nasm certified wellness coach: *Keto-Adapted* Maria Emmerich, 2013-12-09 A ketogenic diet isn't something new that has been recently formulated; people have been on a ketogenic diet for virtually three million years in which our brains were nurtured and evolved. Now the human brain is not only shrinking, but brain atrophy is the norm as we age and get plagued with diseases such as dementia, Alzheimer's disease and Parkinson's disease. People mistakenly think that they need to eat less and exercise more to create a calorie deficit in order to lose weight. This is not how diet and exercise helps with weight loss. A well-formulated keto-adapted diet along with proper exercise builds muscle and muscle builds mitochondria. It is in the mitochondria where fat is oxidized so you can keep your cells and liver insulin sensitized. Weight loss and health is about healthy mitochondria and about controlling hormones and specifically insulin. This is not a diet, it is a lifestyle. By eating this way, you will begin to heal your cells and will keep evolving your body into the happy and healthy person you want to be. This book is filled with the most impeccable nutrition information to fuel your cells. Maria's passion goes beyond explaining the 'why', she is a master in the kitchen and loves food. Her keto-adapted recipes at the end of the book tie all the nutrition together so you can become keto-adapted faster than ever.

nasm certified wellness coach: *Mindful Mixology* Derek Brown, 2022-01-18 From Dry January to Sober October, moderation is having a moment. This book from spirits expert Derek Brown (newly mindful drinker himself) will show the sober and sober-curious how to mix complex, sophisticated low- and no-proof drinks. It will include recipes, techniques, and sources. Not long after his son was born, Derek Brown decided to cut back on his drinking. But as a bartender, bar owner, and cocktail and spirits expert, he wanted to do so using the techniques and expertise of mixology to create a new arsenal of libations that were sophisticated, satisfying, and tasty. Creating these drinks isn't as simple as removing the alcohol. No- and low-proof cocktails still have to be balanced and still have to be delicious, but they don't operate exactly like cocktails with alcohol. The drinks Brown presents in this book are meticulously choreographed around taste, texture, body, and piquancy to result in surprisingly complex "adult beverages" minus the booze. Drawing on historical research, meticulous tweaking of classic cocktails to create lower-proof versions, and entirely new concoctions inspired by an evolved home bar, in this book, Derek shares sixty recipes for no- and low-proof cocktails, as well as a guide to the ingredients and equipment you need to imbibe in *Mindful Mixology* at home.

nasm certified wellness coach: *Not Suitable for Work* Skye McDonald, 2019-08-19 The competition is stiff. The stakes are high. And what happens on Halloween night is definitely not suitable for work. Celeste Greene and Ben Addison didn't realize the internship-to-hire opportunity was actually a contest, but neither of these talented web designers can afford to walk away. After betrayal destroyed her fabulous life in New York City, Celeste moved home to Nashville, Tennessee broke and broken. Restarting her career is her only goal. An ice queen who drove her partner to cheat can't even think about friends or fun. Celeste's talent and desperation should make the competition an easy win-if only she could stop gawking at her rival long enough to concentrate. Ben Addison doesn't want to be a corporate climber or live in a high-rise downtown. He just needs a steady paycheck after foolishly investing everything in a pretty face and a shot at a music career. He has no business fantasizing about his competitor, even if she is the most stunning-and guarded-woman he's ever met. This contest can't rival the chemistry between these two, but is the risk worth the reward? With a haunting past and her future on the line, Celeste must decide what she wants, what she needs, and what her heart is really worth.
