alo wellness club beverly hills: I Never Thought of It That Way Mónica Guzmán, 2022-03-08 PORCHLIGHT BOOKS JUNE 2022 NONFICTION BESTSELLER "I can see this book helping estranged parties who are equally invested in bridging a gap—it could be assigned reading for fractured families aspiring to a harmonious Thanksgiving dinner." —New York Times "Like all skills, these techniques take practice. But anyone who sincerely wants to bridge the gaps in understanding will appreciate this book. Guzmán is emphatic about making an effort to work on difficult conversations." —Manhattan Book Review We think we have the answers, but we need to be asking a lot more questions. Journalist Mónica Guzmán is the loving liberal daughter of Mexican immigrants who voted—twice—for Donald Trump. When the country could no longer see straight across the political divide, Mónica set out to find what was blinding us and discovered the most eye-opening tool we're not using: our own built-in curiosity. Partisanship is up, trust is down, and our social media feeds make us sure we're right and everyone else is ignorant (or worse). But avoiding one another is hurting our relationships and our society. In this timely, personal guide, Mónica, the chief storyteller for the national cross-partisan depolarization organization Braver Angels, takes you to the real front lines of a crisis that threatens to grind America to a halt—broken conversations among confounded people. She shows you how to overcome the fear and certainty that surround us to finally do what only seems impossible: understand and even learn from people in your life whose whole worldview is different from or even opposed to yours. Drawing from cross-partisan conversations she's had, organized, or witnessed everywhere from the echo chambers on social media to the wheat fields in Oregon to raw, unfiltered fights with her own family on election night, Mónica shows how you can put your natural sense of wonder to work for you immediately, finding the answers you need by talking with people—rather than about them—and asking the questions you want, curiously. In these pages, you'll learn: How to ask what you really want to know (even if you're afraid to) How to grow smarter from even the most tense interactions, online or off How to cross boundaries and find common ground—with anyone Whether you're left, right, center, or not a fan of labels: If you're ready to fight back against the confusion, heartbreak, and madness of our dangerously divided times—in your own life, at least—Mónica's got the tools and fresh, surprising insights to prove that seeing where people are coming from isn't just possible. It's easier than you think.

alo wellness club beverly hills: Nadine Ijewere , 2022-01-25 A celebration of identity and individual human beauty, this vibrant monograph is the first book dedicated to fashion photographer Nadine Ijewere—the first Black woman photographer to land a cover of Vogue in the magazine's 125-year history. Dazzling color, dreamlike backgrounds, and a fierce gaze are the hallmarks of Ijewere's work. But most important to the London photographer is subversion of traditional concepts of beauty. In fashion work, editorials, advertisements, and film stills, Ijewere draws not only on her roots in Nigeria and Jamaica, but also on her own experiences as a young Black girl in East London whose skin color, hair, and body type were nowhere to be found in the pages of magazines. Ijewere's

vibrantly colored, brilliantly staged pictures often focus on themes of identity and diversity, and feature nontraditional subjects that celebrate the uniqueness of disparate cultures. This first monograph includes images from her series of Jamaican women's hairstyles across different generations; photographs of young people defying gender norms on the streets of Lagos; and intimate studio portraits of mixed-race sisters. Also featured is editorial work she has created for Vogue in the US and UK, fashion shoots for Stella McCartney, Dior, Gap, Hermes, and Valentino. At the vanguard of a history-changing artistic movement, Ijewere's remarkable career has made her one of the most sought-after fashion photographers working today.

I have no idea how Broder does it, but I loved every dark and sublime page of it." —Stephanie Danler, author of *Sweetbitter* Lucy has been writing her dissertation on Sappho for nine years when she and her boyfriend break up in a dramatic flameout. After she bottoms out in Phoenix, her sister in Los Angeles insists Lucy dog-sit for the summer. Annika's home is a gorgeous glass cube on Venice Beach, but Lucy can find little relief from her anxiety — not in the Greek chorus of women in her love addiction therapy group, not in her frequent Tinder excursions, not even in Dominic the foxhound's easy affection. Everything changes when Lucy becomes entranced by an eerily attractive swimmer while sitting alone on the beach rocks one night. But when Lucy learns the truth about his identity, their relationship, and Lucy's understanding of what love should look like, take a very unexpected turn. A masterful blend of vivid realism and giddy fantasy, pairing hilarious frankness with pulse-racing eroticism, *THE PISCES* is a story about falling in obsessive love with a merman: a figure of Sirenian fantasy whose very existence pushes Lucy to question everything she thought she knew about love, lust, and meaning in the one life we have.

alo wellness club beverly hills: *Siriously Delicious* Siri, 2018-04-17 Popular food blogger and TODAY food contributor Siri Daly shares her collection of cooking triumphs and mistakes, and delicious recipes for people who love food. Like many of us trying to feed our families, Siri Daly is a very busy cook. As a mother of three under the age of 10, TODAY food contributor, and wife of a bicoastal traveling man, Carson Daly (*The Voice* host and TODAY show co-host), Siri often doesn't know which end is up. Siri is not a serious cook, but she is serious about her food—and what she serves her family, friends and loved ones. *Siriously Delicious* is organized by how a busy mom gets through her day—breakfast, lunch, happy hour (her favorite!), dinner with sides, and dessert. Siri's recipes are created with three goals in mind: to create food that is delicious and satisfying for both kids and adults, to prepare dishes packed with traditionally comforting flavors and ingredients (think cheese, avocado, chocolate!), and to make each recipe approachable for even a novice cook—no trips to specialty food stores are required. Whether you're looking for easy-to-cook recipes your kids will devour, such as mouth-watering Bacon Pizzadillas, or you're dying to relax with a Spicy Grapefruit Cocktail when the days feel too long, this cookbook has a recipe for every occasion. Siri also includes extra tips to make your time in the kitchen easier: *Siriously Simple* offers a hack or time-saving tip, *Siriously Sinful* details how to make something even more indulgent, *Siriously Nutritious* explains how to make something healthier, and *Siriously Mini* advises how to satisfy the kiddos. alo wellness club beverly hills: *Steinbeck* Steve Hauk, 2017-06-14 It's 1942. The novelist John Steinbeck needs character witnesses to sign his application to carry a gun in New York. He's

received a threatening phone call and feels the need for self-protection. He's a relative newcomer to the Empire State - most of his close friends live back in California, so finding people to sign could be difficult for the controversial author. Feeling time is of the essence, he begins his search for character witnesses in the idyllic village of Palisades, where he makes his home. The Application is one of sixteen tales in Steinbeck: The Untold Stories examining the emotional and psychological toll extracted for writing the truth as Steinbeck saw it, in works such as *Of Mice and Men* and *The Grapes of Wrath*. From his days in Salinas and Los Gatos and Pacific Grove on California's Monterey Peninsula to his later years in New York, we meet the people who were important in his life as well as the dark specters of those who opposed him and what he was writing. The stories look at his friends and contemporaries and those who outlived him. Henry, for instance, a boyhood pal who decades later sees John again in a visit to Henry's Salinas service station under cover of darkness. Or Lily, an old high school classmate who invites him to an impromptu reunion that turns dangerous for John and the other participants gathered in a park. Artists, too, were important in his world. The young couple he gave money to so they could explore Mexico and learn to paint out loud. The painter, a giant of a man, who on a summer night carried Steinbeck out of his home after an argument on labor issues. The famous film actress who accompanies him on a nervous drive, from Los Angeles up the Salinas Valley in the light of day. There were those who had little or no contact with him but were influenced and moved by his work. Beau, a charismatic chain-smoking cowboy who proudly felt he inspired the creation of a Steinbeck character. The terminally ill book collector Paul, who finds temporary escape from his worries and responsibilities by searching for Steinbeck first editions. The wanderer Bill who arrives in Monterey and is befriended by those who knew Steinbeck and instruct him in the legacy. Or the gentle woman who looks back seventy years recalling her famous marine biologist father's relationship with the writer - as well as with his own children. These and other stories are further brought to life by the gritty, character-driven illustrations of artist C. Kline. Images such as John's mother Olive gathering flowers while remembering a sad day in her youth. A young sailor off an aircraft carrier drinking with two American strangers in a Greek bar while a political coup is underway. A Big Sur trapper tearfully parting with a mountain lion named Flora. Or the writer explaining to a ghost he has no home and never did. These stories and characters provide pathos and humor to the portrait of a great writer dealing with his memories and fears. And - as Steinbeck once described it in a letter to a friend - the powerful desire to begin again and return to the ocean tide pools and star-gazing of his youth.

Set in Philly one year into Trump's presidency, Sean Thor Conroe's audacious, freewheeling debut follows our eponymous fuccboi, Sean, as he attempts to live meaningfully in a world that doesn't seem to need him. Reconciling past, failed selves--cross-country walker, SoundCloud rapper, weed farmer--he now finds himself back in his college city, trying to write, doing stimulant-fueled bike deliveries to eat. Unable to accept that his ex has dropped him, yet still engaged in all the same fuckery--being coy and spineless, dodging decisions, maintaining a rotation of baes--that led to her leaving in the first place. But now Sean has begun to wonder, how sustainable is this mode? How much fuckery is too much fuckery? Written in a riotous, utterly original idiom, and slyly undercutting both the hypocrisy of our era and that of Sean himself, *Fuccboi* is an unvarnished, playful, and searching examination of what it means to be a man.
