alo nyc wellness club: Overtourism Claudio Milano, Joseph M Cheer, Marina Novelli, 2019-06-07 This book examines the evolution of the phenomenon and explores the genesis of overtourism and the system dynamics underlining it. The 'overtourism' phenomenon is defined as

the excessive growth of visitors leading to overcrowding and the consequential suffering of residents, due to temporary and often seasonal tourism peaks, that lead to permanent changes in lifestyles, amenities and well-being. Enormous tensions in overtourism affected destinations have driven the intensification of policy making and scholarly attention toward seeking antidotes to an issue that is considered paradoxical and problematic. Moving beyond the 'top 10 things you can do about overtourism', this book examines the evolution of the phenomenon and explores the genesis of overtourism as well as the system dynamics underpinning it. With a rigorous scientific approach, the book uses systems-thinking and contemporary paradigms around sustainable development, resilience planning and degrowth; while considering global economic, socio-political, environmental discourses. Researchers, analysts, policy makers and industry stakeholders working within tourism as well as those within the private sector, community groups, civil society groups and NGOs will find this book an essential source of information.

I can't get enough!"—Giada De Laurentiis, New York Times bestselling author of *Eat Better, Feel Better* NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY FOOD52 AND LIBRARY JOURNAL Samah Dada doesn't buy into the all-or-nothing mentality of healthy eating. By using real, unprocessed ingredients in surprising ways, she shows you how to have your cake and eat it too—because it's actually made out of chickpeas. Samah knows that eating well doesn't mean eating boring food. She uses only the most nutritious ingredients, not because she's cutting out food groups to follow the latest fad, but to create drool-worthy meatless dishes that are mostly vegan (with options for dairy and eggs), mostly gluten-free (with easy substitutions to go entirely gluten-free), and all helpful in reducing inflammation. She reinvents Indian cookbook staples—and other classics—with recipes such as: • Sweet Potato Aloo Tikki • Creamy Black Lentils • Spicy Eggplant Masala • Chocolate Chip Tahini Cake with Chocolate Frosting • Cauliflower Cacio e Pepe • Masala Mac and Cheese • And more! With *Dada Eats Love to Cook It*, you'll discover how to use healthy ingredients for maximum flavor and joy. Grain-Optional. Gluten-Flexible. Mostly Plant-Based. Totally Inclusive.

alo nyc wellness club: Color of Violence INCITE! Women of Color Against Violence INCITE! Women of Color Against Violence, 2016-09-02 The editors and contributors to *Color of Violence* ask: What would it take to end violence against women of color? Presenting the fierce and vital writing of organizers, lawyers, scholars, poets, and policy makers, *Color of Violence* radically repositions the antiviolence movement by putting women of color at its center. The contributors shift the focus from

domestic violence and sexual assault and map innovative strategies of movement building and resistance used by women of color around the world. The volume's thirty pieces—which include poems, short essays, position papers, letters, and personal reflections—cover violence against women of color in its myriad forms, manifestations, and settings, while identifying the links between gender, militarism, reproductive and economic violence, prisons and policing, colonialism, and war. At a time of heightened state surveillance and repression of people of color, *Color of Violence* is an essential intervention. Contributors. alo nyc wellness club: Octavia's Brood Walidah Imarisha, adrienne maree brown, 2015-03-23

Whenever we envision a world without war, without prisons, without capitalism, we are producing speculative fiction. Organizers and activists envision, and try to create, such worlds all the time. Walidah Imarisha and adrienne maree brown have brought twenty of them together in the first anthology of short stories to explore the connections between radical speculative fiction and movements for social change. The visionary tales of Octavia's Brood span genres—sci-fi, fantasy, horror, magical realism—but all are united by an attempt to inject a healthy dose of imagination and innovation into our political practice and to try on new ways of understanding ourselves, the world around us, and all the selves and worlds that could be. The collection is rounded off with essays by Tananarive Due and Mumia Abu-Jamal, and a preface by Sheree Renée Thomas. PRAISE FOR OCTAVIA'S BROOD: Those concerned with justice and liberation must always persuade the mass of people that a better world is possible. Our job begins with speculative fictions that fire society's imagination and its desire for change. In adrienne maree brown and Walidah Imarisha's visionary conception, and by its activist-artists' often stunning acts of creative inception, Octavia's Brood makes for great thinking and damn good reading. The rest will be up to us. —Jeff Chang, author of *Who We Be: The Colorization of America* “Conventional exclamatory phrases don't come close to capturing the essence of what we have here in Octavia's Brood. One part sacred text, one part social movement manual, one part diary of our future selves telling us, ‘It's going to be okay, keep working, keep loving.’ Our radical imaginations are under siege and this text is the rescue mission. It is the new cornerstone of every class I teach on inequality, justice, and social change....This is the text we've been waiting for.” —Ruha Benjamin, professor of African American Studies at Princeton University and author of *People's Science: Bodies and Rights on the Stem Cell Frontier* Octavia once told me that two things worried her about the future of humanity: The tendency to think hierarchically, and the tendency to place ourselves higher on the hierarchy than others. I think she would be humbled beyond words that the fine, thoughtful writers in this volume have honored her with their hearts and minds. And that in calling for us to consider that hierarchical structure, they are not walking in her shadow, nor standing on her shoulders, but marching at her side. —Steven Barnes, author of *Lion's Blood* “Never has one book so thoroughly realized the dream of its namesake. Octavia's Brood is the progeny of two lovers of Octavia Butler and their belief in her dream that science fiction is for everybody.... Butler could not wish for better evidence of her touch changing our literary and living landscapes. Play with these children, read these works, and find the children in you waiting to take root under the stars!” —Moya Bailey and Ayana Jamieson, Octavia E. Butler Legacy “Like [Octavia] Butler's fiction, this collection is cartography, a map to freedom.” —dream hampton, filmmaker and Visiting Artist at Stanford University's Institute for Diversity in the Arts Walidah Imarisha is a writer, organizer, educator, and spoken word artist. She is the author of the poetry collection *Scars/Stars* and facilitates writing workshops at schools, community centers, youth detention facilities, and women's prisons. adrienne maree brown is a 2013 Kresge Literary Arts Fellow writing science fiction in Detroit, Michigan. She received a 2013 Detroit Knight Arts

Challenge Award to run a series of Octavia Butler-based writing workshops.

alo nyc wellness club: Bread Alone: Bold Fresh Daniel Leader, 1993-11-19 Good bread is hard to find and easy to make, says Dan Leader as he draws you into the ancient world of traditional bread baking. Unlike any other bread book, *Bread Alone* will provide you with a comprehensive guide to creating—at home—the country-style breads that have consistently captured the imagination and the taste buds of the world. In a richly told tale, Leader chronicles his crossings of America and Europe to locate the most vital ingredients at the source, to learn from the methods of the world's great bakers, and to perfect their traditional techniques. His recipes are ones that have been used for centuries: large sourdough ryes, rich and dark raisin pumpernickel loaves, real French pain au levain, big round wheats with walnuts, crusty baguettes, high and airy breads, and more. Made from organic, stone-ground grains, these breads are slow-leavened, hand-shaped, and baked to perfection on heated baking tiles. As you read through the recipes, you can almost smell the ancient aroma of baking bread. And as you begin to bake, you will learn the importance of the primary ingredient in great bread: your own observations. These are some of the breads and techniques you will master: In the chapter *Becoming Bread*, you will learn to identify and shop for the highest quality flour available. And you will seek it out because you'll taste the difference. Making a poolish will become second nature to you as you master the *Learning Recipe: Classic Country-Style Hearth Loaf* and its delicious variations. Whatever your schedule, there is a bread for you. In the chapter *Straight-Dough Breads: Traditional Breads for a Modern Life-Style*, you are shown how to start and finish a recipe in five hours, or morning-to-night, or night-to-night. You will bake sourdough bread in its many forms. By gently introducing the concept of sourdough—how it is made, how it is maintained, and how to get the best flavor from it—Leader demystifies it and makes it accessible to you. Discover the wonders of rye bread: From the dense and chewy Finnish Sour Rye to the fragrant Danish Light Rye, everyone's tastes are served. The mystery of pain au levain, French for bread from a sourdough or wild yeast, unfolds into an understandable, user-friendly process. From *My Personal Favorite Pain au Levain*, a typical large Parisian loaf, to *Pain au Levain with Pecans and Dried Cherries*, the *Family of Traditional Pain au Levain* includes some of the best loaves baked around the world. A perfect baguette is a beautiful thing. From shaping to scoring, you will learn how to make the authentic French baguette at home. The purpose of an organic certifier—find out how and why one farmer becomes dedicated to his role as land steward. *Brioche*, *Chocolate-Apricot Kugelhopf*, *Panettone*, and *Semolina Sesame Rolls* are a few recipes you will find in *A Family of Breads Inspired by Traditional French and Italian Breads*. Finally, when a quick bread is all you have time to bake, you will find recipes for such delights as *Vanilla Bean Butter Loaf*; *Dried Pear, Port, and Poppy Seed Loaf*; and *Provolone Sage Corn Loaf*. *Bread Alone* is the bread book that cooks and bakers have been waiting for. From the wheat fields of the Midwest to the hot and steamy boulangeries of Paris, you will travel the long and delicious road to flawless bread baking. You will emerge a better baker and with a deeper understanding of what it takes to make perfect loaves. Bakers entertain you with stories of their love of baking (even in the most adverse situations). *Bread Alone* is the bible of bread books and a must-have for bread lovers everywhere.

alo nyc wellness club: Rehab Science: How to Overcome Pain and Heal from Injury Tom Walters, Glen Cordoza, 2023-04-11 Recover from injuries and put a stop to pain with this step-by-step guide In his new book, *Rehab Science*, renowned orthopedic physical therapist Tom Walters shows you how to take back the power to heal. He explains how to understand and identify pain and injury, how to treat common issues to muscles, tendons, ligaments, and more, and how to end chronic pain for good. Our current healthcare model, with its emphasis on treating symptoms rather than addressing the root cause of those symptoms, can be frustrating, especially for people with ongoing pain. *Rehab Science* outlines a new way of thinking about pain and injury with a movement-based system that helps you treat pain and heal from injuries on your own terms. Dr. Walters delivers proven protocols that strengthen the body, improve mobility and movement quality, alleviate pain, ensure full recovery, and keep pain and injury from reoccurring in the future. This book highlights common issues like ankle sprains, tennis elbow, and low back pain and provides

protocols for rehabilitating each one step by step and week by week. Find out what you can do to accelerate the phases of healing by using targeted movements and pain-relieving rehab exercises. Full-color photo sequences show how to do each exercise correctly. In *Rehab Science*, you'll learn:

- How to identify and treat common pains and injuries
- Which exercises can prevent pain from returning
- How long you should be doing rehab exercises
- Major signs and symptoms that may require medical attention
- How a diagnosis can factor into recovery
- What common X-ray and MRI findings mean
- How to program exercises to rehab specific injuries
- When you might need to consider surgery
- And much, much more

Dazzling color, dreamlike backgrounds, and a fierce gaze are the hallmarks of Ijewere's work. But most important to the London photographer is subversion of traditional concepts of beauty. In fashion work, editorials, advertisements, and film stills, Ijewere draws not only on her roots in Nigeria and Jamaica, but also on her own experiences as a young Black girl in East London whose skin color, hair, and body type were nowhere to be found in the pages of magazines. Ijewere's vibrantly colored, brilliantly staged pictures often focus on themes of identity and diversity, and feature nontraditional subjects that celebrate the uniqueness of disparate cultures. This first monograph includes images from her series of Jamaican women's hairstyles across different generations; photographs of young people defying gender norms on the streets of Lagos; and intimate studio portraits of mixed-race sisters. Also featured is editorial work she has created for *Vogue* in the US and UK, fashion shoots for Stella McCartney, Dior, Gap, Hermes, and Valentino. At the vanguard of a history-changing artistic movement, Ijewere's remarkable career has made her one of the most sought-after fashion photographers working today.

alo nyc wellness club: *Nazis of Copley Square* Charles Gallagher, 2021-09-28 The forgotten history of American terrorists who, in the name of God, conspired to overthrow the government and formed an alliance with Hitler. On January 13, 1940, FBI agents burst into the homes and offices of seventeen members of the Christian Front, seizing guns, ammunition, and homemade bombs. J. Edgar Hoover's charges were incendiary: the group, he alleged, was planning to incite a revolution and install a "temporary dictatorship" in order to stamp out Jewish and communist influence in the United States. Interviewed in his jail cell, the front's ringleader was unbowed: "All I can say is 'Long live Christ the King! Down with communism!'" In *Nazis of Copley Square*, Charles Gallagher provides a crucial missing chapter in the history of the American far right. The men of the Christian Front imagined themselves as crusaders fighting for the spiritual purification of the nation, under assault from godless communism, and they were hardly alone in their beliefs. The front traced its origins to vibrant global Catholic theological movements of the early twentieth century, such as the Mystical Body of Christ and Catholic Action. The front's anti-Semitism was inspired by Sunday sermons and by lay leaders openly espousing fascist and Nazi beliefs. Gallagher chronicles the evolution of the front, the transatlantic cloak-and-dagger intelligence operations that subverted it, and the mainstream political and religious leaders who shielded the front's activities from scrutiny. *Nazis of Copley Square* offers a grim tale of faith perverted to violent ends, and its lessons provide a warning for those who hope to stop the spread of far-right violence today.

Now, Tracy is leveraging her years of experience to write the go-to manual for any woman struggling to convince people she's in charge. If you get thrown off course by narcissistic personalities or freaked out by high-stakes situations, don't assume you're weak. When fear is running the show, you get wrapped up in your head and start missing important cues. Yes, the people you're dealing with seem scary, but they're more predictable than you think. Once you understand them, it's easy to push the right levers of influence to get what you want. Through candid, hilarious stories of her rise through a world of misogyny and cutthroat business dealings (text message screen shots from creeps included!), Tracy offers a crash course in the psychology of power dynamics and social signaling. You'll learn: What five things you should always find out about someone before you meet them How to choose the perfect outfit for an important meeting, even when dressing on a budget When and how to use humor strategically to lighten the mood and command authority This book is a must-read for any ambitious woman who wants to win her next business confrontation before she even walks into the room.

alo nyc wellness club: Living Bread Daniel Leader, Lauren Chattman, 2019-10-01 2020 James Beard Award Winner The major new cookbook by the pioneer from Bread Alone, who revolutionized American artisan bread baking, with 60 recipes inspired by bakers around the world. At twenty-two, Daniel Leader stumbled across the intoxicating perfume of bread baking in the back room of a Parisian boulangerie, and he has loved and devoted himself to making quality bread ever since. He went on to create Bread Alone, the now-iconic bakery that has become one of the most beloved artisan bread companies in the country. Today, professional bakers and bread enthusiasts from all over the world flock to Bread Alone's headquarters in the Catskills to learn Dan's signature techniques and baking philosophy. But though Leader is a towering figure in bread baking, he still considers himself a student of the craft, and his curiosity is boundless. In this groundbreaking book, he offers a comprehensive picture of bread baking today for the enthusiastic home baker. With inspiration from a community of millers, farmers, bakers, and scientists, Living Bread provides a fascinating look into the way artisan bread baking has evolved and continues to change--from wheat farming practices and advances in milling, to sourdough starters and the mechanics of mixing dough. Influenced by art and science in equal measure, Leader presents exciting twists on classics such as Curry Tomato Ciabatta, Vegan Brioche, and Chocolate Sourdough Babka, as well as traditional recipes. Sprinkled with anecdotes and evocative photos from Leader's own travels and encounters with artisans who have influenced him, Living Bread is a love letter, and a cutting-edge guide, to the practice of making good bread.

alo nyc wellness club: **The Shapes of Fancy** Christine Varnado, 2020-05-05 Exploring forms of desire unaccounted for in previous histories of sexuality What can the Renaissance tell us at our present moment about who and what is “queer,” as well as the political consequences of asking? In posing this question, *The Shapes of Fancy* offers a powerful new method of accounting for ineffable and diffuse forms of desire, mining early modern drama and prose literature to describe new patterns of affective resonance. Starting with the question of how and why readers seek traces of desire in texts from bygone times and places, *The Shapes of Fancy* demonstrates a practice of critical attunement to the psychic and historical circulations of affect across time within texts, from texts to readers, and among readers. Closely reading for uncharted desires as they recur in early modern drama, witchcraft pamphlets, and early Atlantic voyage narratives and demonstrating how each is structured by qualities of secrecy, impossibility, and excess, Christine Varnado follows four “shapes of fancy”: the desire to be used to others’ ends; indiscriminate, bottomless appetite; paranoid self-fulfilling suspicion; and melancholic longings for impossible transformations and affinities. These affective dynamics go awry in atypical and perverse ways. In other words, argues Varnado, these modes of feeling are recognizable on the page or stage as “queer” because of how, and not by whom, they are expressed. This new theorization of desire expands the notion of queerness in literature, decoupling the literary trace of queerness from the binary logics of same-sex versus opposite-sex and normative versus deviant that have governed early modern sexuality studies. Providing a set of methods for analyzing affect and desire in texts from any period, *The Shapes of Fancy* stages an impassioned defense of the inherently desirous nature of reading, making a case for readerly investment and identification as vital engines of meaning making and political insight.

alo nyc wellness club: *Noma* René Redzepi, 2010-10-04 *Noma* is the most important cookbook of the year. – The Wall Street Journal René Redzepi has been widely credited with re-inventing Nordic cuisine. His Copenhagen restaurant, *Noma*, was recognized as the #1 best in the world by the San Pellegrino World’s 50 Best Restaurant awards in April 2010 after receiving the Chef’s Choice award in 2009. Redzepi operates at the cutting edge of gourmet cuisine, combining an unrelenting creativity and a remarkable level of craftsmanship with an inimitable and innate knowledge of the produce of his Nordic terroir. At *Noma*, which Redzepi created from a derelict eighteenth-century warehouse in 2003 after previously working at both *elBulli* and *The French Laundry*, diners are served exquisite concoctions, such as Newly-Ploughed Potato Field or The Snowman from Jukkasjarvi, all painstakingly constructed to express their amazing array of Nordic ingredients. His search for ingredients involves foraging amongst local fields for wild produce, sourcing horse-mussels from the Faroe Islands and the purest possible water from Greenland. Redzepi has heightened the culinary philosophy of seasonally and regionally sourced sustainable ingredients to an unprecedented level, and in doing so has created an utterly delicious cuisine. At the age of 37, Redzepi is one of the most influential chefs in the world. *Noma: Time and Place in Nordic Cuisine* offers an exclusive insight into the food, philosophy and creativity of René Redzepi. It reveals the first behind the scenes look at the restaurant, *Noma*, and features over 90 recipes as well as excerpts from Redzepi’s diary from the period leading up to the opening of the restaurant and texts on some the most enigmatic of *Noma*’s suppliers. The book includes 200 new specially commissioned color photographs of the dishes, unique local ingredients and landscapes from across the Nordic region. It also includes a foreword by the artist Olafur Eliasson.

alo nyc wellness club: The Passport as Home Andrei S. Markovits, 2021-08-10 This is the story of an illustrious Romanian-born, Hungarian-speaking, Vienna-schooled, Columbia-educated and Harvard-formed, middle-class Jewish professor of politics and other subjects. Markovits revels in a rootlessness that offers him comfort, succor, and the inspiration for his life's work. As we follow his quest to find a home, we encounter his engagement with the important political, social, and cultural developments of five decades on two continents. We also learn about his musical preferences, from classical to rock; his love of team sports such as soccer, baseball, basketball, and American football; and his devotion to dogs and their rescue. Above all, the book analyzes the travails of emigration the author experienced twice, moving from Romania to Vienna and then from Vienna to New York. Markovits's Candide-like travels through the ups and downs of post-1945 Europe and America offer a panoramic view of key currents that shaped the second half of the twentieth century. By shedding light on the cultural similarities and differences between both continents, the book shows why America fascinated Europeans like Markovits and offered them a home that Europe never did: academic excellence, intellectual openness, cultural diversity and religious tolerance. America for Markovits was indeed the "beacon on the hill," despite the ugliness of its racism, the prominence of its everyday bigotry, the severity of its growing economic inequality, and the presence of other aspects that mar this worthy experiment's daily existence.

Sutra and Bible: Faith and the Japanese American World War II Incarceration accompanies the Japanese American National Museum's 2022 Sutra and Bible exhibition. Together, the exhibit and catalogue explore the role that religious teachings, practices, and communities played while Japanese Americans were incarcerated during World War II. From the confines of concentration camps and locales under martial law to the battlegrounds of Europe, Japanese Americans drew on their faith to survive forced removal, indefinite incarceration, unjust deportation, family separation, military service, and resettlement at a time when their race and religion were seen as threats to national security. Co-edited by Dr. Emily Anderson and Dr. Duncan Ryōken Williams, this catalogue weaves visual storytelling with auxiliary essays from thirty-two prominent voices across academic, arts, and social justice communities.
