Mindfulness and Mental Wellness Quotes: Finding Calm in the Chaos

Our mental wellbeing is the cornerstone of overall health. These quotes highlight the importance of mindfulness, self-compassion, and finding peace amidst the daily grind:

"The body benefits from movement, and the mind benefits from stillness." - Sakyong Mipham: This quote perfectly encapsulates the balance needed for holistic wellness. It reminds us that while physical activity is vital, mental rest and mindfulness practices are equally crucial for optimal health.

"Self-care is not selfish. You cannot serve from an empty vessel." - Eleanor Brown: This powerful quote dismantles the societal stigma around self-care. It underscores the importance of prioritizing our own needs, reminding us that we cannot effectively care for others if we are neglecting ourselves.

"You don't have to control your thoughts, you just have to stop letting them control you." - Dan Millman: This quote speaks to the power of conscious awareness. It emphasizes the ability to observe our thoughts without judgment, recognizing that we are not defined by them.

"The greatest wealth is health." - Virgil: A timeless classic, highlighting the immeasurable value of good health above material possessions. It's a potent reminder to prioritize our physical and mental wellbeing.

Physical Health and Fitness Quotes: Fueling Your Body and Soul

Physical health is inextricably linked to our mental and emotional state. These quotes emphasize the importance of movement, nutrition, and self-acceptance:

"Take care of your body. It's the only place you have to live." - Jim Rohn: A blunt but effective reminder of the importance of self-preservation. Our bodies are our vehicles through life; taking care

of them is a non-negotiable.

"A healthy mind in a healthy body." – John Locke: This classic emphasizes the interconnectedness of physical and mental health. One cannot truly thrive without nurturing both aspects.

"The body achieves what the mind believes." – Napoleon Hill: This quote speaks to the power of positive self-talk and belief in one's capabilities. It highlights the importance of a positive mindset for achieving fitness goals.

"Exercise is king, and nutrition is queen, and together they make a kingdom." – Jack LaLanne: This quote neatly summarizes the importance of both exercise and a balanced diet for optimal physical health.

Nutrition and Diet Quotes: Nourishing Your Body with Wisdom

What we consume significantly impacts our wellbeing. These quotes encourage mindful eating and a balanced approach to nutrition:

"Let food be thy medicine and medicine be thy food." – Hippocrates: A cornerstone of holistic health, this ancient quote advocates for a diet rich in nutrient-dense foods as a primary form of healthcare.

"Eat food. Not too much. Mostly plants." – Michael Pollan: This simple yet profound guideline provides a practical and sustainable approach to nutrition.

"One cannot think well, love well, sleep well, if one has not dined well." – Virginia Woolf: This quote underscores the profound impact of proper nutrition on our cognitive, emotional, and physical functions.

Resilience and Overcoming Challenges: Finding Strength in Adversity

Life inevitably throws curveballs. These quotes offer encouragement and inspiration for navigating difficult times:

"The difference between ordinary and extraordinary is that little extra." – Jimmy Johnson: This quote highlights the importance of consistent effort and perseverance in achieving our health goals.

"Challenges are what make life interesting. Overcoming them is what makes life meaningful." – Joshua Marine: This quote reframes challenges as opportunities for growth and personal development.

"The oak sleeps in the acorn; the bird waits in the egg; and in the highest vision of the soul a waking angel stirs. Dreams are the seedlings of realities." – James Allen: This quote highlights the power of our dreams and aspirations and their potential to shape our reality.

Finding Joy and Gratitude: Cultivating a Positive Mindset

A positive mindset is a powerful tool for wellbeing. These quotes celebrate joy, gratitude, and the

simple pleasures of life:

"Health is not merely the absence of disease, but a state of complete physical, mental, and social well-being." - World Health Organization: This definition provides a comprehensive understanding of health, emphasizing its multifaceted nature.

"Gratitude unlocks the fullness of life. It turns what we have into enough, and more. It turns denial into acceptance, chaos to order, confusion to clarity." - Melody Beattie: This quote highlights the transformative power of gratitude in fostering positivity and contentment.

"Happiness is not something ready made. It comes from your own actions." - Dalai Lama: This quote reminds us that our happiness is not dependent on external factors but rather on our choices and actions.

Conclusion

The journey towards wellness is personal and unique. These quotes, while diverse in their origin and focus, share a common thread: the importance of self-awareness, mindful choices, and a commitment to nurturing both our physical and mental wellbeing. Remember, small steps consistently taken lead to significant progress. Embrace the wisdom shared in these quotes, and let them inspire you on your path to a healthier, happier life.

quotes about wellness and health: The Great Big Fitness Quote Book Cameron M. Clark, 2015-01-17 To All Personal Trainers, Training Clients, Crossfitters and more! Here's the perfect gift for a client or yourself! Finally, a book with a motivational fitness quote for every day of the year!!! Getting fit is all about reaching for, achieving, and sustaining a commitment to take care of yourself for the rest of your life. - Dara Torres (Olympic Gold Medalist) Rather than finding reasons why something cannot be done, though you know it needs to be done, get on with doing it. See problems as challenges. - Stuart McRobert (Fitness Writer) I know a lot of people say: 'If I had the money then I'd be able to achieve health, fitness, peace of mind and joy.' I can't say it enough times: your health account and your bank account are synonymous. - Jack LaLanne (Fitness Guru) For most of us, getting in shape is not easy. It involves a certain level of planning, discipline and most importantly motivation! Enter 'The Great Big Fitness Quote Book' compiled by Cameron M. Clark. A book of over 365 inspirational quotes that actually apply to health, fitness, nutrition and well-being. Think about it that's a new motivational quote for EVERY DAY OF THE YEAR! Finally, a book that collects the inspirational words of many of the best and most successful coaches, trainers, athletes, martial artists and other accomplished individuals into one handy volume you can access at any time! Make NO mistake! This is not your 'run-of-the-mill' book of 'inspirational' quotes taken from a few different Internet websites and then collected into one volume. There are a ton of those for sale already. Instead, this is a combination of many previously-Internet-published quotes and some that have never been published online. In fact, when Clark was looking for a resource like 'The Great Big Fitness Quote Book, ' he found one book with 'motivational quotes' on fitness that included a quote from one of the most notorious totalitarian dictators of the 20th Century. This led Clark to realize two things: that these quote books were not well-researched and that there would be a need for a book that actually compiled quotes that were applicable to health, wellness and fitness. With over 365 inspirational quotes, this is a collection that makes it easy for you to use a different quote each

day to get yourself into the kind of physical shape you have always wanted to attain. This book takes on all areas of Health and Fitness such as Aging, Exercise, Fat Loss, Goal Setting, Nutrition, Overcoming Obstacles and Stress among so many others with motivational words from Olympic athletes like Dara Torres, Picabo Street and Jesse Owens. You'll also find words of wisdom from popular fitness trainers like Bob Harper, Kim Lyons, Chris Powell and Jillian Michaels. Other fitness gurus quoted include Arnold Schwarzenegger, Jack LaLanne and Stuart McRobert. There are also quotes from martial artists like the legendary Bruce Lee, Georges St. Pierre and the first female UFC Champion, Ronda Rousey. Organized into nearly 50 different categories, these individually-numbered quotations are effective to read within context and easy for you to return to read again and again whenever the need for inspiration arises. Also included as a special bonus at the end of this book, there is a brief biographical information on each man and woman quoted, such as their occupation, their achievements along with the titles of some of the published works they may have written. Clark felt this information is useful in helping the reader to seek out the source of this wisdom and more importantly know they won't be reposting or quoting tyrannical dictators who oppressed their own people. The Great Big Fitness Quote Book is a 'must' for any practitioner of exercise and sports be they an amateur powerlifter, a busy mom looking for a quick workout or the aspiring athlete who just wants to take it to the next level.

quotes about wellness and health: *The Wellness Sense: A Practical Guide to your Physical and Emotional Health Based on Ayurvedic and Yogic Wisdom* Om Swami, 2015-08-10 Why do certain foods harm some people and help others? How come the results of a weight loss programme varies from individual to individual? And why do some people fall sick more often than others? The science of Ayurveda holds answers to these questions and many more. Its scriptures took a holistic approach to health by combining our lifestyle with our natural tendencies (which vary from one person to another). This groundbreaking new work from Om Swami combines the yogic view of food as sattvic, rajasic and tamasic with Ayurvedic perspective, and further relates it to the modern view of foods as acidic and alkaline. This is also the first time that Ayurvedic prakriti (vata, pitta and kapha) has been discussed in the context of yogic prakriti (sattvic, rajasic and tamasic) in a truly cohesive fashion. The Wellness Sense extracts the essence of Ayurveda, yoga and tantra to combine it with modern medicine in this simple, step-by-step handbook on how to take better care of yourself. Accessibly written, deeply researched and distilled from Om Swami's own lived experience, The Wellness Sense puts your health and happiness in your hands.

quotes about wellness and health: *Deep Medicine* Eric Topol, 2019-03-12 A Science Friday pick for book of the year, 2019 One of America's top doctors reveals how AI will empower physicians and revolutionize patient care Medicine has become inhuman, to disastrous effect. The doctor-patient relationship--the heart of medicine--is broken: doctors are too distracted and overwhelmed to truly connect with their patients, and medical errors and misdiagnoses abound. In Deep Medicine, leading physician Eric Topol reveals how artificial intelligence can help. AI has the potential to transform everything doctors do, from notetaking and medical scans to diagnosis and treatment, greatly cutting down the cost of medicine and reducing human mortality. By freeing physicians from the tasks that interfere with human connection, AI will create space for the real healing that takes place between a doctor who can listen and a patient who needs to be heard. Innovative, provocative, and hopeful, Deep Medicine shows us how the awesome power of AI can make medicine better, for all the humans involved.

quotes about wellness and health: *Emotional Wellness* Osho, 2007-04-03 How do we reconcile our need to express our emotions with our desire to protect others? Far too often we find ourselves trapped in this dilemma of expression versus repression. We fear that by expressing our true feelings, we will hurt and alienate those close to us. But by repressing our emotions—even in the benevolent guise of “self-control”—we only risk hurting ourselves. Osho, one of the most provocative and inspiring spiritual teachers of our time, provides here a practical and comprehensive approach to dealing with this conflict effectively. Incorporating new, never-before-published material, *Emotional Wellness* leads us to understand the roots of our emotions, to react to situations in a way that can teach us more about ourselves and others, and to respond to life's inevitable ups and downs with far greater confidence and equilibrium. Discover: • The impact that fear, anger, and jealousy have on our lives • How emotions like guilt, insecurity, and fear are used to manipulate us • How to break out of unhealthy responses to strong emotions • How to transform destructive emotions into creative energy • The role of society and culture on our individual emotional styles Osho's unique insight into the human mind and heart goes far beyond conventional psychology. He teaches us to experience our emotions fully and to deal with them creatively in order to achieve a richer, fuller life.

quotes about wellness and health: Happiness Is the Way Dr. Wayne W. Dyer, 2019-08-27 The first book of spiritual teachings in several years from international best-selling author and

beloved spiritual teacher Dr. Wayne W. Dyer. This book pulls from audio lectures of Wayne's from the 1990s and 2000s, restructuring them in a cohesive way to offer a fresh take on his teachings. One of Dr. Wayne Dyer's favorite quotes was When you change the way you look at things, the things you look at change. So in this book, which collects some of Wayne's most classic teachings in a new format, you will find a novel solution for most any problem you may be encountering. For, as Wayne was also fond of saying, There is no way to happiness. Happiness is the way.

quotes about wellness and health: The 22 Non-Negotiable Laws of Wellness Greg Anderson, 2012-10-30 Everything we think, say, feel, and do has a direct impact on our physical and emotional health. And yet, we overlook this fundamental truth every day. A solution exists. The 22 Non-Negotiable Laws of Wellness advocates a holistic no-nonsense approach to health and well-being that is keenly sensitive to all facets of body, mind, and spirit. These twenty-two keys provide the definitive toolkit for achieving your own high-level wellness.

quotes about wellness and health: A Beautiful Work in Progress Mirna Valerio, 2017 Runners' vocabulary is full of acronyms like DNS for Did Not Start and DNF for Did Not Finish, but when Mirna Valerio stepped up to the starting line, she needed a new one: DNQ for Did Not Quit. Valerio has tied on her running shoes all across the country, from the dusty back roads of central New Jersey to the busy Route 222 corridor in Pennsylvania to the sweltering deserts of Arizona. When you meet her on the trail, you might be surprised to see she doesn't quite fit the typical image of a long-distance runner. She's neither skinny nor white, and she's here to show just how misguided these stereotypes can be. In this prejudice-busting, body-positive memoir told with raw honesty, an adventurous spirit, and a sharp sense of humor, Valerio takes readers along on her journey from first-time racer to ultramarathoner and proves that anyone can become a successful athlete.

quotes about wellness and health: Exercised Daniel Lieberman, 2021 In industrialized nations, our sedentary lifestyles have contributed to skyrocketing rates of obesity and diseases like diabetes. A key remedy, we are told, is exercise - voluntary physical activity for the sake of health. However, most of us struggle to stay fit, and our attitudes to exercise are plagued by misconceptions, finger-pointing and anxiety. But, as Daniel Lieberman shows in *Exercised* the first book of its kind by a leading scientific expert, we never evolved to exercise. We are hardwired for moderate exertion throughout each day, not triathlons or treadmills. Drawing on over a decade of high-level scientific research and eye-opening insights from evolutionary biology and anthropology, Lieberman explains precisely how exercise can promote health; debunks persistent myths about sitting, speed, strength and endurance; and points the way towards more enjoyable and physically active living in the modern world.

quotes about wellness and health: Smart People Don't Diet Charlotte N. Markey, 2015-02-11 Being on a diet is a miserable experience for most people, and it rarely leads to the desired goal of shedding fat. In fact, studies show that dieters often gain weight rather than lose it, because the intensity, restrictions, and short duration of most diets means they are ill - equipped to produce long - term effects. In *Smart People Don't Diet*, Dr Charlotte N. Markey presents a refreshingly different perspective, addressing the underlying causes of weight gain and offering proven strategies for lasting weight management. This book will show you how to eat well, lose weight, and keep it off - without dieting. The gimmicks don't work, but Dr Markey's reasonable, accessible advice will help you get - and stay - healthy.

quotes about wellness and health: Ikigai Héctor García, Francesc Miralles, 2017-08-29 INTERNATIONAL BESTSELLER • 2 MILLION+ COPIES SOLD WORLDWIDE “Workers looking for more fulfilling positions should start by identifying their ikigai.” —Business Insider “One of the unintended—yet positive—consequences of the [pandemic] is that it is forcing people to reevaluate their jobs, careers, and lives. Use this time wisely, find your personal ikigai, and live your best life.” —Forbes Find your ikigai (pronounced ee-key-guy) to live longer and bring more meaning and joy to all your days. “Only staying active will make you want to live a hundred years.” —Japanese proverb According to the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world’s longest-living people, finding it is the key to a

happier and longer life. Having a strong sense of ikigai—where what you love, what you're good at, what you can get paid for, and what the world needs all overlap—means that each day is infused with meaning. It's the reason we get up in the morning. It's also the reason many Japanese never really retire (in fact there's no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they've found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world's Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn't want to find happiness in every day?

quotes about wellness and health: Master Your Metabolism Jillian Michaels, Mariska van Aalst, Christine Darwin, 2009-04-07 Does it feel as if you're fighting your body to lose even one pound—or just to maintain your current weight? Respected health and wellness expert and bestselling author Jillian Michaels has been there, too. So she consulted top experts in the field of metabolism and discovered that she'd inadvertently been abusing her endocrine system for years. After “fixing” her own metabolism, she decided to share what she learned by devising this simple, 3-phase plan that engages all the weight-loss hormones (including the friendly HGH, testosterone, DHEA; and the not-so-friendly: insulin, cortisol, and excess estrogen). In Master Your Metabolism, discover how to: • REMOVE “anti-nutrients” from your diet • RESTORE foods that speak directly to fat-burning genes • REBALANCE energy and your hormones for effortless weight loss Michaels offers a wealth of information throughout, including: shopping lists and online shopping resources, hormone-trigger food charts, how to eat “power nutrient” foods on a budget, smart strategies for eating out, quick and easy recipes, as well as mini-programs for addressing PMS, andropause, metabolic syndrome, PCOS, and menopause.

quotes about wellness and health: Resilience Eric Greitens, 2015 A masterpiece of warrior wisdom: how to be resilient, how to overcome obstacles not by positive thinking or self-esteem, but by positive action. The bestselling author, Navy SEAL, and humanitarian Eric Greitens offers a self-help book unlike any other.

quotes about wellness and health: The Real Food Grocery Guide Maria Marlowe, 2017-06 The Real Food Grocery Guide provides actionable answers to the multitude of nutrition questions that arise during your trips to the grocery store and puts you on a path to a healthy diet and lifestyle.

quotes about wellness and health: Project 333 Courtney Carver, 2020-03-03 Wear just 33 items for 3 months and get back all the JOY you were missing while you were worrying what to wear. In Project 333, minimalist expert and author of Soulful Simplicity Courtney Carver takes a new approach to living simply--starting with your wardrobe. Project 333 promises that not only can you survive with just 33 items in your closet for 3 months, but you'll thrive just like the thousands of woman who have taken on the challenge and never looked back. Let the de-cluttering begin! Ever ask yourself how many of the items in your closet you actually wear? In search of a way to pare down on her expensive shopping habit, consistent lack of satisfaction with her purchases, and ever-growing closet, Carver created Project 333. In this book, she guides readers through their closets item-by-item, sifting through all the emotional baggage associated with those oh-so strappy high-heel sandals that cost a fortune but destroy your feet every time you walk more than a few steps to that extensive collection of never-worn little black dresses, to locate the items that actually look and feel like you. As Carver reveals in this book, once we finally release ourselves from the

cyclical nature of consumerism and focus less on our shoes and more on our self-care, we not only look great we feel great-- and we can see a clear path to make other important changes in our lives that reach far beyond our closets. With tips, solutions, and a closet-full of inspiration, this life-changing minimalist manual shows readers that we are so much more than what we wear, and that who we are and what we have is so much more than enough.

quotes about wellness and health: Food Matters Mark Bittman, 2008-12-30 From the award-winning champion of culinary simplicity who gave us the bestselling *How to Cook Everything* and *How to Cook Everything Vegetarian* comes *Food Matters*, a plan for responsible eating that's as good for the planet as it is for your weight and your health. We are finally starting to acknowledge the threat carbon emissions pose to our ozone layer, but few people have focused on the extent to which our consumption of meat contributes to global warming. Think about it this way: In terms of energy consumption, serving a typical family-of-four steak dinner is the rough equivalent of driving around in an SUV for three hours while leaving all the lights on at home. Bittman offers a no-nonsense rundown on how government policy, big business marketing, and global economics influence what we choose to put on the table each evening. He demystifies buzzwords like organic, sustainable, and local and offers straightforward, budget-conscious advice that will help you make small changes that will shrink your carbon footprint -- and your waistline. Flexible, simple, and non-doctrinaire, the plan is based on hard science but gives you plenty of leeway to tailor your food choices to your lifestyle, schedule, and level of commitment. Bittman, a food writer who loves to eat and eats out frequently, lost thirty-five pounds and saw marked improvement in his blood levels by simply cutting meat and processed foods out of two of his three daily meals. But the simple truth, as he points out, is that as long as you eat more vegetables and whole grains, the result will be better health for you and for the world in which we live. Unlike most things that are virtuous and healthful, Bittman's plan doesn't involve sacrifice. From Spinach and Sweet Potato Salad with Warm Bacon Dressing to Breakfast Bread Pudding, the recipes in *Food Matters* are flavorful and sophisticated. A month's worth of meal plans shows you how Bittman chooses to eat and offers proof of how satisfying a mindful and responsible diet can be. Cheaper, healthier, and socially sound, *Food Matters* represents the future of American eating.

quotes about wellness and health: Healthful Living Ellen G. White, 1994-10 *Healthful Living* was originally published by the Medical Missionary Board, Battle Creek, Michigan, under the title *Instruction Relating to the Principles of Healthful Living*. So popular when it first came out that it became necessary to come out with a second and then a third edition the first year. We have reproduced this 1898 third edition which also contained two additional chapters, *God in Nature* and *The Spirit Filled Life*. In the third edition an appendix of parallel Scripture references was included. This Scripture referenced appendix will be found exceedingly helpful in making clear to the mind of the reader the fact that the principles presented in this work are not mere human inventions; but are a part of the divine order appointed for the human family at the beginning, and which is to be restored when all things are made new. Wherever it has been received, this book has been recognized as a veritable storehouse of seed thoughts relating to the great practical themes with which it deals.

quotes about wellness and health: *No Such Thing as Normal* Bryony Gordon, 2021-01-07 'Mental illness has led to some of the worst times of my life... but it has also led to some of the most brilliant. Bad things happen, but good things can come from them. And strange as it might sound, my mental health has been vastly improved by being mentally ill.' From depression and anxiety to personality disorders, one in four of us experience mental health issues every year and, in these strange and unsettling times, more of us than ever are struggling to cope. In *No Such Thing As Normal*, Bryony offers sensible, practical advice, covering subjects such as sleep, addiction, worry, medication, self-image, boundary setting, therapy, learned behaviour, mindfulness and, of course - as the founder of Mental Health Mates - the power of walking and talking. She also strives to equip those in need of help with tools and information to get the best out of a poorly funded system that can be both frightening and overwhelming. The result is a lively, honest and direct guide to mental health that cuts through the Instagram-wellness bubble to talk about how each of us can feel stronger, better and just a little bit less alone.

quotes about wellness and health: *Living the Simply Luxurious Life* Shannon Ables, 2018-10-07 What can you uniquely give the world? We often sell ourselves short with self-limiting beliefs, but most of us would be amazed and delighted to know that we do have something special - our distinctive passions and talents - to offer. And what if I told you that what you have to give will also enable you to live a life of true contentment? How is that possible? It happens when you embrace and curate your own simply luxurious life. We tend to not realize the capacity of our full potential and settle for what society has deemed acceptable. However, each of us has a unique journey to travel if only we would find the courage, paired with key skills we can develop, to step forward. This book will help you along the deeper journey to discovering your best self as you begin to trust your intuition and listen to your curiosity. You will learn how to: - Recognize your innate strengths - Acquire the skills needed to nurture your best self - Identify and navigate past societal limitations often placed upon women - Strengthen your brand both personally and professionally - Build a supportive and healthy community - Cultivate effortless style - Enhance your everyday meals with seasonal fare - Live with less, so that you can live more fully - Understand how to make a successful fresh start - Establish and mastermind your financial security - Experience great pleasure and joy in relationships - Always strive for quality over quantity in every arena of your life Living simply luxuriously is a choice: to think critically, to live courageously, and to savor the everyday as much as the grand occasions. As you learn to live well in your everyday, you will elevate your experience and recognize what is working for you and what is not. With this knowledge, you let go of

the unnecessary, thus simplifying your life and removing the complexity. Choices become easier, life has more flavor, and you begin to feel deeply satisfying true contentment. The cultivation of a unique simply luxurious life is an extraordinary daily journey that each of us can master, leading us to our fullest potential.

quotes about wellness and health: *MindJournal* Ollie Aplin, 2017-05-04 The simple aim of this book is to help and support you through life. It is a tool to help you be a stronger version of the man you already are. Back in the day, keeping a journal was the manly thing to do. All the great thinkers, writers and explorers of the past kept a journal on a regular basis - from Ernest Hemmingway to Bruce Lee. It was a simple habitual practice; a clever therapeutic outlet, particularly for men, that has been lost. This book aims to bring it back. While the gym strengthens your body, think about this book as a workout for your mind. This is brain training to build a positive mental attitude and, ultimately, a better and more resilient you. Contains three interactive sections: Warm Up, Hurdles and Strength, each with prompts, challenges and motivators to help get you started. Plus the MindManual, which offers further support, checks and advice to keep your brain training on track.

quotes about wellness and health: *Carve Your Life* Prem Jagyasi, 2019-01-22 We have more things, but are we more of ourselves? Carvism, the author's indigenously developed philosophy, is the art of carving away unnecessary things and keeping only that which is of true value. As we grow older, we begin accumulating many needless beliefs, opinions, habits and tendencies. By the time we are adults, our true self is already hidden behind the rocks of superfluities. We are prisoners of the unnecessary, and the only way to free our beautiful true self is by chipping away the inessential from our lives. Just as a sculptor carves out the beauty hidden in a piece of stone, we, too, need to take a

hammer and chisel to our selves. The first section provides an insight into various principles of Carvism. This section is followed by self-carving qualities, which are the essential abilities you need to carve out the life you want. 'Shape your mind' is about using human psychology and the subconscious mind to your advantage. 'Find your passion' shows you the way to discover your inner calling. Subsequent chapters provide step-by-step instructions on inculcating the true essence of Carvism in one's professional and personal life, and explain how the Carve Your Life philosophy can put them on the path to discovering their true selves. About Author About the author Dr Prem Jagyasi, an award-winning global leader and acclaimed life coach, has been to 65 countries to deliver keynote speeches and conduct focused workshops. Renowned for delivering succinct and customized Carve Your Life training programmes, Dr Prem utilizes his vast experience, cultural knowledge and signature Carvism Principles to establish lively communication with his audiences. Each of those principles aims to help enrich the individual's life and realize organizational success alike. His untiring zest for traveling allowed him to glean incredible life experiences. Over the years, Dr Prem has spent time with people from different cultures, from the African tribes who wear nothing to consulting for global businesses and political figures who lead the world. As an entrepreneur, he runs a boutique consulting and training firm, and manages a thriving web magazine network with several magnificent websites on life improvement topics with the patronage of millions of loyal readers from across the globe.
