june 2024 is kraken congee still in business: Fearlessly Different Mickey Rowe, 2022-03-15 ... powerfully renders what it's like to live life to the fullest. Publishers Weekly Starred Review My name is Mickey Rowe. I am an actor, a theatre director, a father, and a husband. I am also a man with autism. You think those things don't go together? Let me show you that they do. Growing up, Mickey Rowe was told that he couldn't enter the mainstream world. He was iced out by classmates and colleagues, infantilized by well-meaning theatre directors, barred from even earning a minimum wage. Why? Because he is autistic. Fearlessly Different: An Autistic Actor's Journey to Broadway's Biggest Stage is Mickey Rowe's story of growing up autistic and pushing beyond the restrictions of a special education classroom to shine on the stage. As an autistic and legally blind person, living in a society designed by and for non-disabled people, it was always made clear to Mickey the many things he was apparently incapable of doing. But Mickey did them all anyway—and he succeeded because of, not in spite of, his autism. He became the first autistic actor to play the lead role in the play *The Curious Incident of the Dog in the Night-Time*, landed the title role in the play *Amadeus*, co-created the theatre/philanthropy company Arts on the Waterfront, and founded the National Disability Theatre. Mickey faced untold obstacles along the way, but his story ends in triumph. Many people feel they are locked out of the world of autism—that it's impossible to even begin to understand. In Fearlessly Different, Mickey guides readers to that world while also helping those with autism to feel seen and understood. And he shows all people—autistic and non-autistic alike—that the things that make us different are often our biggest strengths.

In fact, much of what makes our brains happy leads to errors, biases, and distortions, which make getting out of our own way extremely difficult. Author David DiSalvo presents evidence from evolutionary and social psychology, cognitive science, neurology, and even marketing and economics. And he interviews many of the top thinkers in psychology and neuroscience today. From this research-based platform, DiSalvo draws out insights that we can use to identify our brains' foibles and turn our awareness into edifying action. Ultimately, he argues, the research does not serve up ready-made answers, but provides us with actionable clues for overcoming the plight of our advanced brains and, consequently, living more fulfilled lives.

june 2024 is kraken congee still in business: Build APIs You Won't Hate Phil Sturgeon, 2015-08-12 API development is becoming increasingly common for server-side developers thanks to the rise of front-end JavaScript frameworks, iPhone applications, and API-centric architectures. It might seem like grabbing stuff from a data source and shoving it out as JSON would be easy, but surviving changes in business logic, database schema updates, new features, or deprecated endpoints can be a nightmare. After finding many of the existing resources for API development to be lacking, Phil learned a lot of things the hard way through years of trial and error. This book aims to condense that experience, taking examples and explanations further than the trivial apples and pears nonsense tutorials often provide. By passing on some best practices and general good advice you can hit the ground running with API development, combined with some horror stories and how they were overcome/avoided/averted. This book will discuss the theory of designing and building APIs in any language or framework, with this theory applied in PHP-based examples.

An amazing compilation that is as diverse as the city itself. Some creations are elevated comfort food (Ruby Watchco's braised short ribs or Pizza Libretto's spicy meatballs), while others are definitely designed to impress (Café Boulud's crispy duck egg à la bourguignonne and Bosk's potato gnocchi with forest mushroom and tomato emulsion). june 2024 is kraken congee still in business: Mad as Hell Dave Itzkoff, 2014-02-18 The behind-the-scenes story of the making of the iconic movie *Network*, which transformed the way we

think about television and the way television thinks about us I'm mad as hell, and I'm not going to take this anymore! Those words, spoken by an unhinged anchorman named Howard Beale, the mad prophet of the airwaves, took America by storm in 1976, when *Network* became a sensation. With a superb cast (including Faye Dunaway, William Holden, Peter Finch, and Robert Duvall) directed by Sidney Lumet, the film won four Academy Awards and indelibly shaped how we think about corporate and media power. In *Mad As Hell*, Dave Itzkoff of *The New York Times* recounts the surprising and dramatic story of how *Network* made it to the screen. Such a movie rarely gets made any more—one man's vision of the world, independent of studio testing or market research. And that man was Paddy Chayefsky, the tough, driven, Oscar-winning screenwriter whose vision—outlandish for its time—is all too real today. Itzkoff uses interviews with the cast and crew, as well as Chayefsky's notes, letters, and drafts to re-create the action in front of and behind the camera at a time of swirling cultural turmoil. The result is a riveting account that enriches our appreciation of this prophetic and still-startling film. Itzkoff also speaks with today's leading broadcasters and filmmakers to assess *Network*'s lasting impact on television and popular culture. They testify to the enduring genius of Paddy Chayefsky, who foresaw the future and whose life offers an unforgettable lesson about the true cost of self-expression.

june 2024 is kraken congee still in business: E. E. Cummings Susan Cheever, 2014-02-11 From the author of *American Bloomsbury*, *Louisa May Alcott*, and *Home Before Dark*, a major

reassessment of the life and work of the novelist, painter, and playwright considered to be one of America's preeminent twentieth-century poets. At the time of his death in 1962, at age sixty-eight, he was, after Robert Frost, the most widely read poet in the United States. E. E. Cummings was and remains controversial. He has been called "a master" (Malcolm Cowley); "hideous" (Edmund Wilson). James Dickey called him a "daringly original poet with more vitality and more sheer uncompromising talent than any other living American writer." In Susan Cheever's rich, illuminating biography we see Cummings's idyllic childhood years in Cambridge, Massachusetts; his Calvinist father—distinguished Harvard professor and sternly religious minister of the Cambridge Congregational Church; his mother—loving, attentive, a source of encouragement, the aristocrat of the family, from Unitarian writers, judges, and adventurers. We see Cummings—slight, agile, playful, a product of a nineteenth-century New England childhood, bred to be flinty and determined; his love of nature; his sense of fun, laughter, mimicry; his desire from the get-go to stand conventional wisdom on its head, which he himself would often do, literally, to amuse. At Harvard, he roomed with John Dos Passos; befriended Lincoln Kirstein; read Latin, Greek, and French; earned two degrees; discovered alcohol, fast cars, and burlesque at the Old Howard Theater; and raged against the school's conservative, exclusionary upper-class rule by A. Lawrence Lowell. In Cheever's book we see that beneath Cummings's blissful, golden childhood the strains of sadness and rage were already at play. He grew into a dark young man and set out on a lifelong course of rebellion against conventional authority and the critical establishment, devouring the poetry of Ezra Pound, whose radical verses pushed Cummings away from the politeness of the traditional nature poem toward a more adventurous, sexually conscious form. We see that Cummings's self-imposed exile from Cambridge—a town he'd come to hate for its intellectualism, Puritan uptightness, racism, and self-righteous xenophobia—seemed necessary for him as a man and a poet. Headstrong and cavalier, he volunteered as an ambulance driver in World War I, working alongside Hemingway, Joyce, and Ford Madox Ford . . . his ongoing stand against the imprisonment of his soul taking a literal turn when he was held in a makeshift prison for "undesirables and spies," an experience that became the basis for his novel, *The Enormous Room*. We follow Cummings as he permanently flees to Greenwich Village to be among other modernist poets of the day—Marianne Moore, Hart Crane, Dylan Thomas—and we see the development of both the poet and his work against the backdrop of modernism and through the influences of his contemporaries: Stein, Amy Lowell, Joyce, and Pound. Cheever's fascinating book gives us the evolution of an artist whose writing was at the forefront of what was new and daring and bold in an America in transition. june 2024 is kraken congee still in business: The Lie Helen Dunmore, 2014-04-01 A British World War I veteran returns to Cornwall in this “enthraling novel of love and devastating loss” from an Orange Prize winner (Good Housekeeping). Cornwall, 1920: Infantry officer Daniel Branwell has returned to his coastal hometown after the war. Unmoored and alone, Daniel spends his days in solitude, quietly working the land. However, all is not as it seems in the peaceful idylls of the countryside; and although he has left the trenches, Daniel cannot escape his dreadful past. As former friendships reignite, Daniel is drawn deeper and deeper into the tangled traumas of his youth and the memories of his best friend and his first love. Old wounds reopen, and old troubles resurface—though none so great as the lie that threatens to ruin Daniel’s life, the lie from which he cannot run. Told with breathtaking poise and exacting suspense, *The Lie* is a haunting journey through the mind of a tormented man as he tries to fit the pieces of his shattered past together. “Devastating and triumphant . . . wholly satisfying. Endings are often the hardest beast for an author to tame, but Dunmore does it, with elegance, vigor and clarity.” —The Denver Post

june 2024 is kraken congee still in business: The Frangipani Hotel Violet Kupersmith, 2015-02-17 An extraordinarily compelling debut—ghost stories that grapple with the legacy of the Vietnam War A beautiful young woman appears fully dressed in an overflowing bathtub at the Frangipani Hotel in Hanoi. A jaded teenage girl in Houston befriends an older Vietnamese gentleman she discovers naked behind a dumpster. A trucker in Saigon is asked to drive a dying young man home to his village. A plump Vietnamese-American teenager is sent to her elderly grandmother in Ho Chi Minh City to lose weight, only to be lured out of the house by the wafting aroma of freshly baked bread. In these evocative and always surprising stories, the supernatural coexists with the mundane lives of characters who struggle against the burdens of the past. Based on traditional Vietnamese folk tales told to Kupersmith by her grandmother, these fantastical, chilling, and thoroughly contemporary stories are a boldly original exploration of Vietnamese culture, addressing both the immigrant experience and the lives of those who remained behind. Lurking in the background of them all is a larger ghost—that of the Vietnam War, whose legacy continues to haunt us. Violet Kupersmith’s voice is an exciting addition to the landscape of American fiction. With tremendous depth and range, her stories transcend their genre to make a wholly original statement about the postwar experience. Praise for *The Frangipani Hotel* “[A] subversively clever debut collection . . . These stories—playful, angry, at times legitimately scary—demonstrate a subtlety of purpose that belies [Kupersmith’s] youth.”—The New York Times Book Review “Magical, beautiful, modern stories, all based on traditional Vietnamese folktales, [The Frangipani Hotel] invokes the ghosts of the land that was left behind.”—San Francisco Chronicle “[A] sparkling debut . . . playful and wise, an astonishing feat for a young writer.”—Chicago Tribune “A series of short stories that are as fresh as they are mesmerizing, *The Frangipani Hotel* will haunt you long after the last words have drifted off the page.”—Lisa See “Auspicious . . . wildly energetic.”—Elle “Enthralling stories . . . teeming with detail and personality.”—Asian Review of Books “Chilling and lovely . . . Kupersmith has combined traditional storytelling with a post-modern sense of anxiety and darkness, and the result is captivating.”—Bookreporter “The stories shimmer with life. . . . Kupersmith [is] one to watch.”—Publishers Weekly (starred review)

june 2024 is kraken congee still in business: Bitter Eden Tatamkhulu Afrika, 2014-02-25 ONE OF NPR'S GREAT READS OF 2014 A modern classic being introduced to the United States for the first time, Tatamkhulu Afrika's autobiographical novel illuminating the profound and incomparable bonds forged between prisoners of war. *Bitter Eden* is based on Tatamkhulu Afrika's own capture in North Africa and his experiences as a prisoner of war during World War II in Italy and Germany. This frank and beautifully wrought novel deals with three men who must negotiate the emotions that are brought to the surface by the physical closeness of survival in the male-only camps. The complex rituals of camp life and the strange loyalties and deep bonds among the men are heartbreakingly depicted. *Bitter Eden* is a tender, bitter, deeply felt book of lives inexorably changed, and of a war whose ending does not bring peace.

Thirty years ago, on the date in June known as Midsummer's Day, a young girl is mysteriously orphaned. Now, after a life of bizarre and troubling circumstances, she becomes obsessed with the idea that she too will die on Midsummer's Day . . . until she meets the one man who may be able to save her. Azalea Lewis's life has been dominated by coincidences—a bizarre, and increasingly troubling, series of chance events so perfectly coordinated that any sane person would conclude that only the hidden hand of providence could explain them. On Midsummer's Day, 1982, at the age of three, Azalea was found wandering a fairground in England, alone, too young to explain what had happened to her or her parents. After a brief investigation, she was declared a ward of the court, and placed in foster care. The following year, the body of a woman—her mother—was found on a nearby beach, but by then everyone had forgotten about the little girl, and no connection was ever made. The couple who adopted Azalea brought her to Africa, where—on Midsummer's Day, 1992—they were killed in a Ugandan uprising while trying to protect their children. Azalea is spared on that day, but as she grows into adulthood, she discovers that her life has been shaped by an uncanny set of coincidences—all of them leading back to her birth mother, a single mother on the Isle of Man, and the three men who could have been her father, each of whom has played an improbable but very real role in her fate. Troubled by what she has uncovered—and increasingly convinced that she, too, will meet her fate on Midsummer's Day—she approaches Thomas Post, a rational-minded academic whose specialty is debunking our belief in coincidence: the belief that certain events are linked, even predestined, by the hands of fate. Even as they fall in love, Thomas tries to help to understand her past as a series of random events—not a divinely predetermined order. Yet as the fateful date draws closer, Thomas begins to fear that he may lose her altogether, and she may throw herself into the very fate she fears. A warm and romantic, yet intellectually fascinating, story of two souls trying to make sense of the universe and our place in it, *Just Coincidence* is an unforgettable novel by a storyteller of masterful gifts.

june 2024 is kraken congee still in business: Inappropriate Behavior Murray Farish, 2014-03-17 Short fiction about people on the edge that "masterfully balances the absurd, the horrific, and the humorous" (Booklist). The characters in *Inappropriate Behavior* teeter on the brink of sanity, while those around them reach out in support, watch helplessly, or duck for cover. In their loneliness, they cast about for a way to connect, to be understood, though more often than not, things go horribly wrong. Some of the characters come from the darkest recesses of American history. In 'Lubbock Is Not a Place of the Spirit,' a Texas Tech student recognizable as John Hinckley, Jr. writes hundreds of songs for Jodie Foster as he grows increasingly estranged from reality. Other characters are recognizable only in the sense that their situations strike an emotional chord. The young couple in 'The Thing About Norfolk,' socially isolated after a cross-country move, are dismayed to find themselves unable to resist sexually deviant urges. And in the deeply touching title story, a couple stretched to their limit after the husband's layoff struggle to care for their emotionally unbalanced young son. Set in cities across America and spanning the last half-century, this collection draws a bead on our national identity, distilling our obsessions, our hauntings, our universal predicament. "Gripping and accomplished . . . These stories will be compared with works by Barry Hannah and Denis Johnson." —Janet Peery, National Book Award finalist and author of *The*
