hudsun wellness grand forks: A Garden Can Be Lauri Kranz, Dean Kuipers, 2019-02-26

"Kranz's facility at simplifying the process of raising fava beans or beets or lemon verbena—yes, anywhere—will have you scouring seed catalogs." —Newsweek Edible Gardens LA founder Lauri Kranz shares her secrets for planning, planting, growing, and maintaining luscious edible gardens, no matter the setting or size of the plot. Through gorgeous gardens created for her well-known clientele, including James Beard Award-winning chefs, celebrities, rock stars, and more, Lauri shares her essential methods for growing abundant organic food. This practical guide is built around Lauri's philosophy that nourishment and beauty are not separate goals. It's also at the forefront of a gardening revolution, where more and more people are craving a patch of land for growing and the trend is toward edible gardens over ornamental gardens. *A Garden Can Be Anywhere* reveals Lauri's knack for providing both beauty and bounty in her clients' outdoor spaces. "Every time I see Lauri, I come away feeling nourished. Her superpower is her warmth, and her ease that makes any conversation about your garden feel empowering. She is a grounding force that strips away any gardening intimidation and makes you feel strong, capable, joyful. There's no ego in her approach; she's really rooting for you. Being around Lauri is such a gift." —Maya Rudolph, actor, comedian, singer "The book takes readers through the process—step-by-step—of designing and growing a beautiful home garden." —Gardenista "Lauri Kranz not only set up my edible garden, but also created and established a relationship between me and my backyard. She is the Tinder for me and my vegetables." —Nicole Richie, fashion designer, author, actor

hudsun wellness grand forks: Our Parents, Ourselves Judith Steinberg Turiel, 2005-11-09 The prospect of caring for elderly relatives who may be too old, fragile, or forgetful to manage on their own looms large for millions of women and men who are unprepared for the difficulties such an experience can bring. Written by a daughter of aging parents, this book takes an honest, unflinching look at aging in America, weaving together personal stories with current medical information to trace exactly how social and health care policies are affecting daily lives. Judith Steinberg Turiel addresses such topics as healthy aging and independent living; mental impairment brought on by Alzheimer's, other dementias, and depression; women as caregivers; health care rationing; the power of prescription drug makers; end-of-life care; and prospects for Medicare. Her book clearly demonstrates the pressing need for quality health care for people of all ages—through universal, publicly funded health insurance.

hudsun wellness grand forks: *Fannie Flagg's Original Whistle Stop Cafe Cookbook* Fannie Flagg, 2011-11-02 After the tremendous success of her novel, *Fried Green Tomatoes at the Whistle Stop Cafe*, and the beloved movie that followed, author Fannie Flagg received thousands of requests from all over the world asking for recipes from the little cafe of her Alabama childhood that was the model for the cafe in her novel. Now, she joyfully shares those recipes, in what may well be the first cookbook ever written by a satisfied customer rather than a cook! Inside you'll find wonderful recipes for: * Skinless Fried Chicken * Pork Chops with Apples and Sweet Potatoes * Baked Ham and Pineapple Rings * Baked Turkey with Traditional Cornbread Dressing * Black-eyed Peas * Fried Okra * Creamed Onions * Broccoli Casserole * Southern Cream Gravy * Fried Catfish * Scalloped Oysters * Down Home Crab Cakes * Beaten Biscuits * Corn Pones * Lemon Ice Box Pie * Kentucky Bourbon

Chocolate Pecan Pie * And much more! The recipes in Fannie Flagg's Original Whistle Stop Cafe Cookbook are all for delicious hearty happy food that comes with all sorts of things, from gravies to hot sauces (very often the secret's in the sauce). But most of all this food, and this book, comes with love. If you liked her novel, Fried Green Tomatoes at the Whistle Stop Cafe, and if you liked the movie they made from that novel, you'll like this cookbook....It's funny, just like Flagg. --Richmond Times-Dispatch Recommended...All the traditional dishes are here, along with the author's irreverent, irresistible commentary on Southern cooking and culture. --Library Journal Note: This edition does not include photos.

hudson wellness grand forks: A Map for the Missing Belinda Huijuan Tang, 2023-08-08 Longlisted for the Center for Fiction's 2022 First Novel Prize! "Belinda Huijuan Tang's debut novel is a beautifully drawn, sensitively rendered portrait of a man desperately searching for his father—and for reconnection to the past and people he once knew and loved. Both rich in historical detail and timeless in scope, *A Map for the Missing* explores the costs of choosing your own path, whether what's left behind can ever be retrieved, and whether it is possible to forgive the wounds we inevitably inflict on each other." —Celeste Ng, #1 New York Times bestselling author of *Little Fires Everywhere* "An engrossing saga of a young mathematician caught between two countries, two cultures, two eras, and two loves. Set against the violent turmoil of the Chinese Cultural Revolution, this powerful debut explores the wrenching impact of political ideologies on individual lives in a way that is resonant and timely." —Ruth Ozeki, author of *The Book of Form and Emptiness* and *A Tale for the Time Being* An epic, mesmerizing debut novel set against a rapidly changing post-Cultural Revolution China, *A Map for the Missing* reckons with the costs of pursuing one's dreams and the lives we leave behind. Tang Yitian has been living in America for almost a decade when he receives an urgent phone call from his mother: his father has disappeared from the family's rural village in China. Though they have been estranged for years, Yitian promises to come home. When Yitian attempts to piece together what may have happened, he struggles to navigate China's impenetrable bureaucracy as an outsider, and his mother's evasiveness only deepens the mystery. So he seeks out a childhood friend who may be in a position to help: Tian Hanwen, the only other person who shared Yitian's desire to pursue a life of knowledge. As a teenager, Hanwen was "sent down" from Shanghai to Yitian's village as part of the country's rustication campaign. Young and in love, they dreamed of attending university in the city together. But when their plans resulted in a terrible tragedy, their paths diverged, and while Yitian ended up a professor in America, Hanwen was left behind, resigned to life as a midlevel bureaucrat's wealthy housewife. Reuniting for the first time as adults, Yitian and Hanwen embark on the search for Yitian's father, all the while grappling with the past—who Yitian's father really was, and what might have been. Spanning the late 1970s to 1990s and moving effortlessly between rural provinces and big cities, *A Map for the Missing* is a deeply felt examination of family and forgiveness, and the meaning of home.

hudson wellness grand forks: Utopia Mark Stephen Jendrysik, 2020-04-09 Human beings universally dream of a better world. For centuries they have expressed their yearning for ways of life that are free from oppression, want and fear, through philosophy, art, film and literature. In this concise and engaging book, Mark Jendrysik examines the multifarious ways utopians have posed the question of how human beings might establish justice and realize truly human values. Drawing upon a range of sources, from Plato's Republic and Thomas More's Utopia to Ursula Le Guin's *The Dispossessed*, he argues that, though for many utopia means 'demanding the impossible', the goals that seemed out of reach for one generation are often realized in the next. Nonetheless, he shows that, while utopian thought points toward our most noble aspirations, it also illustrates the dangers of totalitarianism, of the surveillance state and of global climate change. This engaging book will be an invaluable guide for anyone seeking to understand how, for good or ill, utopian aspirations shape our lives, even in times that seem designed to close off dreams of a better world.

hudsun wellness grand forks: Climate Change and Indigenous Peoples in the United States Julie Koppel Maldonado, Benedict Colombi, Rajul Pandya, 2014-04-05 With a long history and deep connection to the Earth's resources, indigenous peoples have an intimate understanding and ability to observe the impacts linked to climate change. Traditional ecological knowledge and tribal experience play a key role in developing future scientific solutions for adaptation to the impacts. The book explores climate-related issues for indigenous communities in the United States, including loss of traditional knowledge, forests and ecosystems, food security and traditional foods, as well as water, Arctic sea ice loss, permafrost thaw and relocation. The book also highlights how tribal communities and programs are responding to the changing environments. Fifty authors from tribal communities, academia, government agencies and NGOs contributed to the book. Previously published in Climatic Change, Volume 120, Issue 3, 2013.

hudsun wellness grand forks: Tomorrow, and Tomorrow, and Tomorrow Gabrielle Zevin, 2024-06-25 NEW YORK TIMES BEST SELLER • Sam and Sadie—two college friends, often in love, but never lovers—become creative partners in a dazzling and intricately imagined world of video game design, where success brings them fame, joy, tragedy, duplicity, and, ultimately, a kind of immortality. It is a love story, but not one you have read before. Delightful and absorbing. —The New York Times • Utterly brilliant. —John Green One of the Best Books of the Year: The New York Times, Entertainment Weekly, TIME, GoodReads, Oprah Daily From the best-selling author of The Storied Life of A. J. Fikry: On a bitter-cold day, in the December of his junior year at Harvard, Sam Masur exits a subway car and sees, amid the hordes of people waiting on the platform, Sadie Green. He calls her name. For a moment, she pretends she hasn't heard him, but then, she turns, and a game begins: a legendary collaboration that will launch them to stardom. These friends, intimates since childhood, borrow money, beg favors, and, before even graduating college, they have created their first blockbuster, Ichigo. Overnight, the world is theirs. Not even twenty-five years old, Sam and Sadie are brilliant, successful, and rich, but these qualities won't protect them from their own creative ambitions or the betrayals of their hearts. Spanning thirty years, from Cambridge, Massachusetts, to Venice Beach, California, and lands in between and far beyond, Gabrielle Zevin's Tomorrow, and Tomorrow, and Tomorrow examines the multifarious nature of identity, disability, failure, the redemptive possibilities in play, and above all, our need to connect: to be loved and to love.

hudsun wellness grand forks: Roll Models Richard Holicky, 2004 I thought life was pretty much over. Paul Herman I was afraid people wouldn't see me for who I still was. Cathy Green I didn't need this to be a better person. Susan Douglas I wasn't sure I wanted to live "this way." Kevin Wolitzky The above four people and 49 more just like them went on to find high levels of success and lead satisfying lives. Together they tell 53 stories of moving forward to meet all the challenges, fears, obstacles, and problems common to the life-altering circumstances after spinal cord injury, and doing it without benefit of wealth, large settlements or solid health coverage. Ranging in age from 21 to 67, disabled from three to 48 years they share 931 years of disability experience. Roll Models is a valuable new resource for recently injured people and their families, and for nurses, therapists, psychologists and all other professionals who treat, work with and care for people with spinal cord injury. Straight from the horse's mouth, survivors explore their experiences with disability and answer many questions those in rehab are asking: Early Thoughts What were your thoughts immediately following injury? What were your initial thoughts and reactions regarding SCI and the future? The First Years What were your biggest fears during that first year or so? How did you get past those early fears? Changes, Obstacles and Solutions How much different are you now, compared to how you were before injury? What's been the biggest obstacle? How did you address these obstacles? Finding What Works What have been the most difficult things for you to deal with since injury? What's the worst thing about having an SCI and using a chair? What's been your biggest loss due to injury? Is SCI the worst thing that ever happened to you? Tell me something about your problem solving skills. How do you deal with stress? What do you do to relieve stress? Salvations, Turning Points and More Was there any one thing that was your salvation or key to your success? Was there a turning point for you when you began to feel things were going to get better? What personal factors, habits and beliefs have helped you the most? SCI and Meaning Do you find any meaning, purpose or lessons in your disability? Did any positive opportunities come your way because of your injury? What's your greatest accomplishment? What are you most proud of? A wonderful roadmap with many alternate routes to living and thriving with SCI. Minna Hong, SCI survivor and Peer Support Coordinator/Vocational Liaison, Shepherd Center Avoids the trap of providing a "one size fits all mentality" and provides solutions as varied as the individuals used as examples. Accentuates the positives while not sugar coating the difficulties. Essential reading. Jeff Cressy SCI survivor and Director of Consumer and Community Affairs, SCI Project, Rancho Los Amigos A great resource for people as they venture out into the world, or search for meaning and a deeper, richer life. Filled with examples of real people and their real experiences. Terry Chase, ND, RN; SCI survivor; Patient & Family Education Program Coordinator, Craig Hospital A wonderful tool for the newly spinal cord injured individual, as well as the therapists and counselors working with them. This certainly hits the mark in capturing important survival strategies. Jack Dahlberg, SCI survivor, Past President of the National Spinal Cord Injury Association Artfully crafted and organized, Roll Models sensitively portrays life following spinal cord injury. Informative, creative, sensitive, as well as infused with humor and a kind heart. Recommended with my highest accolades. hudson wellness grand forks: Blockchain Revolution Don Tapscott, Alex Tapscott, 2016-05-10 Blockchain technology is powering our future. As the technology behind cryptocurrencies like bitcoin and Facebook's Libra, open software platforms like Ethereum, and disruptive companies like Ripple, it's too important to ignore. In this revelatory book, Don Tapscott, the bestselling author of Wikinomics, and his son, blockchain expert Alex Tapscott, bring us a brilliantly researched, highly readable, and essential book about the technology driving the future of the economy. Blockchain is the ingeniously simple, revolutionary protocol that allows transactions to be simultaneously anonymous and secure by maintaining a tamperproof public ledger of value. Though it's best known as the technology that drives bitcoin and other digital currencies, it also has the potential to go far beyond currency, to record virtually everything of value to humankind, from birth and death certificates to insurance claims, land titles, and even votes. Blockchain is also essential to understand if you're an artist who wants to make a living off your art, a consumer who wants to know where that hamburger meat really came from, an immigrant who's tired of paying big fees to send money home to your loved ones, or an entrepreneur looking for a new platform to build a business. And those examples are barely the tip of the iceberg. As with major paradigm shifts that preceded it, blockchain technology will create winners and losers. This book shines a light on where it can lead us in the next decade and beyond.

hudson wellness grand forks: The Northern Gardener Barbara Rayment, 2012-05 This can be challenging gardening, replete with hot, dry summers and freezing winters, acidic soils, moose, mice, bears and bugs. Rather than fighting nature by trying to raise plants unsuited for a northern climate, master gardener Barbara Rayment, who has grown--and in some cases killed--nearly all of the plants in this book, helps readers get maximum results with minimum effort by selecting the right plants for their conditions. There are literally thousands of beautiful, interesting and garden-worthy perennials perfectly suited to northern conditions. Rayment moves beyond zone

ratings, categorizing plants by habitat type and offering pragmatic advice on topics like watering, soil and beneficial insects, to address common frustrations associated with cold-climate gardening. From *Acantholimon* to *Xanthorrhoeaceae*, this book includes hundreds of hardy perennials, including many native plants, accompanied by hundreds of beautiful colour photographs. While glossy gardening books from warmer climates abound, the perennials described here really do thrive in zones 2 to 4, making this an indispensable reference for novice and expert northern gardeners alike.

hudson wellness grand forks: Detransition, Baby Torrey Peters, 2021-01-12 NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture One of the New York Times’s 100 Best Books of the 21st Century Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women’s Prize • Roxane Gay’s Audacious Book Club Pick • New York Times Editors’ Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn’t hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn’t happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames’s boss and lover, Katrina, reveals that she’s pregnant with his baby—and that she’s not sure whether she wants to keep it—Ames wonders if this is the chance he’s been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can’t reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

hudson wellness grand forks: The Art Museum in Modern Times Charles Saumarez Smith, 2021-04-13 A compelling examination of the art museum from a renowned director, this sweeping book explores how architecture, vision, and funding have transformed art museums around the world over the past eighty years. How have art museums changed in the past century? Where are they headed in the future? Charles Saumarez Smith is uniquely qualified to answer these questions, having been at the helm of three major institutions over the course of his distinguished career. For *The Art Museum in Modern Times*, Saumarez Smith has undertaken an odyssey, visiting art museums across the globe and examining how the experience of art is shaped by the buildings that house it. His story starts with the Museum of Modern Art in New York, one of the first museums to focus squarely on the art of the present rather than the past. When it opened in 1939, MoMA’s boldly modernist building represented a stark riposte to the neoclassicism of most earlier art

museums. From there, Saumarez Smith investigates dozens of other museums, including the Tate Modern in London, the Getty Center in Los Angeles, the West Bund Museum in Shanghai, and the Centre Pompidou in Paris. He explores our shifting reasons for visiting museums, changes to the way exhibits are organized and displayed, and the spectacular new architectural landmarks that have become destinations in their own right. Global in scope yet full of personal insight, this fully illustrated celebration of the modern art museum will appeal to art lovers, museum professionals, and museum goers alike.

hudsun wellness grand forks: **Flow and the Foundations of Positive Psychology** Mihaly Csikszentmihalyi, 2014-08-08 The second volume in the collected works of Mihaly Csikszentmihalyi covers about thirty years of Csikszentmihalyi's work on three main and interconnected areas of study: attention, flow and positive psychology. Describing attention as psychic energy and in the footsteps of William James, Csikszentmihalyi explores the allocation of attention, the when and where and the amount of attention humans pay to tasks and the role of attention in creating 'experiences', or ordered patterns of information. Taking into account information processing theories and attempts at quantifying people's investment, the chapters deal with such topics as time budgets and the development and use of the Experience Sampling Method of collecting data on attention in everyday life. Following the chapters on attention and reflecting Csikszentmihalyi's branching out into sociology and anthropology, there are chapters on the topic of adult play and leisure and connected to that, on flow, a concept formulated and developed by Csikszentmihalyi. Flow has become a popular concept in business and management around the world and research on the concept continues to flourish. Finally, this volume contains articles that stem from Csikszentmihalyi's connection with Martin Seligman; they deal with concepts and theories, as well as with the development and short history, of the field and the "movement" of positive psychology.

Katie Cotugno has outdone herself. —Taylor Jenkins Reid, author of *Daisy Jones & The Six* and *Malibu Rising* Sparks fly and things get real in this sharply sexy and whip-smart romantic comedy set against the backdrop of a post #metoo Hollywood from New York Times bestselling author Katie Cotugno Former child actor Fiona St. James dropped out of the spotlight after a spectacularly public crash and burn. The tabloids called her crazy and self-destructive and said she'd lost her mind. Now in her late twenties, Fiona believes her humiliating past is firmly behind her. She's finally regained a modicum of privacy, and she won't let anything—or anyone—mess it up. Unlike Fiona, Sam Fox, who played her older brother on the popular television show *Birds of California*, loves the perks that come with being a successful Hollywood actor: fame, women, parties, money. When his current show gets cancelled and his agent starts to avoid his calls, the desperate actor enthusiastically signs on for a *Birds of California* revival. But to make it happen, he needs Fiona St. James. Against her better judgment, Fiona agrees to have lunch with Sam. What happens next takes them both by surprise. Sam is enthralled by Fiona's take-no-prisoners attitude, and Fiona discovers a lovable goofball behind Sam's close-up-ready face. Long drives to the beach, late nights at dive bars . . . theirs is the kind of kitschy romance Hollywood sells. But just like in the rom-coms Fiona despises, there's a twist that threatens her new love. Sam doesn't know the full story behind her breakdown. What happens when she reveals the truth?
