confide in!) Finally find an honest car mechanic, electrician, plumber, or contractor... (This will save you big money!) Learn about your child's teachers, babysitters, and care-giver's true personalities - and rest easy knowing you are surrounding your child with the best people possible. Know someone's true feelings and intentions before you start a relationship, accept a date, or get married. Find out the truth about the people you work with, the people in your community, and even your own neighbors. With this book, anyone can learn how to analyze handwriting. It's simple to get started and even easier to put it to work for you. If you're ready to give yourself the best insurance policy ever and start protecting yourself from all the wrong people... get this book today!

graphology analysis: Handwriting Analysis Vijaya Kumar, 2005-01-01 This book presents graphology, the science of handwriting analysis, in a simple and easy-to-follow style. It helps reveal one's character, emotions, intellect, creativity, self-awareness and physical aptitude. With the help of this book, you can discover your own personality and behaviour traits, as well as those of your mate, lover, friends, co-workers and even strangers!

graphology analysis: Analysis of Handwriting Hans Jacoby, 1939

graphology analysis: Gestalt Graphology Felix Klein, 2007-12 Founder of the National Society for Graphology, Felix Klein began his study of graphology in his birthplace, Vienna, Austria, at the age of thirteen. He was a practicing graphologist all of his life and lectured and gave seminars throughout the United States and in Canada, England, Germany, Israel and Mexico. Mr. Klein came to the United States in 1940 after spending six months each in the concentration camps at Dachau and Buchenwald. While in those camps he formulated his theory of directional pressure as a result of studying changes in the handwriting of his fellow inmates. Mr. Klein did extensive work in personnel selection for major companies and banks, vocational guidance, and individual analyses, as well as forensic document examination for such entities as the U.N., AT&T, and a major political figure in Ghana, Africa. It was probably as a teacher that Felix was most known and loved. He held classes and offered correspondence courses in all levels of graphology: elementary, intermediate, advanced,

Master Research, and Psychology for Graphologists. Wherever Felix spoke, his warm, caring personality and his naturalness and keen sense of humor generated enthusiastic responses from young and old alike.

graphology analysis: Handwriting Analysis Self-taught Joel Engel, 1980 Demonstrates, through the analysis of samples from the handwriting of famous people, how to determine facts about yourself and others.

graphology analysis: The Complete Idiot's Guide to Handwriting Analysis Sheila R. Lowe, 1999 Explains how to use handwriting analysis to understand character, personal values, love issues, and career ambitions

graphology analysis: Handwriting Analysis Chris Morgan, 1996-03 A step-by-step approach to learning the secrets of handwriting analysis with over 100 handwriting samples individually examined.

graphology analysis: Handwriting and Personality Ann Mahony, 1990-01-29 Today, graphology is used in courtrooms and banks as well as by psychologists. In Handwriting & Personality, graphologist Ann Mahony now reveals the many elements that are part of handwriting analysis and shows readers how to learn more about their--and other people's--motivations and characteristics.

graphology analysis: Handwriting Analysis Plain & Simple Eve Bingham, 2019 Handwriting analysis, or graphology, is the science involved in producing a personality profile of the writer by examining the characteristics, traits and strokes of an individual's handwriting. It seems impossible, but a trained graphologist can gather an astonishing amount of information about the writer just from analyzing their handwriting. Besides creating a complete personality profile, many other things are revealed in your handwriting, such as health issues, morality, past experiences, hidden talents, mental problems-- to name just a few. This plain and simple title explains what handwriting analysis is and why it works. The author gives a brief history of the art then delves into every aspect of writing, including: The way the writing moves across the page The meaning of the pen, pencil, and ink chosen The slope of the script and the amount of space between words The size and shape of the individual letters and signatures The meaning of writing styles in headed paper, logos, and shop signs

graphology analysis: The Definitive Book of Handwriting Analysis Marc Seifer, 2008-11-01 The Definitive Book of Handwriting Analysis is a must for all serious students of graphology. —Iris Hatfield, Professional Graphologist, HuVista International The complete guide to graphology from the winner of Flandrin-Michon AHAF President's Lifetime Achievement Award by the American Handwriting Analysis Foundation The ability to write by hand is a pinnacle of human achievement. As a form of self-expression, handwriting reflects a person's thoughts about the self and reveals aspects of a person's personality. Written in a step-by-step fashion, The Definitive Book of Handwriting Analysis begins with the history of the field and then teaches you how to analyze any handwriting, starting with objective criteria, including variables such as organization, speed, size, shape, slant, and symbolic features. Then you learn how to combine these variables to create a full personality profile. There are more than 100 handwriting samples, including those from Paul Newman, Bill Clinton, Marlon Brando, Donald Trump, Sigmund and Anna Freud, Thomas Edison, Osama bin Laden, Jacqueline Kennedy, Bruce Springsteen, Benito Mussolini, Napoleon, Michael Jackson, Robert Redford, Barak Obama, and Charles Darwin. Part II discusses how handwriting is organized by the brain and includes many examples of the link between handwriting and various illnesses and brain disorders, from dyslexia and epilepsy to stroke and coma. It ends with a discussion of the link between different personality types, their brain organization, and their handwriting. Part III is an in-depth look at the field of questioned documents, including such topics as free-hand forgeries, tracing, disguised handwriting, and anonymous notes. It features an in-depth discussion of how forgeries are created and how they are detected. If you are interested in any aspect of this topic, The Definitive Book of Handwriting Analysis is definitely the book you need!

graphology analysis: *The Psychological Basis of Handwriting Analysis* David Lester, 1981

graphology analysis: Handwriting Analysis Baruch Lazewnik, 1991-03-01 Handwriting Analysis: A Guide to Understanding Personalities is a fascinating and revealing look at handwriting as a window to behavior. In thirteen chapters of well-written text and more than 100 writing samples, the basics and the finer nuances of handwriting analysis are illustrated and interpreted. Samples from well-known celebrities and public figures from various professions, as well as persons with particular problems and illnesses, are reviewed with clarity and sensitivity. Personalities of the famous and infamous are revealed through chapters covering contemporary novelists, criminals, upright citizens, cloak-and-dagger operators, geniuses, entertainers, and others.

graphology analysis: Between the Lines Reed Hayes, 1993-02-01 As unique as a fingerprint, our handwriting is a reflection of our inner selves, revealing everything from our talents and personal tastes to insecurities, desires, and psychological attitudes. Reed Hayes shows how the practical art of graphology (or handwriting analysis) can provide insight into the qualities of your own personality as well as the personalities of those around you. Between the Lines provides an awareness of graphology that not only enhances our understanding of ourselves, but also sheds light on our business, social, and romantic relationships.

graphology analysis: The Secrets of Your Handwriting Allan Conway, 2015-10-15 Discover the venerable art of graphology - how to interpret the curves, arcs and loops of the handwritten word to reveal the personality of the writer. This fascinating book is an exhaustive exploration of the art, taking each aspect of handwriting in turn - spacing, baseline, movement, speed, tension, pressure, size, slant, loops and form - to build up a reliable picture of the writer's nature. It also explores the many uses of graphology in contemporary life - it has been used to uncover crime, in recruitment and even to help find true love! In addition, the handwriting of well-known historical figures is analysed, with intriguing results. Armed with this book you'll be able to gain a unique insight into the personalities of your friends and family, and maybe even find out a little bit about yourself. Word count: 30,000

graphology analysis: The Complete Idiot's Guide to Handwriting Analysis, 2nd Edition Sheila Lowe, 2007-01-02 It's all there in black and white The most popular book on this amazing discipline, this volume shows readers how to analyze almost any handwriting sample and understand the special characteristics of the writer's personality. Drawing upon 30 years of experience as a professional graphologist, Sheila Lowe clearly explains what every squiggle and dot says about a person. From Kurt Cobain and Jimmy Smits to Ronald Reagan and Bill Clinton, this new edition is filled with hundreds of real examples of handwriting to illustrate how handwriting indicates a person's most basic and intimate traits. --Hundreds of new handwriting examples --Up-to-the-minute information about graphology computer programs --Fascinating anecdotes about graphology's role in criminal justice

graphology analysis: Your Handwriting Can Change Your Life Vimala Rodgers, 2013-04-16 When we purposefully change our handwriting, we introduce attitudes that can improve our relationships, give us the impetus to achieve and take risks, and simply bring out the best in us. This is because our handwriting is a reflection of our innermost thoughts and feelings. When we fall in love, survive a serious illness, or change careers, our view of life is dramatically altered and, as a result, our handwriting patterns change. Conversely, desired transformations can result from intentionally changing the way specific letters are written: * Stick to that diet by changing the letter T. * Avoid being overlooked for that well-deserved promotion by changing the letter G. * Reduce stress and cease juggling too many things at once by changing the letter S. * Overcome shyness or stage fright by changing the letter A. Included is an enlightening assessment test that identifies those personality traits requiring attention. Your Handwriting Can Change Your Life profoundly reveals that the key to making dreams come true is as simple as putting pen to paper.

graphology analysis: Handwriting Analysis Dorothy Sara, 1976

graphology analysis: The Write Stuff Barry L. Beyerstein, Dale F. Beyerstein, 1992 Its accuracy through objective tests of validity; contrast graphology with verifiable psychological assessment techniques; and review the legality of using graphology in employee selection,

psychological diagnosis, and the criminal justice system. A major thrust of the book is a consideration of why graphology seems so accurate to many personnel managers when it has been unable to pass objective tests of validity designed by experts in the psychology of individual.

graphology analysis: Reading Between the Lines P. Scott Hollander, 1991 Read and follow the procedures in this book and you will come away with the ability to take any sample of handwriting and do a complete analysis of character and personality. You may even go forward to use the skill as a professional tool, or as the basis for a profession. This self-teaching textbook teaches how to analyze handwriting, how to counsel others, and how best to use the subject once learned.

graphology analysis: Handwriting Analysis Bart A. Baggett, 2005-06-01

graphology analysis: Sex, Lies, and Handwriting Michelle Dresbold, James Kwalwasser, 2008-07-22 Explains how to use handwriting analysis to interpret people's character traits, personalities, and backgrounds, and examines the handwriting of such dangerous individuals as Ted Bundy, Jack the Ripper, and Osama bin Laden.

graphology analysis: Applied Graphology Irene Marcuse, 2013-10 This is a new release of the original 1945 edition.

graphology analysis: The Write Stuff Barry L. Beyerstein, Dale F. Beyerstein, 1992 A collection of papers by practicing graphologists as well as critics from many fields, providing a balanced evaluation of claims that personality, aptitude, and psychological and physical health can be determined through handwriting analysis. Paper edition (unseen), \$21.95. Annotation copyright by Book News, Inc., Portland, OR

graphology analysis: Sex, Lies, and Handwriting Michelle Dresbold, 2007-02-12 A handwriting expert reveals the secrets hidden in your penmanship—now featuring a new afterword analyzing the handwriting of President Donald Trump. Handwriting expert Michelle Dresbold—the only civilian to be invited to the United States Secret Service's Advanced Document Examination training program—draws on her extensive experience helping law enforcement agencies around the country on cases involving kidnapping, arson, forgery, murder, embezzlement, and stalking to take us inside the mysterious world of crossed t's and dotted i's. In *Sex, Lies, and Handwriting*, Dresbold explains how a single sentence can provide insight into a person's background, psychology, and behavior. Throughout the book, Dresbold explores the handwriting of sly politicians, convicted criminals, notorious killers, suspected cheats, and ordinary people who've written to Dresbold's "The Handwriting Doctor" column for help. She shows you how to identify the signs of a dirty rotten scoundrel and a lying, cheating, backstabbing lover. And she introduces you to some of the most dangerous traits in handwriting, including weapon-shaped letters, "shark's teeth," "club strokes," and "felon's claws." Dresbold also explains how criminals are tracked through handwritten clues and what spouses, friends, or employees might be hiding in their script. *Sex, Lies, and Handwriting* will have you paying a bit more attention to your—and everyone else's—penmanship.

graphology analysis: The Elements of Graphology Barry Branston, 1995 Graphology - handwriting analysis - can be traced back as far as Roman times. Based on the belief that it can give insights into an individual's personality, skill areas, and even compatibility in relationships, this book, by a founder-member of the Graphology Society, explains the basics of graphology and how to make a detailed handwriting analysis. Many handwriting samples of size, spacing, slant and other features are included for examination and assessment, as well as sample worksheets.

graphology analysis: Simply Handwriting Analysis Eve Bingham, 2007 The writing's on the wall—this new entry in the extremely successful Simply™ series is the best book on the subject of graphology! It explains what handwriting analysis is and why it works and gives a brief history of the art. Then, it delves into every aspect of writing: the way the writing moves across the page; the meaning of the pen, pencil and ink chosen; the slope of the script; the amount of space between words; the size and shape of the individual letters, and signatures. There's even an examination of writing styles in headed paper, logos, shop signs, and other situations where the lettering has to make a good impression. Samples throughout illustrate every point in fine visual style.

graphology analysis: You Wrote it Yourself Milton Newman Bunker, 1939

graphology analysis: The ABCs of Handwriting Analysis Claude Santoy, 1991

graphology analysis: The Only Handwriting Analysis Book You Will Ever Need Treyce d'Gabriel, 2009-05 The author, Treyce Montoya, has combined over 30 years of knowledge and skill into this 579-page book. Instead of giving you the information and letting you figure out how to do it on your own, she walks you through an entire analysis (personality profile)

graphology analysis: Analyze Your Handwriting: Learn the Basics of Graphology Melissa Alvarez, 2011-02-03 We are each distinctive individuals with unique styles of writing. Our handwriting is a tangible extension of our inner selves. Have you ever wondered what your handwriting says about you? With a basic understanding of handwriting analysis you can discover more about yourself and those around you. Graphology is the analysis of a handwriting sample. Graphologists can tell when someone is loyal, excitable or hiding something just from slight nuances in writing. Would you like to learn to do this too? Once you know the basics you will never look at handwriting in the same way again. With *Analyze Your Handwriting*, you can learn the fundamental skills necessary to determine if you will be compatible with another person, if someone is trustworthy and individual personality characteristics. It is an exciting, fun tool that you can use on a daily basis.

graphology analysis: *Handwriting Analysis* Karen Amend, Mary S. Ruiz, 2000

graphology analysis: Instant Handwriting Analysis Ruth Gardner, 1997-06-03 Handwriting patterns signal elements of your - *unconscious persona *your hidden desires *fears *weaknesses *strengths *attitudes and more! This book covers some of the most important and basic factors of handwriting analysis for the explorer of Graphology- a scientific analytical study of handwriting. With the help of this hand-book you could learn all about a person what all was previously unknown to you(or even himself),in just 30 minutes or less. You can analyze your own handwriting and that of friends and family, with this easy-to-use book. After reading just a few chapters you will know how the... slant, stroke, word spacing, margins, size and preserve, letter formalities and signature, etc. reveal your personality. You can even learn to change certain aspects of yourself by changing the way you write! Compare your writing with the sampler in this book - It is that simple! here is even a chapter on doodles. This book is an exciting and useful key to help in unlocking the potential within you.
