

who makes wellness dog food

Who Makes Wellness Dog Food? Unpacking the Brand and Its Offerings

Are you a devoted dog parent searching for the best nutrition for your furry friend? Choosing the right dog food can feel overwhelming, with countless brands and formulations vying for your attention. If you've landed on "Wellness" as a potential option, you're likely curious about the company behind this popular brand. This comprehensive guide will delve into who makes Wellness dog food, explore their different product lines, discuss the ingredients, and ultimately help you decide if Wellness is the right fit for your canine companion. We'll tackle all your burning questions, ensuring you're well-informed before making a purchase.

Who Owns Wellness Pet Food? The Corporate Landscape

Wellness Pet Food isn't a small, independent operation. It's owned by WellPet LLC, a larger company that also owns several other well-known pet food brands. This larger corporate structure can offer advantages, such as access to greater resources for research and development, wider distribution networks, and potentially economies of scale that might contribute to competitive pricing. However, it's crucial to remember that larger corporations also have their own set of priorities, and it's important to critically examine the specific ingredients and sourcing practices of any pet food brand, regardless of its parent company.

The Wellness Pet Food Range: A Diverse Lineup

Wellness offers a diverse range of dog food catering to different life stages, breeds, and dietary needs. Understanding this range is key to choosing the right product for your dog. Here's a breakdown of their major lines:

Wellness Complete Health: This is probably their most well-known line, focusing on balanced nutrition for adult dogs. They emphasize high-quality protein sources, often featuring real meat or poultry as the first ingredient. Within this line, you'll find various recipes catering to different tastes and sensitivities, including options for small breed adults and large breed adults.

Wellness CORE: This line is often marketed as a more premium option, boasting even higher percentages of meat and protein. It's generally considered a "grain-free" or "limited ingredient" option, which can be appealing to dog owners whose pets have allergies or sensitivities. CORE also offers a range of recipes, including options for puppies, adults, and seniors.

Wellness Simple: This line is specifically designed for dogs with sensitive stomachs or food allergies. It utilizes a smaller number of easily digestible ingredients, minimizing the risk

of adverse reactions. Simple formulations often prioritize a single protein source, like chicken or salmon, along with limited vegetables and fruits.

Wellness Complete Health Large Breed: Tailored to the specific needs of large-breed dogs, this food often features recipes with adjusted calorie and nutrient levels to support healthy growth and weight management in larger canines.

Wellness Puppy: Specifically formulated for growing puppies, this food provides the extra nutrients essential for proper development and immune system support.

Ingredient Focus: What's in Wellness Dog Food?

Wellness dog food generally prioritizes high-quality animal protein sources. You'll frequently see real meat or poultry listed as the first ingredient on their packaging. They also tend to include fruits, vegetables, and other natural ingredients that are considered beneficial for canine health. However, it's crucial to examine the specific ingredient list of the particular recipe you're considering. Always look for clear and understandable ingredients, and be wary of overly processed ingredients or fillers. Understanding the difference between "natural" and "organic" labeling is also essential. Natural doesn't always guarantee the highest quality, and organic certifications can provide a higher degree of assurance regarding sourcing and production methods.

Sourcing and Manufacturing: Transparency Matters

While WellPet LLC doesn't explicitly disclose all details of their manufacturing processes on their website, the company has a vested interest in maintaining a reputation for quality. Checking for certifications and looking for transparency about ingredient sourcing is essential. Investigating where the ingredients originate and the production methods used can give you a better idea of the overall quality and sustainability of the food. Look for evidence of third-party testing and quality control measures.

Wellness Dog Food: Is it Right for Your Dog?

Ultimately, the best way to decide if Wellness dog food is suitable for your dog is to carefully consider your pet's individual needs and preferences. Factors such as age, breed, activity level, and any existing health conditions should influence your decision. Always consult with your veterinarian before making any significant changes to your dog's diet, especially if they have pre-existing health problems. They can provide personalized advice based on your dog's specific requirements. Consider conducting a food trial to observe your dog's reaction to the food over a few weeks. Note any changes in stool consistency, energy levels, and coat health.

Conclusion

Choosing the right dog food is a significant decision, and understanding the brand behind the product is a crucial step in that process. Wellness, a brand owned by WellPet LLC, offers a diverse range of high-quality dog foods, but careful consideration of your dog's

specific needs and a review of the ingredient list are essential. By researching and understanding the available options, you can confidently select a food that contributes to your dog's health and happiness. Remember to always consult your vet for personalized dietary recommendations.

FAQs

1. Is Wellness dog food grain-free? Not all Wellness dog food is grain-free. The CORE line is primarily grain-free, while others incorporate grains. Check the specific product label for details.
1. Where is Wellness dog food manufactured? WellPet LLC doesn't publicly disclose the exact locations of all its manufacturing facilities, but their products are likely manufactured in various locations to meet distribution needs.
1. Is Wellness dog food better than other brands? Whether Wellness is "better" depends on your dog's individual needs. It's a popular choice with many owners, but comparing ingredient lists and nutritional profiles to other brands is crucial.
1. Does Wellness offer dog food for specific breeds? While not specifically named for individual breeds, Wellness offers different formulations (e.g., large breed) to cater to the nutritional requirements of different dog sizes and life stages.
1. Can I switch my dog to Wellness dog food suddenly? It's generally recommended to gradually transition your dog to a new food over a period of several days to a week to minimize digestive upset.

who makes wellness dog food: The Whole Pet Diet Andi Brown, 2006-09-01 One in four pets is obese, and every year owners spends thousands of dollars treating allergies, joint problems, digestive disorders, and serious diseases that could improve dramatically with a nutritious diet. Yet despite promises of complete and balanced meals, most commercial pet foods contain chemical preservatives, indigestible fillers, and dangerous by-products. If your pets are overweight, ailing, or aging, or you just want them to be as healthy as possible, THE WHOLE PET DIET offers a straightforward plan to achieve lifelong health and well-being. Featuring twenty-five easy recipes for homemade meals and treats, a guide to natural supplements, and practical tips for no-stress

grooming and play, this holistic approach to pet care creates optimal health for dogs and cats, and it just might change the way you eat, too.

who makes wellness dog food: Big Kibble Shawn Buckley, Oscar Chavez, 2020-12-01 A big, inside look at the shocking lack of regulation within the pet food industry, and how readers can dramatically improve the quality of their dogs' lives through diet. What's really going into commercial dog food? The answer is horrifying. Big Kibble is big business: \$75 billion globally. A handful of multi-national corporations dominate the industry and together own as many as 80% of all brands. This comes as a surprise to most people, but what's even more shocking is how lax the regulations and guidelines are around these products. The guidelines—or lack thereof—for pet food allow producers to include ever-cheaper ingredients, and create ever-larger earnings. For example, "legal" ingredients in kibble include poultry feces, saw dust, expired food, and diseased meat, among other horrors. Many vets still don't know that kibble is not the best food for dogs because Big Kibble funds the nutrition research. So far, these corporations have been able to cut corners and still market and promote feed-grade food as if it were healthful and beneficial—until now. Just as you are what you eat, so is your dog. Once you stop feeding your dog the junk that's in kibble or cans, you have taken the first steps to improving your dog's health, behavior and happiness. You know the unsavory side of Big Tobacco and Big Pharma. Now Shawn Buckley, Dr. Oscar Chavez, and Wendy Paris explain all you need to know about unsavory Big Kibble—and offer a brighter path forward for you and your pet.

who makes wellness dog food: Dog Food Logic Linda P. Case, M.S., 2014-02-12
Choosing the right dog food in a world with too many choices
 Walking down the dog food aisle in a pet supply superstore can present you with an overwhelming number of choices. Reading about dog food on the internet can make your head spin with so many opinions and stories. And judging the content that you find on dog food packaging can be confusing and misleading. How can the average dog owner make an informed choice in accordance with her dog's age, size and condition? In her latest book, author Linda Case describes how to make logical, evidence-based decisions for what to feed your dog amid all the options available.

 You will learn
 • How pet food marketers appeal to your emotions to persuade you to buy a particular type of dog food.
 • To distinguish between scientific, evidence-based information and the anecdotal evidence which is so pervasive—and often misleading—in the dog food arena.
 • Is there a scientific basis for dog foods designed specifically for puppies, senior dogs, canine athletes—even various breeds of dogs?
 • How to read and evaluate all of the material included on a typical package of dog food from the ingredients and label claims ("Natural," "Anti-Oxidant," "Low Fat"), to the Nutrient Analysis and Nutritional Adequacy statements.
 • How to avoid choice paralysis and the cognitive traps that can interfere with clear decision making.

 What experts are saying about <I>Dog Food Logic</I>
 Pet food is like a religion for many—but now those strong emotional ties can be backed up with fact. Linda Case separates fact from fiction, explains the complex terms and offers a guide to pet nutrition in simple to comprehend language. Unlike other books on this topic, there is no agenda here—except to present facts and then allow pet owners to make their own logical conclusions, letting the kibble drop where it may.
 Steve Dale, CABR, columnist Tribune Content Agency; radio host Black Dog Radio Productions and WGN Radio (Chicago); contributing editor USA Weekend; special correspondent Cat Fancy; author Good Cat!

 <I>Dog Food Logic</i> is the indispensable guide to the science behind canine nutrition that will help us to make wise, well-informed choices about how and what we feed our dogs. It takes the fear out of trying to understand proper nutrition and will empower us to determine what is best for the health of our dogs.
 Claudia Kawczynska, Founder and Editor-in-chief of The Bark

 Don't read this book if you want someone to tell you what to feed your dog. This is a book for people who want to learn, in a reasoned and thoughtful way, how to figure it out for themselves.<I> Dog Food Logic</I> goes way beyond the usual textbook list of nutritional requirements to cover the pet food industry in all its glory: the history, the business, the marketing, and best of all, the science.

Case deftly navigates the most controversial topics in pet food and presents the big picture without interjecting judgment about what approach is best. There's something here for everyone: pet care professionals and dog lovers alike will learn something new from this informative, easy to read, and well researched book.
 Jessica Vogelsang, DVM, CVJ, author, speaker, and CEO of Pawcurious Media

who makes wellness dog food: *The Forever Dog* Rodney Habib, Karen Shaw Becker, 2024-09-10 #1 New York Times Bestseller In this pathbreaking guide, two of the world's most popular and trusted pet care advocates reveal new science to teach us how to delay aging and provide a long, happy, healthy life for our canine companions. Like their human counterparts, dogs have been getting sicker and dying prematurely over the past few decades. Why? Scientists are beginning to understand that the chronic diseases afflicting humans--cancer, obesity, diabetes, organ degeneration, and autoimmune disorders--also beset canines. As a result, our beloved companions are vexed with preventable health problems throughout much of their lives and suffer shorter life spans. Because our pets can't make health and lifestyle decisions for themselves, it's up to pet parents to make smart, science-backed choices for lasting vitality and health. The Forever Dog gives us the practical, proven tools to protect our loyal four-legged companions. Rodney Habib and Karen Becker, DVM, globetrotted (pre-pandemic) to galvanize the best wisdom from top geneticists, microbiologists, and longevity researchers; they also interviewed people whose dogs have lived into their 20s and even 30s. The result is this unprecedented and comprehensive guide, filled with surprising information, invaluable advice, and inspiring stories about dogs and the people who love them. The Forever Dog prescriptive plan focuses on diet and nutrition, movement, environmental exposures, and stress reduction, and can be tailored to the genetic predisposition of particular breeds or mixes. The authors discuss various types of food--including what the commercial manufacturers don't want us to know--and offer recipes, easy solutions, and tips for making sure our dogs obtain the nutrients they need. Habib and Dr. Becker also explore how external factors we often don't think about can greatly affect a dog's overall health and wellbeing, from everyday insults to the body and its physiology, to the role our own lifestyles and our vets' choices play. Indeed, the health equation works both ways and can travel up the leash. Medical breakthroughs have expanded our choices for canine health--if you know what they are. This definitive dog-care guide empowers us with the knowledge we need to make wise choices, and to keep our dogs healthy and happy for years to come.

who makes wellness dog food: *Food Pets Die for* Ann N. Martin, 2008 The commercial pet food industry has a secret to hide -- and Ann Martin wants to make sure you know it. Her research reveals some startling facts: that the pet food industry conducts animal testing in order to improve their product, and includes euthanized cats and dogs in the mix to heighten protein content. In this revised and updated edition, Martin continues to explore the shocking processes by which commercial pet foods are produced. She offers alternative recipes for feeding pets, nutritional advice, and an exploration of Pet Peeves, in which she explores several scams aimed at pet owners. This groundbreaking book gives us a glimpse into exactly what we are doing when we buy pet food.

who makes wellness dog food: *The Ultimate Pet Health Guide* Gary Richter, MS, DVM, 2017-08-15 As a holistic veterinarian and scientist, Dr. Gary Richter helps dog and cat owners to navigate the thicket of treatment options and separate the fact from the fiction. He wants us to use what actually works, not just what Western science or alternative medicine say should work. This multifaceted approach to health is known as integrative medicine. Dr. Richter examines traditional medicine from many cultures alongside modern medical techniques, describing the best of complementary care and the best of conventional veterinary medicine. Every treatment he recommends has the backing of scientific research or years of successful outcomes in his clinical practice. After explaining the treatment, he offers specific recommendations for an integrative approach to common diseases, including allergies, skin conditions, diabetes, heart disease, and cancer. A holistic approach to health includes nutrition, as it sets up the foundation for your pet's health. Dr. Richter cuts through the hype in the pet-food world and explains how to choose the best

commercial foods and supplements, and even includes both raw and cooked dog- and cat-food recipes for general diet as well as to treat specific needs. He also explains how we can use the right foods and supplements to hack the body's processes, including the immune system.

who makes wellness dog food: *Feed Your Pet Right* Marion Nestle, Malden Nesheim, 2010-05-11 Human nutrition expert and author of the critically acclaimed *What to Eat*, Marion Nestle, Ph.D., M.P.H., has joined forces with Malden C. Nesheim, Ph.D., a Cornell animal nutrition expert, to write *Feed Your Pet Right*, the first complete, research-based guide to selecting the best, most healthful foods for your cat or dog. Human nutrition expert and author of the critically acclaimed *What to Eat*, Marion Nestle, Ph.D., M.P.H., has joined forces with Malden C. Nesheim, Ph.D., a Cornell animal nutrition expert, to write *Feed Your Pet Right*, the first complete, research-based guide to selecting the best, most healthful foods for your cat or dog. A comprehensive and objective look at the science behind pet food, it tells a fascinating story while evaluating the range of products available and examining the booming pet food industry and its marketing practices. Drs. Nestle and Nesheim also present the results of their unique research into this sometimes secretive industry. Through conversations with pet food manufacturers and firsthand observations, they reveal how some companies have refused to answer questions or permit visits. The authors also analyze food products, basic ingredients, sources of ingredients, and the optimal ways to feed companion animals. In this engaging narrative, they explain how ethical considerations affect pet food research and product development, how pet foods are regulated, and how companies influence veterinary training and advice. They conclude with specific recommendations for pet owners, the pet food industry, and regulators. A road map to the most nutritious diets for cats and dogs, *Feed Your Pet Right* is sure to be a reference classic to which all pet owners will turn for years to come.

who makes wellness dog food: *Yin & Yang Nutrition for Dogs* Judy Morgan DVM, Hue Grant, 2017-11-10 Cooking for dogs according to traditional Chinese medicine food therapy including recipes.

who makes wellness dog food: *Unlocking the Canine Ancestral Diet* Steve Brown, 2009-12 Ancestors and canine cousins of our dogs didn't eat crunchy kibble or meat 'n gravy in a can. They ate what they found or caught... and it wasn't cooked or enriched either! It was high in protein, with balanced fats, and usually included a few fruits, vegetables and grasses. Steve Brown, an expert on canine nutrition, shows how you can bring the benefits of the canine ancestral diet to your dog by feeding him differently as little as just one day a week. And no, you won't need to lead a pack of dogs on a hunting expedition! Just follow Steve's well-researched and easy to follow ABCs to make improvements to whatever your dog currently eats. BONUS! Raw food or home prepared feeders will learn how to balance nutrients more precisely, especially fats, for optimum health. A dog diet to get wild about! bull; Learn about the latest research on the importance of protein and healthy fats in your dog's diet. bull; Find out why commercial foods can't include these fragile-but-crucial nutrients, and how you can make sure your dog gets them. bull; Just one day a week, or more frequently if you choose, follow the simple recipes that balance the nutrition in the commercial food you are feeding-wet or dry!

who makes wellness dog food: *Dogs, Dog Food, and Dogma* Daniel Schulof, 2016-10-25 An in-depth investigation of the science and business of America's pet obesity epidemic.

who makes wellness dog food: *The Royal Treatment* Barbara Royal, Anastasia Royal, 2013-06-25 A natural health, holistic medicine guide for your pet written by an innovative veterinarian with a background in zoo and wildlife medicine.

who makes wellness dog food: *Veterinary Secrets* Andrew T. Jones, Andrew T Jones DVM, 2014-05-23 This manual draws from Dr Jones' 17 years' experience in veterinary medicine to provide a comprehensive, step-by-step guide to home pet care and disease remedies. Dr. Jones opens by explaining how he came to question conventional veterinary treatments then began to share his concerns publicly and openly educate pet owners, empowering them to provide their pets with quality, holistic care at home. Eventually, his efforts led to his expulsion from the British Columbia

Veterinary College, resulting in a ban from practicing animal medicine.

who makes wellness dog food: Natural Nutrition for Cats Kymthy Schultze, 2010-08 Cats rule and dogs drool! That's right cats have surpassed dogs as America's favorite pets. If you share your heart and home with a cat, then you've been drawn to this book because you're ready for the revolutionary information contained inside. Kymthy R. Schultze's wildly popular species-appropriate diet for cats has already improved the lives of literally thousands of feline friends and is endorsed by veterinarians worldwide. In this newly updated easy-to-understand work, Kymthy exposes the pitfalls of the pet-food industry and shares her extensive knowledge of proper nutrition so your cat can live a long, healthy, and happy life. This book is a must-read for all cat-lovers!

who makes wellness dog food: The Ultimate Pet Food Guide Liz Palika, 2009-04-29 The 2007 pet food recalls followed a multitude of pets getting sick and dying from contaminated food; now pet owners must take charge of what they feed their dogs and cats. With *The Ultimate Pet Food Guide*, veteran dog trainer, behaviorist, and author Liz Palika focuses on nutritional needs and covers every type of feeding, including controversial raw diets, homemade cooked food, and commercial foods. Palika also addresses introducing new foods; what "human foods" pets shouldn't eat; free-feeding; responsibility for food safety; where ingredients come from; and red flags in ingredients. Included are over fifty veterinarian- and pet-nutritionist-approved recipes and diets tailored to special-needs pets, such as puppies/kittens and pregnant, older, overweight and/or more sedentary animals.

who makes wellness dog food: Canine and Feline Nutrition Linda P. Case, Leighann Daristotle, Michael G. Hayek, Melody Foess Raasch, 2010-05-19 How well can you answer pet owners' questions about proper diet and feeding? *Canine and Feline Nutrition*, 3rd Edition describes the role of nutrition and its effects upon health and wellness and the dietary management of various disorders of dogs and cats. By using the book's cutting-edge research and clinical nutrition information, you'll be able to make recommendations of appropriate pet food and proper feeding guidelines. Pet nutrition experts Linda P. Case, MS, Leighann Daristotle, DVM, PhD, Michael G. Hayek, PhD, and Melody Foess Raasch, DVM, provide complete, head-to-tail coverage and a broad scope of knowledge, so you can help dog and cat owners make sound nutrition and feeding choices to promote their pets' health to prolong their lives. - Tables and boxes provide quick reference to the most important clinical information. - Key points summarize essential information at a glance. - A useful Nutritional Myths and Feeding Practices chapter dispels and corrects common food myths. - New clinical information covers a wide range of emerging nutrition topics including the role of the omega-3 and omega-6 fatty acid families in pet health and disease management. - Coverage of pet food safety and pet food ingredients includes both commercially and home-prepared foods and provides answers to pet owners' questions on these topics. - Completely updated content reflects the latest findings in clinical nutrition research. - Information regarding functional ingredients and dietary supplementation provides a scientifically based rationale for recommending or advising against dietary supplements. - Guidelines for understanding pet food formulations and health claims differentiate between market-speak and actual clinical benefits for patients, with practice advice for evaluating and selecting appropriate foods.

who makes wellness dog food: Natural Pet Care Gary Null, 2000-12-05 Right now, there are more pets in America than people, and many count their pets among the most beloved members of their family. However, a surprising number of pet owners are not aware that the lifestyle they provide their companions may not be a healthy one. Gary Null has helped countless Americans improve their diets and their health with his natural approach to healthy living and skepticism of the healthcare and pharmaceutical industries. Now, with *Natural Pet Care*, he carefully and compassionately lays out the ways we can improve our pets' health and lives. *Natural Pet Care* includes *Animals on the Move*, which explains the importance of proper exercise, *Everybody in the Tub!*, which covers natural bathing and grooming products and techniques, *The Impetuous Pet*, which helps in understanding your animal's behavior, and appendices for those seeking holistic veterinary care, pet friendly lodgings and animal friendly organizations. *Natural Pet Care* also provides sources for natural pet foods and products, while scrutinizing the pet food industry. He

describes, for instance, that almost any dog owner would be horrified to learn what really goes into most commercial dog foods—even some of the more expensive brands—including slaughterhouse throwaways and diseased animal parts. As an alternative, Null offers *The Tao of Chow*, in which he recommends countless natural alternatives that can easily be made at home—recipes included—and which can prolong and improve your pet's life. With this book on your reference shelf, you and your spectacular pet will be ready to tackle anything naturally! *Natural Pet Care* deals extensively with the health of dogs and cats, but also is devoted to other common pets, including birds, rabbits, ferrets, fish, horses, rodents, and snakes. Long overdue, Gary Null's *Natural Pet Care* will help pet owners provide their furry, feathered, and scaled companions with the healthy lifestyle they need and deserve.

who makes wellness dog food: *Health and Nutrition for Dogs and Cats* David G. Wellock, 2013-04-11 While the internet provides pet parents with a great deal of information, finding and understanding that information can be like wading through a bog at midnight without a flashlight. In spite of the internet, pet parents remain desperate for valid resources. *Health and Nutrition for Dogs and Cats* is timely, informative, and delivers sensible information on topics of importance to all pet owners. From reading pet food labels to storing food, from understanding appropriate calorie intake to food allergies, David Wellock helps readers better understand the dietary needs of their dogs and cats. In recent years, Americans have come to pay more attention to the foods they eat. This trend toward a healthier lifestyle quickly found its way into the world of pet foods, allowing better diets to find success in the marketplace. However, the change has been somewhat perplexing for pet parents as they struggle to sort out the various, and sometimes misleading, messages surrounding the new foods available to their pets. Here, a seasoned expert in the care and feeding of dogs and cats, provides fact-filled, no nonsense, understandable information on the topics pet parents need to know in order to purchase and prepare food and develop an appropriate diet for their furry charges.

who makes wellness dog food: *Dinner PAWsible* Cathy Alinovi, Susan Thixton, 2015-05-19 There's a reason why pets beg at your table—they want real food! Cauble, D.V.M.

who makes wellness dog food: *Raw Dog Food* Carina Beth MacDonald, 2004 Many dog parents, including breeders and competitors, believe that feeding a raw food diet has improved their dogs' health, performance and longevity. Learn how to source, prepare and feed your dog simply, economically and efficiently.

who makes wellness dog food: *Homemade Meals for Cats and Dogs* Cathy Alinovi, Susan Thixton, 2020-03-03 75 Veterinarian-Approved Meals for Healthy Pets—Now Grain Free! There's a

reason why pets beg at the table—they want real food! Not the kibble manufactured by pet food companies, transformed beyond recognition, drained of natural nutrients, and a far cry from fresh meat, vegetables, and grain. If we as human beings are so dedicated to preparing healthy, homemade meals for ourselves in the comfort and safety of our own kitchens, shouldn't we be doing the same for our beloved pets? *Homemade Meals for Cats and Dogs* is a collection of more than fifty cat and dog food recipes that will teach you how to whip up a fresh, balanced meal for your hungry critters. Written by a veterinarian certified in food therapy and an advocate for pet food safety, these recipes are also based on the National Research Council requirements for dogs and cats. Debunk the myth that pet food companies are the only entities qualified to feed your pets. Instead, beat pet obesity, disease, and sickness by reaching into your pantry or refrigerator, turning on the stove, and starting to cook yourself! Making food at home will also decrease those exorbitant pet food bills. It's time to go back to the table. Know exactly what your pet is eating and serve it a variety of real food that it deserves. Be a responsible pet parent by balancing your pet's diet and pleasing its palate. Cooking for your pet is paws-ible!

who makes wellness dog food: Nutrient Requirements of Dogs and Cats National Research Council, Division on Earth and Life Studies, Board on Agriculture and Natural Resources, Committee on Animal Nutrition, Subcommittee on Dog and Cat Nutrition, 2006-07-01 Updating recommendations last made by the National Research Council in the mid-1980s, this report provides nutrient recommendations based on physical activity and stage in life, major factors that influence nutrient needs. It looks at how nutrients are metabolized in the bodies of dogs and cats, indications of nutrient deficiency, and diseases related to poor nutrition. The report provides a valuable resource for industry professionals formulating diets, scientists setting research agendas, government officials developing regulations for pet food labeling, and as a university textbook for dog and cat nutrition. It can also guide pet owners feeding decisions for their pets with information on specific nutrient needs, characteristics of different types of pet foods, and factors to consider when feeding cats and dogs.

who makes wellness dog food: Dr. Becker's Real Food for Healthy Dogs & Cats Beth Taylor, Karen Shaw Becker, 2013

who makes wellness dog food: The Clean Pet Food Revolution Ernie Ward, Alice Oven, 2019-12-09 Did you know that a quarter of all the meat consumed in the United States is eaten by our pets? That's the equivalent to the amount devoured by 26 million Americans, and it makes U.S. cats and dogs equal to the fifth largest country in terms of animal protein consumption. Yet the impact pet food has on the environment and climate change, how healthy or necessary it is for our animal companions, or how it impacts the welfare of the farmed animals who become that food are barely known or ignored—even by animal lovers! *The Clean Pet Food Revolution* lifts the lid on the current pet food industry: its claims of what constitutes a natural diet for pets, its shocking record on animal welfare, and its devastating effect on the environment and climate change. The book explodes myths about grain-free diets, protein intake, and what our pets want. Finally, it details the many exciting scientific developments in alternative proteins—whether from plants, fungi, insects, or cell-based meat products—that promise not only to completely change what we feed our cats and dogs but to reduce greenhouse gas emissions, end farmed-animal slaughter, and make our pets healthier. Written by specialists in veterinary science, biotech, and animal welfare, *The Clean Pet Food Revolution* is a thoroughly researched and compellingly written excoriation of an unsustainable present and a fascinating glimpse of future possibilities.

Also includes raw feeding insights from Celebrity dog trainer Sophi Stewart, Owner and Trainer of the Lassie movie dogs Bob Weatherwax and Canine behaviour specialist & TV star Jez Rose.

who makes wellness dog food: Training the Best Dog Ever Larry Kay, Dawn Sylvia-Stasiewicz, 2012-09-25 Training the Best Dog Ever, originally published in hardcover as The Love That Dog Training Program, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. Training the Best Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

who makes wellness dog food: *The Barf Diet* Ian Billinghurst, 2016-05-24 This third book from Dr. Ian Billinghurst was written to help pet owners either understand or expand their knowledge of evolutionary diets for both dogs and cats. Experienced BARFers will benefit from a number of new suggested recipes and practical information to assist in the home production of BARF diets - now everyone can do the BARF diet for their pets!

who makes wellness dog food: About Dogs Nicolae Sfetcu, 2014-05-02 Dog anatomy, breeding, breeds, equipment, health, law, monuments, organizations, related professions and professionals, shows and showing, sports, training and behavior, types, working dogs. Dogs in popular culture, famous dogs, fictional dogs, films. The dog is a canine mammal of the Order Carnivora. Dogs were first domesticated from wolves at least 12,000 years ago but perhaps as long as 150,000 years ago based on recent genetic fossil evidence and DNA evidence. In this time, the dog has developed into hundreds of breeds with a great degree of variation. This guide details the dog anatomy, breeding, breeds, equipment, health, law, monuments, organizations, related professions and professionals, shows and showing, dog sports, training and behavior, dog types, working dogs, as well as dogs in popular culture, famous dogs, fictional dogs, films about dogs, dogs as pets, and many other related aspects.

who makes wellness dog food: *The Healthy Hound Cookbook* Paris Permenter, John Bigley, 2014-03-18 Your best friend deserves the best, and the simple, all-natural recipes in this book will make it easy to create healthy treats and meals for your favorite canine. Authors Paris Permenter and John Bigley, of the popular DogTipper.com website, have crafted more than 125 nutritious recipes using healthy, fresh ingredients from your kitchen. From Oatmeal Turkey Dog Biscuits to Peanut Butter and Banana Dog Ice Cream, each of these homemade dishes uses only real, whole ingredients like beef, chicken, potatoes, and carrots, so you'll always know that your furry friend is getting a snack that's flavorful as well as nutritious. You'll also find information on cooking techniques, recipes for pets on grain-free, Paleo, or raw diets, and a portion calculator to adjust serving sizes according to breed. With the whole foods recipes in The Healthy Hound Cookbook, your dog will start living a more natural, happier, and more flavorful life.

who makes wellness dog food: *Dog Obsessed* Lucy Postins, Sarah Durand, 2016-10-11 Are you OBSESSED with your dog? Have you ever canceled plans because you'd rather spend Saturday night with your pup? Does your dog have his own Facebook page or Instagram feed? When you go

on vacation, does your furry BFF come along with her own suitcase? If you answered yes to any of these questions, this dog-care book is for you! Packed with expert tips on dog park etiquette, good grooming, holiday safety, and how to visit friends and family with your dog in tow (hint: BYO treats and a special blanket), *Dog Obsessed* combines humorous advice with sound, veterinarian-approved programs for weight loss, exercise, and physical and emotional health. Including 45 easy-to-prepare, homemade dog food recipes (plus celebratory party fare and wine pairings for you!), *Dog Obsessed* is the definitive guide to enjoying a happier, healthier life with your favorite furry family member.

who makes wellness dog food: *SuperLife* Darin Olien, 2015-02-10 In this groundbreaking health and lifestyle guide, Darin Olien—superfoods expert, nutritionist, creator of Shakeology, and co-host of the Netflix docuseries *Down to Earth* with Zac Efron—provides the key to understanding and utilizing five life forces, the sole factors that determine whether or not we will be healthy, fit, and free of illness. In *Superlife*, Darin Olien provides us with an entirely new way of thinking about health and wellbeing by identifying what he calls the life forces: Quality Nutrition, Hydration, Detoxification, Oxygenation, and Alkalization. Olien demonstrates in great detail how to maintain these processes, thereby allowing our bodies to do the rest. He tells us how we can maintain healthy weight, prevent even the most serious of diseases, and feel great. He explains that all of this is possible without any of the restrictive or gimmicky diet plans that never work in the long term. Olien has traveled the world, exploring the health properties of foods that have sustained indigenous cultures for centuries. Putting his research into practice, he has created a unique and proven formula for maximizing our bodies' potential. He also includes a "How-to-eat" user's guide with a shopping list, advice on "what to throw away," a guide to creating a healthy, balanced diet plan, and advice on how to use supplements effectively. Written in Olien's engaging conversational style, *Superlife* is a one-of-a-kind comprehensive look at dieting and nutrition, a timeless and essential guide to maintaining the human body and maximizing its potential.

who makes wellness dog food: *CatWise* Pam Johnson-Bennett, 2016-10-18 Top feline behavior expert (and author of Penguin's bestselling *Think Like a Cat* and *Cat vs. Cat*) answers the 150 questions most often asked by puzzled cat owners. Even those of us who have lived with and loved our cats for decades are constantly stymied by their seemingly inexplicable acts, or have questions about why they do what they do and where they do it, and how we can get them to not do it. Here, in one complete authoritative guide, those elusive mysteries are solved. Why does my cat lick my hair? Why does the cat only want attention when I'm on the phone? How can I introduce my cat to my new dog? How can I get my cat to like my new husband?? No one knows cats like Pam Johnson Bennett, whose pioneering thirty-year career as a cat behavior consultant has changed the way cat owners and experts alike view cats. Her books are bibles, but her fans and owners still flood her website and social media platforms with questions on topics that perplex them. *Catwise* combines the questions that come up most often with answers to help you solve your cat's behavior problems (or head them off before they start), or simply improve the relationship you have with your cat.

who makes wellness dog food: *Wellness for Dogs* Céline Gastinel-Moussour, 2023-07-25 This must-have resource is the perfect gift for every caring dog owner to ensure their pet's health and wellness—with advice and solutions for everything from grooming to digestion to age, plus 30 simple recipes for treats, tonics, and skin and fur care. With four color photography and chapters dedicated to physical and emotional needs, *Wellness for Dogs* offers all that's needed to give a new pet owner confidence or to put an experienced pet owner on a healthier path. Chapters are dedicated to daily life, mental well being, and aging. Specific and clear advice covers everything from keeping your pet's coat glossy to making sure his diet is healthy and even solutions for over-excitement and behavioral issues. It includes 30 simple recipes for treats, tonics, and skin and fur preparations.

who makes wellness dog food: *The Pig Book* Citizens Against Government Waste, 2013-09-17 The federal government wastes your tax dollars worse than a drunken sailor on shore leave. The 1984 Grace Commission uncovered that the Department of Defense spent \$640 for a toilet seat and

\$436 for a hammer. Twenty years later things weren't much better. In 2004, Congress spent a record-breaking \$22.9 billion dollars of your money on 10,656 of their pork-barrel projects. The war on terror has a lot to do with the record \$413 billion in deficit spending, but it's also the result of pork over the last 18 years the likes of: - \$50 million for an indoor rain forest in Iowa - \$102 million to study screwworms which were long ago eradicated from American soil - \$273,000 to combat goth culture in Missouri - \$2.2 million to renovate the North Pole (Lucky for Santa!) - \$50,000 for a tattoo removal program in California - \$1 million for ornamental fish research Funny in some instances and jaw-droppingly stupid and wasteful in others, The Pig Book proves one thing about Capitol Hill: pork is king!

who makes wellness dog food: Holistic Guide for a Healthy Dog Wendy Volhard, Kerry Brown, 2000-05 A complete revision of a ground-breaking reference. Designed to provide updated information found in the original book, as well as lots of new topics, and a new organization--this second edition is more user-friendly than ever! Plus much more!

who makes wellness dog food: From Needles to Natural Judy Morgan D.V.M., 2014 In From Needles to Natural, she shares her journey from traditional to holistic veterinary medicine and helps pet owners understand the differences between good advertising and good health for their animal friends.--Page 4 of cover

who makes wellness dog food: Never Turn Your Back on an Angus Cow Dr. Jan Pol, David Fisher, 2014-08-14 The star of The Incredible Dr. Pol shares his amusing, and often poignant, tales from his four decades as a vet in rural Michigan. Dr. Jan Pol is not your typical veterinarian. Born and raised in the Netherlands on a dairy farm, he is the star of Nat Geo Wild's hit show The Incredible Dr. Pol and has been treating animals in rural Michigan since the 1970s. Dr. Pol's more than 20,000 patients have ranged from white mice to 2600-pound horses and everything in between. From the time he was twelve years old and helped deliver a litter of piglets on his family's farm to the incredible moments captured on his hit TV show, Dr. Pol has amassed a wealth of stories of what it's like caring for this menagerie of animals. He shares his own story of growing up surrounded by animals, training to be a vet in the Netherlands, and moving to Michigan to open his first practice in a pre fab house. He has established himself as an empathetic yet no-nonsense vet who isn't afraid to make the difficult decisions in order to do what's best for his patients—and their hard-working owners. A sick pet can bring heartache, but a sick cow or horse could threaten the very livelihood of

a farmer whose modest profits are dependent on healthy livestock. Reminiscent of the classic books of James Herriot, *Never Turn Your Back on an Angus Cow* is a charming, fascinating, and funny memoir that will delight animal lovers everywhere.

who makes wellness dog food: *The Dog Cancer Survival Guide* Demian Dressler, Susan Ettinger, 2011 If your dog has cancer, you need this book. No matter what you've heard, there are always steps you can take to help your dog fight (and even beat) cancer. This scientifically researched guide is your complete reference for practical, evidence-based strategies that can optimize the life quality and longevity for your dog. No matter what diagnosis or stage of cancer your dog has, this book is packed with precious advice that can help now. Discover the Full Spectrum approach to dog cancer care: Everything you need to know about conventional western veterinary treatments (surgery, chemotherapy and radiation) including how to reduce their side effects. The most effective non-conventional options, including botanical nutraceuticals, supplements, nutrition, and mind-body medicine. How to analyze the options and develop a specific plan for your own dog based on your dog's type of cancer, your dog's age, your financial and time budget, your personality, and many other personal factors. Imagine looking back at this time in your life, five years from now, and having not a single regret. You can help your dog fight cancer and you can honor your dog's life by living each moment to the fullest, starting now. This book can help you as it has helped thousands of other dog lovers. The Authors Dr. Demian Dressler, DVM practices in Hawaii and is internationally recognized as the dog cancer vet and blogs at DogCancerBlog.com. Dr. Susan Ettinger, DVM is a veterinary oncologist and a diplomate of the American College of Internal Medicine who practices in New York. Praise from Veterinarians, Authors & Book Reviewers The future is upon us and this ground-breaking book is a vital cornerstone. In dealing with cancer, our worst illness, this Survival Guide is educational, logical, expansive, embracing, honest and so needed. Dr. Marty Goldstein, DVM Holistic veterinarian and Host, Ask Martha Stewart's Vet on Sirius Radio The message of this book jumps off the written page and into the heart of every reader, and will become the at home bible for cancer care of dogs. The authors have given you a sensible and systematic approach that practicing veterinarians will cherish. I found the book inspiring and, clearly, it will become part of my daily approach to cancer therapy for my own patients. Dr. Robert B. Cohen, VMD Bay Street Animal Hospital, New York I wish that I had had *The Dog Cancer Survival Guide* when my dearly beloved Flat-coated Retriever, Odin, contracted cancer. It would have provided me alternative courses of action, as well as some well needed reality checks which were not available from conversations with my veterinarian. It should be on every dog owner's book shelf--just in case... Dr. Stanley Coren, PhD, FRSC author of many books, including *Born to Bark* A comprehensive guide that distills both alternative and allopathic cancer treatments in dogs...With the overwhelming amount of conflicting information about cancer prevention and treatment, this book provides a pet owner with an easy to follow approach to one of the most serious diseases in animals. Dr. Barbara Royal, DVM The Royal Treatment Veterinary Center, Oprah Winfrey's Chicago veterinarian Picking up *The Dog Cancer Survival Guide* is anything but a downer: it's an 'empowerer.' It will make you feel like the best medical advocate for your dog. It covers canine cancer topics to an unprecedented depth and breadth from emotional coping strategies to prevention-in plain English. Read this book, and you will understand cancer stages, treatment options, and types, and much more. If you have just had the dreaded news, pick up a copy and it will guide the decisions your dog trusts you to make. Laure-Anne Visel Dog behavior specialist and technical dog writer, CanisBonus.com
