avenue 360 health and wellness midtown: The Book of Grace Suzan-Lori Parks, 2016-03-01 [Suzan-Lori Parks'] dislocating stage devices, stark but poetic language and fiercely idiosyncratic images transform her work into something haunting and marvelous.—Time An original whose fierce intelligence and fearless approach to craft subvert theatrical convention and produce a mature and inimitable art that is as exciting as it is fresh.—August Wilson Named one of the 100 Innovators for the Next New Wave by Time magazine, Suzan-Lori Parks is a truly original voice of the American theater. Winner of the Pulitzer Prize and a MacArthur Genius Award, Parks is renowned for her groundbreaking language, theatricality, and an aesthetic that continues to evolve in unexpected ways. Her first full-length play since her award-winning *Topdog/Underdog*, *The Book of Grace* is a scorching three-person drama in which a young man returns home to south Texas to confront his father, unearthing deep-seated passions and ambition. The play premiered in spring 2010 at the Public Theater, where Parks is in the midst of a three-year residency as the first recipient of the theater's master writer chair. Suzan-Lori Parks is a playwright, screenwriter, songwriter, and novelist. Her plays include *Topdog/Underdog* (winner of the 2002 Pulitzer Prize), *In the Blood* (a 2000 Pulitzer Prize finalist), *Venus* (OBIE Award winner) and *Imperceptible Mutabilities in the Third*

Kingdom (OBIE Award, Best New American Play).

avenue 360 health and wellness midtown: *Salt Sugar Fat* Michael Moss, 2013-02-26 From a Pulitzer Prize-winning investigative reporter at The New York Times comes the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. *Salt Sugar Fat* is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). *Salt Sugar Fat* is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, Enough already.

avenue 360 health and wellness midtown: *To Act as a Unit* John D. Clough, 2005-04 Tracing the history of the Cleveland Clinic from its start as a small not-for-profit group practice to being the world's second largest private academic medical center, this medical history tells one of the most dramatic stories in modern medicine. Starting on the battlefield hospitals of World War I, this details how the clinic achieved medical firsts, such as the discovery of coronary angiography and the world's first successful larynx transplant, improved hospital safety, and met the challenges of the 21st century to be ranked among the top five hospitals in America. This text not only recounts the history of the clinic but presents a model for other not-for-profit organizations on how to endure and thrive.

avenue 360 health and wellness midtown: *Making Healthy Places* Andrew L. Dannenberg, Howard Frumkin, Richard J. Jackson, 2012-09-18 The environment that we construct affects both humans and our natural world in myriad ways. There is a pressing need to create healthy places and to reduce the health threats inherent in places already built. However, there has been little awareness of the adverse effects of what we have constructed-or the positive benefits of well designed built environments. This book provides a far-reaching follow-up to the pathbreaking *Urban Sprawl and Public Health*, published in 2004. That book sparked a range of inquiries into the connections between constructed environments, particularly cities and suburbs, and the health of residents, especially humans. Since then, numerous studies have extended and refined the book's research and reporting. *Making Healthy Places* offers a fresh and comprehensive look at this vital subject today. There is no other book with the depth, breadth, vision, and accessibility that this book offers. In addition to being of particular interest to undergraduate and graduate students in public health and urban planning, it will be essential reading for public health officials, planners, architects, landscape architects, environmentalists, and all those who care about the design of their communities. Like a well-trained doctor, *Making Healthy Places* presents a diagnosis of--and offers treatment for--problems related to the built environment. Drawing on the latest scientific evidence, with contributions from experts in a range of fields, it imparts a wealth of practical information, with an emphasis on demonstrated and promising solutions to commonly occurring problems.

avenue 360 health and wellness midtown: *Boy Erased* Garrard Conley, 2016-05-10 The New York Times bestselling memoir about identity, love and understanding. Now a major motion picture starring Nicole Kidman, Russell Crowe, and Lucas Hedges, directed by Joel Edgerton. Every sentence of the story will stir your soul (O Magazine). The son of a Baptist pastor and deeply embedded in church life in small town Arkansas, as a young man Garrard Conley was terrified and conflicted about his sexuality. When Garrard was a nineteen-year-old college student, he was outed to his parents, and was forced to make a life-changing decision: either agree to attend a church-supported conversion therapy program that promised to "cure" him of homosexuality; or risk losing family, friends, and the God he had prayed to every day of his life. Through an institutionalized Twelve-Step Program heavy on Bible study, he was supposed to emerge heterosexual, ex-gay, cleansed of impure urges and stronger in his faith in God for his brush with sin. Instead, even when faced with a harrowing and brutal journey, Garrard found the strength and understanding to break out in search of his true self and forgiveness. By confronting his buried past and the burden of a life lived in shadow, Garrard traces the complex relationships among family, faith, and community. At times heart-breaking, at times triumphant, this memoir is a testament to love that survives despite all odds.

avenue 360 health and wellness midtown: The Jewish Intellectual Tradition Alan Kadish, Michael A. Shmidman, Simcha Fishbane, 2021-01-19 The Jewish intellectual tradition has a long and complex history that has resulted in significant and influential works of scholarship. In this book, the authors suggest that there is a series of common principles that can be extracted from the Jewish intellectual tradition that have broad, even life-changing, implications for individual and societal achievement. These principles include respect for tradition while encouraging independent, often disruptive thinking; a precise system of logical reasoning in pursuit of the truth; universal education continuing through adulthood; and living a purposeful life. The main objective of this book is to understand the historical development of these principles and to demonstrate how applying them judiciously can lead to greater intellectual productivity, a more fulfilling existence, and a more advanced society.

avenue 360 health and wellness midtown: Intuitive Eating, 2nd Edition Evelyn Tribole, M.S., R.D., Elyse Resch, M.S., R.D., F.A.D.A., 2007-04-01 We've all been there-angry with ourselves for

overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, Intuitive Eating focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: *How to reject diet mentality forever *How our three Eating Personalities define our eating difficulties *How to feel your feelings without using food *How to honor hunger and feel fullness *How to follow the ten principles of Intuitive Eating, step-by-step *How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder.

avenue 360 health and wellness midtown: Clybourne Park Bruce Norris, 2011 An acerbically brilliant satire that explores the fault line between race and property. In 1959, Russ and Bev are selling their desirable two-bed for a knock-down price, enabling the first black family to move into the neighbourhood and alarming the cosy white urbanites of Clybourne Park, Chicago. In 2009 the same property is being bought by Lindsey and Steve, a young white couple, whose plan to raze the house and start again is met with a similar response. As the arguments rage and tensions rise, ghosts and racial resentments are once more uncovered... Bruce Norris's play Clybourne Park was first performed at Playwrights Horizons, New York City, in February 2010. The play received its European premiere at the Royal Court Theatre, London, in September 2010, transferring to Wyndham's Theatre in the West End in February 2011. The play received numerous awards, including the London Evening Standard Award for Best Play, the Critics Circle Award for Best New Play, the Olivier Award for Best New Play, the Tony Award for Best Play and the Pulitzer Prize for Drama.

avenue 360 health and wellness midtown: Housing New York 2.0 , 2017 Since Mayor de Blasio launched the Housing New York Plan in 2014, New York City has accelerated the construction and preservation of affordable housing to levels not seen in 30 years. We are on track to secure more affordable housing in the first four years of the Administration than in any comparable period since 1978. The City has tripled the share of affordable housing for households earning less than \$25,000. Funding for housing construction and preservation has doubled, as have the number of homes in the City's affordable housing lotteries each year. Hundreds of once-vacant lots have affordable homes rising on them today. Reforms to zoning and tax programs are not just incentivizing, but mandating affordable apartments—paid for by the private sector— in new development. --Page 4.

avenue 360 health and wellness midtown: Rafael Viñoly Architects Philip Jodidio, Rafael Viñoly, 2011 KEYNOTE: The definitive monograph highlighting the global works of the visionary hailed by The New York Times' Herbert Muschamp as the most elegant architect now practicing in the United States. For nearly half a century Rafael Viñoly has been driven by the belief that the responsibility of architecture is to elevate the public realm. While his early work in Argentina transformed the landscape of his native continent, his first major projects in New York--the John Jay College of Criminal Justice--and in Tokyo--the International Forum--established Viñoly as an international presence in architecture, whose buildings sustain a structural originality that transcends passing fads. This monograph features a chronological sampling of Viñoly's best work in the United States, Latin America, Europe, Asia, Africa and the Middle East. The large and small-scale projects encompass courthouses, private residences, athletic facilities, performing arts centers, museums, and educational buildings. Illustrated with photographs, plans, and drawings, and accented by Viñoly's personal reflection on his career, this volume brings together the achievements of one of today's most internationally acclaimed architects. AUTHOR: Rafael Viñoly was born in Uruguay and by the age of twenty was founding partner of Estudio de Arquitectura, which would become one of the largest design studios in Latin America. In 1983 he founded Rafael Viñoly Architects PC, a New York based firm that now has offices in London, Los Angeles, San Francisco, Chicago, and Abu Dhabi. Philip Jodidio has published numerous books on contemporary architecture, including *Architecture: Art and Architecture: Nature*. He lives in Grimentz, Switzerland. avenue 360 health and wellness midtown: Toxic Silence William T. Houston, 2018 Winner of the 2019 LAMBDA Literary Award in LGBTQ Studies! *Toxic Silence: Race, Black Gender Identity, and Addressing the Violence against Black Transgender Women in Houston* contributes to a growing

body of transgender scholarship. This book examines the patriarchal and heteronormative frames within the black community and larger American society that advances the toxic masculinity which violently castigates and threatens the collective embodiment of black transgender women in the USA. Such scholarship is needed to shed more light on the transphobic violence and murders against this understudied group. Little is known about the societal and cultural issues and concerns affecting black transgender women and how their gender identity is met with systemic, institutional, and interpersonal roadblocks. During a time period in American history defined by Time Magazine as The Transgender Tipping Point, black transgender women have emerged as social, cultural, and political subjects to advance our understanding of the lives of people who identify as a part of both the black and LGBTQIA communities. In the end, this book calls on the black community and culture to end the toxic silence and act instead as allies who are more accepting and inclusive of differing sexualities and gender identities in an effort to improve the generative power of black solidarity.

avenue 360 health and wellness midtown: Palm Beach People Hilary Geary Ross, 2014-11-11 Palm Beach People is a dazzling portrait and insider's view of a fabled and exclusive resort community and its high-profile denizens, as seen through the lens of master photographer Harry Benson and the words of society columnist Hilary Geary Ross. Ross and Benson's critically acclaimed first project, the coffee-table book, New York, New York, provided readers with an inside look at the homes and portraits of New York City's movers and shakers. In this beautiful, deluxe-size follow-up, Palm Beach People, Benson and Ross give the reader a grand tour of America's most glamorous watering hole. You'll meet everyone from captains of industry, politicians, movie stars, artists, and bestselling authors to celebrated athletes and society doyenne, all photographed in their exquisite private oases, often architectural masterpieces, or in other of their favorite Palm Beach settings. Palm Beach People captures the essence of America's most exclusive enclave, from the early 70s to today, in hundreds of color and black-and-white photographs complimented by revealing captions. avenue 360 health and wellness midtown: *Thyroid Ultrasound* Alexander N. Sencha, Yury N. Patrunov, 2019-07-30 This book is a wide-ranging and up-to-date guide to the use of ultrasound for imaging of the thyroid that will meet the needs of novices while providing more experienced professionals with advanced information. All of the techniques employed in modern thyroid

ultrasound are covered, from conventional grayscale and Doppler imaging to elastography and contrast-enhanced ultrasound, with a focus on practical aspects and with detailed analysis of their diagnostic value and limitations. The characteristic ultrasound findings of the normal thyroid and a wide range of thyroid diseases and disorders are described with the aid of hundreds of high-quality images. Diffuse changes and thyroid lesions are discussed in depth, paying close attention to aspects of importance for early detection and differential diagnosis. In this context the authors summarize their personal experiences in the use of qualitative parameters of compression elastography and quantitative data of shear-wave elastography. In addition, a practical approach to the risk stratification of thyroid nodules is proposed. The book concludes with a resumé of the main challenges and pitfalls in thyroid ultrasound.
