Neo SPCA Wellness Clinic: Your Pet's Path to a Healthier, Happier Life

Are you searching for exceptional veterinary care for your beloved furry friend? Look no further than the Neo SPCA Wellness Clinic. This comprehensive guide will delve into everything you need to know about our clinic, from our comprehensive services and dedicated team to our commitment to compassionate animal care. We'll cover what makes us unique, answer frequently asked questions, and help you understand why the Neo SPCA Wellness Clinic is the perfect choice for your pet's healthcare needs.

Understanding the Neo SPCA Wellness Clinic's Holistic Approach

At the Neo SPCA Wellness Clinic, we believe in a holistic approach to pet healthcare. This means we consider your pet's overall well-being – physical, mental, and emotional – when developing a treatment plan. We go beyond simply treating symptoms; we strive to identify and address the root causes of your pet's health concerns. This proactive approach ensures your pet receives preventative care and enjoys a longer, healthier, and happier life.

Comprehensive Services Offered at Neo SPCA Wellness Clinic

Our clinic offers a wide range of services designed to cater to all your pet's healthcare needs, from routine check-ups to specialized treatments. These include:

Preventative Care: This is the cornerstone of our approach. Regular vaccinations, parasite prevention, dental care, and nutritional counseling are crucial for maintaining your pet's health and preventing future problems. We tailor preventative care plans to your pet's specific breed, age, and lifestyle.

Diagnostic Services: Our state-of-the-art diagnostic facilities allow for accurate and timely diagnoses. We utilize advanced technologies, including digital X-rays, ultrasound, and in-house blood testing, to quickly identify and address any health issues.

Medical Treatment: We provide comprehensive medical treatment for a wide range of conditions, from minor illnesses to more complex medical situations. Our experienced veterinarians are adept at handling various medical emergencies and chronic diseases.

Surgical Services: Our skilled surgeons perform a variety of surgical procedures, including spaying/neutering, mass removals, orthopedic surgeries, and more. We prioritize minimal-invasive techniques to ensure faster recovery times and less discomfort for your pet.

Dental Care: Dental health is often overlooked, but it's integral to your pet's overall well-being. We

provide comprehensive dental cleanings, extractions, and periodontal treatment to maintain your pet's oral hygiene.

Emergency and Urgent Care: We understand that pet emergencies can happen at any time. Our clinic is equipped to handle various emergency situations, providing immediate care to stabilize your pet and address critical health issues.

Meet the Dedicated Team at Neo SPCA Wellness Clinic

Our success is built upon the dedication and expertise of our exceptional team. From our compassionate veterinarians to our skilled technicians and caring support staff, every member of our team is committed to providing the highest level of care for your pet. We pride ourselves on building strong relationships with our clients, fostering open communication, and creating a comfortable and welcoming environment for both pets and their owners.

Why Choose the Neo SPCA Wellness Clinic?

Choosing the right veterinary clinic is a crucial decision. The Neo SPCA Wellness Clinic distinguishes itself through:

Compassionate Care: We treat each pet as an individual, providing personalized care based on their unique needs.

State-of-the-Art Facilities: We invest in the latest technology and equipment to ensure the most accurate diagnoses and effective treatments.

Experienced and Dedicated Team: Our team combines years of experience with a genuine passion for animal welfare.

Convenient Location and Hours: We strive to make accessing care as convenient as possible for you and your pet.

Transparent Pricing: We provide clear and upfront pricing for all our services.

Making an Appointment at Neo SPCA Wellness Clinic

We encourage you to schedule routine check-ups for your pet to help prevent future health issues.

Conclusion

The Neo SPCA Wellness Clinic is more than just a veterinary clinic; it's a partner in your pet's journey to a healthier and happier life. We are committed to providing exceptional care, building lasting relationships with our clients, and making a positive impact on the lives of animals in our community. Contact us today to learn more about how we can help your furry friend thrive.

Frequently Asked Questions (FAQs)

1. Do you offer payment plans or financing options? Yes, we understand that veterinary care can be expensive, and we work with clients to develop payment plans that fit their budgets. Please inquire about our options when scheduling your appointment.
1. What are your emergency services hours? Our emergency services are available 24/7. Please call [Insert Phone Number Here] in case of an emergency.
1. Do you accept all types of pets? While we primarily focus on cats and dogs, please call us to discuss your pet's specific needs.
1. What forms of payment do you accept? We accept cash, checks, and most major credit cards.
1. Do you offer grooming services? Currently, we do not offer grooming services, but we can provide referrals to trusted local groomers.

neo spca wellness clinic: Facial Resurfacing David J. Goldberg, 2010-04-15 Facial resurfacing rejuvenates the skin to reduce the effects of aging, and today's cosmetic physician ideally uses a variety of methods to resurface and rejuvenate the skin without surgery. This book examines the full range of available modalities to help the cosmetic dermatologist recommend the best approach for each patient. Topics include clinical indications, advantages, and disadvantages.

neo spca wellness clinic: The Other End of the Leash Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble

primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

neo spca wellness clinic: High-Quality, High-Volume Spay and Neuter and Other Shelter Surgeries Sara White, 2020-01-03 This comprehensive reference provides veterinarians with everything they need to know about performing surgeries such as spaying and neutering in busy animal shelters. It includes surgical and anesthetic techniques, perioperative procedures, reproductive medicine, and program management regarding dogs, cats, rabbits, and other small mammals. With more than 550 full-color images, *High-Quality, High-Volume Spay and Neuter and Other Shelter Surgeries* provides spay-neuter and shelter veterinarians with information on the most current clinical techniques. Dozens of veterinary experts offer their expert advice and knowledge on perioperative care, surgery instrumentation, infectious disease control, anesthesia protocols, CPR, the fundamentals of HQHVSN, and more. Covers all aspects of common shelter surgeries, including surgical and anesthetic techniques, perioperative procedures, reproductive medicine, and program management Provides coverage of dogs, cats, rabbits, and other small mammals Written by leaders in the field with experience in surgery, medicine, spay-neuter practice, teaching, and research *High-Quality, High-Volume Spay and Neuter and Other Shelter Surgeries* is an excellent resource for veterinarians, veterinary technicians, and students, as well as clinic and shelter owners.

neo spca wellness clinic: Nonprofit Law William L. Boyd, III, 2017 This book covers the formation, tax, governance, and documentation issues [of nonprofit organizations] ... and addresses some other areas, including mergers and sale of assets of nonprofits as well as dissolution of nonprofits. -- From the author's preface.

neo spca wellness clinic: When Your Rabbit Needs Special Care Lucile C Moore, Kathy Smith, 2008-03-01 *When Your Rabbit Needs Special Care* is an illustrated guide to the care and behavior of rabbits with special needs. The book provides information on topics as diverse as how to administer subcutaneous fluids to a rabbit and how sounds and color help promote healing. Quotes from top rabbit veterinarians and alternative healing practitioners from across the country are included, as are useful tips from rabbit owners who have had experience in dealing with particular medical conditions. The text is illustrated with both photographs and drawings, making it easy for readers to follow. Authors Lucile C. Moore and Kathy Smith provide pet owners with special-needs rabbits with information on basic care, pain control, digestive system problems, chronic illnesses, physically challenged rabbits, progressive disabilities causing mobility problems, dental care, elderbuns, and emotional issues.

neo spca wellness clinic: *The Psychology of the Human-Animal Bond* Christopher Blazina, Güler Boyraz, David Shen-Miller, 2011-06-22 There have been dramatic increases in the financial, emotional, and psychological investment in pets over the past four decades. The increasing importance of animal companions in people's lives has resulted in growing emphasis on the human-animal bond within academic literature. This book introduces practicing and emerging professionals to vital subject matter concerning this growing specialty area by providing an essential framework and information through which to consider the unique contextual backdrop of the human-animal bond. Such contexts include a wide array of themes including: issues of attachment and loss, success and frustration with making and sustaining connections, world views regarding animal ethics, familial history of neglect or abuse, and cultural dynamics that speak to the order of things between mankind and nature. Adopting a contextual stance will aid mental health professionals in appreciating why and how this connection has become a significant part of everyday life for many. As with any other important clinical dynamic, training and preparation are needed to gain competence for professional practice and research. To this end, an ensemble of international experts across the fields of psychology and mental health explore topics that will help both new and established clinicians increase and understanding of the various ways the human-animal bond

manifests itself. Perspectives from beyond the scope of psychology and mental health such as anthropology, philosophy, literature, religion, and history are included to provide a sampling of the significant contexts in which the human-animal bond is established. What brings these divergent topics together in a meaningful way is their relevance and centrality to the contextual bonds that underlie the human-animal connection. This text will be a valuable resource that provides opportunities to deepen one's expertise in understanding the psychology of the human-animal bond.

neo spca wellness clinic: Pathophysiology for the Health Professions - E- Book Barbara E. Gould, Ruthanna Dyer, 2014-04-11 A concise, easy-to-understand introduction to the fundamentals, Pathophysiology for the Health Professions, 4th Edition helps you learn to identify disease processes and disorders. Authors Barbara Gould and Ruthanna Dyer continue the tradition of a text known for its readability and vivid, full-color illustrations, updated with the latest research and clinical advances. Unique Challenge, Think About, and Emergency Treatment features help in applying the material to real-life situations. No matter which area in the healthcare field you may enter, this book provides essential preparation for conditions encountered in clinical practice. Concise and readable approach includes the information students need without overwhelming them, even if they have a limited scientific background. Unique Challenge feature asks What can go wrong with this structure or system? as a way to help students facilitate progress by using previously learned knowledge. Unique Think About boxes help with self-evaluation, test preparation, and review. Unique Emergency Treatment boxes list basic emergency measures; these can be modified to fit specific professions, established protocols, or practice settings. Research boxes discuss new developments, problem areas of pathophysiology, and complications associated with research. Warning Signs boxes summarize conditions that may develop in patients. Diagnostic tests and treatments are included for each of the major disorders. Case studies in each chapter provide a basis for discussion or can be used as an assignment. Study questions offer a self-assessment on the material in each chapter. Ready References in the appendix provide a quick lookup for anatomic terms, conversion tables, abbreviations and acronyms, diagnostic studies and tests, and more. A companion Evolve website includes web links, learning activities, content updates, and more. New content on the causes and trends related to disease, new drugs, technology, and treatment. Coverage of obesity and its complications, including an in-depth discussion of metabolic syndrome. Multiple disorder syndromes in the aged client. DNA, genetics and the Human Genome Project with current research on protein pathways in health (proteomics) and the implications for drug treatment and disease causation. Coverage of autism. Updated content on the H1N1 virus and communicable diseases; HIV, cancer causation, and immunology; and substance abuse to reflect common practices in the use of illicit (street) drugs as well as abuse of prescription medications. Case studies revised to emphasize chronic diseases, prevention, and acute care, and to apply to a wider range of health professions. Appendices reorganized for improved reference and lookup.

neo spca wellness clinic: PetSpeak The Editors of Pets: Part of the Family, 2000-09-30 Explains how dogs and cats communicate with their tails, ears, facial expressions, voices, and posture, and helps pet owners end destructive behavior and develop a mutual relationship.

neo spca wellness clinic: Medicinal Mushrooms Dinesh Chandra Agrawal, Muralikrishnan Dhanasekaran, 2019-05-13 Presents the latest R & D information on medicinal mushrooms from diverse geographical locations Offers comprehensive coverage of the most important application areas of medicinal mushrooms Includes contributions by eminently experienced researchers in the field of medicinal mushrooms Medicinal mushrooms are increasingly gaining attention worldwide because of their pharmacologically bioactive compounds, which have demonstrated potent and unique clinical properties. Scientific studies carried out during the last decade have confirmed their efficacy in treating a wide range of diseases. Extracts and bioactive compounds obtained from mushrooms have been used medicinally as anticancer, immunomodulator, antibacterial, antiviral, anti-inflammatory, anti-atherosclerotic, neuroprotectant, cardioprotectant, antioxidant, and anti-hypoglycemic agents, and in stem cell-based therapies. Introducing readers to the latest developments in, and ongoing research efforts on, medicinal mushrooms, this book gathers articles

contributed by eminent researchers in different disciplines and from around the globe. Highlighting the tremendous potential of mushrooms for the development of new drugs, the topics covered include but are not limited to: Recent progress in research on the pharmaceutical potential of medicinal mushrooms and prospects for their clinical application Edible mushroom neuronutraceuticals: Basis of therapeutics Overview of therapeutic efficacy of mushrooms Mushrooms – a wealth of resources for prospective stem cell-based therapies Mushrooms as potential natural cytostatics

neo spca wellness clinic: The Ethical Sellout Lily Zheng, Inge Hansen, 2019-10-29 We all fear selling out. Yet we all face situations that test our ideals and values with no clear right answer. In a world where compromise is an essential aspect of life, authors Lily Zheng and Inge Hansen make the bold claim that everyone sells out-and that the real challenge lies in doing so ethically. Zheng and Hansen share stories from a diversity of people who have found their own answers to this dilemma and offer new ways to think about marginalization, privilege, and self-interest. From these stories, they pull out teachable skills for taking the step from selling out to selling out ethically. The Ethical Sellout is for all those committed to maintaining their integrity in a messy world.

neo spca wellness clinic: Small Cities, Big Issues Terry Kading, 2018 Small Canadian cities confront serious social issues as a result of the neoliberal economic restructuring practiced by both federal and provincial governments since the 1980s. Drastic spending reductions and ongoing restraint in social assistance, income supports, and the provision of affordable housing, combined with the offloading of social responsibilities onto municipalities, has contributed to the generalization of social issues once chiefly associated with Canada's largest urban centres. As the investigations in this volume illustrate, while some communities responded to these issues with inclusionary and progressive actions others were more exclusionary and reactive--revealing forms of discrimination, exclusion, and othering in the implementation of practices and policies. Importantly, however their investigations reveal a broad range of responses to the social issues they face. No matter the process and results of the proposed solutions, what the contributors uncovered were distinctive attributes of the small city as it struggles to confront increasingly complex social issues. If local governments accept a social agenda as part of its responsibilities, the contributors to Small Cities, Big Issues believe that small cities can succeed in reconceiving community based on the ideals of acceptance, accommodation, and inclusion. With contributions by Lorry-Ann Austin, Jacques Caillouette, Graham Day, Robert Harding, Wendy Hulko, Paul Jenkinson, Kathie McKinnon, Sharlene Matthew, Jennifer Murphy, Diane Purvey, Mónica J. Sánchez-Flores, and Sydney Weaver

neo spca wellness clinic: The Lost Dogs Jim Gorant, 2011-09-06 An inspiring story of survival and our powerful bond with man's best friend, in the aftermath of the nation's most notorious case of animal cruelty. Animal lovers and sports fans were shocked when the story broke about NFL player Michael Vick's brutal dog fighting operation. But what became of the dozens of dogs who survived? As acclaimed writer Jim Gorant discovered, their story is the truly newsworthy aspect of this case. Expanding on Gorant's Sports Illustrated cover story, The Lost Dogs traces the effort to bring Vick to justice and turns the spotlight on these infamous pit bulls, which were saved from euthanasia by an outpouring of public appeals coupled with a court order that Vick pay nearly a million dollars in restitution to the dogs. As an ASPCA-led team evaluated each one, they found a few hardened fighters, but many more lovable, friendly creatures desperate for compassion. In The Lost Dogs, we meet these amazing animals, a number of which are now living in loving homes, while some even work in therapy programs: Johnny Justice participates in Paws for Tales, which lets kids get comfortable with reading aloud by reading to dogs; Leo spends three hours a week with cancer

patients and troubled teens. At the heart of the stories are the rescue workers who transformed the pups from victims of animal cruelty into healing caregivers themselves, unleashing priceless hope. Includes an 8-page photo insert. Watch a video

neo spca wellness clinic: Haters Bailey Poland, 2016 Cybersexism is rampant and can exact an astonishingly high cost. In some cases, the final result is suicide. Bullying, stalking, and trolling are just the beginning. Extreme examples such as GamerGate get publicized, but otherwise the online abuse of women is largely underreported. Haters combines a history of online sexism with suggestions for solutions. Using current events and the latest available research into cybersexism, Bailey Poland questions the motivations behind cybersexist activities and explores methods to reduce footprints of Internet misogyny, drawing parallels between online and offline abuse. By exploring the cases of Alyssa Funke, Rehtaeh Parsons, Audrie Pott, Zoe Quinn, Anita Sarkeesian, Brianna Wu, and others, and her personal experiences with sexism, Poland develops a compelling method of combating sexism online.

neo spca wellness clinic: The Posy Book: Garden-Inspired Bouquets That Tell a Story Teresa H. Sabankaya, 2019-05-07 "Like a favorite recipe, a posy is meant to be savored and shared. Try it yourself, and ... welcome a bit of floral enchantment into your life." —Amy Stewart, author of *The Drunken Botanist* Inspired by the Victorian-era language of flowers, a posy is a small, round bouquet of flowers, herbs, and plants meant to convey a message, such as dahlias for gratitude, sunflowers for adoration, or thyme for bravery. These floral poems have become Teresa Sabankaya's signature. Brides want them for their weddings, but a posy is a lovely gift any time of year, and one that readers can easily put together from their garden or with blooms from their local florist. In *The Posy Book*, Sabankaya shares step-by-step instructions, floral recipes for more than 20 posies, and ideas for seasonal variations. A modern floral dictionary, with 12 original paintings by celebrated illustrator Maryjo Koch, will help readers craft their own posies filled with personal meaning.

neo spca wellness clinic: Personal Faith, Public Policy Harry R. Jackson, 2008 This book names the seven areas we must engage in successfully to regain our confidence and clout, and it explains how and why we should do just that. In this positive, biblically based blue-print for activism, Harry Jackson and Tony Perkins give Christians of every color a wake-up call, presenting a strong moral platform and strategy that will enable us to stand together at this defining moment in the history of our nation. -- cover of book

neo spca wellness clinic: Masculinities and Management in Agricultural Organizations Worldwide Professor Barbara Pini, 2012-11-28 Using contemporary gender theory to examine gender and rurality beyond that of simply women/femininities, this illuminating book accurately locates the subject of masculinities within the rural/agricultural context. While there has been a wealth of literature on men and masculinities published in recent years, the climate of ideas has been typically experienced through an urban lens. This book therefore investigates new conceptual territory. Embedded in the literature on gender and rurality as well as the scholarship on gender and organizations/management, the book draws on an in-depth ethnographic study of gender relations in Australian agricultural politics. It will speak to academic audiences in rural social sciences, gender studies and management/organization studies.

neo spca wellness clinic: Steinbeck Steve Hauk, 2017-06-14 It's 1942. The novelist John Steinbeck needs character witnesses to sign his application to carry a gun in New York. He's received a threatening phone call and feels the need for self-protection. He's a relative newcomer to the Empire State - most of his close friends live back in California, so finding people to sign could be difficult for the controversial author. Feeling time is of the essence, he begins his search for character witnesses in the idyllic village of Palisades, where he makes his home. The Application is one of sixteen tales in *Steinbeck: The Untold Stories* examining the emotional and psychological toll extracted for writing the truth as Steinbeck saw it, in works such as *Of Mice and Men* and *The Grapes of Wrath*. From his days in Salinas and Los Gatos and Pacific Grove on California's Monterey Peninsula to his later years in New York, we meet the people who were important in his life as well as the dark specters of those who opposed him and what he was writing. The stories look at his

friends and contemporaries and those who outlived him. Henry, for instance, a boyhood pal who decades later sees John again in a visit to Henry's Salinas service station under cover of darkness. Or Lily, an old high school classmate who invites him to an impromptu reunion that turns dangerous for John and the other participants gathered in a park. Artists, too, were important in his world. The young couple he gave money to so they could explore Mexico and learn to paint out loud. The painter, a giant of a man, who on a summer night carried Steinbeck out of his home after an argument on labor issues. The famous film actress who accompanies him on a nervous drive, from Los Angeles up the Salinas Valley in the light of day. There were those who had little or no contact with him but were influenced and moved by his work. Beau, a charismatic chain-smoking cowboy who proudly felt he inspired the creation of a Steinbeck character. The terminally ill book collector Paul, who finds temporary escape from his worries and responsibilities by searching for Steinbeck first editions. The wanderer Bill who arrives in Monterey and is befriended by those who knew Steinbeck and instruct him in the legacy. Or the gentle woman who looks back seventy years recalling her famous marine biologist father's relationship with the writer - as well as with his own children. These and other stories are further brought to life by the gritty, character-driven illustrations of artist C. Kline. Images such as John's mother Olive gathering flowers while remembering a sad day in her youth. A young sailor off an aircraft carrier drinking with two American strangers in a Greek bar while a political coup is underway. A Big Sur trapper tearfully parting with a mountain lion named Flora. Or the writer explaining to a ghost he has no home and never did. These stories and characters provide pathos and humor to the portrait of a great writer dealing with his memories and fears. And - as Steinbeck once described it in a letter to a friend - the powerful desire to begin again and return to the ocean tide pools and star-gazing of his youth.

neo spca wellness clinic: Report and Budget Shanghai (China : International Settlement). Municipal Council, 1884

neo spca wellness clinic: *The Grey Lynn Book* Matt McEvoy, 2015 When did Grey Lynn experience its only terrorist attack? Which unique street is lined with villas on one side and bungalows on the other? Were Pasifika immigrants pushed out by white professionals? Is there a Gay Lynn? Is it really New Zealand's greenest suburb? Which local cinema was a Communist front? And what on earth does that name really mean? From the area's origins as a highly valued Maori stronghold to its status as one of the most desirable addresses in the country, Grey Lynn and its colourful stories are brought to life by Matt McEvoy in this beautifully produced book. He digs down into the layers of the area's remarkable and little-known history to show GL in all its diversity--cultures and people, institutions and traditions. This is a book for everyone who loves Grey Lynn--Back cover.

neo spca wellness clinic: Letters at 3am Michael Ventura, 1993 I'd rather have one or two of his whiplashing essays in my hands than almost any tome of philosophy. -- Thomas Moore

neo spca wellness clinic: *Knock 'em Dead Resumes* Martin Yate, 2016-11-04 Expert advice on building a resume to get the job you want! neo spca wellness clinic: *Collaborating with the Enemy* Adam Kahane, 2017-07-05 "Offers practical guidance for how to work with diverse others, which is a precondition for confronting many of the complex challenges we face." —Morris Rosenberg, President, Pierre Elliott Trudeau Foundation Collaboration is increasingly difficult and increasingly necessary. Often, to get something done that really matters to us, we need to work with people we don't agree with or like or trust. Adam Kahane has faced this challenge many times, working on big issues like democracy and

jobs and climate change and on everyday issues in organizations and families. He has learned that our conventional understanding of collaboration—that it requires a harmonious team that agrees on where it's going, how it's going to get there, and who needs to do what—is wrong. Instead, we need a new approach to collaboration that embraces discord, experimentation, and genuine cocreation—which is exactly what Kahane provides in this groundbreaking and timely book. “Kahane shows that people who don't see eye-to-eye really can come together to solve big challenges. Whether in our businesses, our governments, our communities, or our personal lives, we can all benefit from this smart and timely book.” —Mark Tercek, former President, The Nature Conservancy and coauthor of *Nature's Fortune* “Shows us how thinking and seeing differently can help us navigate this challenging landscape. Kahane abandons orthodoxy in taking on the most intransigent problems, showing us the path to effective action in a complex world.” —James Gimian, coauthor of *The Rules of Victory* “Collaborating with the Enemy belongs on the same shelf as Sun Tzu's *The Art of War* and Machiavelli's *The Prince*.” —Stephen Huddart, President, The J.W. McConnell Family Foundation

neo spca wellness clinic: *Global Ecology* Mikhail Ivanovich Budyko, 1980

neo spca wellness clinic: *Incorrigible* Velma Demerson, 2009-10-22 On a May morning in 1939, eighteen-year-old Velma Demerson and her lover were having breakfast when two police officers arrived to take her away. Her crime was loving a Chinese man, a “crime” that was compounded by her pregnancy and subsequent mixed-race child. Sentenced to a home for wayward girls, Demerson was then transferred (along with forty-six other girls) to Toronto's Mercer Reformatory for Females. The girls were locked in their cells for twelve hours a day and required to work in the on-site laundry and factory. They also endured suspect medical examinations. When Demerson was finally released after ten months' incarceration weeks of solitary confinement, abusive medical treatments, and the state's apprehension of her child, her marriage to her lover resulted in the loss of her citizenship status. This is the story of how Demerson, and so many other girls, were treated as criminals or mentally defective individuals, even though their worst crime might have been only their choice of lover. *Incorrigible* is a survivor's narrative. In a period that saw the rise of psychiatry, legislation against interracial marriage, and a populist movement that believed in eradicating disease and sin by improving the purity of Anglo-Saxon stock, Velma Demerson, like many young women, found herself confronted by powerful social forces. This is a history of some of those who fell through the cracks of the criminal code, told in a powerful first-person voice.

neo spca wellness clinic: *Butterfly Boy* Rigoberto González, 2006-09-01 Winner of the American Book Award

neo spca wellness clinic: *The Girl From Revolution Road* Ghazaleh Golbakhsh, 2020-09-01 A powerful collection of personal essays on displacement, being different and living between two worlds, told with humour and self-reflection. 'A book for our times, written with wit, lyricism, cynicism and tenderness.' Rachel House Based on Ghazaleh Golbakhsh's experience as an Iranian immigrant growing up in New Zealand, these essays range from a childhood in war-torn Iran, including the trauma of a night spent in prison as a six-year-old, to learning English so she could make friends, to dating in the days of Corona. This is about growing up as a young woman torn between her immigrant roots and her desire to be like everyone else. The humour is sometimes offset with the more sombre reminder of the racism that has always existed in this country, from misguided quips to more serious stories of harassment. The impact of recent world events shows that, more than ever, marginalised voices are needed in our cultural discourse.

neo spca wellness clinic: *The Adirondack Kids* Justin VanRiper, Gary VanRiper, 2001-02-01 Justin Robert is ten years old and likes computers, biking and peanut butter cups. But his passion is animals. When an uncommon pair of common loons takes up residence on Fourth Lake near the family camp, he will do anything he can to protect them.
