Services Offered by Paws Spay Neuter and Wellness Clinic: Your Pet's Complete Healthcare Partner

Are you looking for a compassionate and comprehensive veterinary clinic that prioritizes the well-being of your furry friend? At Paws Spay Neuter and Wellness Clinic, we offer a wide range of services designed to keep your pet healthy and happy throughout their life. This comprehensive guide will delve into the specific services we provide, ensuring you have all the information you need to make informed decisions about your pet's care. We'll cover everything from routine wellness checks to advanced surgical procedures, highlighting why Paws Spay Neuter and Wellness Clinic is your ideal choice for exceptional pet care.

1. Spay and Neuter Services: A Foundation of Responsible Pet Ownership

Our clinic is dedicated to promoting responsible pet ownership, and spay and neuter services are at the heart of our mission. We offer safe and efficient spay and neuter procedures for dogs and cats of all ages and breeds. Our experienced veterinary surgeons utilize the latest techniques to minimize discomfort and ensure a smooth recovery. We also provide pre- and post-operative care instructions to help you support your pet during this crucial period. We understand the importance of affordable access to these procedures, and we strive to keep our prices competitive while maintaining the highest standards of care. We often have special offers and discounts available, so be sure to inquire about current promotions.

2. Wellness Exams: Preventative Care for a Longer, Healthier Life

Regular wellness exams are essential for detecting potential health problems early, when they are often easier and less expensive to treat. At Paws Spay Neuter and Wellness Clinic, our comprehensive wellness exams include a thorough physical examination, weight assessment, and age-appropriate vaccinations. We'll discuss your pet's lifestyle, diet, and any concerns you may have, providing personalized recommendations for preventative care. We believe in open communication and will answer all your questions to ensure you feel confident in your pet's healthcare plan. Our goal is to partner with you to maintain your pet's optimal health for years to come.

3. Vaccinations: Protecting Your Pet from Preventable Diseases

Vaccinations are a critical component of preventative care, shielding your

pet from a range of potentially life-threatening diseases. We offer a full range of core and non-core vaccinations tailored to your pet's age, breed, lifestyle, and risk factors. We use only high-quality vaccines and administer them safely and efficiently. We will discuss the benefits and risks of each vaccination, ensuring you make an informed decision for your pet's protection. We also maintain detailed vaccination records to help you track your pet's immunization status.

4. Dental Care: Maintaining Oral Health and Overall Well-being

Dental disease is incredibly common in pets and can lead to serious health problems if left untreated. At Paws Spay Neuter and Wellness Clinic, we provide comprehensive dental care services, including professional teeth cleaning under anesthesia, extractions, and oral surgery. Regular dental cleanings can help prevent periodontal disease, gum inflammation, and tooth loss. We'll discuss the importance of regular dental care and provide guidance on maintaining your pet's oral health at home.

5. Diagnostic Services: Accurate Diagnoses for Effective Treatment

Accurately diagnosing your pet's illness is crucial for effective treatment. Our clinic offers a variety of diagnostic services, including blood work, urinalysis, X-rays, and ultrasound. These advanced diagnostic tools enable our veterinarians to quickly and accurately identify the underlying cause of your pet's symptoms, allowing for prompt and targeted treatment. We understand the anxiety that can accompany a sick pet, and we strive to provide timely and informative diagnostic results.

6. Medical and Surgical Services: Comprehensive Care for Various Conditions

Paws Spay Neuter and Wellness Clinic provides a wide range of medical and surgical services to address various conditions in your pets. This includes managing chronic diseases like diabetes and kidney disease, treating infections and injuries, and performing complex surgical procedures. Our experienced veterinary team is well-equipped to handle a variety of situations, from minor ailments to more serious medical conditions. We use advanced surgical techniques and equipment to ensure your pet receives the best possible care.

7. Microchipping: Protecting Your Pet Against Loss

Losing a beloved pet can be devastating. Microchipping provides a permanent form of identification, increasing the chances of a safe reunion should your pet become lost. Our clinic offers safe and painless microchipping services, ensuring your pet has a lifelong identifier. We'll register your pet's microchip information in a national database, giving you peace of mind knowing your pet can be easily identified.

Conclusion

At Paws Spay Neuter and Wellness Clinic, we are committed to providing comprehensive, compassionate, and affordable veterinary care. Our wide range of services ensures your pet receives the highest quality healthcare throughout their life. We strive to build strong relationships with our clients, providing personalized attention and expert advice. Schedule an appointment today and experience the Paws Spay Neuter and Wellness Clinic difference!

FAQs

1. Do you offer emergency services? While we don't operate as a 24/7 emergency clinic, we prioritize urgent cases and will work with you to find the closest emergency veterinary facility if needed.
1. What payment options do you accept? We accept cash, checks, and most major credit cards. We may also offer payment plans for certain procedures; please inquire at the time of scheduling.
1. What breeds of animals do you treat? We primarily focus on dogs and cats, however, we are happy to consult on a case-by-case basis for other small animals.
1. Do you provide grooming services? No, we currently don't offer grooming services, but we can provide recommendations for reputable groomers in the area.
1. How can I schedule an appointment? You can schedule an appointment by calling us at [Phone Number] or by visiting our website at [Website Address] to book online.

Services Offered by Paws Spay/Neuter and Wellness Clinic: Your Pet's Complete Healthcare Partner

Are you searching for comprehensive, compassionate pet care in a clean and comfortable environment? Look no further! Paws Spay/Neuter and Wellness Clinic offers a wide range of services designed to keep your beloved furry friend healthy and happy throughout their life. This comprehensive guide will delve into the specific services we offer, ensuring you have all the

information you need to make informed decisions about your pet's well-being. We're committed to providing top-tier veterinary care with a focus on preventative medicine and a gentle, understanding approach.

Spay and Neuter Services: A Foundation of Pet Wellness

At Paws Spay/Neuter and Wellness Clinic, we understand the importance of spaying and neutering. This is not just a procedure; it's a crucial step in responsible pet ownership. Our skilled surgeons perform safe and efficient spay and neuter surgeries for cats and dogs of all ages and breeds. We utilize the latest techniques and anesthesia protocols to ensure minimal discomfort and a swift recovery. We also offer pre-surgical consultations to address any questions or concerns you may have, ensuring a smooth and stress-free experience for both you and your pet. Beyond the immediate benefits, spaying and neutering significantly reduces the risk of several health problems, including certain cancers and reproductive-related diseases.

Preventative Care: Keeping Your Pet Healthy and Happy

Preventative care is the cornerstone of a long and healthy life for your pet. At Paws Spay/Neuter and Wellness Clinic, we offer a comprehensive range of preventative services, tailored to the specific needs of your animal companion. This includes:

Annual Wellness Exams: These thorough checkups allow us to monitor your pet's overall health, detect early signs of disease, and provide personalized advice on nutrition, exercise, and preventative measures. We'll assess their weight, listen to their heart and lungs, examine their teeth and gums, and address any concerns you might have.

Vaccinations: We administer core and non-core vaccines to protect your pet against common and potentially life-threatening diseases. Our vaccination schedules are tailored to your pet's age, lifestyle, and risk factors. We use high-quality, safe vaccines and are committed to keeping your pet up-to-date on all recommended vaccinations.

Parasite Prevention: Fleas, ticks, heartworms, and intestinal parasites can significantly impact your pet's health and well-being. We offer a range of effective parasite prevention options, including monthly medications and topical treatments. We'll help you choose the best option for your pet's individual needs and lifestyle.

Dental Care: Oral health is an often-overlooked aspect of pet wellness. We offer professional dental cleanings to remove plaque and tartar buildup, preventing gum disease and other oral health problems. We also provide instruction on proper at-home dental care to maintain your pet's sparkling smile.

Diagnostic and Therapeutic Services: Addressing Health Concerns

When your pet is unwell, timely and accurate diagnosis is crucial. At Paws Spay/Neuter and Wellness Clinic, we offer a comprehensive range of diagnostic and therapeutic services, including:

Laboratory Testing: We perform in-house bloodwork, urinalysis, and fecal exams to quickly identify and diagnose various health issues. For more

specialized tests, we have established relationships with reputable external laboratories.

Radiology (X-rays): Our clinic is equipped with state-of-the-art X-ray equipment to aid in diagnosing bone fractures, internal organ problems, and other conditions.

Ultrasound: Ultrasound imaging provides detailed images of internal organs, allowing for accurate diagnosis of various health problems.

Medication and Treatment: We offer a wide range of medications and treatments to address a variety of health concerns, from minor illnesses to more complex conditions. We work closely with specialists when necessary to provide the best possible care for your pet.

Senior Pet Care: Addressing the Unique Needs of Aging Animals

As your pet ages, their healthcare needs evolve. We understand the unique challenges of senior pet care and offer specialized services to ensure your aging companion enjoys a comfortable and fulfilling life. This includes:

Geriatric Wellness Exams: These exams focus on the specific age-related changes that can occur in senior pets, allowing us to detect and address potential health problems early.

Pain Management: We offer a range of pain management options to help senior pets maintain comfort and mobility.

Nutritional Counseling: We provide guidance on appropriate nutrition for senior pets, helping them maintain a healthy weight and receive the nutrients they need to thrive.

Microchipping: Ensuring Your Pet's Safe Return

Microchipping is a simple, safe, and highly effective method of permanent identification for your pet. We offer microchipping services, providing your pet with a unique identifier that can be scanned by animal shelters and veterinarians if they ever become lost. This greatly increases the chances of a happy reunion.

Beyond the Basics: Additional Services

In addition to the services listed above, Paws Spay/Neuter and Wellness Clinic offers other specialized services to meet the needs of our clients and their pets. These can include nutritional counseling, weight management programs, and behavioral consultations (we may refer out to a certified specialist for these advanced behavioral needs). We are always happy to discuss your pet's specific needs and find solutions together.

Conclusion

At Paws Spay/Neuter and Wellness Clinic, we are dedicated to providing exceptional veterinary care in a compassionate and friendly environment. Our comprehensive range of services is designed to address all aspects of your pet's health and well-being, from preventative care to advanced diagnostics and treatment. We strive to build long-lasting relationships with our clients, working collaboratively to ensure their beloved pets live long, happy, and healthy lives. Contact us today to schedule an appointment and let

us help you provide the best possible care for your furry friend.

Frequently Asked Questions (FAQs)

Q1: Do you offer emergency services?

A1: While we don't operate as a 24/7 emergency clinic, we can provide urgent care for many issues during our regular business hours and will always strive to work with you to find appropriate immediate care if needed. We'll provide you with resources and referrals for after-hours emergency care.

Q2: What payment options do you accept?

A2: We accept cash, checks, and most major credit cards. We may also be able to arrange payment plans for larger procedures, please ask for details.

Q3: What breeds of animals do you treat?

A3: We primarily treat cats and dogs, but always welcome inquiries from clients with other small companion animals; however, we may need to refer them to a specialized veterinarian based on their needs.

Q4: Do you offer grooming services?

A4: No, we do not currently offer grooming services but can provide recommendations for reputable local groomers.

Q5: How far in advance should I schedule an appointment?

A5: We recommend scheduling appointments in advance, especially for surgeries and certain diagnostic procedures. However, we always make an effort to accommodate urgent requests as best we can. Please call us to check availability.

services offered by paws spay neuter and wellness clinic: *Handbook on Animal-Assisted Therapy* Aubrey H Fine, 2015-05-12 In the 15 years since the first edition of Handbook on Animal-Assisted Therapy published, the field has changed considerably. The fourth edition of the Handbook highlights advances in the field, with 11 new chapters and over 40% new material. In reading this book, therapists will discover the benefits of incorporating animal-assisted therapy (AAT) into their practices, best practices in animal-assisted intervention, how to design and implement animal-assisted interventions, and the efficacy of AAT with different disorders and patient populations. Coverage includes the use of AAT with children, the elderly, those receiving palliative care, as well as people with chronic disorders, AIDS, trauma, and autistic spectrum disorders. Additional chapters cover techniques for working with families, in juvenile and criminal justice systems, and in colleges and universities. - Summarizes efficacy research on AAT - Identifies how to design and implement animal assisted interventions - Provides methods, standards, and guidelines for AAT - Discusses AAT for children, the elderly, and special populations - Describes AAT use in different settings - Includes 11 new chapters and 40% new material

services offered by paws spay neuter and wellness clinic: *Speaking for Spot* Nancy Kay, 2011-08-06 Provides hundreds of tips to help dog owners make well-informed decisions for their pets, including information on finding the right doctor, understanding veterinary vocabulary and technology, getting a second opinion, and supporting one's pet through various stages of illness.

services offered by paws spay neuter and wellness clinic: *The Royal Treatment* Barbara Royal, Anastasia Royal, 2013-06-25 A natural health, holistic medicine guide for your pet written by an innovative veterinarian with a background in zoo and wildlife medicine.

services offered by paws spay neuter and wellness clinic: *Pet-Specific Care for the Veterinary Team* Lowell Ackerman, 2021-03-23 A practical guide to identifying risks in veterinary patients and tailoring their care accordingly Pet-specific care refers to a practice philosophy that seeks to proactively provide veterinary care to animals throughout their lives, aiming to keep pets healthy and treat them effectively when disease occurs. Pet-Specific Care for the Veterinary Team offers a practical guide for putting the principles of pet-specific care into action. Using this approach, the veterinary team will identify risks to an individual animal, based on their particular circumstances, and respond to these risks with a program of prevention, early detection, and treatment to improve health outcomes in pets and the satisfaction of their owners. The book combines information on medicine and management, presenting specific guidelines for appropriate medical interventions and material on how to improve the financial health of a veterinary practice in the process. Comprehensive in scope, and with expert contributors from around the world, the book covers pet-specific care prospects, hereditary and non-hereditary considerations, customer service implications, hospital and hospital team roles, and practice management aspects of pet-specific care. It also reviews specific risk factors and explains how to use these factors to determine an action plan for veterinary care. This important book: Offers clinical guidance for accurately assessing risks for each patient Shows how to tailor veterinary care to address a patient's specific risk factors Emphasizes prevention, early detection, and treatment Improves treatment outcomes and provides solutions to keep pets healthy and well Written for veterinarians, technicians and nurses, managers, and customer service representatives, Pet-Specific Care for the Veterinary Team offers a hands-on guide to taking a veterinary practice to the next level of care.

services offered by paws spay neuter and wellness clinic: *The Cat Who Cried for Help* Nicholas Dodman, 1999-02-02 In this groundbreaking book, Dr. Nicholas Dodman does for feline psychology what he did for canines in his widely acclaimed *The Dog Who Loved Too Much*. Here he reveals the fascinating, and often frustrating, mind of one of our most popular--and certainly most independent--animal companions, and shows how we can coexist peacefully with even the stubbornest of cats. What do you do about a cat determined to tear your sofa to shreds? Or one who gorges himself on your best running shoes . . . or attacks anyone who dares to open the refrigerator

door? Drawing on remarkable real-life stories from his practice at the prestigious Tufts University School of Veterinary Medicine, Dr. Dodman shares the unique, compassionate, dramatically successful treatment programs that have given problem cats a new lease on life . . . and their perplexed owners long-term solutions to even the most intractable disorders. As any cat owner knows, changing a cat's behavior can seem like an impossible task. But contrary to popular belief, cats can be trained and cured of irritating habits and undesirable behaviors. The Cat Who Cried for Help shows how minor adjustments in diet, exercise regimen, and environment can effect dramatic breakthroughs in resolving almost any feline problem. From cat panic attacks to eating disorders, from litterbox aversion to depression and a wide range of feline phobias, Dr. Dodman has successfully treated and resolved these and many other heretofore untreatable behaviors. Inside, you'll meet Ashley, the boss-cat who literally bites the hand that feeds him; Jonathan, the binge-eater; Rubles, the Abyssinian Jekyll and Hyde, pussycat one minute, man-eating tiger the next; and Thomas, the cat who cried for help--a little too loudly. Dr. Dodman's techniques are based on the most up-to-date research in pharmacology and feline behaviorism. Yet the primary objective of his treatments is to respect and protect the qualities of independence and dignity fundamental to a cat's nature. Including descriptions of symptoms, treatment options, and tips on prevention, The Cat Who Cried for Help provides everything you need to know to ensure both you and your feline friend a long, happy, and healthy relationship. If you've ever wanted to better understand the nature of this mysterious, enigmatic, and fascinating creature, Dr. Dodman's book provides a penetrating look into the intriguing and intricate world of the cat in your life.

services offered by paws spay neuter and wellness clinic: 50 Ways to Wake Your Human Scott Metzger, 2020-11-02 50 Ways to Wake Your Human is the second collection of cat cartoons by Scott Metzger. Cat lovers will appreciate the comics, which highlight the ridiculous behavior of felines (and humans) through topics such as music, social media, parenthood, relationships, and living in quarantine. This book will make you laugh, smile, and further appreciate our weird, furry friends who wake us up in the wee hours of the morning.

services offered by paws spay neuter and wellness clinic: City the Kitty Lori Shepler, 2013-04-15

services offered by paws spay neuter and wellness clinic: Healing Pets with Nature's Miracle Cures Henry Pasternak, 2001

services offered by paws spay neuter and wellness clinic: Piglet Melissa Shapiro, Mim Eichler Rivas, 2021-08-03 In the tradition of the beloved New York Times bestsellers Marley and Me and Oogy: The Dog Only a Family Could Love, a charming, inspirational memoir about empathy, resilience, kindness, and an adorable deaf blind pink dog. When Connecticut veterinarian Melissa Shapiro gets a call about a tiny deaf blind puppy rescued from a hoarding situation in need of fostering, she doesn't hesitate to say, "yes." Little does she know how that decision will transform her, her family, and legions of admirers destined to embrace the saga of the indomitable pink pup. One of the most anxious dogs Melissa had ever encountered, the traumatized Piglet weighed under two pounds upon his welcome into the Shapiro household—which included Melissa's husband Warren and their three college-aged kids, plus six other rescued dogs. After weeks of reassurance, and lots of love, Piglet connected, gained confidence, and his extraordinary spirit emerged. Melissa soon forged a powerful bond with Piglet, allowing the two to communicate without sound or visual cues. Two months later, when the day arrived to say good-bye to the now dashing, six-pound pink boy dog with the larger than life spirit, Melissa faced a heart-wrenching decision. Could she hand him over to someone willing to give Piglet the full-time attention he required or could she adapt her schedule and her household to make a permanent place for him in her life and work? Of course, the answer was simple: love would find a way. Curious, engaged, and incredibly eager to learn, Piglet quickly became part of the family. What started out as a few simple Facebook posts of Piglet and his pack rapidly evolved into a global celebration of Piglet's infectious positive mindset. Piglet: The Unexpected Story of a Deaf, Blind, Pink Puppy and His Family fully illustrates this heartwarming story of one special little puppy with a purpose to teach the power of empathy, love, and kindness.

services offered by paws spay neuter and wellness clinic: Tiny But Mighty Hannah Shaw, 2019-08-06 *A New York Times Bestseller* #1 National Bestseller Indie Bestseller From Kitten Lady, the professional kitten rescuer, humane educator, animal advocate, and owner of the popular

Instagram @kittenxlady comes the definitive book on saving the most vulnerable—and adorable—feline population: newborn kittens. Hannah Shaw, better known as Kitten Lady, has dedicated her life to saving the tiniest felines, but one doesn't have to be a professional kitten rescuer to change—and save—lives. In *Tiny but Mighty*, Hannah not only outlines the dangers newborn kittens face and how she combats them, but how you can help every step of the way, from fighting feline overpopulation on the streets to fostering unweaned kittens, from combating illness to combating compassion fatigue, from finding a vet to finding the purrfect forever home. Filled with information on animal welfare, instructional guides, and personal rescue stories of kittens like Chloe, Tidbit, Hank, and Badger—not to mention hundreds of adorable kitten photos—*Tiny but Mighty* is the must-have kitten book for cat lovers, current-and-future rescuers, foster parents, activists, and advocates.

services offered by paws spay neuter and wellness clinic: *Feline Dentistry* Jan Bellows, 2022-05-03 FELINE DENTISTRY The most up-to-date version of the leading resource on veterinary dentistry in cats The Second Edition of *Feline Dentistry* delivers a comprehensive exploration of the specific considerations required to provide dental care to cats that emphasizes their unique needs. The updated Second Edition includes brand-new material and approximately 300 new images illustrating diseases, conditions, and procedures discussed within the book. The new edition combines the pathology and treatment information to provide additional context which helps make it more clinically relevant. The book also offers: A thorough introduction to feline oral assessment, including anatomy, oral examinations, radiology, and charting Comprehensive explorations of dental pathology and treatment in cats, including necessary equipment and materials and anesthesia and pain control Practical discussions of dental pathology prevention in felines, including plaque and tartar control Perfect for veterinary general practitioners and veterinary students, *Feline Dentistry* Second Edition will also be useful to veterinary technicians seeking a one-stop, visual resource on feline-specific dentistry.

services offered by paws spay neuter and wellness clinic: *Bone Hunt* AMONster02, 2014-09-01 This is a story about a boy and his dinosaur... Meet Ryan. He's returned to Singapore after years in America and made to go to a school where he has exactly NO friends. Not one. Worse, there's a bully who's out to get him and lessons are incredibly incredibly dull, until... a new teacher arrives. And along with him, he brings a surprise. Little does Ryan realise that he will soon embark on an incredible journey through time to meet a T-Rex, discover ancient cave paintings and be chased by a sabre-tooth tiger!

services offered by paws spay neuter and wellness clinic: *The Other End of the Leash* Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

services offered by paws spay neuter and wellness clinic: *Handbook of Applied Dog Behavior and Training, Adaptation and Learning* Steven R. Lindsay, 2013-04-29 Twenty-five years of study and experience went into the making of this one-of-a-kind reference. Veterinarians, animal scientists, dog owners, trainers, consultants, and counsellors will find this book a benchmark reference and handbook concerning positive, humane management and control of dogs. Reflecting the author's extensive work with dogs, this book promises thorough explanations of topics, and proven behavioural strategies that have been designed, tested, and used by the author. More than 50 figures and tables illustrate this unique and significant contribution to dog behaviour, training, and learning.

services offered by paws spay neuter and wellness clinic: *Puppy Start Right* Kenneth M. Martin, Debbie Martin, 2011 With almost 200 pages, corresponding photos, and step-by-step instructions, *Puppy Start Right* is the ideal book for fostering and enhancing a "parenting relationship" among people and their dogs! This book is a great resource for all dog parents, dog trainers, puppy socialization class instructors, shelters, and adoption agencies. Whether you are raising a new puppy, have recently adopted an adolescent dog, or are living with an adult dog, *Puppy Start Right* is the book for you. This book sets the foundation for a lifelong partnership between you and your dog based on a mutual understanding and trust. *Puppy Start Right* is more than a puppy book about socialization; it's a positive approach to problem solving, prevention, and training, all without the use of force. Problem-solving topics address common behaviors of adolescent dogs, including mouthing/biting, jumping, chewing, digging, counter surfing, and stealing objects. Prevention topics include confinement/independence training, food bowl exercises, handling and restraint, and more. The book also includes: • The Developmental Life Stages of Dogs • Domestication, Social Behavior, How Dogs Perceive the World, and Canine Communication • How Dogs Learn • Positive Socialization and What to do if Your Dog is Frightened? • Applying the Problem-Solving Model to Prevent Common Behavior Problems • House Training in 5 Easy Steps • Foundation Training Exercises

services offered by paws spay neuter and wellness clinic: *Dog Man* Martha Sherrill, 2008 Morie Sawataishi lives a life that is radically unconventional by any standard but almost absurd in blatantly conformist Japan. Journalist Martha Sherrill provides a profound look at what it takes to be an individualist in a culture where rebels are rare.

services offered by paws spay neuter and wellness clinic: *How Stella Learned to Talk* Christina Hunger, 2021-05-04 INSTANT NEW YORK TIMES BESTSELLER An incredible, revolutionary true story and surprisingly simple guide to teaching your dog to talk from speech-language pathologist Christina Hunger, who has taught her dog, Stella, to communicate using simple paw-sized buttons associated with different words. When speech-language pathologist Christina Hunger first came home with her puppy, Stella, it didn't take long for her to start drawing connections between her job and her new pet. During the day, she worked with toddlers with significant delays in language development and used Augmentative and Alternative Communication (AAC) devices to help them communicate. At night, she wondered: If dogs can understand words we say to them, shouldn't they be able to say words to us? Can dogs use AAC to communicate with humans? Christina decided to put her theory to the test with Stella and started using a paw-sized button programmed with her voice to say the word "outside" when clicked, whenever she took Stella out of the house. A few years later, Stella now has a bank of more than thirty word buttons, and uses them daily either individually or together to create near-complete sentences. *How Stella Learned to Talk* is part memoir and part how-to guide. It chronicles the journey Christina and Stella have taken together, from the day they met, to the day Stella "spoke" her first word, and the other breakthroughs they've had since. It also reveals the techniques Christina used to teach Stella, broken down into simple stages and actionable steps any dog owner can use to start communicating with their pets. Filled with conversations that Stella and Christina have had, as well as the attention to developmental detail that only a speech-language pathologist could know, *How Stella Learned to Talk* will be the indispensable dog book for the new decade.

services offered by paws spay neuter and wellness clinic: *Love Has No Age Limit* Patricia B. McConnell, Karen B. London, 2011 How do you welcome an adult or adolescent dog into your home and incorporate this new individual into your family. The authors guide you through the first steps of this new relationship, with advice on training and a section on solving common behavioral problems.

services offered by paws spay neuter and wellness clinic: San Francisco Bay Area Providers Resources for People Living with HIV SF HIV FOG Workgroup Collaboration, 2024-01-08 The information provided in this guide is intended as a resource only. Services listed are not guaranteed. There are always some changes in social services – staff changes, some services are subtracted, some are added, and contact information changes. Still, this guide is like a yellow pages phone book of San Francisco services for long-term survivors and 50-plus people living with HIV. We have added contact information and some basic information about services and enrollment eligibility. Hopefully, this guide will make it easier for frontline workers to get help and services for their clients.

services offered by paws spay neuter and wellness clinic: Pet Loss Herbert A. Nieburg, 1996-02-16 Thoroughly researched and expertly written, this comprehensive guide is a must for animal lovers dealing with the loss of a pet. The death of a pet can cause enormous feelings of sorrow, guilt, and loneliness for children and adults alike, whether the end comes through old age, illness, sudden death, or euthanasia. Yet pet owners are often inhibited in their very real grief, even if the animal was considered a full-fledged family member, a child's favored playmate, or an elderly person's faithful companion. In *Pet Loss*, the authors acknowledge and encourage such grief, and assert that pet owners must learn to cope with the death of an animal as they would with any significant loss--by expressing their feelings and coming to terms with their grief. At once a practical guide and an emotional support, *Pet Loss* offers unique advice for owners faced with an animal's passing, from the difficult decision to put a pet to sleep to dealing with a veterinarian or making funeral or cremation arrangements. Other questions answered in this book include: Do animals go off by themselves to die? How can children be helped with their grief over the death of a family pet? When an animal has to be put to sleep, what is the best method? How and when should one take in a new pet? How much can a vet be expected to do?

services offered by paws spay neuter and wellness clinic: Low Stress Handling, Restraint and Behavior Modification of Dogs and Cats Sophia Yin, 2009-06-15 Dr. Sophia Yin, author of the *Small Animal Veterinary Nerdbook*, is a veterinarian, applied animal behaviorist, author, and speaker. Her passion for animals and their proper handling and restraint led her to spend hundreds of hours on this project - a new book and instructional DVD set focused on the most humane techniques that reduce stress for people and pets. The book and DVD feature:

- More than 1,600 photos that show practicing veterinarians and students how to handle dogs and cats correctly
- Explanations of what vets think they're doing right but may actually be doing wrong
- Three hours of video clips with voiceover narratives that show correct and incorrect handling procedures

By using this training tool, vets will:

- Be able to implement the most up-to-date handling techniques
- Learn how to restrain animals correctly through behavior modification that does not involve coercion, dominance, or other negative training methods
- Increase efficiency because patients will willingly comply with procedures
- Stop perpetuating behavior problems in patients
- Create a safer environment for themselves and their team with fewer bites, scratches, and back injuries
- Improve the bond between vet, pet, and client
