women in business quotes: Women & Power Mary Beard, 2017-11-02 An updated edition of the Sunday Times Bestseller Britain's best-known classicist Mary Beard, is also a committed and vocal feminist. With wry wit, she revisits the gender agenda and shows how history has treated powerful women. Her examples range from the classical world to the modern day, from Medusa and Athena to Theresa May and Hillary Clinton. Beard explores the cultural underpinnings of misogyny, considering the public voice of women, our cultural assumptions about women's relationship with power, and how powerful women resist being packaged into a male template. A year on since the advent of #metoo, Beard looks at how the discussions have moved on during this time, and how that intersects with issues of rape and consent, and the stories men tell themselves to support their actions. In trademark Beardian style, using examples ancient and modern, Beard argues, 'it's time for change - and now!' From the author of international bestseller *SPQR: A History of Ancient Rome*.

women in business quotes: *Little Women* Louisa May Alcott, 1926

women in business quotes: *Woman's Inhumanity to Woman* Phyllis Chesler, 2009-05-01

Drawing on the most important studies in psychology, human aggression, anthropology, and primatology, and on hundreds of original interviews conducted over a period of more than 20 years, this groundbreaking treatise urges women to look within and to consider other women realistically, ethically, and kindly and to forge bold and compassionate alliances. Without this necessary next step, women will never be liberated. Detailing how women's aggression may not take the same form as men's, this investigation reveals—through myths, plays, memoir, theories of revolutionary liberation movements, evolution, psychoanalysis, and childhood development—that girls and women are indeed aggressive, often indirectly and mainly toward one another. This fascinating work concludes by showing that women depend upon one another for emotional intimacy and bonding, and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth.

women in business quotes: *The Resolution for Women* Priscilla Shirer, 2011 Presents resolutions for Christian women, identifying important characteristics for success in faith, family, and growth, and provides biblical references and advice on achieving these personal standards.

women in business quotes: *Tales of a Female Nomad* Rita Golden Gelman, 2007-12-18 The true story of an ordinary woman living an extraordinary existence all over the world. “Gelman doesn’t just observe the cultures she visits, she participates in them, becoming emotionally involved in the people’s lives. This is an amazing travelogue.” —Booklist At the age of forty-eight, on the verge of a divorce, Rita Golden Gelman left an elegant life in L.A. to follow her dream of travelling the world, connecting with people in cultures all over the globe. In 1986, Rita sold her possessions and became a nomad, living in a Zapotec village in Mexico, sleeping with sea lions on the Galapagos Islands, and residing everywhere from thatched huts to regal palaces. She has observed orangutans in the rain forest of Borneo, visited trance healers and dens of black magic, and cooked with women on fires all over the world. Rita’s example encourages us all to dust off our dreams and rediscover the joy, the exuberance, and the hidden spirit that so many of us bury when we become adults.

women in business quotes: *The Secret Thoughts of Successful Women* Valerie Young, 2011-10-25 Learn to take ownership of your success, overcome self-doubt, and banish the thought patterns that undermine your ability to feel—and act—as bright and capable as others already know you are with this award-winning book by Valerie Young. It’s only because they like me. I was in the right place at the right time. I just work harder than the others. I don’t deserve this. It’s just a matter of time before I am found out. Someone must have made a terrible mistake. If you are a working woman, chances are this internal monologue sounds all too familiar. And you’re not alone. From the high-achieving Ph.D. candidate convinced she’s only been admitted to the program because of a clerical error to the senior executive who worries others will find out she’s in way over her head, a shocking number of accomplished women in all career paths and at every level feel as though they are faking it—impostors in their own lives and careers. While the impostor syndrome is not unique to women, women are more apt to agonize over tiny mistakes, see even constructive criticism as evidence of their shortcomings, and chalk up their accomplishments to luck rather than skill. They often unconsciously overcompensate with crippling perfectionism, overpreparation, maintaining a lower profile, withholding their talents and opinions, or never finishing important projects. When they do succeed, they think, Phew, I fooled ‘em again. An internationally known speaker, Valerie Young has devoted her career to understanding women’s most deeply held beliefs about themselves and their success. In her decades of in-the-trenches research, she has uncovered the often surprising reasons why so many accomplished women experience this crushing self-doubt. In *The Secret Thoughts of Successful Women*, Young gives these women the solution they have been

seeking. Combining insightful analysis with effective advice and anecdotes, she explains what the impostor syndrome is, why fraud fears are more common in women, and how you can recognize the way it manifests in your life.

women in business quotes: Invisible Women Caroline Criado Perez, 2019-03-12 The landmark, prize-winning, international bestselling examination of how a gender gap in data perpetuates bias and disadvantages women. #1 International Bestseller * Winner of the Financial Times and McKinsey Business Book of the Year Award * Winner of the Royal Society Science Book Prize Data is fundamental to the modern world. From economic development to health care to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this insidious bias: in time, in money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates this shocking root cause of gender inequality in *Invisible Women*. Examining the home, the workplace, the public square, the doctor's office, and more, Criado Perez unearths a dangerous pattern in data and its consequences on women's lives. Product designers use a "one-size-fits-all" approach to everything from pianos to cell phones to voice recognition software, when in fact this approach is designed to fit men. Cities prioritize men's needs when designing public transportation, roads, and even snow removal, neglecting to consider women's safety or unique responsibilities and travel patterns. And in medical research, women have largely been excluded from studies and textbooks, leaving them chronically misunderstood, mistreated, and misdiagnosed. Built on hundreds of studies in the United States, in the United Kingdom, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, highly readable exposé that will change the way you look at the world.

women in business quotes: Lab Girl Hope Jahren, 2016-04-05 Lab Girl is a book about work and about love, and the mountains that can be moved when those two things come together. It is told through Jahren's remarkable stories: about the discoveries she has made in her lab, as well as her struggle to get there; about her childhood playing in her father's laboratory; about how lab work became a sanctuary for both her heart and her hands; about Bill, the brilliant, wounded man who became her loyal colleague and best friend; about their field trips - sometimes authorised, sometimes very much not - that took them from the Midwest across the USA, to Norway and to Ireland, from the pale skies of North Pole to tropical Hawaii; and about her constant striving to do and be her best, and her unswerving dedication to her life's work. Visceral, intimate, gloriously candid and sometimes extremely funny, Jahren's descriptions of her work, her intense relationship with the plants, seeds and soil she studies, and her insights on nature enliven every page of this thrilling book. In Lab Girl, we see anew the complicated power of the natural world, and the power that can come from facing with bravery and conviction the challenge of discovering who you are.

women in business quotes: Women Who Work Ivanka Trump, 2017-05-02 NEW YORK TIMES BESTSELLER! Ivanka is donating the unpaid portion of her advance and all future royalties received from Women Who Work to the Ivanka M. Trump Charitable Fund, a donor advised fund that will make grants to organizations that empower and educate women and girls.* This is a chatty step-by-step guide to living a happy life and getting ahead in a career. —USA Today The advice is spot-on for everyone, not just women. —Tony Hsieh, CEO of Zappos.com and author of Delivering Happiness I believe that when it comes to women and work, there isn't one right answer. The only person who can create a life you'll love is you. Our grandmothers fought for the right to work. Our mothers fought for the choice to be in an office or to stay at home. Our generation is the first to fully embrace and celebrate the fact that our lives are multidimensional. Thanks to the women who came before us and paved the way, we can create the lives we want to lead—which look different for each of us. I've been fortunate to be able to build my career around my passions, from real estate to fashion. But my professional titles only begin to describe who I am and what I value. I have been an executive and an entrepreneur, but also—and just as importantly—a wife, mother, daughter, and friend. To me, “work” encompasses my efforts to succeed in all of these areas. After appearing on The Apprentice years ago and receiving a flood of letters from young women asking for guidance, I realized the need for more female leaders to speak out publicly in order to change the way society thinks and talks about “women who work.” So I created a forum to do just that. This book evolves the conversation that started on IvankaTrump.com, where so many incredible women (and men!) have shared their experiences, advice, ambitions, and passions. Women who work lead meetings and train for marathons. We learn how to cook and how to code. We inspire our employees and our children. We innovate at our current jobs and start new businesses. Women Who Work will equip you with the best skills I've learned from some of the amazing people I've met, on subjects such as identifying opportunities, shifting careers smoothly, negotiating, leading teams, starting companies, managing work and family, and helping change the system to make it better for women—now and in the future. I hope it will inspire you to redefine success and architect a life that honors your individual passions and priorities, in a way only you can. * The Ivanka M. Trump Charitable Fund (the “Fund”) is a donor advised fund that supports the economic empowerment of women and girls. Ivanka Trump is the grant advisor to the Fund and sole member of IT WWW Pub, LLC (the “LLC”), which receives royalties from the publication of Women Who Work. The LLC will contribute a minimum \$425,000 to the Fund, which is the unpaid portion of the advance, net of expenses. In addition, the LLC will contribute all future royalties it receives that are in excess of the advance to the Fund during the period from May 1, 2017 to May 1, 2022.
