lyrics mind your own business: Popular Music in Leeds Brett Lashua, Karl Spracklen, Kitty Ross, Paul Thompson, 2023-10-13 This first academic collection dedicated to popular music in Leeds - developed from the work of interdisciplinary scholars, drawn from a major public museum exhibition "Sounds of Our City" and built upon contemporary research. Leeds has rich musical histories and heritage, a long tradition of vibrant music venues, nightclubs, dance halls, pubs and other sites of musical entertainment. The city has spawned crooners, folk singers, punks, post-punks, Goths, DJs, popstars, rappers and indie rockers, yet - with a few exceptions - Leeds has not been studied for its scenes in ways that other UK cities have. In ways that the chapters explore, Leeds' popular music exemplifies and informs understandings of broader cultural and urban changes - both in Britain and across wider global contexts - of the social and historical significance of music as mass media; music and migration; music, racialisation and social equity; industrial decline, de-industrialisation, neoliberalism and the rise of the 24-hour city. Charting moments of stark musical politicisation and de-politicisation, while concomitantly tracing arguments about "heritagising" popular music within discussions about music's "place" in museums and in the urban economy, this book contributes to debates about why music matters, has mattered, and continues to matter in Leeds, and beyond.

lyrics mind your own business: *22 Minutes of Unconditional Love* Daphne Merkin, 2020-07-07 "Daphne Merkin meets the formidable challenge of describing female lust and romantic obsession with all the desired daring, candor, and skill. The result is a bracingly honest, keenly insightful, utterly compelling book." —Sigrid Nunez, author of *The Friend* A harrowing, compulsively readable novel about breaking free of sexual obsession A novel of unsurpassed candor, punctuated by bold ruminations on love, marriage, family, sex, gender, and relationships, *22 Minutes of Unconditional Love* depicts one woman's psychological descent into sexual captivity. This is the story of the extremes to which she will go to achieve erotic bliss—and of her struggle to regain her soul. As Daphne Merkin's audacious new novel opens, a wife and mother looks back at the moment when her life as a young book editor is upended by a casual encounter with an intriguing man who seems to intuit her every thought. Convinced she's found the one, Judith Stone succumbs to the push and pull of her sexual entanglement with Howard Rose, constantly seeking his attention and approval. That is, until she realizes that beneath his erotic obsession with her, Howard is intent on obliterating any sense of self she possesses. As Merkin writes, his was "the allure of remoteness, affection edged in ice." Escaping Howard's grasp—and her own perverse enjoyment of being under his control—will test the limits of Judith's capacity to resist the siren call of submission. Narrated by Judith in a time before the #MeToo movement, *22 Minutes of Unconditional Love* charts the persistent hold the past has on us and the way it shapes our present.

lyrics mind your own business: *The Snare* Lois Mowday Rabey, 2005-08-15 Most people don't plan to have an affair. And most of them think it could never happen to them. Because they don't recognize the subtle danger signs, they can suddenly find themselves in a dangerous relationship -- with devastating consequences. It can start off innocently enough. Someone cares enough to pay attention. To look into your eyes. To touch with understanding. Even with the best of motives, it's easy to slip gradually, almost imperceptibly, into the snare of an emotional or sexual entanglement. In *The Snare* -- a frank, sometimes startling book -- Lois Mowday Rabey gives us a clear look at the paths to sexual immorality using real-life accounts of Christians who have struggled and failed. She returns repeatedly to the single focus that conquers temptation: a strong personal relationship with Christ. And she outlines the clear guidelines in Scripture for establishing healthy relationships in today's value neutral world. Rabey offers specific advice for conduct in the workplace (where many affairs begin), for gracefully getting out of compromising situations, and for single adults (whether never married, widowed, or divorced). We shouldn't push the issue of

immorality aside because we seem to be okay, because we feel secure in the center of an evangelical church, have daily devotions, and memorize Scripture, Ó writes Rabey. We can have all these right practices and more, yet still fall. Ó Emotional and sexual entanglements are a snare. They are so enticing, so promising, and they offer something that seems so good. Lois Mowday Rabey helps us see them for the dangerous trap they really are. And she offers help to those wanting to avoid the snare or escape its grasp. Whether you work with people who struggle with this issue or you just want to protect yourself against the subtle snare of immorality, 'The Snare' is an invaluable resource.

That's when he knows he has no choice but to do the right thing and turn these boys into the players he knows they can be... and while he's at it, convince Bellamy they're meant to be.

lyrics mind your own business: *Rooster* D. C. Murphy, 2013 CORRUPTION IS EVERYWHERE Near San Francisco, a small town is riddled with bad cops and cocaine dealers... MILL VALLEY sits nestled in the shadow of the Sleeping Princess Mountain in southern Marin County and, at first glance, appears to be a quiet, tranquil little town populated by rock stars, writers, and artists. But a closer look reveals a dark side: corruption has reached the top levels of the police department, and white powder cocaine is the locals' drug of choice. Sean Patrick Murphy, nicknamed Rooster by his supervising sergeant, Dante John Castigari, is a burnt-out Irish cop on a rampage on San Francisco's skid row. He carries a Badge, Gun, and Heartache, but all he ever wanted was to be a country singer. But so far, that doesn't seem to be in the cards. The year is 1978. But the story begins in Mill Valley, early in 1973: Sergeant Castigari hates dope dealers and dirty cops. So does Murphy, but his passion to become a country singer soon starts to interfere with his commitment to protect and serve. When Castigari plunges into the dangerous business of cleaning up the town and eradicating the Colombian Drug Cartel from their stronghold, Rock Star Hell, Murphy has to decide among his music, his job, and his mentor. The corruption and greed start to take a toll on everybody involved, including Murphy's girlfriend, the sultry singer Peggy Sue Barnes. Then Murphy is offered immortality with a record contract--but not without a price. Soon Castigari is asking, Are you pulling pistols or strumming guitars? It's down to the wire, but Murphy has already made up his mind. Now it's a waiting game, and both the cops and the Colombians await Rooster's next move.

lyrics mind your own business: Bullying and Violence in South Korea Trent Bax, 2017-02-10 This book provides a fully-contextualised, multidisciplinary examination of bullying and violence in South Korean society. Bullying and violence has been a pressing societal issue since 2011, having been labelled as a 'social evil' to be eradicated by the government. However, the issue has been incorrectly confined to schools when in fact it is widespread in society and in professional settings, as Bax argues in this original new text. Through twenty in-depth case studies and original case material from a Juvenile Detention Centre, Bax examines the historical, cultural, political and social contexts of bullying and violence to better understand the nature of these crimes, the perpetrators, and how they come together in the broader cultural landscape within which the individual, the family, the school and the community are embedded.

lyrics mind your own business: Revolt Against Theocracy Farhad Khosrokhavar, 2024-08-26 This book is the first in-depth account of the uprising in Iran that began on 16 September 2022, when a young woman, Mahsa Amini, was killed by the morality police. In the months that followed, protests and demonstrations erupted across Iran, representing the most serious challenge to the Iranian regime in decades. Women have played a key role in these protests, refusing to wear a hijab and cutting their hair in public to chants of 'Woman, Life, Freedom'. In Farhad Khosrokhavar's account, these protests represent the first truly feminist movement in Iran, and one of the first in the Muslim world, where women have been in the vanguard. There have been many movements in the Muslim world in which women have taken part, but rarely have women – and especially young women – been the driving force. The Mahsa Movement also championed non-Islamic, secularized values, based on the joy of living, the assertion of bodily freedom and the quest for gender equality and democracy. Khosrokhavar gives a full account of the context of and background to the events triggered by the killing of Mahsa Amini, analyzes the character of the Mahsa Movement and the regime's repressive response to it, and draws out its broader significance as one of the most significant feminist movements and political uprisings in the Islamic world.

lyrics mind your own business: Hungry Heart Lorene Masters, 2014-05 Hungry Heart is filled with the honest searching of a girl's coming of age and beyond, looking for love and acceptance. At times the journey to adulthood is seen through revealing journal entries and poetry; at other times it sounds the desperate inborn cry of the human heart from infancy to adulthood--the need to be loved and cherished. Hungry Heart tells the story of the search for love through food, men, more food, more men, and finally finding the hunger quenched by the greatest love of all. What I remember most about Lorene is that she always had a smile on her face no matter what the situation was. It was hard to tell if she was on top of the world or hurting terribly inside. She was never unkind to anyone, even those that didn't treat her well. I truly believe she has a spirit that can't be broken. I know there was a lot of pain in those days but she never let it totally defeat her. It is very evident now that she has raised above all that to become very successful and works tirelessly to inspire others. - Mark Perkins, Director of Bands and Technology, Scranton High School, Scranton, North Dakota.

lyrics mind your own business: Music of the 1980s Thomas Harrison, 2011-06-16 Beyond coverage of mainstream 80s music, such as hair band hard rock, pop, new wave, and rap, this compilation of essential musical artists also covers genres like classical, jazz, outlaw country, and music theater. Popular music in the United States during the 1980s is well known for imports from abroad, such as A-ha, Def Leppard, Falco, and Men at Work, as well as homegrown American rock acts such as Guns 'N Roses, Huey Lewis and the News, Bon Jovi, and Poison. But there were many other types of genres of music that never received airplay on the radio or MTV that also experienced

significant evolutions or growth in that decade. Music of the 1980s examines the key artists in specific genres of popular music: pop, hard rock/heavy metal, rock, and country. No other reference book for students has previously explored the surprisingly diverse categories of hard rock and heavy metal music with such detail and depth. Additionally, a chapter focuses on the prominent artists and composers of less-mainstream genres for specialized audiences, including music theater, jazz, and classical music.

lyrics mind your own business: *Cold Days in Hell* William Clark Latham, 2013-02-03 Prisoners suffer in every conflict, but American servicemen captured during the Korean War faced a unique ordeal. Like prisoners in other wars, these men endured harsh conditions and brutal mistreatment at the hands of their captors. In Korea, however, they faced something new: a deliberate enemy program of indoctrination and coercion designed to manipulate them for propaganda purposes. Most Americans rejected their captors' promise of a Marxist paradise, yet after the cease fire in 1953, American prisoners came home to face a second wave of attacks. Exploiting popular American fears of communist infiltration, critics portrayed the returning prisoners as weak-willed pawns who had been "brainwashed" into betraying their country. The truth was far more complicated. Following the North Korean assault on the Republic of Korea in June of 1950, the invaders captured more than a thousand American soldiers and brutally executed hundreds more. American prisoners who survived their initial moments of captivity faced months of neglect, starvation, and brutal treatment as their captors marched them north toward prison camps in the Yalu River Valley. Counterattacks by United Nations forces soon drove the North Koreans back across the 38th Parallel, but the unexpected intervention of Communist Chinese forces in November of 1950 led to the capture of several thousand more American prisoners. Neither the North Koreans nor their Chinese allies were prepared to house or feed the thousands of prisoners in their custody, and half of the Americans captured that winter perished for lack of food, shelter, and medicine. Subsequent communist efforts to indoctrinate and coerce propaganda statements from their prisoners sowed suspicion and doubt among those who survived. Relying on memoirs, trial transcripts, debriefings, declassified government reports, published analysis, and media coverage, plus conversations, interviews, and correspondence with several dozen former prisoners, William Clark Latham Jr. seeks to correct misperceptions that still linger, six decades after the prisoners came home. Through careful research and solid historical narrative, *Cold Days in Hell* provides a detailed account of their captivity and offers valuable insights into an ongoing issue: the conduct of prisoners in the hands of enemy captors and the rules that should govern their treatment.

At base a hybrid of rock and country, Americana is also infused with folk, blues, R&B, bluegrass, and other types of roots music. lyrics mind your own business: *Cast Away* Emmanuelle Snow, 2024-01-22 Ryder Monroe is my number one enemy, and this summer, he's set on ruining me. But I'm not going down without a fight. *Cast Away* is perfect for fans of Jenny Han, Erin Watt, Sarah Dessen, Jillian Dodd, or KL Walther. When my parents sent me away, I had no idea it would become the best and most heartbreaking summer of my life. My complicated journey began in Feather Lake, North Carolina, with a job offer and a bus ticket. And just like that, I was gone for the entire summer. My parents conveniently forgot to mention that my vacation would last more than a week. That little detail didn't sit well with me, and my nightmare began the day I was hauled away from the perfect summer with my friends, left with only two pieces of luggage and an angry heart. Everything went downhill from there. It took just two days. Two days after I arrived to notice him for the first time—and to never forget him afterward. Two days for Ryder to infiltrate my heart, dig his claws into its beating parts, and bleed it to death. But I've decided not to let him spoil my summer or my new friendships because there's another boy who lights up my days and makes me smile, and with him, I'm feeling things I never did before. And right now, I'm addicted. lyrics mind your own business: *Not Very Far* Jinnat Saberlin, Fate- the most fluctuating element of life. At times, it dissembles to be your best friend, your helping hand, your guardian. But the moment you trust it, it shatters you and your trust into pieces. It breaks you, builds you up, so that it can break you again. Fate binds the two budding teenagers- Ashik and Sakshi. This pair of complete strangers belonging to two different corners of India seems to share an innumerable number of surprising similarities. It went from having the same letters in their names to having similar hobbies. The similarities never ceased to amaze them both. Back at the time, when Facebook and Orkut weren't the 'basic needs' of the teens, there were those ridiculous chat rooms on channel [V]. Those that appear at the bottom of your TV screen. That's where they talked for the first time. Who knew a real relationship would take birth there? Who knew they'd even fall in love? That's fate! But the age was wrong- and the distance was long. Mistakes were inevitable and trust was easy to lose. Ashik makes a mistake. A mistake so bad that Sakshi finds it hard to ever trust him again. She leaves. They say you realise you love someone when you let them go- That's what happened to Ashik, too. Determined he would bring her back to his life, he heads off to Hyderabad from Assam, resisting all sorts of parental oppositions to study BBA- a course he was never interested in. Sakshi's decisions were mostly governed by her emotions and not on logic. As a result of which she's either very right or very wrong. Their relationship blooms, yet again. But too much of dependency and an uncertain career isn't a very pretty condition for a relationship.

lyrics mind your own business: *Everybody's Heard about the Bird* Rick Shefchik, 2015-11-07 If you didn't experience rock and roll in Minnesota in the 1960s, this book will make you wish you had. This behind-the-scenes, up-close-and-personal account relates how a handful of Minnesota rock bands erupted out of a small Midwest market and made it big. It was a brief, heady moment for the musicians who found themselves on a national stage, enjoying a level of success most bands only dream of. In *Everybody's Heard about the Bird*, Rick Shefchik writes of that time in vivid detail. Interviews with many of the key musicians, combined with extensive research and a phenomenal cache of rare photographs, reveal how this monumental era of Minnesota rock music evolved. The chronicle begins with musicians from the 1950s and early 1960s, including Augie Garcia, Bobby Vee, the Fendermen, and Mike Waggoner and the Bops. Shefchik looks at how a local recording studio and record label, along with Minnesota radio stations, helped make their achievements possible and prepared the way for later bands to break out nationally. Shefchik delves deeply into the Trashmen's emblematic rise to fame. A Minneapolis band that recorded a fluke novelty hit called "Surfin' Bird" at Kay Bank Studios, the Trashmen signed with Soma Records, topped the local charts in late 1963, and were poised to top the national charts in early 1964. Hundreds of Minnesota bands took inspiration from the Trashmen's success, as teen dances with live bands flourished in clubs, ballrooms, gyms, and halls across the Upper Midwest. Here are the stories of bands like the Gestures, the Castaways, and the Underbeats, and the triumphs—and tragedies—of the most prominent Minnesota-spawned bands of the late 1960s, including Gypsy, Crow, and the Litter. For the baby boomers who remember it and everyone else who has felt its influence, the 1960s rock-and-roll scene in Minnesota was an extraordinary period both in musical history and popular culture, and now it's captured fully in print for the first time. *Everybody's Heard about the Bird* celebrates how these bands found their singular sound and played for their elated audiences from the golden era to today.

lyrics mind your own business: *The Quiet Assassin* Thomas Kirkwood, 2011-02-25 Here is a truly original thriller, comparable to the very best of vintage Le Carré. It is set behind the Berlin Wall in the heart of the East German police state and it features one of the most unique and winning heroines since Lucy in Ken Follett's *Eye of the Needle*. Her name is Käte Frassek, a resistance fighter since the age of eighteen, who over the course of twenty years leads a double life in her courageous campaign to rouse her countrymen to revolt against their repressive regime. She is a wife, a mother, a scientist, a lover... and an assassin. Against a backdrop of the Cold War in the 1960s, an abiding love develops between Käte, while still the young wife of an East German official, and an American physician innocent of who she is and what she is doing. In the remarkable climax to

her years of plotting against the head of the State's secret police, she finally must risk not only her own life but her son's and lover's as well. (From the original hardback edition) *DEATH MATE* To kill the man who had killed so many, Kate would do anything. She would use her brain to work herself to the top of her profession. She would yield her body to go even higher up the ladder of power. She would risk her own child as a pawn on a chessboard of cunning move and counter thrust. But now she was being asked to make a sacrifice she dreaded. Not her own life that would have been easy. But the life of the good and noble man she passionately loved - so that the beast she hated might die.... (From the original Signet paperback) *REVIEWS SOLID TENSION, SUDDEN DANGER, FIERCE ACTION ... lyrics mind your own business: *Fourth City* Doran Larson, 2014-02-01 At 2.26 million, incarcerated Americans not only outnumber the nation's fourth-largest city, they make up a national constituency bound by a shared condition. *Fourth City: Essays from the Prison in America* presents more than seventy essays from twenty-seven states, written by incarcerated Americans chronicling their experience inside. In essays as moving as they are eloquent, the authors speak out against a national prison complex that fails so badly at the task of rehabilitation that 60% of the 650,000 Americans released each year return to prison. These essays document the authors' efforts at self-help, the institutional resistance such efforts meet at nearly every turn, and the impact, in money and lives, that this resistance has on the public. Directly confronting the images of prisons and prisoners manufactured by popular media, so-called reality TV, and for-profit local and national news sources, *Fourth City* recognizes American prisoners as our primary, frontline witnesses to the dysfunction of the largest prison system on earth. Filled with deeply personal stories of coping, survival, resistance, and transformation, *Fourth City* should be read by every American who believes that law should achieve order in the cause of justice rather than at its cost.

lyrics mind your own business: I Saw the Light William MacEwen, George Merritt, Colin Escott, 2015-11-10 The book that inspired the major motion picture I Saw the Light. In his brief life, Hank Williams created one of the defining bodies of American music. Songs such as Your Cheatin' Heart, Hey, Good Lookin', and Jambalaya sold millions of records and became the model for virtually all country music that followed. But by the time of his death at age twenty-nine, Williams had drunk and drugged and philandered his way through two messy marriages and out of his headline spot on the Grand Ole Opry. Even though he was country music's top seller, toward the end he was so famously unreliable that he was lucky to get a booking in a beer hall. Colin Escott's enthralling, definitive biography -- now the basis of the major motion picture I Saw the Light -- vividly details the singer's stunning rise and his spectacular decline, revealing much that was previously unknown or hidden about the life of this country music legend.
