answeringislam: THE GUIDE TO ANSWERING ISLAM Daniel Janosik, 2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians, Jews, and even young little children, not to mention Muslims with which they disagree. However, the average Christian does not know their true beliefs, just how many there are, to the extent they will go to carry out these beliefs. Daily we find Islamic commentators on the TV and radio, offering up misleading information, quoting certain portions of the Quran while leaving other parts out. When considering Islamic beliefs, other Islamic writings must be considered, like the Hadith or Sunnah, and the Shariah, or canon law. While Islam, in general, does not support radical Islam, the vast majority do support radical beliefs. For example, beheadings, stoning for adultery or homosexuality, suicide bombings, turning the world into an Islamic state, and far too many other heinous things. THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology. The reader will learn about Muhammad's calling, the history of the Quran, how Islam expanded, the death of Muhammad and the splinter groups that followed. In addition, the three sources of their teaching, six pillars of belief, five pillars of Islam, the twelfth Imam, and much more will be discussed. While there are several books on Islam and radical Islam, this will be the first that will prepare its readers to communicate effectively with

Muslims in an effort toward sharing biblical truths. THE GUIDE TO ISLAM will be an effective evangelism tool. In addition, each chapter will end with review questions, helping the reader recall the main points of the chapter. Therefore, it can be studied alone or in a church Bible study setting. THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church. There are many recent books written by Christians about Islam, and there are many books written recently about radical Islam. However, none of these recent books attempts to do what has been done, which is to give an adequate portrayal of Islam, critiqued by history and Christian doctrine, and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian's perspective.

answeringislam: *Islamic Ideology and Fundamentalism in Pakistan* Warren Fredrick Larson, 1998 Much has been previously written on the causes and dynamics of Christian conversion, and many recent studies have addressed the issue of global Islamic fundamentalism. *Islamic Ideology and Fundamentalism in Pakistan: A Climate for Conversion to Christianity?* finds a correlation between the dynamics of Christian conversion and the issue of global Islamic fundamentalism and suggests that a crisis over ideology and Islamization in Pakistan is paving the way for Christian mission. Due to competing theories of statehood and state law, inconsistency, instability, and conflicts in the movement, it suggests that the Islamic impulse has exacerbated ethnic strife and religious sectarianism. It enables students of missiology to understand the Muslim mentality and the problems of minorities who have lived under the shariah (Islamic law). The author employs an integrated methodology of theological and behavioral/sociological disciplines to provide a framework for Muslim-Christian understanding, and develops a theory that utilizes missiological insights but emphasizes that Scripture always remains the final court of appeal in conversion studies. Although this research does not support a claim that large numbers are turning to Christ in Pakistan, it does find evidence that Islamization now has an increased receptivity to the Christian mission.

answeringislam: *Answering Jihad* Nabeel Qureshi, 2016-03-08 From New York Times bestselling author of *Seeking Allah, Finding Jesus* Nabeel Qureshi—a former Muslim—comes his deeply personal, challenging, and respectful answer book to the many questions surrounding jihad, the rise of ISIS, and Islamic terrorism. San Bernardino was the most lethal terror attack on American soil since 9/11, and it came on the heels of a coordinated assault on Paris. There is no question that innocents were slaughtered in the name of Allah and in the way of jihad (meaning warfare against the enemies of Islam, in this case). But do the terrorists' actions actually reflect the broader religion of Islam? The answer to this question is more pressing than ever, as many Muslim refugees are still migrating to the West, seeking shelter from the violent ideologies of ISIS, Al-Qaida, and other radical Islamic groups. Setting aside speculations and competing voices, Qureshi explores the answers to difficult questions like: What is Islam, and is it a religion of peace or violence? Is there a clear definition and doctrine of jihad? How are we to understand jihad and radical expressions of Islam in relation to our Muslim neighbors and friends? Why is there such a surge of Islamist terrorism in the world today, and how should we respond? How does jihad compare with Old Testament calls to warfare? In *Answering Jihad*, bestselling author Nabeel Qureshi answers these urgent questions from the perspective of a former Muslim who is deeply concerned for both his Muslim family and his American homeland.

answeringislam: *The History of al-Ṭabarī Vol. 2* Abū Ja'far Muḥammad ibn Jarīr al-Ṭabarī, 1987-01-01 This volume records the lives and efforts of some of the prophets preceeding the birth of Mohammad. It devotes most of its message to two towering figures--Abraham, the Friend of God, and his great-grandson, Joseph. The story is not, however simply a repetition of Biblical tales in a slightly altered form, for Ṭabarī sees the ancient pre-Islamic Near East as an area in which the histories of three different peoples are acted out, occasionally meeting and intertwining. Thus ancient Iran, Israel, and Arabia serve as the stages on which actors such as Biwarasb, the semi-legendary Iranian king, Noah and his progeny, and the otherwise unknown Arabian prophets Hud and Salih appear and act. In the pages of this volume we read of the miraculous birth and early

life of Abraham, and of his struggle against his father's idolatry. God grants him sons--Ishmael from Hagar and Isaac from Sarah--and the conflicts between the two mothers, the subsequent expulsion of Hagar, and her settling in the vicinity of Mecca, all lead to the story of Abraham's being commanded to build God's sanctuary there. Abraham is tested by God, both by being commanded to sacrifice his son (and here Ṭabarī shows his fairness by presenting the arguments of Muslim scholars as to whether that son was Ishmael or Isaac) and by being given commandments to follow both in personal behavior and in ritual practice. The account of Abraham is interlaced with tales of the cruel tyrant Nimrod, who tried in vain both to burn Abraham in fire and to reach the heavens to fight with God. The story of Abraham's nephew Lot and the wicked people of Sodom also appears here, with the scholars once again arguing--this time over what the exact crimes were for which the Sodomites were destroyed. Before proceeding to the story of Joseph, which is recounted in great detail, we linger over the accounts of two figures associated with ancient Arabia in Muslim tradition: the Biblical Job, who despite his trials and sufferings does not rail against God, and Shu'ayb, usually associated with the Biblical Jethro, the priest of Midian and father-in-law of Moses. Finally we meet Joseph, whose handsome appearance, paternal preference, and subsequent boasting to his brothers lead to his being cast into a pit and ending up as a slave in Egypt. His career is traced in some detail: the attempted seduction by Potiphar's wife, his imprisonment and eventual release after becoming able to interpret dreams, and his rise to power as ruler of Egypt. The volume ends with the moving story of Joseph's reunion with his brothers, the tragi-comic story of how he reveals himself to them, and the final reunion with his aged father who is brought to Egypt to see his son's power and glory. This is proto-history told in fascinating detail, of us in different contexts, as well as of others completely unknown to Western readers.

answeringislam: Understanding Islam and Christianity Josh McDowell, Jim Walker, 2013-10-01 For years, international apologist Josh McDowell has been alert to the challenge of Islam—and how Muslims' objections to Christianity can raise deep doubts in believers' minds. His recent on-the-ground research with Muslims in the Middle East has crystallized into this practical resource focusing on Jesus and the gospel. Aided by Islam expert Jim Walker, McDowell lays out the evidence on the crucial issues: What kind of prophet was Jesus? Was he the Messiah? "Son of God"? "Son of Man"? What's that about? How are God and Jesus related? Can they both be God? The gospel—how

could God dishonor his Son by letting him die horribly? What good did his death do? Aren't the Bible's accounts of Jesus corrupt? With all this, as well as backgrounder appendixes on the basics, believers will have authoritative evidence from Scripture and history to intelligently deal with Muslims' questions about and challenges to Christianity.

answeringislam: Islam and the Fate of Others Mohammad Hassan Khalil, 2012-05-03 Can non-Muslims be saved? And can those who are damned to Hell ever be redeemed? In *Islam and the Fate of Others*, Mohammad Hassan Khalil examines the writings of influential medieval and modern Muslim scholars on the controversial and consequential question of non-Muslim salvation. This is an illuminating study of four of the most prominent figures in the history of Islam: Ghazali, Ibn 'Arabi, Ibn Taymiyya, and Rashid Rida. Khalil demonstrates that though these paradigmatic figures tended to affirm the superiority of the Islamic message, they also envisioned a God of mercy and justice and a Paradise populated by Muslims and non-Muslims. *Islam and the Fate of Others* reveals that these theologians' interpretations of the Qur'an and hadith corpus—from optimistic depictions of Judgment Day to notions of a temporal Hell and salvation for all—challenge widespread assumptions about Islamic scripture and thought. Along the way, Khalil examines the writings of many other important writers, such as Ibn Qayyim al-Jawziyya, Mulla Sadra, Shah Wali Allah of Delhi, Muhammad Ali of Lahore, James Robson, Sayyid Qutb, Yusuf al-Qaradawi, Farid Esack, Reza Shah-Kazemi, T. J. Winter, and Muhammad Legenhausen. *Islam and the Fate of Others* is both timely and overdue.

answeringislam: *Gospel-Centered Discipleship* Jonathan K. Dodson, 2012-03-31 Reflecting on the practice of disciple making in young adult, college, graduate, and local church contexts, Jonathan Dodson has discerned some common pitfalls. For many, discipleship is reduced to a form of religious performance before God. For others, it devolves into spiritual license and a loose adherence to spiritual facts. Both approaches distort biblical motivations for Christian obedience and are in need of reform. By explaining various motivations for discipleship, Dodson charts a biblically faithful, grace-driven alternative. Additionally, he provides a practical model for creating gospel-centered discipleship groups—small, reproducible, missional, gender-specific groups of believers that fight for faith together. This book blends both theology and practice to inspire and equip Christians to effectively fight sin, keep Jesus central, and make gospel-centered discipleship a way of life. Both new and growing Christians will learn to trust the gospel in community as they fight together for holiness as well as how to start gospel-centered community groups in any local church.

answeringislam: John of Damascus, First Apologist to the Muslims Daniel J. Janosik, 2016-11-08 Much of the world today is convulsed in an epic struggle between the Christian West and Islam. Scholars seeking to understand the issues look back in history to unearth the roots of this conflict. Of great value in this effort are the writings of an eyewitness, a devoted Christian who served as chief financial officer of the Umayyad Empire and wrote at the time Islam was developing. John of Damascus (675-750) authored two major works, the Heresy of the Ishmaelites and the Disputation between a Christian and a Saracen, to provide an apologetic response to Islam from a Christian perspective. His writings shed light on many questions that are pertinent today: When was the Qur'an actually written? What was the role of the powerful caliph Abd al-Malik in the making of Muhammad? How did the theological issues related to the deity of Christ and the Trinity develop in the early days of Islam? This book delves into the life of John and studies his apologetic writings in detail, utilizing the first English translation from the critical text. It seeks to address these questions thoughtfully, provide valuable insights from the past, and then equip today's church as it engages with Islam.

answeringislam: Questioning Islam Emeritus Professor of Experimental Physics in Engineering Peter Townsend, Peter Townsend, 2014-06-27 Many questions are currently being asked about the place of Islam in the modern world. Among these questions the most important one of all sometimes gets lost: Is Islam true? With his new book author Peter Townsend invites you to accompany him on a journey through the foundational texts of the Muslim religion. In the process the truth-claims of Islam will be respectfully, honestly and impartially evaluated. Along the way the following questions will be asked: - Can the traditional Islamic historical accounts be trusted? - Is the Qur'an a 'Perfect Book, Perfectly Preserved'? - Was Muhammad indeed a 'Beautiful Pattern of Conduct'? The answers to these questions will not be sought from modern commentaries on Islam. Instead Questioning Islam goes straight to the classic sources of Islam namely the Qur'an, hadiths (traditions) and biographies of Muhammad. Questioning Islam is not an attempt to promote any other belief system or ideology. Its focus is simply on asking the hard questions about Islam that are all too often ignored or swept under the carpet. Simply put, if you have ever wondered whether the truth-claims of Islam can withstand critical scrutiny then this book is for you!

answeringislam: Against Hermogenes Tertullian, 2018-08-19 The doctrine of Hermogenes has this taint of novelty. He is, in short, a man living in the world at the present time; by his very

nature a heretic, and turbulent withal, who mistakes loquacity for eloquence, and supposes impudence to be firmness, and judges it to be the duty of a good conscience to speak ill of individuals. Moreover, he despises God's law in his painting, maintaining repeated marriages, alleges the law of God in defense of lust, and yet despises it in respect of his art. He falsifies by a twofold process--with his cautery and his pen. He is a thorough adulterer, both doctrinally and carnally, since he is rank indeed with the contagion of your marriage hacks, and has also failed in cleaving to the rule of faith as much as the apostle's own Hermogenes. However, never mind the man, when it is his doctrine which I question. He does not appear to acknowledge any other Christ as Lord, though he holds Him in a different way; but by this difference in his faith he really makes Him another being, --nay, he takes from Him everything which is God, since he will not have it that He made all things of nothing. For, turning away from Christians to the philosophers, from the Church to the Academy and the Porch, he learned there from the Stoics how to place Matter (on the same level) with the Lord, just as if it too had existed ever both unborn and unmade, having no beginning at all nor end, out of which, according to him, the Lord afterwards created all things.
