What is Wellness Coaching? Your Guide to Holistic Well-being

Feeling overwhelmed, stuck in a rut, or simply yearning for a more fulfilling life? You're not alone. Millions are seeking ways to improve their overall well-being, and that's where wellness coaching comes in. This comprehensive guide will delve into what wellness coaching is, what it entails, its benefits, and how to find the right coach for your needs. We'll unravel the mystery behind this growing field and empower you to make informed decisions about your journey to a healthier, happier you.

What Exactly is Wellness Coaching?

Wellness coaching isn't about fixing a specific problem like a therapist might. Instead, it's a collaborative partnership between you and a trained professional who helps you identify your unique definition of wellness and create a personalized plan to achieve it. It's about proactively building a life you love, focusing on holistic well-being that encompasses physical, mental, emotional, and spiritual health. Your coach acts as a guide, supporting you through self-discovery and empowering you to take ownership of your journey.

Think of it less as a lecture and more as a supportive conversation. Your coach will ask powerful questions, help you uncover limiting beliefs, and guide you in setting realistic and achievable goals. The focus is always on you and your aspirations. It's about uncovering your inner strength and building the resilience to overcome challenges and achieve lasting change.

Key Aspects of Wellness Coaching

Several core elements define effective wellness coaching:

Holistic Approach: Wellness coaching goes beyond physical fitness. It considers your entire being - your mind, body, spirit, and relationships. It acknowledges that these areas are interconnected and impact each other.

Goal Setting and Action Planning: A crucial part of the process involves setting specific, measurable, achievable, relevant, and time-bound (SMART) goals. Your coach will help you break down larger goals into manageable steps, creating a clear roadmap to success.

Accountability and Support: Having a dedicated coach provides ongoing support and accountability. Regular check-ins ensure you stay on track and receive guidance when you encounter obstacles.

Self-Discovery and Empowerment: The process is deeply introspective, encouraging self-reflection and the identification of personal values, strengths, and limiting beliefs. The goal is to empower you to make conscious choices that align with your authentic self.

Personalized Approach: No two wellness journeys are the same. Your coach will

tailor their approach to your specific needs, circumstances, and goals, creating a customized plan just for you.

Benefits of Wellness Coaching

The benefits of wellness coaching are numerous and far-reaching, impacting various aspects of your life:

Improved Physical Health: By focusing on healthy habits like exercise and nutrition, you can improve your physical health and reduce the risk of chronic diseases.

Enhanced Mental Clarity and Focus: Wellness coaching can help you manage stress, improve your mood, and enhance your cognitive function.

Increased Self-Awareness: The process fosters self-reflection, leading to a deeper understanding of your strengths, weaknesses, and values.

Greater Resilience: By learning effective coping mechanisms, you build resilience and are better equipped to handle life's challenges.

Improved Relationships: As you become more self-aware and manage your stress effectively, your relationships often improve.

Increased Productivity and Success: By setting clear goals and developing effective strategies, you can increase your productivity and achieve your personal and professional goals.

Greater Sense of Purpose and Fulfillment: Wellness coaching helps you clarify your values and align your actions with your deepest desires, leading to a greater sense of purpose and fulfillment in life.

Finding the Right Wellness Coach

Choosing the right wellness coach is crucial for a successful experience. Consider these factors:

Credentials and Experience: Look for coaches with relevant certifications and experience in the areas that align with your goals.

Coaching Style: Different coaches have different styles. Find someone whose approach resonates with you and your personality.

Client Testimonials: Reading reviews and testimonials can give you insights into the coach's effectiveness and client experience.

Initial Consultation: Most coaches offer a free consultation. Use this opportunity to ask questions, assess their compatibility, and ensure they're a good fit for your needs.

Cost and Payment Options: Understand the cost structure and payment options before committing to a coaching program.

Conclusion

Wellness coaching is an investment in yourself and your future. It's a

proactive approach to building a healthier, happier, and more fulfilling life. By partnering with a skilled coach, you can gain clarity, set meaningful goals, overcome obstacles, and create lasting positive change. If you're ready to embark on a journey of self-discovery and personal growth, consider exploring the world of wellness coaching – it could be the transformative experience you've been searching for.

FAQs

1. Is wellness coaching right for me? Wellness coaching can benefit almost anyone seeking personal growth and improved well-being. If you feel stuck, overwhelmed, or desire a more fulfilling life, it's worth exploring.
1. How long does wellness coaching take? The duration varies depending on your goals and needs. Some programs are short-term, while others are ongoing.
1. How much does wellness coaching cost? The cost varies depending on the coach's experience, program length, and location. It's best to inquire directly with potential coaches.
1. What's the difference between wellness coaching and therapy? While both can be beneficial, therapy typically focuses on addressing mental health issues and past traumas, while wellness coaching focuses on proactive goal setting and personal growth for a healthier future.
1. Can I do wellness coaching online? Absolutely! Many wellness coaches offer online sessions, making it accessible regardless of location.

what is wellness coaching: *Wellness Coaching for Lasting Lifestyle Change* Michael Arloski, 2014 Arloski blends the wisdom of the wellness field with the proven processes of the coaching profession to create an easy-to-use training tool. The result is the perfect training tool for wellness professionals of all kinds: disease management professionals, professional coaches, EAP professionals, counselors, and therapists.

what is wellness coaching: *Lifestyle Wellness Coaching* James Gavin, Madeleine Mcbrearty, 2018-11-07 Lifestyles have changed dramatically over the past quarter century. Along with these changes come exciting opportunities, including new career paths in the professional domain of health and wellness coaching. Centered on an evidence-based process for guiding change, *Lifestyle Wellness Coaching, Third Edition With Web Resource*, offers a systematic approach to helping clients achieve enduring changes in their personal health and wellness behaviors through a

supportive and forward-moving coaching relationship. Lifestyle Wellness Coaching has been thoroughly revised and updated to keep pace with the rapidly evolving field of wellness coaching. It is complemented by discussions, case studies, reflective opportunities, and practical aids and engages readers through multiple approaches to learning: The reader is encouraged to gauge comprehension and application of the content by reflecting on personal experiences within the context of coaching. Sample dialogues offer real-world examples of coaching situations and strategies. The International Coach Federation's 11 core competencies are thoroughly examined to prepare readers for certification in the profession of coaching. A new web resource houses easy-to-use forms, plans, and assessments that professionals can use immediately with clients. Lifestyle Wellness Coaching examines real coaching conversations to assess key considerations, such as the types of questions to ask, how to provide feedback effectively, and how to facilitate action planning. The text presents communication strategies to motivate, guide, inform, and support clients' processes toward personal change with a holistic approach. It addresses boundaries of care and advice appropriate to coaching relationships. Other issues explored include developing a trusting relationship, creating goals that are aligned with coaching processes, unblocking clients' energy and discovering resources for change, and generating forward movement through the skillful use of the International Coach Federation's 11 core competencies. Lifestyle Wellness Coaching introduces readers to models that clearly identify clients' progress through the stages of change. First, the text explores the popular transtheoretical model (TTM) of health-related behavior change and its delineation of six stages of clients' readiness to change. The discussion of TTM includes strategies appropriate to clients in various stages of readiness to change. The text also presents the learning-through-change model (LCM), revealing the deep layers beneath each phase of client movement toward change. Readers are offered a map for coaching clients toward goal achievement. The authors' unique flow model of coaching illustrates how professional coaches can help clients navigate the sometimes turbulent events of a person's life in order to change habitual patterns of behavior. The companion web resource offers a complete kit of assessment tools to help establish a strong framework for successful coaching. A welcome packet, coaching readiness index, introductory session form, and between-sessions questionnaire benefit both the professional and client in laying the groundwork. Other supplemental resources, such as a social and emotional intelligence assessment and a goal setting form, support the journey. Lifestyle Wellness Coaching, Third Edition, is the definitive resource for those seeking to embrace wellness coaching and propel clients to healthy, effective change.

what is wellness coaching: Coaching Psychology Manual Margaret Moore, Erika Jackson, Bob Tschannen-Moran, 2015-09-02 This second edition of the Coaching Psychology Manual helps health, wellness, lifestyle, positive psychology, and personal coaches work with clients to achieve their health, well-being, and life goals. Endorsed by the ACSM, packed with examples and scenarios, and now in vibrant full color, this comprehensive guide covers techniques and concepts for supporting clients in changing the behaviors and mindsets needed to thrive, in all areas of wellness, including fitness, nutrition, weight, mind/body, stress, and management of life issues that impact well-being.

what is wellness coaching: Masterful Health and Wellness Coaching Michael Arloski, 2021-08 In Masterful Health & Wellness Coaching Dr. Arloski focuses on advancing the reader's understanding of the process of coaching in the health and wellness setting and guides the reader to a comprehensive level of expertise. Honing the craft as wellness coaches is the goal. Masterful Health & Wellness Coaching offers tools to become a true master of the history, research, scholarship, and techniques of wellness coaching at its highest level. Masterful Health & Wellness Coaching is divided into three parts, beginning with a foundation that great coaching is about transformation. Changing behavior needs to be viewed not through a unitary lens, but in the context of growth and development. Arloski reveals how this can be done for the client, for the coach, and for the growing profession of wellness coaching. The second part focuses on How to Be, that is, a coaches presence and way of being in the world and with a client, and the powerful effect this has upon the coaching process. Part Three takes a deeper dive into the craft of wellness coaching.

Throughout Dr. Arloski references what can be learned from relevant theory and research. Masterful Health & Wellness Coaching is tailored to coaches who want to go beyond the basics of SMART Goals and accountability, beyond tracking calories and sit-ups. It is for: - Coaches who want to become scholars of coaching. - Coaches who want to develop a greater understanding of the process of behavioral change. - Coaches who want to learn more about wellness. - Coaches who want to master what the entire field of health promotion has discovered about being well. - Coaches who want to become skilled craftspeople. - Coaches who want to meet their clients with understanding, empathy, and non-judgment. Dr. Arloski believes that coaching isn't about all the things a client is doing wrong and how grim their situation is. It's about what is needed to ensure a successful future. Masterful Health & Wellness Coaching gives you the tools to start your client on the path to success and to coach him or her until their healthy-living skills are second nature. The root of the word coach can be traced to a village in Hungary, Kocs, where carriages were made in the 1500's. Coaches love metaphors and what is better than this one: A coach takes you from where you are at to where you want to go. Perfect. The client is the one with the reins and it is the coaching process that facilitates the journey.

what is wellness coaching: How to Be a Health Coach Meg Jordan, 2013-08-29 This step-by-step manual offers the essentials of health coaching methodology, along with integrative wellness principles, theoretical frameworks, evidence-based models, coaching session formats, and practice tools. Readers also learn effective mind-body techniques to become extraordinary health coaches.

what is wellness coaching: Lifestyle Wellness Coaching James Gavin, Madeleine McBrearty, 2013-04-18 Lifestyles have changed dramatically over the past quarter century, and along with these changes come exciting opportunities for health, wellness, and fitness professionals, including new career paths in the professional domain of health and wellness coaching. Centered on an evidence-based process for guiding change, Lifestyle Wellness Coaching, Second Edition, offers a systematic approach to helping clients achieve enduring changes in their personal health and wellness behaviors through a supportive and forward-moving coaching relationship. Formerly titled Lifestyle Fitness Coaching, the second edition of Lifestyle Wellness Coaching has been thoroughly revised and updated to keep pace with the rapidly evolving field of lifestyle coaching. The text offers powerful methodologies for those who want to embrace lifestyle coaching as their primary profession as well as for those who intend to integrate a coaching approach into their work with clients. The text is complemented by discussions, case studies, reflective opportunities, and practical aids and engages readers through multiple approaches to learning: • Dynamic coaching dialogues bring abstract concepts to life. • Typical exchanges between coaches and clients are illustrated. • The International Coach Federation's 11 core competencies are thoroughly examined to prepare readers for certification in the profession of coaching. • Sidebars provide practical guidance for enhanced understanding and prompt readers to personally experience the content. Lifestyle Wellness Coaching, Second Edition, uses realistic coaching conversations to address issues such as the timing and types of questions to ask, how to provide feedback effectively, and how to facilitate robust action planning. Readers are presented with a broad overview of the field and detailed analysis of core ingredients to promote effective coaching relationships. The text includes essential structures for coaching conversations and practical considerations to help readers adapt materials to their unique career interests. Lifestyle Wellness Coaching introduces readers to models that clearly identify clients' progress through the stages of change. First, the text explores the popular transtheoretical model (TTM) of health-related behavior change and its delineation of six stages of clients' readiness to change. Discussion of TTM includes strategies appropriate to clients in various stages of readiness to change. Lifestyle Wellness Coaching also presents the learning-through-change model (LCM), revealing the deep layers beneath each phase of client movement toward change. Following considerations of the stages and phases of change, readers are offered a critical map for coaching clients toward goal achievement. The authors' unique flow model of coaching illustrates how professional coaches help clients navigate the sometimes turbulent

events in attempting to change habitual patterns of behavior. *Lifestyle Wellness Coaching, Second Edition*, details how professionals engage in well-designed communication strategies to motivate, guide, inform, and support clients' processes toward personal change with a holistic approach. The text frames the boundaries of care and advice appropriate to coaching relationships. Some of the issues explored include the centrality of a trusting relationship, creating goals that are aligned with coaching processes, unblocking clients' energy and discovering resources for change, and generating forward movement through the skillful use of the International Coach Federation's 11 core competencies. Whether you want to apply certain aspects of a coaching approach with your clients or move toward adding a professional coach certification to your résumé, *Lifestyle Wellness Coaching, Second Edition*, will serve you well. The text presents the necessary skills for professional development and offers an evidence-based methodology for supporting and advancing clients in change processes related to health, wellness, and fitness agendas.

what is wellness coaching: *Winning Well* Cara Cocchiarella, Camille Adana, 2021-11-10 Wellness is complex and powerful. And when wellness is maximized in the sports setting, athletes and coaches alike are set up to succeed. In *Winning Well: Maximizing Coach and Athlete Wellness*, Cara Cocchiarella and Camille Adana provide coaches and coach developers with the means to implement a more inclusive coaching environment through wellness. Each aspect of wellness is defined within the context of sports, provided along with tips for application within the sports

setting. Tangible guidelines are supplemented with personal testimonies from a diverse group of athletes and coaches who highlight their experiences with wellness in coaching—or lack thereof. Self-assessments are provided as powerful tools to help coaches evaluate their own wellness, their promotion of athlete wellness, and inclusive practices. The demand for wellness and inclusion in sports is substantial, and *Winning Well* is the first practical guide to help coaches and coach developers bring wellness to the forefront of their practices. Written for coaches in all sports who work with athletes at any level, this book is an inspiring, timely, and accessible resource for those who want to move towards more effective and impactful coaching.

what is wellness coaching: *Changing to Thrive* James O. Prochaska, Janice M. Prochaska, 2016-09-01 Changing unhealthy behaviors is easier said than done. Through interactive exercises, backed by countless research studies, *Changing to Thrive* will help readers progress through the Stages of Change and find the will power to create lasting change that will allow them to thrive. Changing unhealthy behaviors is easier said than done. Through interactive exercises, backed by countless research studies, *Changing to Thrive* will help readers progress through the Stages of Change and find the will power to create lasting change that will allow them to thrive. Eat healthy. Exercise. Quit smoking. Cut down on drinking. Reduce stress. Changing unhealthy behaviors is easier said than done. If you're like most of us, you have already made repeated attempts to change your lifestyle and improve your well-being without lasting success. You may attribute those failures to things like lack of motivation or the "wrong genes." But it's more likely that you simply don't know how to change. In this groundbreaking book, James O. Prochaska, PhD, and Janice M. Prochaska, PhD, guide you through a six-stage process designed to help you assess your readiness to change, then tap the inner resources necessary to thrive physically, emotionally, and socially. Backed by countless research studies, the stages of change model, developed by James Prochaska in collaboration with Carlo DiClemente, PhD, has revolutionized the field of behavior change. Through interactive exercises, *Changing to Thrive* will help you progress through the stages of change and learn that you have the power within to thrive.

what is wellness coaching: Nurse Coaching Barbara Dossey, Susan Luck, Bonney Gulino Schaub, 2014-10-20 *Nurse Coaching: Integrative Approaches for Health and Wellbeing* By Barbara Montgomery Dossey, Susan Luck, and Bonney Gulino Schaub Paperback-October 2014 This is the first comprehensive Nurse Coach textbook that describes the theoretical and clinical relevance and practical application of an innovative, integrative, holistic, and integral nurse coaching model. what is wellness coaching: *Life Coaching* Michael Neenan, Windy Dryden, 2013-06-26 The way we think profoundly influences the way we feel, so learning to think differently can enable us to feel and act differently. The first edition of *Life Coaching* successfully showed how to tackle self-defeating thinking and replace it with a problem-solving outlook, providing clear and helpful advice on: Dealing with troublesome emotions Overcoming procrastination Becoming assertive Tackling poor time management Persisting at problem solving Handling criticism constructively Taking risks and making better decisions. The new edition retains the key features, while offering a brand new chapter on the emerging topic of resilience as well updates throughout. It will continue to

be invaluable to all those who are interested in becoming more personally effective in their everyday lives, and also to counsellors in practice and training.

what is wellness coaching: Your Journey to a Healthier Life Michael Arloski, 2017-09-15

what is wellness coaching: A Guide to Coaching and Mental Health Andrew Buckley, Carole Buckley, 2012-11-12 It is vital that coaches have the ability to recognise mental health problems in their clients, enabling them to make an informed decision about whether coaching is appropriate. A Guide to Coaching and Mental Health provides an indispensable introduction to the assessment of psychological issues in the context of coaching. Divided into three sections, the book covers all the legal, ethical and practical considerations. Section one, Working on the Boundary, starts by exploring the distinction between normal and abnormal behaviour. In section two, What's Being Said, the authors introduce fictional case studies, which cover a range of possible mental health issues from mild depression and anxiety, through to psychoses and potentially life threatening problems. Section three, Categories of Mental Illness, guides the reader through the definition and management of the more common mental health problems. This accessible and jargon-free guide to identifying mental illness will prove invaluable for coaches and other related professionals, whatever their level of experience.

what is wellness coaching: Rock Steady Ellen Forney, 2018 Rock Steady: Brilliant Advice From My Bipolar Life is the eagerly awaited sequel/ companion book to Forney's 2012 best-selling graphic memoir, Marbles: Mania, Depression, Michelangelo, and Me. Whereas Marbles was a memoir about her bipolar disorder, Rock Steady turns the focus outward, offering a self-help survival guide of tips, tricks and tools by someone who has been through it all and come through stronger for it.

what is wellness coaching: Mila's Meals Catherine Barnhoorn, 2021-11 Mila's Meals is part cookbook, part whole-food nutrition encyclopaedia covering The Beginning of your child's lifelong relationship with food and The Basics of feeding yourself food that is medicine.

what is wellness coaching: The Memory of Health Edie Summers, 2016-02-26 What is your journey to well-being? Do you suffer from health issues or a chronic condition? Do you have M.E., CFS, or chronic fatigue? Is stress affecting your well-being? Do you have chronic fatigue or a chronic condition? Are you are seeking answers? If you have chronic fatigue for any reason (M.E., CFS, burnout, another chronic condition, on-going stress, trauma, etc.) check this book out! The Memory of Health is a memoir and a guide to living well. It is also a comprehensive resource on chronic fatigue, possible solutions, and on how self-care and lifestyle medicine may help you. What makes you thrive, even in the face of great odds? What makes you come alive? At the age of 22, Edie developed chronic fatigue after having surgery for a ski accident. While physical therapy was helpful, she had to seek alternative treatment to regain full use of her knee. In the course of seeking answers to her health challenges, she discovered the power of mindful living and became a conscious consumer. Whether you like mainstream, alternative, or integrative medicine as your solution for health and well-being, be conscious of the choices you make, because they matter. #cfs #chronicfatigue #chronicillness #booksonhealth #M.E. #booksonfatigue #booksonchronicfatigue #howtogetmoreenergy #adrenalinsufficiency #burnout #trauma #energy #moreenergy #theoriesofcfs #theoriesofchronicfatigue #howtoimprovenenergylevels

Access the Educator Wellness--Rating, Reflecting, Planning, and Goal-Setting protocol. Contents: About the Authors Introduction Chapter 1: The Physical Wellness Dimension Chapter 2: The Mental Wellness Dimension Chapter 3: The Emotional Wellness Dimension Chapter 4: The Social Wellness Dimension

what is wellness coaching: ROAR Stacy T. Sims, PhD, Selene Yeager, 2016-07-05 “Dr. Sims realizes that female athletes are different than male athletes and you can’t set your race schedule around your monthly cycle. ROAR will help every athlete understand what is happening to her body and what the best nutritional strategy is to perform at her very best.”—Evie Stevens, Olympian, professional road cyclist, and current women’s UCI Hour record holder Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it’s no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and nutrition scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women’s physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.

what is wellness coaching: CLEAN 7 Alejandro Junger, 2019-12-03 The definitive program on detoxification just got easier, thanks to multiple New York Times bestselling author Dr. Alejandro Junger’s detailed, personalized, and medically proven seven-day plan that helps us begin to rid our bodies of the multitude of toxins that infiltrate our systems every day. Each day, too many of us struggle unnecessarily with debilitating health issues, such as colds or viruses, allergies or hay fever, stubborn extra pounds, poor sleep, recurrent indigestion, constipation, or irritable bowel syndrome, itchy rashes, acne or other skin conditions, depression, anxiety, or frequent fatigue. But we don’t have to suffer any longer. In his bestseller Clean, the international leader in the field of integrative medicine revealed how many of these common ailments are the direct result of toxic build-up in our systems accumulated through daily living, and offered solutions for combatting them. Now, with Clean 7, Dr. Junger makes his groundbreaking program easier and more accessible than ever before. Clean 7 is his medically proven seven-day regimen that provides all the necessary tools to support and reactivate our bodies’ detoxification system to its fullest capabilities. In one week, you can begin addressing those nagging health issues by discovering the foods that harm you and the foods that heal you, lose extra weight, and start to experience what it truly means to be well. The first seven days of any program are the most critical. Undertaking a new routine is stressful, and tests our commitment, willpower, and focus. Understanding exactly what’s going on in your body—why you might feel fatigue on day two or cravings on day five—is the key to success. A doctor who’s helped millions, Dr. Junger personally guides you through the process, offering a clear, day-by-day, meal-by-meal exploration of what’s happening in your body to keep you focused on your goals. Filled with the latest science on the brain, and featuring delicious, nutritious recipes, and

details on everything from prepping your kitchen to prepping your mind, Clean 7 revolutionizes the detoxification process. If you have been searching for a book or program to help you take that next step for your overall health, Clean 7 is the answer. Discover what it truly means to be healthy.

what is wellness coaching: Co-Active Coaching Henry Kimsey-House, Karen Kimsey-House, Phillip Sandahl, Laura Whitworth, 2010-12-15 NEW 4TH EDITION now available! Refer to isbn: 9781473691124 THE BOOK THAT CHANGED THE COACHING FIELD FOREVER This current, third edition includes fresh coaching examples, the latest in coaching terminology and an expanded, web-based 'Coach's Toolkit'. Used as the definitive resource in dozens of professional development programs, Co-Active Coaching teaches the transformative communication process that allows individuals from all levels of an organization - from students to teachers, and direct reports to managers - to build strong, collaborative relationships.

what is wellness coaching: How to Incorporate Wellness Coaching into Your Therapeutic Practice Laurel Alexander, 2011-08-15 Wellness coaching is an emerging and vibrant area of healthcare. It takes healing beyond the curing of symptoms and empowers clients to take their health back into their own hands. This book provides therapists with the knowledge and skills to rejuvenate their therapeutic practice by incorporating wellness coaching techniques into their range of services. Laurel Alexander redefines wellness as an integrated lifestyle and mindset process and shows that wellness coaching can be a profound and practical way to help clients make meaningful changes to their health and outlook. The book offers a wellness coaching toolbox, explaining key skills such as how to create an organic personal wellness plan, how to build client rapport and give constructive feedback, and how to apply different coaching models effectively. Practical steps and examples make it easy for any therapist or counsellor to pick up the reins of wellness coaching for themselves. Exciting new developments such as wellness diagnostic services, preventative healthcare, customised treatments and DIY healthcare are explored. With shrewd advice and useful insights, this book is an essential resource for complementary therapists and counsellors looking to update their existing practice and tap into the rapidly expanding wellness market.

what is wellness coaching: The 22 Non-Negotiable Laws of Wellness Greg Anderson, 2012-10-30 Everything we think, say, feel, and do has a direct impact on our physical and emotional health. And yet, we overlook this fundamental truth every day. A solution exists. The 22 Non-Negotiable Laws of Wellness advocates a holistic no-nonsense approach to health and well-being that is keenly sensitive to all facets of body, mind, and spirit. These twenty-two keys provide the definitive toolkit for achieving your own high-level wellness.

what is wellness coaching: Authentic Happiness Martin Seligman, 2011-01-11 In this important, entertaining book, one of the world's most celebrated psychologists, Martin Seligman, asserts that happiness can be learned and cultivated, and that everyone has the power to inject real joy into their lives. In *Authentic Happiness*, he describes the 24 strengths and virtues unique to the human psyche. Each of us, it seems, has at least five of these attributes, and can build on them to identify and develop to our maximum potential. By incorporating these strengths - which include kindness, originality, humour, optimism, curiosity, enthusiasm and generosity -- into our everyday lives, he tells us, we can reach new levels of optimism, happiness and productivity. *Authentic Happiness* provides a variety of tests and unique assessment tools to enable readers to discover and deploy those strengths at work, in love and in raising children. By accessing the very best in ourselves, we can improve the world around us and achieve new and lasting levels of authentic contentment and joy.

what is wellness coaching: Wellpreneur Amanda Cook, 2017-02-23 Why do some wellness entrepreneurs find freedom, flexibility and a healthy income online - while others get stuck spinning their wheels, never finding clients or making sales? It's not about who has the best website, or who spends more time on social media. The secret is in the system. Wellpreneurs who find clients online have a system in place that failing wellpreneurs don't. This system brings more of the right people to your website, and turns them into paying clients. It's this proven, step-by-step system you'll learn in

what is wellness coaching: Thrive Arianna Huffington, 2014-03-25 In Thrive, Arianna Huffington makes an impassioned and compelling case for the need to redefine what it means to be successful in today's world. Arianna Huffington's personal wake-up call came in the form of a broken cheekbone and a nasty gash over her eye--the result of a fall brought on by exhaustion and lack of sleep. As the cofounder and editor-in-chief of the Huffington Post Media Group--one of the fastest growing media companies in the world--celebrated as one of the world's most influential women, and gracing the covers of magazines, she was, by any traditional measure, extraordinarily successful. Yet as she found herself going from brain MRI to CAT scan to echocardiogram, to find out if there was any underlying medical problem beyond exhaustion, she wondered is this really what success feels like? As more and more people are coming to realize, there is far more to living a truly successful life than just earning a bigger salary and capturing a corner office. Our relentless pursuit of the two traditional metrics of success--money and power--has led to an epidemic of burnout and stress-related illnesses, and an erosion in the quality of our relationships, family life, and, ironically, our careers. In being connected to the world 24/7, we're losing our connection to what truly matters. Our current definition of success is, as Thrive shows, literally killing us. We need a new way forward. In a commencement address Arianna gave at Smith College in the spring of 2013, she likened our drive for money and power to two legs of a three-legged stool. They may hold us up temporarily, but sooner or later we're going to topple over. We need a third leg--a third metric for defining success--to truly thrive. That third metric, she writes in Thrive, includes our well-being, our ability to draw on our intuition and inner wisdom, our sense of wonder, and our capacity for compassion and giving. As Arianna points out, our eulogies celebrate our lives very differently from the way society defines success. They don't commemorate our long hours in the office, our promotions, or our sterling PowerPoint presentations as we relentlessly raced to climb up the career ladder. They are not about our resumes--they are about cherished memories, shared adventures, small kindnesses and acts of generosity, lifelong passions, and the things that made us laugh. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritizing the demands of a career and raising two daughters--of juggling business deadlines and family crises, a harried dance that led to her collapse and to her aha moment. Drawing on the latest groundbreaking research and scientific findings in the fields of psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplace, and our lives.

what is wellness coaching: 52 Simple Ways to Health Carol A. Phillips, 2014-10-30 Readers who want to make healthy lifestyle changes, without turning their lives upside down, have come to the right place. 52 Simple Ways to Health offers manageable steps to help you become healthier and happier. Not only will it help you learn how to get started with your training, but it will show you where to focus your attention, when to progress, and how to keep it simple.

what is wellness coaching: Think Like a Monk Jay Shetty, 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

what is wellness coaching: Financial Peace Dave Ramsey, 2002-01-01 Dave Ramsey explains those scriptural guidelines for handling money.

what is wellness coaching: The Power of When Michael Breus, 2016-09-13 Learn the best time to do everything -- from drink your coffee to have sex or go for a run -- according to your body's chronotype. Most advice centers on what to do, or how to do it, and ignores the when of success. But exciting new research proves there is a right time to do just about everything, based on our biology and hormones. As Dr. Michael Breus proves in The Power Of When, working with your body's inner clock for maximum health, happiness, and productivity is easy, exciting, and fun. The Power Of When presents a groundbreaking program for getting back in sync with your natural rhythm by making minor changes to your daily routine. After you've taken Dr. Breus's comprehensive Bio-Time Quiz to figure out your chronotype (are you a Bear, Lion, Dolphin or Wolf?), you'll find out the best time to do over 50 different activities. Featuring a foreword by Mehmet C. Oz, MD, and packed with fascinating facts, fun personality quizzes, and easy-to-follow guidelines, The Power Of When is the ultimate lifehack to help you achieve your goals.

what is wellness coaching: *Managing Your Depression* Susan J. Noonan, 2013-05-29 As a physician who personally suffers from depression, Susan J. Noonan draws on her own expertise and empathy to create a guide for people who suffer from the disease. Explaining the basics of mental health—including sleep hygiene, diet and nutrition, exercise, routine and structure, and avoiding isolation— *Managing Your Depression* empowers people to participate in their own care, offering them a better chance of getting, and staying, well. Noonan's depression management strategies draw on the best available educational resources, psychoeducational programs, seminars, expert health care providers, and patient experiences. The book is specifically designed to be highly readable for people who are finding it difficult to focus and concentrate during an episode of depression. Cognitive exercises and daily worksheets help track progress and response to therapy and provide valuable information for making treatment decisions. A relapsing and remitting condition, depression affects nearly 15 percent of people in the United States. *Managing Your Depression* will bring depression management strategies to people who do not have access to mental health programs or who want to learn new skills. -- Francis M. Mondimore, M.D., The Johns Hopkins Hospital

what is wellness coaching: Unconventional Medicine Chris Kresser, 2017-09-06 The world is facing the greatest healthcare crisis it has ever seen. Chronic disease is shortening our lifespan, destroying our quality of life, bankrupting governments, and threatening the health of future generations. Sadly, conventional medicine, with its focus on managing symptoms, has failed to address this challenge. The result is burned-out physicians, a sicker population, and a broken healthcare system. In *Unconventional Medicine*, Chris Kresser presents a plan to reverse this dangerous trend. He shows how the combination of a genetically aligned diet and lifestyle, functional medicine, and a lean, collaborative practice model can create a system that better serves the needs of both patients and practitioners. The epidemic of chronic illness can be stopped, if patients and practitioners can adapt.

what is wellness coaching: Healthy Dividends Tricia Silverman, 2019-08-15

what is wellness coaching: Lifestyle Fitness Coaching James Gavin, 2005 *Lifestyle Fitness Coaching* provides information on coaching dialogues between the health fitness professional and the client, addressing issues such as the types of questions to ask, how to provide feedback effectively, and how to make referrals. The text includes useful information for guiding program development and learning activities that help readers understand the material and relate it to their situations. In addition, an accompanying CD-ROM contains a Matching Activities and Personal Styles (MAPS) Inventory, a validated questionnaire that clients complete to identify their likes and dislikes. The MAPS Inventory software then generates a report that coaches and clients can use to guide the coaching process. *Lifestyle Fitness Coaching* is an invaluable resource for health fitness professionals who want to expand their skills and move toward more enriching and rewarding interactions with their clients.--BOOK JACKET.

what is wellness coaching: Get the Guy Matthew Hussey, 2013-04-09 Most dating books tell you what NOT to do. Here's a book dedicated to telling you what you CAN do. In his book, *Get the Guy*, Matthew Hussey—relationship expert, matchmaker, and star of the reality show *Ready for Love*—reveals the secrets of the male mind and the fundamentals of dating and mating for a proven, revolutionary approach to help women to find lasting love. Matthew Hussey has coached thousands of high-powered CEOs, showing them how to develop confidence and build relationships that translate into professional success. Many of Matthew's male clients pressed him for advice on how to apply his winning strategies not to just get the job, but how to get the girl. As his reputation grew, Hussey was approached by more and more women, eager to hear what he had learned about the male perspective on love and romance. From landing a first date to establishing emotional intimacy, playful flirtation to red-hot bedroom tips, Matthew's insightfulness, irreverence, and warmth makes *Get the Guy: Learn Secrets of the Male Mind to Find the Man You Want and the Love You Deserve* a one-of-a-kind relationship guide and the handbook for every woman who wants to get the guy she's been waiting for.

The powerful blending of these two approaches addresses what individual need to thrive. Anyone with a passion for helping others should consider entering the rapidly exploding fields of health coaching and specializing in Functional Medicine coaching.

what is wellness coaching: The Primal Blueprint Mark Sisson, 2019 The New Primal Blueprint serves as the ultimate road map for anyone wishing to make the shift from flawed conventional wisdom about diet and exercise to a healthy, happy empowering lifestyle patterned after the evolutionary-tested behaviors of our hunter-gatherer ancestors. The book details the ten immutable Primal Blueprint lifestyle laws that enable empower you to reprogram your genes to direct in the direction of weight loss, health, and longevity. The Primal Blueprint laws are validated by two million years of human evolution as well as an ever-expanding body of contemporary scientific research. Sisson's philosophy was originally met with skepticism as he aggressively challenged numerous mainstream health tenets. Eight years later, mainstream medical and health science are validating the Primal Blueprint tenets assertions that a high-carb, grain-based diet will make you fat, tired, and sick; that a consistent routine of medium-to-difficult cardiovascular workouts can actually compromise your health and longevity and increase risk of heart disease; and that consuming (whole food sources of) fat and cholesterol does not lead to heart disease as we have been led to believe, but rather offers many health benefits. --
