

is mct wellness a scam

Is MCT Wellness a Scam? Unpacking the Hype and the Reality

Are you intrigued by the promises of MCT Wellness products, but also a little skeptical? You're not alone. The internet is buzzing with conflicting information about this brand, leaving many wondering: is MCT Wellness a scam? This comprehensive guide will delve deep into MCT Wellness, examining its products, claims, customer reviews, and overall legitimacy to help you decide for yourself. We'll cut through the marketing fluff and provide you with the unbiased facts you need to make an informed decision.

Understanding MCT Oil and its Potential Benefits

Before we dive into the specifics of MCT Wellness, let's understand the core ingredient: Medium-Chain Triglycerides (MCTs). MCTs are a type of saturated fat found in coconut oil and palm kernel oil. They're unique because they're metabolized differently than long-chain triglycerides (LCTs), the more common type of fat found in most foods. This difference means MCTs are more easily digested and absorbed, potentially leading to several benefits:

Increased Energy: MCTs are quickly converted into ketones, which can provide a sustained energy boost, especially beneficial for those following ketogenic diets.

Weight Management: Some studies suggest MCTs may aid in weight loss by increasing satiety and boosting metabolism. However, it's crucial to remember that MCTs are still calories and should be part of a balanced diet and exercise plan.

Cognitive Function: Some research indicates that MCTs might improve cognitive function in certain individuals, particularly those with neurological conditions. More research is needed to confirm these findings conclusively.

Gut Health: MCTs can have a positive impact on gut bacteria, although more research is needed to fully understand this relationship.

It's vital to remember that these benefits are associated with MCT oil in general, not specifically with MCT Wellness products. The efficacy and extent of these benefits depend on various factors, including individual metabolism and overall health.

Examining MCT Wellness Products and Claims

MCT Wellness offers a range of products, primarily focused on MCT oil in various forms. They often market their products with claims of enhanced weight loss, improved energy levels, and better cognitive function. While MCT oil itself possesses the potential for these benefits as discussed above, it's crucial to examine the specific claims made by MCT Wellness critically.

Many of their marketing materials emphasize rapid results and almost miraculous transformations. Such exaggerated claims should always raise a red flag. While MCT oil can be a beneficial supplement for some, it's not a magic bullet, and no product can guarantee these drastic

improvements.

Important Note: Always check the product labels carefully to understand the exact ingredients and serving sizes. Some MCT Wellness products might contain additives or fillers that could affect their overall quality and health benefits.

Analyzing Customer Reviews and Feedback

A crucial aspect of determining if MCT Wellness is a scam involves analyzing customer reviews. While many positive reviews exist, it's essential to approach them with a critical eye. Fake reviews are unfortunately common, and some reviews may be biased or not representative of the average user experience.

Look for patterns and common themes in both positive and negative reviews. Pay attention to the specific details provided, rather than just the overall star rating. If you find a large number of negative reviews citing similar issues (e.g., inconsistent quality, misleading marketing, poor customer service), it warrants further investigation. Independent review sites and forums can provide a broader perspective compared to reviews solely on the company's website.

Comparing MCT Wellness to Competitors

A valuable exercise in assessing MCT Wellness is comparing it to its competitors. Many other brands offer MCT oil products, some at significantly lower prices. Comparing ingredients, quality certifications (such as third-party testing), and customer feedback can help you understand if MCT Wellness offers superior value or if similar products are available at a better price. Consider factors like sourcing, purity, and processing methods when making comparisons.

The Verdict: Is MCT Wellness a Scam?

Based on the available information, MCT Wellness is not definitively a scam in the sense of being a completely fraudulent operation. However, they engage in marketing practices that often overpromise and underdeliver. Their claims of rapid weight loss and miraculous health improvements are not supported by robust scientific evidence. While MCT oil itself can be beneficial, the premium price charged by MCT Wellness doesn't always equate to superior quality or effectiveness when compared to alternative brands.

The potential benefits of MCT oil remain, but consumers should manage their expectations realistically and avoid believing exaggerated marketing claims. Choose a reputable brand that offers transparent information about its ingredients, sourcing, and manufacturing processes.

Conclusion

Whether MCT Wellness is "a scam" depends on your interpretation of marketing practices. While the products aren't necessarily fake, the marketing surrounding them often borders on misleading. It's crucial to be a discerning consumer, carefully evaluating all information before purchasing any MCT oil supplement, including products from MCT Wellness. Focus on the potential benefits of MCT oil itself, but temper expectations and always prioritize reliable brands with transparent practices.

FAQs

1. Are MCT Wellness products safe? The safety of MCT Wellness products depends on individual tolerance and potential interactions with existing medications. Always consult with a healthcare professional before starting any new supplement regimen.
1. How much does MCT Wellness cost compared to competitors? MCT Wellness products tend to be priced at the higher end of the market compared to many other brands offering similar MCT oil products.
1. Where can I find unbiased reviews of MCT Wellness? Look beyond the brand's website. Check independent review platforms, health forums, and consumer watchdog websites.
1. Is MCT oil suitable for everyone? While generally safe for most people, MCT oil may cause digestive discomfort in some individuals. Those with liver conditions should exercise caution and consult their doctor.
1. What are the best alternatives to MCT Wellness? Many reputable brands offer high-quality MCT oil at competitive prices. Research brands that emphasize transparency and third-party testing of their products.

is mct wellness a scam: Gut and Psychology Syndrome Dr. Natasha Campbell-McBride, M.D., 2018-11-29 Dr. Natasha Campbell-McBride set up The Cambridge Nutrition Clinic in 1998. As a parent of a child diagnosed with learning disabilities, she is acutely aware of the difficulties facing other parents like her, and she has devoted much of her time to helping these families. She realized that nutrition played a critical role in helping children and adults to overcome their disabilities, and has pioneered the use of probiotics in this field. Her willingness to share her knowledge has resulted in her contributing to many publications, as well as presenting at numerous seminars and conferences on the subjects of learning disabilities and digestive disorders. Her book Gut and Psychology Syndrome captures her experience and knowledge, incorporating her most recent work. She believes that the link between learning disabilities, the food and drink that we take, and the condition of our digestive system is absolute, and the results of her work have supported her position on this subject. In her clinic, parents discuss all aspects of their child's condition, confident in the knowledge that they are not only talking to a professional but to a parent who has lived their experience. Her deep understanding of the challenges they face puts her advice in a class of its own.

is mct wellness a scam: The Obesity Code Jason Fung, 2016-03-03 FROM NEW YORK TIMES BESTSELLING AUTHOR DR. JASON FUNG: The landmark book that is helping thousands of people lose weight for good. Harness the power of intermittent fasting for lasting weight loss Understand the science of weight gain, obesity, and insulin resistance Enjoy an easy and delicious low carb, high fat diet Ditch calorie counting, yoyo diets, and excessive exercise for good Everything you believe about how to lose weight is wrong. Weight gain and obesity are driven by hormones—in everyone—and only by understanding the effects of the hormones insulin and insulin resistance can we achieve lasting weight loss. In this highly readable and provocative book, Dr. Jason Fung, long considered the founder of intermittent fasting, sets out an original theory of obesity and weight gain. He shares five basic steps to controlling your insulin for better health. And he explains how to use intermittent fasting to break the cycle of insulin resistance and reach a healthy weight—for good.

is mct wellness a scam: The Plant Paradox Dr. Steven R. Gundry, MD, 2017-04-25 From renowned cardiac surgeon Steven R. Gundry, MD, the New York Times bestselling *The Plant Paradox* is a revolutionary look at the hidden compounds in healthy foods like fruit, vegetables, and whole grains that are causing us to gain weight and develop chronic disease. Most of us have heard of gluten—a protein found in wheat that causes widespread inflammation in the body. Americans spend billions of dollars on gluten-free diets in an effort to protect their health. But what if we've been missing the root of the problem? In *The Plant Paradox*, renowned cardiologist Dr. Steven Gundry reveals that gluten is just one variety of a common, and highly toxic, plant-based protein called lectin. Lectins are found not only in grains like wheat but also in the "gluten-free" foods most of us commonly regard as healthy, including many fruits, vegetables, nuts, beans, and conventional dairy products. These proteins, which are found in the seeds, grains, skins, rinds, and leaves of plants, are designed by nature to protect them from predators (including humans). Once ingested, they incite a kind of chemical warfare in our bodies, causing inflammatory reactions that can lead to weight gain and serious health conditions. At his waitlist-only clinics in California, Dr. Gundry has successfully treated tens of thousands of patients suffering from autoimmune disorders, diabetes, leaky gut syndrome, heart disease, and neurodegenerative diseases with a protocol that detoxes the cells, repairs the gut, and nourishes the body. Now, in *The Plant Paradox*, he shares this clinically proven program with readers around the world. The simple (and daunting) fact is, lectins are everywhere. Thankfully, Dr. Gundry offers simple hacks we easily can employ to avoid them, including: Peel your veggies. Most of the lectins are contained in the skin and seeds of plants; simply peeling and de-seeding vegetables (like tomatoes and peppers) reduces their lectin content. Shop for fruit in season. Fruit contain fewer lectins when ripe, so eating apples, berries, and other lectin-containing fruits at the peak of ripeness helps minimize your lectin consumption. Swap your brown rice for white. Whole grains and seeds with hard outer coatings are designed by nature to cause digestive distress—and are full of lectins. With a full list of lectin-containing foods and simple substitutes for each, a step-by-step detox and eating plan, and delicious lectin-free recipes, *The Plant Paradox* illuminates the hidden dangers lurking in your salad bowl—and shows you how to eat whole foods in a whole new way.

is mct wellness a scam: The Fast Metabolism Diet Haylie Pomroy, 2014 Beverly Hills nutritionist Haylie Pomroy has a long list of loyal celebrity clients - including Jennifer Lopez, Raquel Welch and Reese Witherspoon. With this book she makes her carpet-ready methods available to everybody - and promises you can lose up to 20 lbs in 28 days.

is mct wellness a scam: *The Great Cholesterol Myth, Revised and Expanded* Jonny Bowden, Stephen T. Sinatra, M.D., F.A.C.C, C.N.S., 2020-08-04 The best-selling book on heart disease, updated with the latest research and clinical findings on high-fat/ketogenic diets, sugar, genetics, and other factors. Heart disease is the #1 killer. However, traditional heart disease protocols—with their emphasis on lowering cholesterol—have it all wrong. Emerging science is showing that cholesterol levels are a poor predictor of heart disease and that standard prescriptions for lowering it, such as ineffective low-fat/high-carb diets and serious, side-effect-causing statin drugs, obscure the real causes of heart disease. Even doctors at leading institutions have been misled for years

based on creative reporting of research results from pharmaceutical companies intent on supporting the \$31-billion-a-year cholesterol-lowering drug industry. The Great Cholesterol Myth reveals the real culprits of heart disease, including: inflammation, fibrinogen, triglycerides, homocysteine, belly fat, triglyceride to HDL ratios, and high glycemic levels. Best-selling health authors Jonny Bowden, PhD, and Stephen Sinatra, MD, give readers a four-part strategy based on the latest studies and clinical findings for effectively preventing, managing, and reversing heart disease, focusing on diet, exercise, supplements, and stress and anger management. Myths vs. Facts Myth: High cholesterol is the cause of heart disease. Fact: Cholesterol is only a minor player in the cascade of inflammation which is a cause of heart disease. Myth: Saturated fat is dangerous. Fact: Saturated fats are not dangerous. The killer fats are the trans fats from partially hydrogenated oils. Myth: The higher the cholesterol, the shorter the lifespan. Fact: Higher cholesterol protects you from gastrointestinal disease, pulmonary disease, and hemorrhagic stroke. Myth: High cholesterol is a predictor of heart attack. Fact: There is no correlation between cholesterol and heart attacks. Myth: Lowering cholesterol with statin drugs will prolong your life. Fact: There is no data to show that statins have a significant impact on longevity. Myth: Statin drugs are safe. Fact: Statin drugs can be extremely toxic including causing death. Myth: Statin drugs are useful in men, women, and the elderly. Fact: Statin drugs do the best job in middle-aged men with coronary disease. Myth: Statin drugs are useful in middle-aged men with coronary artery disease because of its impact on cholesterol. Fact: Statin drugs reduce inflammation and improve blood viscosity (thinning blood). Statins are extremely helpful in men with low HDL and coronary artery disease.

is mct wellness a scam: The Longevity Paradox Dr. Steven R. Gundry, MD, 2019-03-19 From the author of the New York Times bestseller *The Plant Paradox* comes a groundbreaking plan for living a long, healthy, happy life. From the moment we are born, our cells begin to age. But aging does not have to mean decline. World-renowned surgeon Dr. Steven Gundry has been treating mature patients for most of his career. He knows that everyone thinks they want to live forever, until they hit middle age and witness the suffering of their parents and even their peers. So how do we solve the paradox of wanting to live to a ripe old age—but enjoy the benefits of youth? This groundbreaking book holds the answer. Working with thousands of patients, Dr. Gundry has discovered that the “diseases of aging” we most fear are not simply a function of age; rather, they are a byproduct of the way we have lived over the decades. In *The Longevity Paradox*, he maps out a new approach to aging well—one that is based on supporting the health of the “oldest” parts of us: the microorganisms that live within our bodies. Our gut bugs—the bacteria that make up the microbiome—largely determine our health over the years. From diseases like cancer and Alzheimer’s to common ailments like arthritis to our weight and the appearance of our skin, these bugs are in the driver’s seat, controlling our quality of life as we age. The good news is, it’s never too late to support these microbes and give them what they need to help them—and you—thrive. In *The Longevity Paradox*, Dr. Gundry outlines a nutrition and lifestyle plan to support gut health and live well for decades to come. A progressive take on the new science of aging, *The Longevity Paradox* offers an action plan to prevent and reverse disease as well as simple hacks to help anyone look and feel younger and more vital.

is mct wellness a scam: *Combating Romance Scams* Joyce Short, 2016-12-29 Have you or someone you care about been victimized by the cruelty of a romance scam? It can happen in person, and it can happen on the internet where total strangers reach out to you, right there through the privacy of your desktop! Anyone can hook you into romance and sex by treacherously lying to you! While you hope you can separate liars, cheaters, or worse, from people with a pure heart and honorable intentions, some emotional predators are so savvy, they slide right through the gates of the most sophisticated daters, undermining their sense of trust and playing havoc with their lives. *Combating Romance Scams, Why Lying to Get Laid Is a Crime!* will help keep you safe! It describes what to look for, explains how scammers do what they do, and most importantly..... it provides a specific law to make them stop! Once a victim of a romance scam, Ms. Short has studied this issue and carefully analyzed what the legal establishment is overlooking in penal code that makes lying to

get laid a crime. She wrote this book to enlighten society's views on sexual assault. She invites you to become an important part of the conversation that causes awareness and establishes change.

is mct wellness a scam: Dr. Gundry's Diet Evolution Dr. Steven R. Gundry, 2009-03-03 A renowned heart surgeon presents an accessible, research-based program to teach you how you can “reset” your genes to restore your health, lose weight, and extend your life. Does losing weight and staying healthy feel like a battle? Well, it's really a war. Your enemies are your own genes, backed by millions of years of evolution, and the only way to win is to outsmart them. Dr. Steven Gundry's revolutionary book shares the health secrets other doctors won't tell you: • Why plants are “good” for you because they're “bad” for you, and meat is “bad” because it's “good” for you • Why plateauing on this diet is actually a sign that you're on the right track • Why artificial sweeteners have the same effects as sugar on your health and your waistline • Why taking antacids, statins, and drugs for high blood pressure and arthritis masks health issues instead of addressing them Along with the meal planner, 70 delicious recipes, and inspirational stories, Dr. Gundry's easy-to-memorize tips will keep you healthy and on course.

is mct wellness a scam: Get Off Your Acid Daryl Gioffre, 2017-02-14 Easy, customizable plans (2-day, 7-day, and longer) to rid your diet of the acidic foods (sugar, dairy, gluten, excess animal proteins, processed foods) that cause inflammation and wreak havoc on your health. Let's talk about the four-letter word that's secretly destroying your health: ACID. An acidic lifestyle -- consuming foods such as sugar, grains, dairy, excess animal proteins, processed food, artificial sweeteners, along with lack of exercise and proper hydration, and stress -- causes inflammation. And inflammation is the culprit behind many of our current ailments, from weight gain to chronic disease. But there's good news: health visionary Dr. Daryl Gioffre shares his revolutionary plan to rid your diet of highly acidic foods, alkalize your body and balance your pH. With the Get Off Your Acid plan, you'll: Gain more energy Strengthen your immune system Diminish pain and reflux Improve digestion, focus, and sleep Lose excess weight and bloating, naturally With alkaline recipes for easy, delicious snacks and meals, Get Off Your Acid is a powerful guide to transform your health and energy -- in seven days.

is mct wellness a scam: Younger You Kara N. Fitzgerald, 2022-01-18 Based on the groundbreaking study that shaved three years off a subjects' age in just eight weeks, discover a proven, accessible plan to prevent diseases and reduce your biological age. It's true: getting older is inevitable and your chronological age can only move in one direction. But you also have a biological age, which scientists can measure by assessing how your genes are expressed through epigenetics. Exciting new research shows that your bio age can actually move in reverse—and Dr. Kara Fitzgerald's groundbreaking, rigorous clinical trial proved it's possible. By eating delicious foods and establishing common-sense lifestyle practices that positively influence genetic expression, study participants reduced their bio age by just over three years in only eight weeks! Now Dr. Fitzgerald shares the diet and lifestyle plan that shows you how to influence your epigenetics for a younger you. In Younger You you'll learn: It's not your genetics that determines your age and level of health, it's your epigenetics How DNA methylation powerfully influences your epigenetic expression The foods and lifestyle choices that most affect DNA methylation Simple swaps to your daily routines that will add years to your life The full eating and lifestyle program, with recipes and meal plans, to reduce your bio age and increase vitality How to take care of your epigenetic expression at every life stage, from infancy through midlife and your later decades We don't have to accept a descent into disease and unwellness as we age as inevitable: when you reduce bio age you reduce your odds of developing all the major diseases, including diabetes, cancer, and dementia. With assessment tools for determining your bio age, recipes, and plans for putting it all into practice, Younger You helps you repair years of damage, ward off chronic disease, and optimize your health—for years to come.

is mct wellness a scam: Fitness Confidential Vinnie Tortorich, Dean Lorey, 2013 For decades, Vinnie Tortorich has been Hollywood's go-to guy for celebrities and athletes looking to get fit fast. Now, in this hilarious, R-rated memoir, Hollywood's most outrageous personal trainer exposes the fitness world while getting you into shape. --P. [4] of cover.

is mct wellness a scam: The Bulletproof Diet Dave Asprey, 2014-12-02 In his midtwenties, Dave Asprey was a successful Silicon Valley multimillionaire. He also weighed 300 pounds, despite the fact that he was doing what doctors recommended: eating 1,800 calories a day and working out 90 minutes a day, six times a week. When his excess fat started causing brain fog and food cravings sapped his energy and willpower, Asprey turned to the same hacking techniques that made his fortune to hack his own biology, investing more than \$300,000 and 15 years to uncover what was hindering his energy, performance, appearance, and happiness. From private brain EEG facilities to remote monasteries in Tibet, through radioactive brain scans, blood chemistry work, nervous system testing, and more, he explored traditional and alternative technologies to reach his physical and mental prime. The result? The Bulletproof Diet, an anti-inflammatory program for hunger-free, rapid weight loss and peak performance. The Bulletproof Diet will challenge--and change--the way you think about weight loss and wellness. You will skip breakfast, stop counting calories, eat high levels of healthy saturated fat, work out and sleep less, and add smart supplements. In doing so, you'll gain energy, build lean muscle, and watch the pounds melt off. By ditching traditional diet thinking, Asprey went from being overweight and sick in his twenties to maintaining a 100-pound weight loss, increasing his IQ, and feeling better than ever in his forties. The Bulletproof Diet is your blueprint to a better life.

is mct wellness a scam: Intuitive Fasting Dr. Will Cole, 2021-02-23 NEW YORK TIMES BESTSELLER • “Dr. Will Cole clearly cares about his patients’ health, and he addresses the widespread misconceptions about intermittent fasting while giving readers a tailored week-by-week plan to get back in touch with what their body truly needs.”—Mark Hyman, MD, director, the Cleveland Clinic Center for Functional Medicine and author of Food “Intuitive Fasting makes both the science and user-friendly application of this exciting approach to human nutrition available for everyone.”—David Perlmutter, MD, FACN, author of Grain Brain and Brain Wash The most effective and achievable guide to intermittent fasting, outlining a unique plan that merges the science behind fasting with a holistic approach to eating, from the bestselling author of Ketotarian and The Inflammation Spectrum For some, the idea of fasting by eating only one or two meals a day sounds like an extreme and overly restrictive dieting tactic. But the truth is, our daily eating schedule—three meals a day, plus snacks—does not necessarily reflect our bodies’ natural cycles. In fact, eating three meals every day can cause metabolic inflexibility, which can lead to inflammation, fatigue, and chronic health problems. For millions of years, our bodies have actually functioned best with periodic times of fasting. With his fresh new approach to fasting, bestselling author and functional medicine expert Dr. Will Cole gives you the ability to take control of your hunger and make intermittent fasting intuitive. You’ll get in touch with your instinctive eating patterns and become healthier and more mindful about how and when you eat. Intuitive Fasting will show you how to find metabolic flexibility—and once you’ve reached it, you can trust your body to function at optimal capacity, whether you’ve eaten six minutes ago or six hours ago. During his 4-Week Flexible Fasting Plan, Dr. Cole will guide you through varying intermittent fasting windows, with each week of the plan tailored to focus on a different aspect of your health. He illustrates the most effective ways to fast and eat to amplify the health benefits of intermittent fasting, balancing rest and repair with clean, nutrient-dense, delicious foods. By the end of the four weeks, you will have all the tools necessary to: • Reset your body • Recharge your metabolism • Renew your cells • Rebalance your hormones Along with more than 65 recipes, you’ll also find a maintenance plan, so you can adapt fasting and feeding windows to work sustainably with your lifestyle.

is mct wellness a scam: Clinical Aromatherapy - E-Book Jane Buckle, 2014-11-14 Enhance patient care with the help of aromatherapy! Clinical Aromatherapy: Essential Oils in Healthcare is the first and only peer-reviewed clinical aromatherapy book in the world and features a foreword by Dr. Oz. Each chapter is written by a PhD nurse with post-doctoral training in research and then peer reviewed by named experts in their field. This clinical text is the must-have resource for learning how to effectively incorporate aromatherapy into clinical practice. This new third edition takes a holistic approach as it examines key facts and topical issues in aromatherapy practice and applies

them within a variety of contexts and conditions. This edition also features updated information on aromatherapy treatments, aromatherapy organizations, essential oil providers, and more to ensure you are fully equipped to provide patients with the best complementary therapy available. Expert peer-reviewed information spans the entire book. All chapters have been written by a PhD nurse with post-doctoral training in research and then peer reviewed by named experts in their field. Introduction to the principles and practice of aromatherapy covers contraindications, toxicity, safe applications, and more. Descriptions of real-world applications illustrate how aromatherapy works in various clinical specialties. Coverage of aromatherapy in psychiatric nursing provides important information on depression, psychosis, bipolar, compulsive addictive, addiction and withdrawal. In-depth clinical section deals with the management of common problems, such as infection and pain, that may frequently be encountered on the job. Examples of specific oils in specific treatments helps readers directly apply book content to everyday practice. Evidence-based content draws from thousands of references. NEW! First and only totally peer-reviewed, evidence-based, clinical aromatherapy book in the world. NEW Chapter on integrative Healthcare documenting how clinical aromatherapy has been integrated into hospitals and healthcare in USA, UK and elsewhere. NEW Chapter on the M Technique: the highly successful method of gentle structured touch pioneered by Jane Buckle that is used in hospitals worldwide. All chapters updated with substantial additional references and tables.

is mct wellness a scam: The Epstein-Barr Virus M. A. Epstein, B. G. Achong, 2012-12-06 The Epstein-Barr virus was discovered 15 years ago. Since that time an immense body of information has been accumulated on this agent which has come to assume great significance in many different fields of biological science. Thus, the virus has very special relevance in human medicine and oncology, in tumor virology, in immunology, and in molecular virology, since it is the cause of infectious mononucleosis and also the first human cancer virus, etiologically related to endemic Burkitt's lymphoma and probably to nasopharyngeal carcinoma. In addition, continuous human lymphoid cell lines initiated and maintained by the transforming function of the virus genome provide a laboratory tool with wide and ever-growing applications. Innumerable papers on the Epstein-Barr virus have appeared over recent years and reports of work with this agent now constitute a veritable flood. The present book provides the first and only comprehensive, authoritative over-view of all aspects of the virus by authors who have been the original and major contributors in their particular disciplines. A complete and up-to-date survey of this unique and important agent is thus provided which should be of great interest to experts, teachers, and students engaged in cancer research, virology, immunology, molecular biology, epidemiology, and cell culture. Where topics have been dealt with from more than one of these viewpoints, some inevitable overlap and duplication has resulted; although this has been kept to a minimum, it has been retained in some places because of positive usefulness.

is mct wellness a scam: Chris Beat Cancer Chris Wark, 2021-01-05 Now in paperback, the Wall Street Journal best-selling guide to charting a path from cancer to wellness through a toxin-free diet, lifestyle, and therapy--created by a colon cancer survivor. is mct wellness a scam: The Weight Loss Cure "they" Don't Want You to Know about Kevin Trudeau, 2007 This work by a #1 New York Times-bestselling author presents a revolutionary plan that helps readers to reshape their body, get rid of abnormal fat, increase their metabolism, eliminate hunger and food cravings, and reveals why the food industry wants to keep the population fat.

is mct wellness a scam: Seinfeld Paul Arras, 2020-06-15 Since coming to an end at the pinnacle of its popularity, Seinfeld's story continues. The show's enduring appeal has helped earn its creators billions of dollars and counting. Many of the most popular and acclaimed comedy series of the twenty-first century are direct descendants of Seinfeld's style, and the show's ideas are now woven into the ways people think and behave. The greatest sitcom of the final years of the broadcast era, Seinfeld broke the rules, changed both television and America forever, and remains a living part of American culture. Seinfeld: A Cultural History explores the show's history with an engaging look at the show's legendary co-creators, its supporters (and skeptics) at NBC, and its award-winning cast. By all the traditional rules of television, Seinfeld never should have made it to the air. Paul Arras pays close attention to the writers and writing of the show, offering a fresh look at the episodes themselves and assessing its broader cultural impact. Throughout he also dissects the show's main quartet and the other memorable characters that foursome interacted with over the show's eight seasons. With deep perception and good humor, this book considers what the adventures of Jerry, George, Kramer, and Elaine reveal about the nineties and what messages they pass along to twenty-first century viewers. Seinfeld: A Cultural History will lead any fan of the show back to the series to re-watch old episodes with new insights and observations. Readable and illuminating, the book's well-researched discussion of the show's background and legacy is an essential guide for Seinfeld viewers and scholars alike. Most of all, Seinfeld: A Cultural History is an enjoyable way to engage, or reengage, with one of the funniest shows of all time!

is mct wellness a scam: Cracking the Metabolic Code B. Lavalley R.Ph. C.C.N. N.D., James, James B. Lavalley, 2009-06-16 Crack Your Code and Reach a New Level of Healing and Health Doctors traditionally prescribe a pill for every ill. But for most people, these single solutions don't

work. The truth is, most chronic health problems, including stubborn weight gain, unbeatable fatigue, intestinal distress, high blood pressure, creeping cholesterol, and high blood sugar, are not found in simply one organ, but in several parts of the body (oftentimes in twos and threes). This is the result of years of slow, subtle challenges to your metabolism, which is as unique as you are. Your diet, lifestyle habits, stress level, prescription drug use, and relationships, as well as the genes you inherit and the environment in which you live—in effect, the sum total of your life experience up to this day—determine your personal metabolism and, in turn, your current state of health. Using a step-by-step, easy-to-implement system of diet, lifestyle strategies, and state-of-the-art nutrients and supplements, Dr. James LaValle will help you create an individualized program for reclaiming your metabolism and health.....At long last, this book provides readers with the information and tools that have been used successfully by thousands of Dr. LaValle's patients over the last twenty years to help them take charge of their diets, their health, and their lives.

is mct wellness a scam: Carnivore Diet Shawn Baker, 2019-11-19 Shawn Baker's Carnivore Diet is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions that are often thought to be lifelong and progressive are often reversed on this diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.

is mct wellness a scam: The Hormone Fix Anna Cabeca, DO, OBGYN, FACOG, 2023-08-29 NATIONAL BESTSELLER • For women approaching or in menopause, a revolutionary diet and holistic lifestyle program for easier weight loss, better sleep, diminished hot flashes, a clearer head, and a rejuvenated sex drive. "Hormone balance is within reach, and this is the definitive guide for reaching that goal."—David Perlmutter, MD, author of Grain Brain As women approach menopause, many start to experience the physical and emotional indignities of hormonal fluctuation: metabolic stall and weight gain, hot flashes and night sweats, insomnia, memory loss or brain fog, irritability, low libido, and painful sex. Too often, doctors tell us that these discomforts are to be expected and that we will have to wait them out during "the change"; some of us even agree to be unnecessarily medicated. But Dr. Anna Cabeca's research and experience with thousands of her patients show that there is a fast-acting and nonpharmaceutical way to dramatically and permanently alleviate these symptoms. The Hormone Fix introduces Dr. Cabeca's unique Keto-Green protocol, a plan that pairs the hallmarks of ketogenic (low-carb/high fat) eating with diet and lifestyle changes that bring the body's cellular pH to a healthy alkaline level. The proven result: balanced cortisol and reduced output of insulin, the hormones most responsible for belly fat and weight gain, plus an increase in oxytocin, the "love and happiness" hormone. Whether you are perimenopausal, menopausal, or postmenopausal, The Hormone Fix offers an easy-to-follow program, including • a 10-day quick-start detox diet to jump-start weight loss and reduce symptoms immediately • daily meal plans and weekly shopping lists to take the guesswork out of a month's worth of Keto-Green eating • 65 delicious and easy-to-make recipes for breakfast, lunch, dinner, smoothies, and soups • detailed information on vitamin and mineral supplementation that optimizes hormone balance • simple self-assessments and recommended optional lab testing for a better understanding of your hormonal status • tested and trusted stress-reduction and oxytocin-amplifying advice and techniques With The Hormone Fix you can expect to trim down, tap into new and unexpected energy levels, enhance intimacy, and completely revitalize your life! Ready for your fix? "The Hormone Fix is a treasure trove of accurate and user-friendly information that all women who are suffering during menopause

need to know and apply.”—Christiane Northrup, MD, author of *The Wisdom of Menopause*

is mct wellness a scam: 131 Method Chalene Johnson, 2019-04-16 Chalene Johnson, New York Times best-selling author and award-winning entrepreneur who's built and sold several multimillion-dollar lifestyle companies, offers a revolutionary fitness program with proven success based on her successful online program of the same name. Diets are dumb. You aren't. Your personalized plan for gut health, wellness, and weight loss You're smart. You're sick of gimmicks and trendy diets that leave you with frustration and a slower metabolism. The 131 Method gets to the root of the problem--gut health--and delivers a personalized solution to wellness, hormone balance, and permanent weight loss based on the Nobel Prize-winning science of autophagy and diet phasing. Finally, a science-based solution that's actually doable! Following her own health scare, health and wellness expert Chalene Johnson set out to understand the science and individuality of metabolism. Working with renowned researchers, doctors, and registered dietitians, she developed a simplified 3-phase plan for health promoting weight loss. This proven methodology was tested with more than 25,000 individuals. Now she distills the essentials of her hugely successful online program into the 131 Method book. 1 Objective (set by you!), 3 Weeks of Diet Phasing, and 1 Week to Fast and Refuel. 131 Method guides you through Chalene's three-phase, 12-week solution, helping you personalize every step of the way. You'll: • Lose weight without slowing your metabolism • Improve gut health and boost immunity • Fix cravings and reset hormones • Discover 100 delicious, easy recipes The 131 Method isn't a one size fits all diet, it's how to eat a diet that works! You'll get everything you need to change your thinking, transform your body, and improve your life . . . for good!

is mct wellness a scam: Muscle for Life Michael Matthews, 2022-01-11 Imagine watching pounds of fat melt away without ever feeling like you're on a diet. Imagine adding lean muscle to all the right places by doing just a few workouts per week that make you strong. And imagine realizing that your health and fitness goals—even the ones you've all but given up on—are finally within your reach. Muscle for Life will show you how. From the bestselling fitness author of *Bigger Leaner Stronger* and *The Shredded Chef*, Muscle for Life reveals a science-based blueprint for eating and exercising that anyone can follow at any age and fitness level. Based on time-proven principles produced by decades of hands-on experience and thousands of hours of scientific research, Muscle for Life will give you a plan for transforming your body faster than you ever thought possible, including: -Conquering the “mental game” of fitness. Learn to hack your habits, willpower, and mindset so your fitness regimen feels like it's on autopilot. -Harnessing the science of “flexible dieting.” A whole new paradigm for eating that empowers you to forever break free of fad dieting, crash dieting, and yo-yo dieting. -Unlocking the power of strength training. The “secret” to optimizing your body composition, which is far more important for your health and image than your body weight. Whether you're a beginner looking for a lifestyle change, a lifelong athlete looking to reach the next level, or somewhere in between, Muscle for Life will show you how to look, feel, and perform your best. And frankly, it may be the last fitness book you'll ever need to read.

is mct wellness a scam: The Plant Paradox Quick and Easy Dr. Steven R. Gundry, MD, 2019-01-15 From bestselling author Dr. Steven Gundry, a quick and easy guide to The Plant Paradox program that gives readers the tools to enjoy the benefits of lectin-free eating in just 30 days. In Dr. Steven Gundry's breakout bestseller *The Plant Paradox*, readers learned the surprising truth about foods that have long been regarded as healthy. Lectins—a type of protein found in fruits, vegetables, legumes, dairy, and grains—wreak havoc on the gut, creating systemic inflammation and laying the groundwork for disease and weight gain. Avoiding lectins offers incredible health benefits but requires a significant lifestyle change—one that, for many people, can feel overwhelming. Now, in *The Plant Paradox Quick and Easy*, Dr. Gundry makes it simpler than ever to go lectin free. His 30-day challenge offers incentives, support, and results along with a toolkit for success. With grocery lists, meal plans, time-saving cooking strategies, all-new recipes, and guidance for families and those following specialized diets (including ketogenic and vegan), *The Plant Paradox Quick and Easy* is the all-in-one resource Plant Paradox fans and newcomers alike need to jumpstart results reap the health benefits of living lectin-free.

is mct wellness a scam: Happy Gut Vincent Pedre, 2015-12-29 Following the success of the bestselling Clean Gut and Wheat Belly comes this essential guide to improving digestive health from an expert in functional medicine—who reveals why everything that ails us, from fatigue to weight gain to bloating and bad skin, can be traced back to the gut, and shares his cleansing plan to help us reclaim our health. Dr. Vincent Pedre understands gut problems firsthand. He suffered from IBS for years before becoming an expert in functional medicine and learning how to heal his body from the inside. Dr. Pedre used his own experience to develop The Gut C.A.R.E. Program—an approach that draws from both Western and Eastern methodologies, combining integrative and functional medicine—that has a proven success record in his private practice in New York. Now, for the first time, Dr. Pedre makes his revolutionary plan for health and wellness available to everyone. Happy Gut takes readers step-by-step through Gut C.A.R.E.—Cleanse, Activate, Restore, and Enhance—which eliminates food triggers, clears the gut of unfriendly pathogens, and replaces them with healthy probiotics and nutrients that repair and heal the gut. Rather than masking symptoms with medication, he shows us how to address the problem at its core to restore the gastrointestinal system to its proper functioning state. By fixing problems in the gut, followers of Dr. Pedre’s program have found that their other health woes are also cured and have lost weight, gained energy, and improved seemingly unrelated issues, such as seasonal allergies, in addition to eliminating their chronic muscle and abdominal pain. Complete with recipes and meal plans including gluten-free, low-fat, and vegetarian options, a 28-day gut cleanse, yoga postures to help digestion, and testimonials from many of his patients, Happy Gut will help you feel better and eliminate gut issues for life.

is mct wellness a scam: The Shredded Chef Michael Matthews, 2012-07-09 If you want to know how to build muscle and burn fat by eating healthy, delicious meals that are easy to cook and easy on your wallet, then you want to read this book. Let me ask you a few questions: •Are you not sure of how to prepare food that is not only delicious and healthy but also effective in helping you build muscle and lose fat? •Are you afraid that cooking nutritious, restaurant-quality meals is too time-consuming and expensive? •Do you think that eating healthy means having to force down the same boring, bland food every day? Well, with this book, you can cook fast, healthy, and tasty meals every day (and on a reasonable budget) that will help you build muscle or lose weight, regardless of your current skills. Here’s a “sneak peek” of the recipes you’ll find inside: •14 fast, delicious breakfast recipes like Zucchini Frittata, French Muscle Toast, Sweet Potato Protein Pancakes, Breakfast Pita Wrap, Baked Raisin Oatmeal, and more. •18 mouthwatering chicken & turkey dishes like Mike’s Mexican Meatloaf, Greek Pita Pizza, Pollo Fajitas, Pineapple Chicken, and more. •14 tasty beef recipes like Korean BBQ Beef, Mike’s Muscle Burgers, Beef Stroganoff, Adobo Sirloin, and more. •10 savory fish and seafood recipes like Savory Soy and White Wine Halibut, Graham-Coated Tilapia, Salmon Burgers, Tuna Salad Stuffed Peppers, and more. •7 hearty, healthy pasta recipes like Asparagus & Goat Cheese Pasta, Chicken Cacciatore, Beef Lasagna, Chicken Fettuccine with Mushrooms, and more. •14 awesome side dishes like Wasabi Cranberry Quinoa Salad, Curry Potatoes and Cauliflower, Couscous Salad, Sweet Potato Chips, Brown Rice Pilaf, and more. •5 delectable desserts like Key Lime Pie, Peach Cobbler, Protein Milkshake, and more. And more! (I haven’t even mentioned the recipes for pork, salads, protein shakes, protein bars, and snacks...) SPECIAL BONUS FOR READERS! With this book, you’ll also get a free spreadsheet that lists every recipe in the book along with their calories, protein, carbs, and fats! This makes meal planning as simple as copy and pasting!

is mct wellness a scam: The 4-Hour Body Timothy Ferriss, 2010-12-14 #1 NEW YORK TIMES BESTSELLER • The game-changing author of The 4-Hour Workweek teaches you how to reach your peak physical potential with minimum effort. “A practical crash course in how to reinvent yourself.”—Kevin Kelly, Wired Is it possible to reach your genetic potential in 6 months? Sleep 2

hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. The 4-Hour Body is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will learn (in less than 30 minutes each): • How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails • How to prevent fat gain while bingeing over the weekend or the holidays • How to sleep 2 hours per day and feel fully rested • How to produce 15-minute female orgasms • How to triple testosterone and double sperm count • How to go from running 5 kilometers to 50 kilometers in 12 weeks • How to reverse "permanent" injuries • How to pay for a beach vacation with one hospital visit And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That's exactly what The 4-Hour Body delivers.

is mct wellness a scam: Prevention Myths Todd C Eldredge, Ford Brewer, 2021-05-28 According to the World Health Organization (WHO), Heart Attacks and Strokes are the leading causes of death worldwide. Collectively they account for over 15 Million deaths each year, (more than the next three leading causes of death combined). Most of these events are completely preventable. Much of this is due to a system which encourages and rewards treatments and procedures over prevention and outcomes. The US standard of care compels physicians to identify and treat risk factors for disease rather than the diseases themselves. Consequently, Heart Attacks and Strokes account for nearly one third of the annual deaths in the US. Nine million times each year, patients are submitted to excessive radiation and invasive procedures to measure their risk for Heart Attack and/or Stroke. According to recent literature, most of these invasive procedures are neither justified nor effective. There are a few tests which can accurately predict those who will, and who will not go on to have a Heart Attack or Stroke. One such test, catches >98% of these events BEFORE they occur. Most of the time, these tests have not yet been recommended to patients by their primary care physician. This book addresses these concerns and the #1 GAP in the US healthcare system today: under-diagnosis of heart disease. This book tells you which tests could help you to prevent a Heart Attack or Stroke, in time to treat it medically and not surgically.

is mct wellness a scam: The pH Miracle Robert O. Young, Shelley Redford Young, 2008-11-16 Forget counting calories, fat grams, and cholesterol. Forget blood pressure, blood sugar, and hormone levels. The single most important health measurement is the pH level in your blood. Now, The pH Miracle unlocks the surprisingly crucial role pH balance plays in weight loss. How acidic or alkaline your blood is (pH levels) directly affects your health and is controlled by diet. For example, if the blood becomes overly acidic from eating too much of the wrong kinds of food -- wheat, bananas, meats, and cheese -- it can lead to weight gain, diabetes, heart disease, cancer, and more. The Youngs' program includes over 50 recipes and explains which foods to eat, which to avoid, and which supplements can help on the way towards optimal health and weight loss. In just weeks, readers will find they have more energy and a stronger immune system, and will have shed pounds and inches.

is mct wellness a scam: Psychoanalytic Diagnosis Nancy McWilliams, 2020-02-06 This acclaimed clinical guide and widely adopted text has filled a key need in the field since its original

publication. Nancy McWilliams makes psychoanalytic personality theory and its implications for practice accessible to practitioners of all levels of experience. She explains major character types and demonstrates specific ways that understanding the patient's individual personality structure can influence the therapist's focus and style of intervention. Guidelines are provided for developing a systematic yet flexible diagnostic formulation and using it to inform treatment. Highly readable, the book features a wealth of illustrative clinical examples. New to This Edition *Reflects the ongoing development of the author's approach over nearly two decades. *Incorporates important advances in attachment theory, neuroscience, and the study of trauma. *Coverage of the contemporary relational movement in psychoanalysis. Winner--Canadian Psychological Association's Goethe Award for Psychoanalytic and Psychodynamic Scholarship

is mct wellness a scam: The Little Black Book of Workout Motivation Michael Matthews, 2018-08 Getting motivated to workout is sometimes the biggest obstacle to better fitness. Fitness guru, Michael Matthews, offers advice on gearing up to workout and how to maintain that motivation.

is mct wellness a scam: Veterinary Secrets Andrew T. Jones, Andrew T Jones DVM, 2014-05-23 This manual draws from Dr Jones' 17 years' experience in veterinary medicine to provide a comprehensive, step-by-step guide to home pet care and disease remedies. Dr. Jones opens by explaining how he came to question conventional veterinary treatments then began to share his concerns publicly and openly educate pet owners, empowering them to provide their pets with quality, holistic care at home. Eventually, his efforts led to his expulsion from the British Columbia Veterinary College, resulting in a ban from practicing animal medicine.

is mct wellness a scam: Nutritarian Handbook Joel Fuhrman, 2010-02-01 Nutritarian Handbook is A Complete Program and Food Scoring Guide de-signed to deliver maximum weight loss and superior health. This Handbook introduces the reader to all key concepts about being a Nutritarian some-one who naturally prefers the most nutritious foods for the body. Research has proven that a properly nourished body can easily repair itself and be cured of diseases. Type II Diabetics can become insulin free, some-times in a matter of weeks. People with heart disease can literally be cured. Migraines disappear.

is mct wellness a scam: The End of Alzheimer's Dale Bredesen, 2017-08-22 The instant New York Times and Wall Street Journal bestseller A groundbreaking plan to prevent and reverse Alzheimer's Disease that fundamentally changes how we understand cognitive decline. Everyone knows someone who has survived cancer, but until now no one knows anyone who has survived Alzheimer's Disease. In this paradigm shifting book, Dale Bredesen, MD, offers real hope to anyone looking to prevent and even reverse Alzheimer's Disease and cognitive decline. Revealing that AD is not one condition, as it is currently treated, but three, The End of Alzheimer's outlines 36 metabolic factors (micronutrients, hormone levels, sleep) that can trigger downsizing in the brain. The protocol shows us how to rebalance these factors using lifestyle modifications like taking B12, eliminating gluten, or improving oral hygiene. The results are impressive. Of the first ten patients on the protocol, nine displayed significant improvement with 3-6 months; since then the protocol has yielded similar results with hundreds more. Now, The End of Alzheimer's brings new hope to a broad audience of patients, caregivers, physicians, and treatment centers with a fascinating look inside the science and a complete step-by-step plan that fundamentally changes how we treat and even think about AD.
