That his father is slipping into dementia—seems to embrace it, really—means that the past he would never talk about might be erased forever. Joel Kupperman became one of the most famous children in America during World War II as one of the young geniuses on the series Quiz Kids. With the uncanny ability to perform complex math problems in his head, Joel endeared himself to audiences across the country and became a national obsession. Following a childhood spent in the public eye, only to then fall victim

to the same public's derision, Joel deliberately spent the remainder of his life removed from the world at large. With wit and heart, Michael Kupperman presents a fascinating account of mid-century radio and early television history, the pro-Jewish propaganda entertainment used to counteract anti-Semitism, and the early age of modern celebrity culture. *All the Answers* is both a powerful father-son story and an engaging portrayal of what identity came to mean at this turning point in American history, and shows how the biggest stages in the world can overcome even the greatest of players.

Hen and her husband Lloyd have settled into a quiet life in a new house outside of Boston, Massachusetts. Hen (short for Henrietta) is an illustrator and works out of a studio nearby, and has found the right meds to control her bipolar disorder. Finally, she's found some stability and peace. But when they meet the neighbors next door, that calm begins to erode as she spots a familiar object displayed on the husband's office shelf. The sports trophy looks exactly like one that went missing from the home of a young man who was killed two years ago. Hen knows because she's long had a fascination with this unsolved murder—an obsession she doesn't talk about anymore, but can't fully shake either. Could her neighbor, Matthew, be a killer? Or is this the beginning of another psychotic episode like the one she suffered back in college, when she became so consumed with proving a fellow student guilty that she ended up hurting a classmate? The more Hen observes Matthew, the more she suspects he's planning something truly terrifying. Yet no one will believe her. Then one night, when she comes face to face with Matthew in a dark parking lot, she realizes that he knows she's been watching him, that she's really on to him. And that this is the beginning of a horrifying nightmare she may not live to escape. . .

she knew all the answers: *The Book of Two Ways* Jodi Picoult, 2020-09-22 #1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *A Spark of Light* comes a “powerful” (The Washington Post) novel about the choices that alter the course of our lives. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She’s on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on *The Book of Two Ways*—the first known map of the afterlife. As the story unfolds, Dawn’s two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she’s never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn’t turned out to be the person you are right now?

she knew all the answers: *I Know This Much Is True* Wally Lamb, 1998-06-03 With his stunning debut novel, *She’s Come Undone*, Wally Lamb won the adulation of critics and readers with his mesmerizing tale of one woman’s painful yet triumphant journey of self-discovery. Now, this brilliantly talented writer returns with *I Know This Much Is True*, a heartbreaking and poignant multigenerational saga of the reproductive bonds of destruction and the powerful force of forgiveness. A masterpiece that breathtakingly tells a story of alienation and connection, power and abuse, devastation and renewal--this novel is a contemporary retelling of an ancient Hindu myth. A proud king must confront his demons to achieve salvation. Change yourself, the myth instructs, and you will inhabit a renovated world. When you’re the same brother of a schizophrenic identical twin, the tricky thing about saving yourself is the blood it leaves on your hands--the little inconvenience of the look-alike corpse at your feet. And if you’re into both survival of the fittest and being your brother’s keeper--if you’ve promised your dying mother--then say so long to sleep and hello to the middle of the night. Grab a book or a beer. Get used to Letterman’s gap-toothed smile of the absurd, or the view of the bedroom ceiling, or the influence of random selection. Take it from a godless insomniac. Take it from the uncrazy twin--the guy who beat the biochemical rap. Dominick Birdsey’s entire life has been compromised and constricted by anger and fear, by the paranoid schizophrenic twin brother he both deeply loves and resents, and by the past they shared with their adoptive father, Ray, a spit-and-polish ex-Navy man (the five-foot-six-inch sleeping giant who snoozed upstairs weekdays in the spare room and built submarines at night), and their long-suffering mother, Concettina, a timid woman with a harelip that made her shy and self-conscious: She holds a loose fist to her face to cover her defective mouth--her perpetual apology to the world for a birth defect over which she’d had no control. Born in the waning moments of 1949 and the opening minutes of 1950, the twins are physical mirror images who grow into separate yet connected entities: the seemingly strong and protective yet fearful Dominick, his mother’s watchful monkey; and the seemingly weak and sweet yet noble Thomas, his mother’s gentle bunny. From childhood, Dominick fights for both separation and wholeness--and ultimately self-protection--in a house of fear dominated by Ray, a bully who abuses his power over these stepsons whose biological father is a mystery. I was still afraid of his anger but saw how he punished weakness--pounced on it. Out of self-preservation I hid my fear, Dominick confesses. As for Thomas, he just never knew how to play

defense. He just didn't get it. But Dominick's talent for survival comes at an enormous cost, including the breakup of his marriage to the warm, beautiful Dessa, whom he still loves. And it will be put to the ultimate test when Thomas, a Bible-spouting zealot, commits an unthinkable act that threatens the tenuous balance of both his and Dominick's lives. To save himself, Dominick must confront not only the pain of his past but the dark secrets he has locked deep within himself, and the sins of his ancestors—a quest that will lead him beyond the confines of his blue-collar New England town to the volcanic foothills of Sicily's Mount Etna, where his ambitious and vengefully proud grandfather and a namesake Domenico Tempesta, the *sostegno del famiglia*, was born. Each of the stories Ma told us about Papa reinforced the message that he was the boss, that he ruled the roost, that what he said went. Searching for answers, Dominick turns to the whispers of the dead, to the pages of his grandfather's handwritten memoir, *The History of Domenico Onofrio Tempesta, a Great Man from Humble Beginnings*. Rendered with touches of magic realism, Domenico's fablelike tale—in which monkeys enchant and religious statues weep—becomes the old man's confession—an unwitting legacy of contrition that reveals the truth's of Domenico's life. Dominick learns that power, wrongly used, defeats the oppressor as well as the oppressed, and now, picking through the humble shards of his deconstructed life, he will search for the courage and love to forgive, to expiate his and his ancestors' transgressions, and finally to rebuild himself beyond the haunted shadow of his twin. Set against the vivid panoply of twentieth-century America and filled with richly drawn, memorable characters, this deeply moving and thoroughly satisfying novel brings to light humanity's deepest needs and fears, our aloneness, our desire for love and acceptance, our struggle to survive at all costs. Joyous, mystical, and exquisitely written, *I Know This Much Is True* is an extraordinary reading experience that will leave no reader untouched.

she knew all the answers: I Have the Answer Kelly Fordon, 2020-04-07 Short stories that manage to feel both fantastical and disturbingly familiar. If you thought the suburbs were boring, think again. Kelly Fordon's *I Have the Answer* artfully mixes the fabulist with the workaday and illuminates relationships and characters with crisp, elegant prose and dark wit. The stories in Fordon's latest collection are disquieting, humorous, and thought-provoking. They might catch you off guard, but are always infused with deep humanity and tenderness. In these thirteen short stories, Fordon presents people dealing with the grayness of reality and longing for transcendence. Characters within these stories are often as surprised by their own behavior as that of their neighbor's. In *Jungle Life*, the narrator attempts to clarify and document the stories of his father, a war veteran, before he descends into dementia. In *Where's the Baby?* a woman reflects on her difficult childhood as she grudgingly cares for her more successful, yet exasperating sister. In *In the Dog House*, a woman visits an estate sale and sifts through the layers of lifetimes past while grappling with her long-standing jealousy of a mysterious neighbor. In *The Shorebirds* and *The Shaman*, a woman who has just lost her husband winds up at a kooky weekend retreat role-playing her way out of debilitating grief. Award-winning author Desiree Cooper has called the stories in *I Have the Answer* pitch perfect . . . Fordon takes us to the precipice where trauma and triumph are equal possibilities. The people in these stories are so hauntingly real that long after I put the book down, I found myself wondering what had become of them. Readers of contemporary fiction and short stories will enjoy mulling over the complicated feelings this collection evokes.

she knew all the answers: A Gypsy's Kiss Susan Griscom, 2015-05-11 *A GYPSY'S KISS* is a SILVER MEDAL WINNER in the Readers' Favorite Awards - Supernatural Romance Category An entertaining story of first love that is filled with sufficient mystery and drama to keep you turning the pages. *A Gypsy's Kiss* is a paranormal story that has its own flavor and characters with great interaction. Breena Cassidy is cursed with what could be one of the worst supernatural abilities imaginable, she has never had the luxury of falling in love. Hell, she's never even held a guy's hand. At only twenty-two years old, she's just about given up on the whole love thing. After all, when you can see twelve hours of someone's future by a simple touch, and they, in turn, can see what you see, well... relationships are sort of out of the question. Her gigs performing psychic readings at parties, and the occasional one-on-one private appointment are just about Breena's only connection with people. No matter how much she might wish otherwise. Hawk Covington's hard body and skill have

earned him a starting position on the Pioneer's college hockey team. But it's not his talent with a hockey stick that's the most remarkable. His gorgeous two-colored eyes not only draw the attention of every female on campus, they also allow him to track people and objects. But when he suddenly finds himself stalked by a stranger, he seeks out the help of the rumored, "campus gypsy" for help. Despite his vow to stay single and play as many college women as he can while the fun lasts, Hawk can't ignore his attraction to the lovely and spirited Breena. And she can't get the hunky star hockey player out of her mind once a single touch of his hand reveals something utterly strange.

Surrounded by mystery, they realize that fate has brought them together for a reason, but can they stay alive long enough to recognize the depth of their feelings for one another? [★★★★★ 5 Stars](#) Susan Griscom has created a great supernatural romance in *A Gypsy's Kiss*. The main characters are well developed, especially Breena as she struggles to cope with her 'gift.' She is resourceful, though, and knows how to handle herself. Hawk is a good match for her and the chemistry between them is great. The plot line for both of them is a novel way to keep the two of them apart and ramp up the tension. I think this book will do very well because it is easy to get into and the characters are relatable. A good start to the series, and I look forward to reading more from this author. Jon Mundy, the respected longtime teacher and interpreter of *A Course in Miracles*, now investigates that enigma, using insights from the Course on mortality, death, and the afterlife. Mundy discusses facing death and learning to let go, the ephemeral nature of the physical body and the eternal reality of the mind, and the reawakening of our Spirit as the one, true home. It's a book filled with hope—and a way to alleviate our fear of death.

Scripture tells us that the words of Jesus made people uncomfortable, confused, angry, repentant, worshipful, and riotous. Today, we read the words of Christ in a steady, even tone and find ourselves wondering if maybe we're missing something. Could it be that we've lost the emotional power of Jesus's words simply because we're too familiar with them? With incredible insight into the surprising and unsettling aspects of Jesus's parables and life, Matt Mikalatos reimagines familiar stories and parables in a modern-day setting, bringing alive for the contemporary reader all the controversy and conflict inherent in the originals. These emotional, sometimes humorous, and jaw-dropping retellings include the stories of the prodigal son, the good Samaritan, the lost coin, the feeding of the 5,000, the death and resurrection of Jesus, and more, asking provocative questions like What would be the modern equivalent of Jesus letting a sinful woman wash his feet? Who would be the hero of The Good Samaritan? How would Jesus tell the parable of the lost sheep in a city like Portland?
