Videos on Health and Wellness: Your Guide to a Healthier, Happier You

Feeling overwhelmed by the sheer volume of health and wellness information online? Wish there was a simpler, more engaging way to learn about improving your physical and mental wellbeing? Then you've come to the right place! This comprehensive guide dives deep into the world of videos on health and wellness, exploring the best platforms, channels, and types of content to help you achieve your health goals. We'll uncover hidden gems and provide you with a roadmap to navigate this ever-expanding digital landscape. Get ready to transform your health journey with the power of video!

Why Videos on Health and Wellness are Your Secret Weapon

In today's fast-paced world, we often crave quick, digestible information. That's where videos shine. Videos on health and wellness offer several key advantages over traditional text-based articles:

Visual Learning: Seeing demonstrations of exercises, healthy cooking techniques, or meditation practices enhances understanding and retention.

Engaging Format: Videos are inherently more engaging than static text, making learning about health and wellness more enjoyable and less daunting.

Accessibility: Videos cater to different learning styles, making complex health information accessible to a wider audience.

Expert Insights: Many videos feature qualified professionals like doctors, nutritionists, and fitness trainers, providing credible and trustworthy information.

Variety of Content: From yoga tutorials to mindful living guides, the range of videos on health and wellness is vast, catering to all interests and needs.

Finding the Best Videos on Health and Wellness: Platforms and Channels

The internet is overflowing with videos on health and wellness, but knowing where to start can be tricky. Here's a breakdown of popular and reliable platforms and channels:

1. **YouTube:** YouTube remains the king of video content. Search for specific keywords like "yoga for beginners," "healthy recipes," or "mindfulness meditation." Be sure to check the channel's credibility and look for videos with high view counts and positive comments. Don't hesitate to explore related channels and playlists once you've found a few you like.

1. **Vimeo:** Vimeo often houses higher-quality, more professionally produced

videos compared to YouTube. While it might not have the sheer volume of content, it's a great place to find in-depth documentaries and expert-led tutorials on various health topics.

1. **Streaming Services:** Platforms like Netflix, Amazon Prime, and Apple TV+ occasionally feature documentaries and series focused on health and wellness, providing a more holistic and narrative-driven approach to learning.

1. **Social Media:** Instagram, TikTok, and Facebook are increasingly becoming hubs for health and wellness content. Follow reputable experts, fitness instructors, and nutritionists for short, engaging videos on quick tips, recipes, and exercise routines. However, always exercise caution and verify information with trusted sources.

Types of Videos to Enhance Your Health Journey

The beauty of videos on health and wellness lies in their diversity. Here are some popular types to explore:

Exercise Tutorials: Find videos demonstrating various exercises, from beginner-friendly yoga flows to high-intensity interval training (HIIT) workouts.

Healthy Recipe Demonstrations: Learn to cook delicious and nutritious meals with step-by-step video guides. Explore diverse cuisines and dietary restrictions.

Meditation and Mindfulness Guides: Find videos that guide you through meditation practices, breathing exercises, and mindfulness techniques.

Educational Documentaries: Dive deeper into specific health topics with well-researched documentaries that explore the science behind wellness.

Expert Interviews: Learn from leading health professionals through interviews that cover a range of topics, from nutrition to mental health.

Motivational and Inspirational Videos: Find videos that offer encouragement, support, and strategies for maintaining a healthy lifestyle.

Tips for Choosing Reliable Health and Wellness Videos

The abundance of online content means it's crucial to be discerning. Here are some tips to ensure you're getting accurate and trustworthy information:

Check Credentials: Look for videos created by licensed professionals, such as doctors, registered dietitians, or certified personal trainers.

Verify Information: Don't rely on a single video. Cross-reference information with reputable sources like the Mayo Clinic, the National Institutes of Health, or other credible organizations.

Be Aware of Sponsored Content: Many videos are sponsored, and it's essential to be aware of potential biases.

Look for Reviews and Comments: Check what other viewers are saying about the video and the channel's overall reputation.

Trust Your Gut: If something feels too good to be true or lacks scientific

evidence, it probably is.

Integrating Videos into Your Daily Routine

The key to benefiting from videos on health and wellness is incorporating them into your daily routine. Here's how:

Schedule Time: Allocate specific time slots for watching health and wellness videos, just like you would for any other important appointment.

Create Playlists: Organize videos into playlists based on specific goals, like "Morning Yoga," "Healthy Lunch Ideas," or "Stress Management Techniques."

Use Reminders: Set reminders on your phone to watch videos at specific times to stay on track.

Engage with Content: Don't just passively watch; take notes, try out exercises, and implement the advice offered in the videos.

Be Patient and Consistent: Building healthier habits takes time, so be patient with yourself and stick to your routine.

Conclusion

Videos on health and wellness offer a dynamic and engaging way to improve your physical and mental wellbeing. By utilizing the tips and resources outlined in this guide, you can curate a personalized video library to support your health goals. Remember to prioritize credible sources, engage actively with the content, and celebrate your progress along the way. Embrace the power of video and embark on your journey to a healthier, happier you!

FAQs

1. Are all videos on health and wellness accurate? No, not all videos are created equal. Always critically evaluate the source and cross-reference information with reputable sources.
1. Can I use videos to replace professional advice? No. Videos should supplement, not replace, advice from qualified healthcare professionals.
1. What if I don't have much time? Many videos offer short, focused content perfect for busy schedules. Look for quick workout routines, concise cooking tutorials, or guided meditations lasting just a few minutes.
1. How do I find videos tailored to my specific needs? Be specific in your searches. Use keywords that reflect your health goals, fitness level, and any dietary restrictions.

1. Are there any free resources? Yes! YouTube offers a vast library of free health and wellness videos, but remember to always check credibility.

videos on health and wellness: Health and Wellness Gordon Edlin, Eric Golanty, 2009-09-29 Health and Wellness, Tenth Edition is written in a personal and engaging style with specific tips and aids to help students improve their health habits. This text encourages students to learn the skills they need to enhance the quality and longevity of life. videos on health and wellness: Health and Wellness Today John Spencer Ellis, Pat Rigsby, The World's Leading Experts, 2016 Featuring Chad Moeller with other experts from around the world--Jacket.

videos on health and wellness: Keeping Healthy Sally Hewitt, 2005-07-30 Teaches children all about keeping healthy and includes questions to encourage them to think about what they have read.

videos on health and wellness: Reclaiming Our Health Michelle A. Gourdine, 2011 Provides an overview of the primary health concerns facing African Americans, explains who is at greatest risk of illness, and offers advice on achieving a healthier lifestyle and navigating the health-care system.

videos on health and wellness: Health & Wellness Mark Finley, Peter N. Landless, 2014 Health and Wellness: Secrets That Will Change Your Life shows you spectacularly simple ways to avoid such chronic killers as cancer, diabetes, heart disease, and obesity You'll learn how good nutrition heals the body and boosts the mind; how purpose increases resilience; how love and forgiveness mend the heart! Health and Wellness caught the attention of award-winning documentary filmmaker Martin Doblmeier. While there are countless self-help books on the market today, Health and Wellness: Secrets That Will Change Your Life stands apart because it speaks from proven success. Contained in these insightful chapters is an emphasis on making wise choices about the riches entrusted to each of us—a body that has the potential to heal itself, a mind capable of the extraordinary, and a spirit that longs to be reunited with the Creator. This book not only offers a road map for a healthier, more productive life—it provides the greatest gift of all: the reason for the journey. Book jacket.

videos on health and wellness: The China Study: Revised and Expanded Edition T. Colin Campbell, Thomas M. Campbell, II, 2016-12-27 The revised and expanded edition of the bestseller that changed millions of lives The science is clear. The results are unmistakable. You can dramatically reduce your risk of cancer, heart disease, and diabetes just by changing your diet. More than 30 years ago, nutrition researcher T. Colin Campbell and his team at Cornell, in partnership with teams in China and England, embarked upon the China Study, the most comprehensive study ever undertaken of the relationship between diet and the risk of developing disease. What they found when combined with findings in Colin's laboratory, opened their eyes to the dangers of a diet high in animal protein and the unparalleled health benefits of a whole foods, plant-based diet. In 2005, Colin and his son Tom, now a physician, shared those findings with the world in The China Study, hailed as one of the most important books about diet and health ever written. Featuring brand new content, this heavily expanded edition of Colin and Tom's groundbreaking book includes the latest undeniable evidence of the power of a plant-based diet, plus updated information about the changing medical system and how patients stand to benefit from a surging interest in plant-based nutrition. The China Study—Revised and Expanded Edition presents a clear and concise message of hope as it dispels a multitude of health myths and misinformation. The basic message is clear. The key to a long, healthy life lies in three things: breakfast, lunch, and dinner.

videos on health and wellness: *Acceptance and Commitment Therapy for Chronic Pain* JoAnne Dahl, Carmen Luciano, Kelly G. Wilson, 2005-04-05 Professionals who work with patients and clients struggling with chronic pain will benefit from this values-based behavior change program for managing the effects of pain. Acceptance and Commitment Therapy for Chronic Pain addresses case formulation and clinical techniques for working with pain patients through a combination of practical instruction and a treatment scenario narrative that follows a patient through an ACT-based intervention. An invaluable resource for rehabilitation specialists, psychologists, physicians, nurses, and others.

videos on health and wellness: *Health and Wellness* Gordon Edlin, Eric Golanty, 2015-08-04 Health & Wellness, Twelfth Edition covers many facets of personal health, including physical, emotional, mental, social, environmental, and spiritual perspectives. Written in a personal and engaging style, the Twelfth Edition encourages students to make the right health choices and gives them the tools and information they need to improve their health habits.

videos on health and wellness: *Health and Wellness in 19th-Century America* John C. Waller, 2014-08-11 This book provides a comprehensive description of what being sick and receiving medical care was like in 19th-century America, allowing modern readers to truly appreciate the scale of the improvements in healthcare theory and practice. Health and Wellness in 19th-Century America covers a period of dramatic change in the United States by examining our changing understanding of the nature of the disease burden, the increasing size of the nation, and our conceptions of sickness and health. With topics ranging from the unsanitary tenements of New York's Five Points, the field hospitals of the Civil War, and to the laboratories of Johns Hopkins Medical School, author John C. Waller reveals a complex picture of tradition, discovery, innovation, and occasional spectacular success. This book draws upon an extensive literature to document sickness and wellness in environments like rural homesteads, urban East-coast slums, and the hastily built cities of the West. It provides a fascinating historical examination of a century in which Americans made giant strides in understanding disease yet also clung to traditional methods and ideas, charting how U.S. medical science gradually transformed from being a backwater to a world leader in the field.

videos on health and wellness: *The Pillars of Health* John Pierre, 2013-09-17 Have you been on every diet imaginable, yet still feel unhealthy and low on energy? Do you go to the gym religiously—for a couple of weeks at a time? Do you find yourself trying desperately to focus but unable to keep up with everything going on in your hectic life? Are you frustrated by a world that seems full of inconsiderate, unpleasant people? The Pillars of Health will help you build a strong foundation that supports you in every one of these areas. Health expert John Pierre has spent decades working with clients, including seniors, on building better nutrition, fitness, mental acuity, and compassion. Each one of these components, or pillars, is necessary for constructing a happy life overflowing with well-being—and best of all, it can be fun! In this book, you'll discover how to feel your best and have a good time doing it. Being fit and staying sharp doesn't have to be a struggle, and the tools John Pierre provides are simple and enjoyable to incorporate in your everyday routine. You'll discover the why behind each principle he presents and learn a variety of techniques that will help you build a strong, joyous life you love!

videos on health and wellness: *In Defense of Food* Michael Pollan, 2008-01-01 #1 New York Times Bestseller from the author of *How to Change Your Mind*, *The Omnivore's Dilemma*, and *Food Rules* Food. There's plenty of it around, and we all love to eat it. So why should anyone need to defend it? Because in the so-called Western diet, food has been replaced by nutrients, and common sense by confusion--most of what we're consuming today is longer the product of nature but of food science. The result is what Michael Pollan calls the American Paradox: The more we worry about nutrition, the less healthy we see to become. With *In Defense of Food*, Pollan proposes a new (and very old) answer to the question of what we should eat that comes down to seven simple but liberating words: Eat food. Not too much. Mostly plants. Pollan's bracing and eloquent manifesto shows us how we can start making thoughtful food choices that will enrich our lives, enlarge our

sense of what it means to be healthy, and bring pleasure back to eating.

videos on health and wellness: Happy Healthy You KJ Landis, 2017-08-15 The successful life coach and author of *Superior Self* offers concrete, easy-to-follow strategies for bringing more health and happiness into your life. With our hectic modern lives, it's easy to feel drained and worn down. But when we stop to consider what's tapping our energy most, we discover that old habits, unconscious patterns, and past experiences are dragging us down and blocking our self-growth. In *Happy Healthy You*, life coach KJ Landis helps identify how, why, and where we get ourselves stuck, and how we can utilize the drama and trauma of the past as a springboard to becoming our most authentic, vibrant selves. We all face a lot of stress in our day to day lives. Over time, those stressors can build into a major obstacle, causing us to retreat into survival mode. And when you're only surviving, you're not thriving. KJ Landis knows the story all too well—because she lived it herself. Now, she provides the playbook for tackling the blockages in our lives and moving beyond them to a life of happiness and health. In this book you will learn: • The root of what keeps us “stuck” in our lives • How to use the Negative Thought Pot to rid ourselves of self-deprecating beliefs • How hormones and epigenetics affect mental and physical wellness • The role of nutrition in our day-to-day health • Therapeutic movement as a mode of healing • The power of self-care through restorative practices • And much, much more!

videos on health and wellness: Digital Wellness, Health and Fitness Influencers Stefan Lawrence, 2022-10-07 This book examines the phenomenon of ‘digital guru media’ (DGM), the self-styled online influencers, life coaches, experts and entrepreneurs who post on the themes of wellness, health and fitness. It opens up new perspectives on digital leisure and internet celebrity culture, and asks important questions about the social, cultural and psychological implications of our contemporary relationship with digital media. Drawing on cutting-edge social theory, the book explores a wide range of contexts in which DGM intersects with digital leisure, from the health-related learning of young people to the ‘clean eating’ movement, to the online lives of fitness professionals. It asks if digital and social media are problematic per se and explores the problems a turn to the Internet could be revealing about the lack of real-world or analogue support, as well as potential solutions, for our wellness, health and fitness needs and wants. Bringing together innovative, multi-disciplinary perspectives, this book is fascinating reading for anybody with an interest in leisure studies, media studies, cultural studies, sociology, or health and society.

videos on health and wellness: Health, Wellness and Restoration Denise Davis, 1998-11

videos on health and wellness: Essentials of Health and Wellness James Robinson, Deborah J. McCormick, 2005 Each of the 13 million high school students in public high schools are required to take one semester of health education. For health instruction to be successful, the instructional program should be grounded in good science, include a behavioral component, and be packaged in a way that can be easily implemented. *Essentials of Health and Wellness* provides the teacher with everything needed to engage the learner and to create a successful health course. It is designed to be student friendly and is centered on the important, but often overlooked, notion of building personal wellness. All health concepts are brought back to the student, who is encouraged to develop positive wellness behaviors through the creation of a personal wellness plan. Based on the framework of the National Standards for School Health Education, this product is the total package for high school health education. With a small but rich ancillary offering, including a separate Sexuality Supplement (ISBN 1-4018-1525-1) that goes into greater detail about sensitive issues that may not be desirable to all school districts and a free Online Companion with additional lesson plans, teaching activities, and student worksheets, this text provides teachers with a well-rounded, effective system for health education instruction.

videos on health and wellness: Pursuing Health and Wellness Alexander Segall, Christopher John Fries, 2016-10-04 Now in its second edition, *Pursuing Health and Wellness* looks beyond health as a mere absence of disease to explore the structural and behavioural factors that affect it. Advocating for the creation of healthy societies throughout, the text's three-part organization examines health as a socialconstruct; the social and personal determinants of health

and wellness; and the components of our health-care system.

videos on health and wellness: *Reclaiming Wellness* Jovanka Caires, 2022-04-19 If you've ever felt left out of "elite" healthcare regimes or thought that being healthy shouldn't be expensive, this book is for you. Reclaiming Wellness explores today's most effective wellness practices — and their multicultural sources — in a way that makes overall health accessible to all. The book provides: practical, affordable, delicious, and fun ways to incorporate plant-based whole foods into even the most time-crunched routine lazy-proof means of movement that feel more like self-love than dreaded exercise techniques of mindfulness, meditation, and visualization that make them meaningful everyday tools ways to experience nature, music, and community to heal and connect

In this book, you will: - Discover the True Impact of Stress, Toxicity, and Malnutrition - Find Out What Steps You Can Take to Move Toward Greater Wellness - Understand the Far-Reaching Effects of Your Everyday Thoughts and Choices - Tap Into the Desire to Optimize Your Health and Improve Your Quality of Life - Gain Insight From Dr. Clerkin's Personal Struggle With an Auto-Immune Disease 'The Wellness Effect' makes a compelling case for a proactive, wellness-based approach to health. - Dr. Charles Webb, Leading Expert in Optimizing Health This book helps inspire a change in our health and wellness choices by painting a clear picture of what's gone wrong, and what we can do to change it. - Sammy S. Pyon, DC, Author and Chiropractor 'The Wellness Effect' is the quintessential food-for-thought book on America's health challenges and its possibilities. - Ari Gronich, Bestselling Author and Sports Performance Specialist Gene Clerkin, DC delivers a uniquely humanistic approach to guiding his clients toward wellness by weaving into his practice the principles of functional nutrition, chiropractic, healing, and human potential.

videos on health and wellness: *You Are Healthy* Todd Snow, 2021-08-23 It's never too early to learn good habits. This book gently encourages children to practice healthy behaviors, like spending time with loved ones, getting enough sleep, and eating well every day.

videos on health and wellness: *Dr. Ann's 10-Step Diet* Ann Kulze, 2008 Americans try one quick-remedy diet after another from low fat to low carb with mixed and often short-lived results. 'Dr. Ann's 10-Step Diet' gives readers a plan they can sink their teeth into permanently. Combining her highly regarded nutritional expertise with real-world sensibility, Dr. Ann provides a straightforward, no nonsense strategy for attaining and maintaining weight loss that simultaneously provides powerful protection against our nation's most common and dreaded chronic diseases. Nutritionally cutting edge, yet refreshingly back to basics, Dr. Ann's 10-Step Diet teaches readers exactly how to harness the extraordinary power the right carbohydrates, the right fats, and the right proteins provide as an effective means to lose weight for good and feel good for life. She states that the results of her surprisingly simple plan are permanent because her recommendations are realistic, flexible and comprehensive.

videos on health and wellness: *Seasonal Health and Wellness* Melina Meza, 2019-08-26

videos on health and wellness: *Fitness cycling* Brian J. Sharkey, Steven E. Gaskill, 2013 Grade level: 9, 10, 11, 12, s, t.

videos on health and wellness: *21 Days to Ultimate Health and Wellness* Erich C. Nall, 2011-01-01 The Ultimate Transformations process of 21 Days to Ultimate Health and Wellness has supported hundreds of individuals, as they work to correct and replace bad habits that have taken several decades to form. These bad habits stand in the way of current achievements. Erich C. Nall has spent more than 20 years perfecting the Ultimate Transformation process, a system that assists all individuals with the necessary tools to change their lives and reach tremendous heights that were initially thought to be unattainable. The Ultimate Transformations process has been used by aspiring

and veteran actors to reshape themselves for greater success in their field. Everyday laymen, and weekend warriors use the Ultimate Transformation process to help them lose tremendous amounts of weight, achieve the mindset necessary to run marathons, start a business, or find the inner sanctuary of peace. The process is used by youth to overcome extreme odds to make their way into college, to graduation, and by young athletes to reach their goal of playing professional sports. Professional athletes that achieve top performances such as all-pro and gold medal status, have given credit to this process. Regardless of the goals, the process of choice, belief and commitment remain the same. Take the first steps to your Ultimate Transformation and spend 21 days on your journey to Ultimate Health and Wellness. The life you desire is worth 21 days of commitment.

videos on health and wellness: Walking for Health and Fitness Frank S Ring, 2020-04-07
Imagine my surprise when walking solved my major health problem! -Watch my video below for the complete story- Are you like me? Or, should I say like I was in the recent past. Injured again from running, not exercising due to the injury, my body not recovering as quickly as it did when I was younger, and feeling a little depressed. I needed help to get in shape during the rehab from my back injury. I found walking is the easiest way to get in shape and stay in shape. Why should you be enthusiastic about Walking for Health and Fitness? Walking is free. Walking is easy to do. Walking is easy on your muscles, joints, and bones! Walking for Health and Fitness gives you specific steps to take to get moving today and keep you moving well into the future. Its 170-pages were designed to be read quickly, highlight the benefits of walking, and most importantly... get you out the door walking! Each of its 22 chapters ends with Your Next Step; a very simple plan-of-action to follow as you begin your walking exercise. Discover the benefits of listening to audiobooks with the FREE DOWNLOAD of the Walking for Health and Fitness Audiobook. An investment in yourself! Doctor's visits, lost time at work, and the lessened quality of life due to preventable illness all add up to a significant sum of time and money. This book is an investment in yourself! What could be better than that? Your health, happiness, and life depend on it! There's no question walking is good for you. Think about the tortoise and the hare. When you take a long-term view of the benefits of walking for health and fitness, you'll see it makes sense to slow yourself down and to continue to walk for fitness to stay healthy well into old age. Also, let me show you how to get in shape after 50. The book is organized into 4 sections: Getting Started Basic Training Beyond the Basics Mindset Don't become a statistic! Health care costs steadily increase with body mass Obesity is one of the biggest drivers of preventable chronic diseases Heart disease and stroke cost America nearly \$1 billion a day Low back pain has a major economic impact with total costs related to this condition exceeding \$100 billion per year. Your Next Step: You must decide right now not to become a statistic. You have it within yourself to take control of your health! After a back injury forced me out of work for four months, I began walking for exercise as a way to get in shape. Being out in the fresh air, feeling the rhythmic movement of the walking stride, and using walking meditations to get deeper into my thoughts with a walking meditation. As a walker I've: Slowed down and improved my mindset Done Walking meditation Listen and absorbed audiobooks Take pictures Recorded my thoughts into my iPhone Looked forward to my walks Also, I supercharge my walk with bodyweight exercises and I've used walking to lose weight! In contrast, when I was a runner and worked out at the gym I'd have to get myself psyched up just to get out the door and I usually used the little annoyances in life as an excuse to not work out. Walking has worked wonders in my life so let me show you how to get in shape and use walking for exercise to improve your health and fitness. Discover how to get in shape the easy way. Watch my video below and read the Look inside preview! Walk on, Frank S. Ring

videos on health and wellness: On the Path to Health, Wellbeing, and Fulfilment Iris Schrijver, 2021-10-19 This compelling book on health, wellbeing, and fulfilment investigates the scientific basis of what we think we know about healthy living. How much do we actually know about the information that is presented as fact by health crusaders and in the media? How do perceptions of truth and validity influence our behaviour and our health? Guided by the author's practice in academic and non-profit medicine, this book highlights the practical impact of scientific studies in a broad range of disciplines and brings to life their relevance and limitations. It presents a journey of

discovery that includes the foundations of knowledge, factors of health, implications of lifestyle choices, positive psychology, and social science. The book takes a realistic look at the evidence of biological, psychological, and cultural determinants of health, and is essential reading for anyone who wonders why there is so much left to learn about what truly enhances wellbeing and survival. It is an empowering book that provides a key to understanding how we can all improve and support our health to thrive in any phase of life. Find more on this topic at: lifestyleforhealthandwellness.com.

videos on health and wellness: The Wellness Revelation Alisa Keeton, 2017-08-08 What would it take for you to make a change? Weight loss can sometimes be a very self-focused endeavor. Maybe you have struggled with your weight your entire life, riding a constant roller coaster of numbers that go up and down. Or maybe you are finding yourself more stressed out by the world and all its demands. Perhaps you just don't feel as well in your body as you do in your spirit. In *The Wellness Revelation*, certified fitness professional Alisa Keeton will challenge you to get fit with God so that He can free you to complete your purpose. She teaches that when we get fit physically as well as spiritually, we will be better equipped to love and serve others. *The Wellness Revelation* will change the way you perceive yourself and the way that you live your life. Each week in this eight-week journey includes a teaching from Alisa, weekly assignments, Bible study, small-group questions, and more. Alisa will encourage you to love God, get healthy, and serve others; and she will provide you with the tools to spread the gospel with courage, confidence, kindness, and freedom. It's time to make a change from the inside out.

videos on health and wellness: The Healing Self Deepak Chopra, Rudolph E. Tanzi, 2019-01-03 Heal yourself from the inside out Our immune systems can no longer be taken for granted. Current trends in public healthcare are disturbing- our increased air travel allows newly mutated bacteria and viruses to spread across the globe, antibiotic-resistant strains of bacteria outstrip the new drugs that are meant to fight them, deaths due to hospital-acquired infections are increasing, and the childhood vaccinations of our aging population are losing their effectiveness. Now more than ever, our well-being is at a dangerous crossroad. But there is hope, and the solution lies within ourselves. *The Healing Self* is the new breakthrough book in self-care by bestselling author and leader in integrative medicine Deepak Chopra and Harvard neuroscientist Rudolph E. Tanzi. They argue that the brain possesses its own lymphatic system, meaning it is also tied into the body's general immune system. Based on this brand new discovery, they offer new ways of increasing the body's immune system by stimulating the brain and our genes, and through this they help us fight off illness and disease. Combined with new facts about the gut microbiome and lifestyle changes, diet and stress reduction, there is no doubt that this ground-breaking work will have an important effect on your immune system.

videos on health and wellness: Health Matters Beth Marks, Jasmina Sisirak, Tamar Heller, 2010 Easy-to-implement program that can strikingly improve participants' health and quality of life

videos on health and wellness: The Cleveland Clinic Way: Lessons in Excellence from One of the World's Leading Health Care Organizations VIDEO ENHANCED EBOOK Toby Cosgrove, 2014-01-24 This is the future. Join the revolution. Transform your organization the Cleveland Clinic way. One of the best healthcare systems in the world. President Barack Obama American healthcare is in crisis. It doesn't have to be. There's a revolution going on right now. On the frontiers of medicine, some doctors have developed an approach for treating people that is more effective, more humane, and more affordable. It's an approach to healthcare that has captured the attention of the media and business elite--and the President of the United States. It's all happening at Cleveland Clinic, one of the most innovative, forward-looking medical institutions in the nation. In this groundbreaking book, the man who leads this global organization, Toby Cosgrove, MD, reveals how the Clinic works so well and argues persuasively for why it should be the model for the nation. He details how Cleveland Clinic focuses on the eight key trends that are shaping the future of medicine. Readers will learn: Why group practices provide not only better--but cheaper--care Why collaborative medicine is more effective How big data can be harnessed to improve the quality of care and lower costs How cooperative practices can be the wellspring of innovation Why empathy is crucial to better patient outcomes Why wellness of both mind and body depends on healthcare, not sickcare How care is best provided in different settings for greater comfort and value How tailor-made care treats a person instead of a disease This enhanced eBook includes 8 videos that include interviews with the doctors and executives who helped shape the Cleveland Clinic's successful strategy. It also includes visuals of patients/doctor interactions and the hospital's facilities. At its core is Cleveland Clinic's emphasis on patient care and patient experience. A refreshingly positive and practical vision of healthcare, *The Cleveland Clinic Way* is essential reading for healthcare and business executives, medical professionals, industry analysts, and policymakers. It gives leaders lessons they can apply to their own organizations to achieve results and empowers average Americans to make more informed healthcare decisions. PRAISE FOR THE CLEVELAND CLINIC WAY A brilliant doctor and leader lays out practical and thought-provoking prescriptions for America's healthcare future. A must-read. -- Jack Welch, former Chairman and CEO of General Electric Company *The Cleveland Clinic Way* is what the healthcare system in this country needs:

honesty about the challenges, optimism about our ability to address them, and a focus on solutions. A must-read for healthcare leaders, it's written in clear, inclusive language that makes it just as valuable for the rest of us. -- John Chambers, Chairman and CEO of Cisco A pioneer in American healthcare, Toby Cosgrove shows just how the diligence and innovative thinking behind Cleveland Clinic has helped solve fundamental problems most other places barely touch. There are lessons here for everyone--patient, physician, and policymaker alike. -- Atul Gawande, MD, professor at Harvard Medical School and bestselling author of *The Checklist Manifesto* Toby Cosgrove frames the eight important trends that will transform the U.S. healthcare system. *The Cleveland Clinic Way* is a good road map for those who want to make the U.S. healthcare system better. -- Jeffrey Immelt, Chairman and CEO of General Electric Company
