Is Marriage a Business? A Pragmatic Look at Relationships and Finances

Is marriage a business? This seemingly provocative question prompts a deeper exploration into the intricate interplay between love, commitment, and financial realities within a marital union. While love forms the bedrock of any successful marriage, ignoring the pragmatic aspects of shared finances can lead to significant challenges. This article delves into the financial considerations inherent in marriage, examining whether a business-like approach can strengthen or weaken the bond. We'll explore the complexities of shared responsibilities, financial planning, and the potential for conflict when financial matters are not openly addressed and managed effectively.

Article Outline:

I. The Similarities Between Marriage and a Business:

- Shared Resources and Responsibilities

- Goal Setting and Financial Planning

- Need for Communication and Transparency

- Potential for Profit (Shared Success) and Loss (Financial Setbacks)

- Contractual Agreements (Prenuptial Agreements)

II. The Fundamental Differences Between Marriage and a Business:

- Emotional Investment vs. Monetary Investment

- Unforeseen Circumstances and Flexibility

- Long-Term Commitment vs. Profit Maximization

- The Role of Love, Trust, and Empathy

- Dissolution and its Emotional Consequences

III. Balancing Pragmatism and Passion:

- Open Communication about Finances

- Collaborative Financial Planning and Budgeting

- Seeking Professional Financial Advice

- Addressing Financial Disparities and Expectations

- Regularly Reviewing and Adapting Financial Strategies

I. The Similarities Between Marriage and a Business:

Shared Resources and Responsibilities

Marriage inherently involves the pooling of resources and the sharing of responsibilities. Just as a business requires collaboration and resource allocation, a successful marriage needs partners to contribute financially and domestically, balancing workloads and expenses.

Goal Setting and Financial Planning

Similar to a business setting long-term goals, couples need to define their shared financial aspirations. This includes setting short-term and long-term goals like buying a home, starting a family, or planning for retirement. Strategic financial planning becomes crucial for achieving these objectives.

Need for Communication and Transparency

Open communication is essential for both thriving businesses and enduring marriages. Financial transparency, honesty about income, expenses, and debt, forms the foundation of trust and collaborative decision-making. Hiding financial information can lead to significant problems down the line.

Potential for Profit (Shared Success) and Loss (Financial Setbacks)

Marriage, like a business, experiences periods of growth and setbacks. Shared successes, like financial stability and career advancements, strengthen the bond. Conversely, unexpected financial challenges like job loss or medical emergencies require couples to adapt and support each other.

Contractual Agreements (Prenuptial Agreements)

While not universally necessary, prenuptial agreements function similarly to contracts in a business setting. They define the financial aspects of the marriage, particularly in cases of pre-existing assets or significant financial disparities, protecting individual interests and providing clarity should the marriage dissolve.

II. The Fundamental Differences Between Marriage and a Business:

Emotional Investment vs. Monetary Investment

While a business prioritizes monetary returns, marriage is primarily an emotional investment. The commitment goes far beyond financial considerations, involving love, companionship, and emotional support. These intangible aspects are far more valuable than any financial gain.

Unforeseen Circumstances and Flexibility

Businesses operate within structured frameworks, while marriage requires adaptability and flexibility in dealing with unforeseen circumstances. Illness, family emergencies, or career changes can significantly alter financial plans, demanding empathy and understanding from both partners.

Long-Term Commitment vs. Profit Maximization

Businesses often focus on short-term profits, but marriage is a lifelong commitment. The focus shifts from maximizing returns to nurturing the relationship, even during periods of financial strain. Long-term stability and mutual support supersede short-term gains.

The Role of Love, Trust, and Empathy

Love, trust, and empathy are crucial in a successful marriage but are rarely factors in a business relationship. These elements foster understanding, forgiveness, and resilience during challenging times, making them essential for navigating financial difficulties.

Dissolution and its Emotional Consequences

While dissolving a business might be a relatively straightforward process, ending a marriage carries significant emotional consequences. The financial aspects of a divorce can become highly complex and emotionally draining, requiring careful legal and emotional navigation.

III. Balancing Pragmatism and Passion:

Open Communication about Finances

Regular and honest conversations about money are vital. Discuss income, expenses, debts, savings goals, and financial anxieties openly. Transparency fosters trust and prevents resentment from building up.

Collaborative Financial Planning and Budgeting

Create a shared budget, setting financial goals together and allocating funds collaboratively. This ensures that both partners are invested in the financial health of the relationship and avoids conflict arising from individual spending habits.

Seeking Professional Financial Advice

Consulting a financial advisor can provide valuable insights and guidance on managing finances, planning for the future, and navigating complex financial decisions together. This is especially important when dealing with significant assets or debts.

Addressing Financial Disparities and Expectations

Financial inequalities between partners require careful discussion and compromise. Openly addressing these disparities and reaching agreements on how to manage resources fairly prevents resentment and conflict.

Regularly Reviewing and Adapting Financial Strategies

Life circumstances change, and so should financial strategies. Regularly reviewing and adjusting the budget and financial plans to reflect changing needs, income levels, and life events ensures continued financial stability and reduces future stress.

Conclusion:

While marriage shares some superficial similarities with a business – such as the need for shared resources, goal setting, and communication – its essence lies fundamentally in love, commitment, and emotional connection. While a pragmatic approach to finances is essential for a secure future, it should never overshadow the core values that define a successful marriage. Balancing financial pragmatism with emotional intimacy is key to building a lasting and fulfilling relationship.

Frequently Asked Questions (FAQs):

Q: Should couples have a prenuptial agreement? A: Whether or not to have a prenup is a personal decision, often dependent on pre-existing assets, financial disparities, or family concerns. It's recommended to seek legal advice to understand the implications.

Q: How can we avoid financial arguments in marriage? A: Open communication, shared budgeting, transparency about finances, and regular discussions about financial goals are crucial in preventing conflicts.

Q: What if one spouse is significantly less financially successful? A: This requires open communication and understanding. Focusing on shared goals and contributing equally in other ways (domestic responsibilities, child-rearing) can help balance the equation.

Q: Can marriage counseling help with financial issues? A: Yes, marriage counseling can provide valuable tools for communicating effectively about finances, resolving conflicts, and developing strategies for managing financial challenges together.

is marriage a business: Marriage Is a Business Jenny Secrest, 2013-03 'Marriage is a Business' was written to help couples design their marriage relationship such that it will enhance their life together. With 50% of marriages currently ending in divorce, this book offers a fresh look at how to successfully build a shared life. Dr. Secrest draws on years of therapeutic experience in applying a basic business model that gives couples the information and skills they need to stop arguing and start taking responsibility for their marriage, their emotions, and their life together.

is marriage a business: Treat Your Marriage Like a Business Mike Danchak, 2012-10 Danchak presents an interactive coaching toolbox of relationship information, personal assessments, checklists, questions and coachable moments based on the Married Love Plan. The tools are designed to help identify behaviors in order to create and maintain a robust, intimate, and emotionally connected lifelong trusting relationship.

is marriage a business: The Business of Marriage Joshua Steinberger, Megan Steinberger, 2021-03-12 While there is no such thing as a perfect business or a fairytale marriage, there are ways to design the life you desire with your spouse. After Josh created multiple start-up businesses and Megan spending her time as a stay-at-home mom, they decided to be life-partners and business partners. The Business of Marriage is not the traditional marriage book! It is Joshua and Megan's story. Together, they give accounts of their marriage, the good and the bad. They share their pain and hard truths of moments when divorce seemed like the only option. You will get both perspectives of what it's like to work alongside your spouse while navigating hardships and pressing forward when life seems hopeless. Marriage comes with challenges and entrepreneurship only adds to it. With being together for over a decade, Joshua and Megan shed light on difficult topics, living check-to-check, blended families, relocating multiple times and how they are learning to become a husband and wife. Throughout each chapter, the transparency and authenticity will give anyone in marriage and business -- or both -- hope for second chances. Marriage is not easily broken during its darkest and most painful times when built on a cord of three strands.

is marriage a business: Is Marriage for White People? Ralph Richard Banks, 2012-09-25 A distinguished Stanford law professor examines the steep decline in marriage rates among the African American middle class, and offers a paradoxical-nearly incendiary-solution. Black women are three times as likely as white women to never marry. That sobering statistic reflects a broader reality: African Americans are the most unmarried people in our nation, and contrary to public perception the racial gap in marriage is not confined to women or the poor. Black men, particularly the most successful and affluent, are less likely to marry than their white counterparts. College educated black women are twice as likely as their white peers never to marry. Is Marriage for White People? is the first book to illuminate the many facets of the African American marriage decline and its implications for American society. The book explains the social and economic forces that have undermined marriage for African Americans and that shape everyone's lives. It distills the best available research to trace the black marriage decline's far reaching consequences, including the

disproportionate likelihood of abortion, sexually transmitted diseases, single parenthood, same sex relationships, polygamous relationships, and celibacy among black women. This book centers on the experiences not of men or of the poor but of those black women who have surged ahead, even as black men have fallen behind. Theirs is a story that has not been told. Empirical evidence documents its social significance, but its meaning emerges through stories drawn from the lives of women across the nation. *Is Marriage for White People?* frames the stark predicament that millions of black women now face: marry down or marry out. At the core of the inquiry is a paradox substantiated by evidence and experience alike: If more black women married white men, then more black men and women would marry each other. This book not only sits at the intersection of two large and well-established markets—race and marriage—it responds to yearnings that are widespread and deep in American society. The African American marriage decline is a secret in plain view about which people want to know more, intertwining as it does two of the most vexing issues in contemporary society. The fact that the most prominent family in our nation is now an African American couple only intensifies the interest, and the market. A book that entertains as it informs, *Is Marriage for White People?* will be the definitive guide to one of the most monumental social developments of the past half century.

is marriage a business: When Your Business Partner is Your Spouse Kristen Deese, Justin Deese, 2020-04-28 Owning a business is tough; so is being married. If you're one of the millions people who happen to be married to your business partner then you likely know the extra challenges that come along with mixing business with marriage. Finally, a book that will help you navigate through many of the main problems married couples face when they become business partners. Things like lack of direction, mixing roles, ineffective communication and poor money management are a tried and true formula for disaster. Stop fighting over the business and putting that added stress to your marriage! The training, exercises and experiences in this book are designed to open the door of communication, understanding, empathy and trust between you and your spouse like never before. Business owners who implement these strategies are able to grow their business AND strengthen their marriage, simultaneously.

She'll counsel you through any rough patches to strengthen the union and assist you in preparing a pre-nup to protect your original enterprise. And if the honeymoon ends, her invaluable expertise will make the divorce as painless as possible. You're about to promise to share your work life with another. Make sure you're ready with *Marriage Without the Sex*.

is marriage a business: *Wife, Inc.* Suzanne Leonard, 2020-05-01 A fascinating look at the changing role of wives in modern America After a half century of battling for gender equality, women have been freed from the necessity of securing a husband for economic stability, sexual fulfillment, or procreation. Marriage is a choice, and increasingly women (and men) are opting out. Yet despite these changes, the cultural power of marriage has burgeoned. What was once an obligation has become an exclusive club into which heterosexual women with the right amount of self-discipline may win entry. The newly exalted professionalized wife is no longer reliant on her husband's status or money; instead she can wield her own power provided she can successfully manage the business of being a wife. *Wife, Inc.* tells a fiercely contemporary story revealing that

today's wives do not labor in kitchens or even homes. Instead, the work of wifedom occurs in online dating sites, on reality television, in social media, and on the campaign trail. Dating, marital commitment, and married life have been reconfigured. No longer the stuff of marriage vows, these realms are now controlled by brand management and marketability. To prosper, women must appear confident, empowered, and sexually savvy. Guiding readers through the stages of the "wife-cycle," Suzanne Leonard follows women as they date, prepare to wed, and toil as wives, using examples from popular television, film, and literature, as well as mass market news, women's magazines, new media, and advice culture. The first major study to focus on this new definition of "working wives," *Wife, Inc.* reveals how marriage occupies a newly professionalized role in the lives of American women. Being a wife is a business that takes a lot more than a vow to maintain—this book tells that story.

is marriage a business: *Why You Will Marry the Wrong Person* The School of Life, 2017-04-27
A collection of essays extended from The New York Times' most-read article of 2016. Anyone we might marry could, of course, be a little bit wrong for us. We don't expect bliss every day. The fault isn't entirely our own; it has to do with the devilish truth that anyone we're liable to meet is going to be rather wrong, in some fascinating way or another, because this is simply what all humans happen to be - including, sadly, ourselves. This collection of essays proposes that we don't need perfection to be happy. So long as we enter our relationships in the right spirit, we have every chance of coping well enough with, and even delighting in, the inevitable and distinctive wrongness that lies in ourselves and our beloveds.

is marriage a business: *Why Men Marry Some Women and Not Others* John T. Molloy, 2008-12-14
A groundbreaking book--based on years of the same thorough research that made the *Dress For Success* books national bestsellers--about how women can statistically improve their chances of getting married.

is marriage a business: *What Is Marriage?* Sherif Girgis, Ryan T. Anderson, Robert George, 2020-07-21
Until very recently, no society had seen marriage as anything other than a conjugal partnership: a male-female union. *What Is Marriage?* identifies and defends the reasons for this historic consensus and shows why redefining civil marriage as something other than the conjugal union of husband and wife is a mistake. Originally published in the *Harvard Journal of Law and Public Policy*, this book's core argument quickly became the year's most widely read essay on the most prominent scholarly network in the social sciences. Since then, it has been cited and debated by scholars and activists throughout the world as the most formidable defense of the tradition ever written. Now revamped, expanded, and vastly enhanced, *What Is Marriage?* stands poised to meet its moment as few books of this generation have. Sherif Girgis, Ryan T. Anderson, and Robert P. George offer a devastating critique of the idea that equality requires redefining marriage. They show why both sides must first answer the question of what marriage really is. They defend the principle that marriage, as a comprehensive union of mind and body ordered to family life, unites a man and a woman as husband and wife, and they document the social value of applying this principle in law. Most compellingly, they show that those who embrace same-sex civil marriage leave no firm ground—none—for not recognizing every relationship describable in polite English, including polyamorous sexual unions, and that enshrining their view would further erode the norms of marriage, and hence the common good. Finally, *What Is Marriage?* decisively answers common objections: that the historic view is rooted in bigotry, like laws forbidding interracial marriage; that it is callous to people's needs; that it can't show the harm of recognizing same-sex couplings or the point of recognizing infertile ones; and that it treats a mere "social construct" as if it were natural or an unreasoned religious view as if it were rational.

is marriage a business: *The Better Business Book* Authors Unite, Tyler Wagner, 2018-09-14
If you're like me, you probably have 100+ business books on your shelf collecting dust. Some of them you've read, some of them you had hopes of reading, but life just got in the way. Each of those books probably followed a theme and had one important underlying message to share with you. Hundreds of pages, thousands of words, but only one golden nugget of underlying wisdom. All that

reading for just one golden nugget. Imagine if you could have one book that gave you 100 golden nuggets. Less dust. Less clutter. Just one book to always have by your side and reference whenever you need to. Well, that's *The Better Business Book*. It's your one-stop shop for crystal-clear business advice that you can use to grow your business and live the life you've always wanted. *The Better Business Book* is better than your average business book. That's how we came up with the title. It consists of 100 people each sharing their most valuable business lesson. A real story from their business experience and the lesson they learned from it. Each time you read it, you will learn something new. Guaranteed. We hope you enjoy reading this book half as much as we enjoyed creating it for you.

is marriage a business: *The Generous Prenup* Laurie Israel, 2018-04-02

is marriage a business: *Marriage for One* Ella Maise, 2022-10-27 The only way to secure her dream is to marry a handsome stranger . . . When Rose and Jack meet, she has just lost her uncle, and with him her dream of owning a coffee shop. Rose wanted nothing more than to open a café in her uncle's building. But her uncle's will is clear – the building goes to Rose's husband. Not to her. Then, his lawyer, Jack, offers an unusual solution... she can marry him. She'll get the café and he'll get the building. For some reason, Rose agrees. It might be a marriage of convenience but it's anything but simple. Despite it being his idea, Jack is unbearably surly... But then he does something that shows Rose he might just have a softer side. Maybe love can start with a contract... but will Rose still feel that way when she learns the full terms of their deal?

is marriage a business: *For Better* Tara Parker-Pope, 2010-05-06 "The most credible and interesting marital self-help book of all time."—Newsweek Editor of The Washington Post's Wellness Department and former New York Times columnist Tara Parker-Pope is one of the most popular and e-mailed journalists in the nation. In this eye-opening—and ultimately optimistic—look at marriage today, Parker-Pope reveals the heart behind the statistics to bust the myths and share the true secrets to marital happiness. Among her surprising findings: • most marriages today are succeeding • newlywed couples who don't fight are at a higher risk for divorce than those who do • how couples divide household chores influences how often they have sex Whatever their stage of life or marital status, readers will be fascinated and buoyed by this classic in the making.

is marriage a business: *Faith Driven Entrepreneur* Henry Kaestner, J. D. Greear, Chip Ingram, 2021-08 I'm excited about *Faith Driven Entrepreneur*. Anyone who is following the example of their creator God can find echoes of their work in this book. --Lecrae Entrepreneurship can be a lonely journey. But it doesn't need to be. God has a purpose and a plan for all those entrepreneurial dreams and creative gifts he gave you. The work you do today--the company you've built, the employees you work with, the customers you serve, the shareholders you report to, all of it--serves as an active part of what God wants to accomplish on earth. You are not alone in this journey. Join other faith-driven entrepreneurs as, together, we identify the values, habits, and traits that empower us to successfully build businesses, serve our communities, and faithfully pursue a loving relationship with God; read stories that exemplify how those values, habits, and traits unfold in everyday life; and discover the potential God wants to unleash through our work. Each book purchase includes access to the eight-session *Faith Driven Entrepreneur* video series, a discussion guide to encourage conversation among peers, and an invitation to join a *Faith Driven Entrepreneur* Group to meet other like-minded entrepreneurs.

is marriage a business: *The Best Year of Your Marriage* Jim Daly, Jean Daly, 2014 This beautiful 52-week devotional provides Christian couples with an easy way to read Scripture, pray, and engage in spiritual discussions and activities to strengthen their relationship and marriage. Perfect for younger couples in building a strong spiritual foundation early on, it's a great resource for couples of any age or stage who want to grow closer as they follow God together. Presented in a relaxed and easy-to-use way and edited by Focus on the Family president Jim Daly and his wife, Jean, each devotional offers foundational, practical, and wise material from members of the Focus counselling staff. The content is divided into 13 sections, with topics including getting to know each other better, listening, mastering money, building a Christ-centered home, going the distance, and

more. Each section is introduced by the Dalys, and each of the 52 devotions is followed with discussion questions and activities.

is marriage a business: *The Future of Christian Marriage* Mark Regnerus, 2020-08-01 Marriage has come a long way since biblical times. Women are no longer property, and practices like polygamy have long been rejected. The world is wealthier, healthier, and more able to find and form relationships than ever. So why are Christian congregations doing more burying than marrying today? Explanations for the recession in marriage range from the mathematical--more women in church than men--to the economic, and from the availability of sex to progressive politics. But perhaps marriage hasn't really changed at all. Instead, there is simply less interest in marriage in an era marked by technology, gender equality, and secularization. Mark Regnerus explores how today's Christians find a mate within a faith that esteems marriage but in a world that increasingly yawns at it. This book draws on in-depth interviews with nearly two hundred young-adult Christians from the United States, Mexico, Spain, Poland, Russia, Lebanon, and Nigeria, in order to understand the state of matrimony in global Christian circles today. Regnerus finds that marriage has become less of a foundation for a couple to build upon and more of a capstone. Meeting increasingly high expectations of marriage is difficult, though, in a free market whose logic reaches deep into the home today. The result is endemic uncertainty, slowing relationship maturation, and stalling marriage. But plenty of Christians innovate, resist, and wed, and this book argues that the future of marriage will be a religious one.

is marriage a business: *Marry Him* Lori Gottlieb, 2010-02-04 An eye-opening, funny, painful, and always truthful in-depth examination of modern relationships, and a wake-up call for single women about getting real about Mr. Right, from the New York Times bestselling author of *Maybe You Should Talk to Someone*. You have a fulfilling job, great friends, and the perfect apartment. So what if you haven't found "The One" just yet. He'll come along someday, right? But what if he doesn't? Or what if Mr. Right had been, well, Mr. Right in Front of You—but you passed him by? Nearing forty and still single, journalist Lori Gottlieb started to wonder: What makes for lasting romantic fulfillment, and are we looking for those qualities when we're dating? Are we too picky about trivial things that don't matter, and not picky enough about the often overlooked things that do? In *Marry Him*, Gottlieb explores an all-too-common dilemma—how to reconcile the desire for a happy marriage with a list of must-haves and deal-breakers so long and complicated that many great guys get misguidedly eliminated. On a quest to find the answer, Gottlieb sets out on her own journey in search of love, discovering wisdom and surprising insights from sociologists and neurobiologists, marital researchers and behavioral economists—as well as single and married men and women of all generations.

is marriage a business: *Smart Marriage* Allen M. Parkman, 2007 An economist specializing in marriage and family issues shows how choosing a spouse by emotion alone has fueled the now 50 percent divorce rate, and why adding a business-oriented approach to finding a mate and marriage is a realistic foundation for relationship success.

is marriage a business: *The All-or-Nothing Marriage* Eli J. Finkel, 2019-01-08 "After years of debate and inquiry, the key to a great marriage remained shrouded in mystery. Until now..."—Carol Dweck, author of *Mindset: The New Psychology of Success* Eli J. Finkel's insightful and ground-breaking investigation of marriage clearly shows that the best marriages today are better than the best marriages of earlier eras. Indeed, they are the best marriages the world has ever known. He presents his findings here for the first time in this lucid, inspiring guide to modern marital bliss. *The All-or-Nothing Marriage* reverse engineers fulfilling marriages—from the "traditional" to the utterly nontraditional—and shows how any marriage can be better. The primary function of marriage from 1620 to 1850 was food, shelter, and protection from violence; from 1850 to 1965, the purpose revolved around love and companionship. But today, a new kind of marriage has emerged, one oriented toward self-discover, self-esteem, and personal growth. Finkel combines cutting-edge scientific research with practical advice; he considers paths to better communication and responsiveness; he offers guidance on when to recalibrate our expectations; and he even

introduces a set of must-try “lovehacks.” This is a book for the newlywed to the empty nester, for those thinking about getting married or remarried, and for anyone looking for illuminating advice that will make a real difference to getting the most out of marriage today.

is marriage a business: Marriage Markets June Carbone, Naomi Cahn, 2014-04-01 There was a time when the phrase American family conjured up a single, specific image: a breadwinner dad, a homemaker mom, and their 2.5 kids living comfortable lives in a middle-class suburb. Today, that image has been shattered, due in part to skyrocketing divorce rates, single parenthood, and increased out-of-wedlock births. But whether it is conservatives bemoaning the wages of moral decline and women's liberation, or progressives celebrating the result of women's greater freedom and changing sexual mores, most Americans fail to identify the root factor driving the changes: economic inequality that is remaking the American family along class lines. In *Marriage Markets*, June Carbone and Naomi Cahn examine how macroeconomic forces are transforming our most intimate and important spheres, and how working class and lower income families have paid the highest price. Just like health, education, and seemingly every other advantage in life, a stable two-parent home has become a luxury that only the well-off can afford. The best educated and most prosperous have the most stable families, while working class families have seen the greatest increase in relationship instability. Why is this so? The book provides the answer: greater economic inequality has profoundly changed marriage markets, the way men and women match up when they search for a life partner. It has produced a larger group of high-income men than women; written off the men at the bottom because of chronic unemployment, incarceration, and substance abuse; and left a larger group of women with a smaller group of comparable men in the middle. The failure to see marriage as a market affected by supply and demand has obscured any meaningful analysis of the way that societal changes influence culture. Only policies that redress the balance between men and women through greater access to education, stable employment, and opportunities for social mobility can produce a culture that encourages commitment and investment in family life. A rigorous and enlightening account of why American families have changed so much in recent decades, *Marriage Markets* cuts through the ideological and moralistic rhetoric that drives our current debate. It offers critically needed solutions for a problem that will haunt America for generations to come.

is marriage a business: Minimizing Marriage Elizabeth Brake, 2012-03-15 This book addresses fundamental questions about marriage in moral and political philosophy. It examines promise, commitment, care, and contract to argue that marriage is not morally transformative. It argues that marriage discriminates against other forms of caring relationships and that, legally, restrictions on entry should be minimized.

is marriage a business: FOR BUSINESS...OR MARRIAGE? Jules Bennett, Motoko Mori, 2019-02-22 Abby's been in love with her boss, Cade, ever since she became his assistant. Unfortunately, Cade has decided to marry a woman he doesn't love in order to strengthen a merger between their companies. Worst of all, Cade has left it to Abby to plan their entire wedding. Heartbroken and lost, Abby decides to drink her problems away at a bar...until Cade comes to get her. Now, with her whole world coming down around her, Abby doesn't know what else to do but try to show Cade what true love is.

is marriage a business: Marriage and Cohabitation Arland Thornton, William G. Axinn, Yu Xie, 2008-09-15 In an era when half of marriages end in divorce, cohabitation has become more commonplace and those who do get married are doing so at an older age. So why do people marry when they do? And why do some couples choose to cohabit? A team of expert family sociologists examines these timely questions in *Marriage and Cohabitation*, the result of their research over the last decade on the issue of union formation. Situating their argument in the context of the Western world's 500-year history of marriage, the authors reveal what factors encourage marriage and cohabitation in a contemporary society where the end of adolescence is no longer signaled by entry into the marital home. While some people still choose to marry young, others elect to cohabit with varying degrees of commitment or intentions of eventual marriage. The authors' controversial

findings suggest that family history, religious affiliation, values, projected education, lifetime earnings, and career aspirations all tip the scales in favor of either cohabitation or marriage. This book lends new insight into young adult relationship patterns and will be of interest to sociologists, historians, and demographers alike.

is marriage a business: For Better Or for Work Meg Hirshberg, 2012-03 Insight, hope, and strategies for building a business and a family at the same time--Jacket.

is marriage a business: The Billionaire's Fake Marriage MacKenzie Stowe, 2021-01-13 I asked her to marry me to save my company, I never thought I would fall in love with her. Ryan: My company, my life's work, everything I've accomplished is on the line. I need to get married and fast. It will be easy to consider it a business arrangement. One that will be lucrative for both my assistant, Mika, and myself. I won't think about how this takes away the whole problem of dating an employee. But it doesn't take away my desire to make her mine. Mika: My career was all that mattered to me and getting ahead. When Ryan gives me an opportunity of a lifetime, I can't say no. But that was before I became his wife. That was before I moved in with him. That was before I started to fall in love with him. Now I want to find a way to stay with him forever. The Billionaire's Fake Marriage is a stand-alone billionaire office fake romance set in New York City with plenty of heat with a guaranteed HEA and no cliffhangers!

is marriage a business: Marriage & Divorce Spencer W. Kimball, 1976-01-01 President Spencer W. Kimball speaks to the BYU studentbody in the Marriott Center, discussing marriage (and divorce) from the eternal viewpoint.

The Partnership Marriage provides you with practical tools to create the life you love...in partnership. These tools will help you to design your roles and responsibilities, foster teamwork, solve problems, heal past hurts, create a vision for your future and develop partnership projects that support you and your spouse in fulfilling your shared vision. The Partnership Marriage will help you each realize your individual dreams, as well as create a mutually satisfying life together.

is marriage a business: Marriage ROCKS for Christian Couples Harold L. Arnold, 2009 Evidence suggests that marriage may be losing to more secular values. African Americans, in particular, have one of the lowest marriage rates in the country, and their divorce rate is among the highest. In response to the critical condition of black marriages, Dr. Harold Arnold offers a model in Marriage ROCKS for Christian Couples. With the Marriage ROCKS method, Arnold challenges couples to establish and strengthen their relationship on a rock-solid foundation of: *Redemption -- the rock of grace *Offering -- the rock of sacrifice *Covenant -- the rock of boundaries *Knowledge -- the rock of power *Sacred space -- the rock of worship Dr. Arnold intricately weaves practical stories of married African-American couples with vignettes of well-known biblical heroes to present a five-part blueprint for guiding your marriage to fulfill God's purposes for it. A separate Leader's Guide is also available.

is marriage a business: MarriageFamilyBusiness Keri Herndon-Brown, Shereem Herndon-Brown, 2018-11-15 I've always been a planner. is marriage a business: **Marriage Without the Sex** Rachel Schaffer Lawson, 2017-11-13

Forming a business partnership is a lot like getting married-so you better be sure it's a good match before saying, I do. Marriage Without the Sex prepares you to tie the knot confidently or to end the engagement before making a terrible mistake. As a lawyer specializing in small business, Rachel Schaffer Lawson has been involved in countless professional couplings. With insight and quirky humor, she helps you identify the good omens and red flags at every stage of your blossoming business relationship, from first date to wedding day, and beyond, . She'll counsel you through any rough patches to strengthen the union and assist you in preparing a pre-nup to protect your original enterprise. And if the honeymoon ends, her invaluable expertise will make the divorce as painless as possible. You're about to promise to share your work life with another. Make sure you're ready with Marriage Without the Sex.

is marriage a business: What Is Marriage For? E.J. Graff, 2016-05-31 In the wake of the Massachusetts Supreme Judicial Court's historic Goodridge decision, a reissue of the bible of the same-sex marriage movement Will same-sex couples destroy traditional marriage, soon to be followed by the collapse of all civilization? That charge has been leveled throughout history whenever the marriage rules change. But marriage, as E. J. Graff shows in this lively, fascinating tour through the history of marriage in the West, has always been a social battleground, its rules constantly shifting to fit each era and economy. The marriage debates have been especially tumultuous for the past hundred and fifty years-in ways that lead directly to today's debate over whether marriage could mean not just Boy + Girl = Babies, but also Girl + Girl = Love.

is marriage a business: *The Family Business Map* M. Bennedsen, J. Fan, 2014-09-29
