lawrence band family business lyrics: Off Broadway Musicals, 1910-2007 Dan Dietz, 2010-03-10 Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular A Chorus Line and Rent to more off-beat productions like Avenue Q and Little Shop of Horrors. And while it remains to be seen if other popular Off Broadway shows like Stomp, Blue Man Group, and Altar Boyz will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

lawrence band family business lyrics: The Complete Book of 2000s Broadway Musicals Dan Dietz, 2017-04-06 In the first decade of the twenty-first century, Broadway was notable for old-fashioned, feel-good shows (Hairspray, Jersey Boys), a number of family-friendly musicals (Little Women, Mary Poppins), plenty of revivals (Follies, Oklahoma!, Wonderful Town), a couple of off-the-wall hits (Avenue Q, Urinetown), several gargantuan flops (Dance of the Vampires, Lestat), and a few serious productions that garnered critical acclaim (The Light in the Piazza, Next to Normal). Unlike earlier decades which were dominated by specific composers, by a new form of musical theatre, or by numerous British imports, the decade is perhaps most notable for the rise of shows which poked fun at the musical comedy form, such as The Producers and Spamalot. In The Complete Book of 2000s Broadway Musicals, Dan Dietz examines in detail every musical that opened on Broadway from 2000 through the end of 2009. This book discusses the era's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Patti LuPone, Chita Rivera, and Martin Short. Each entry contains the following information: Plot summary Cast members Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Critical commentary Musical numbers

and the performers who introduced the songs Production data, including information about tryouts Source material Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of black-themed shows and Jewish-themed productions. This comprehensive book contains a wealth of information and provides a comprehensive view of each show. The Complete Book of 2000s Broadway Musicals will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

lawrence band family business lyrics: *Making Tracks* Scott Billington, 2022-06-16 From the 1980s through the early 2000s, a golden era for southern roots music, producer and three-time Grammy winner Scott Billington recorded many of the period's most iconic artists. Working primarily in Louisiana for Boston-based Rounder Records, Billington produced such giants as Irma Thomas, Charlie Rich, Buckwheat Zydeco, Johnny Adams, Bobby Rush, Ruth Brown, Beau Jocque, and Solomon Burke. The loving and sometimes irreverent profiles in *Making Tracks* reveal the triumphs and frustrations of the recording process, and that obsessive quest to capture a transcendent performance. Billington's long working relationships with the artists give him perspective to present them in their complexity—foibles, failures, and fabled feats—while providing a vivid look at the environs in which their music thrived. He tells about Boozoo Chavis's early days as a musician, jockey, and bartender at his mother's quarter horse track, and Ruth Brown's reign as the most popular star in rhythm and blues, when the challenge of traveling on the "chitlin' circuit" proved the antithesis of the glamour she exuded on stage. In addition, *Making Tracks* provides a widely accessible study in the craft of recording. Details about the technology and psychology behind the sessions abound. Billington demonstrates varying ways of achieving the mutual goal of a great record. He also introduces the supporting cast of songwriters, musicians, and engineers crucial to the magic in each recording session. *Making Tracks* sings unforgettably like a from the vault discovery.
