broward small business awards 2024: Grandma Gatewood's Walk Ben Montgomery, 2014-04-01 Winner of the 2014 National Outdoor Book Awards for History/Biography Emma Gatewood told her family she was going on a walk and left her small Ohio hometown with a change of clothes and less than two hundred dollars. The next anybody heard from her, this genteel, farm-reared, 67-year-old great-grandmother had walked 800 miles along the 2,050-mile Appalachian Trail. And in September 1955, having survived a rattlesnake strike, two hurricanes, and a run-in with gangsters from Harlem, she stood atop Maine's Mount Katahdin. There she sang the first verse of America, the Beautiful and proclaimed, I said I'll do it, and I've done it. Grandma Gatewood, as the reporters called her, became the first woman to hike the entire Appalachian Trail alone, as well as the first person—man or woman—to walk it twice and three times. Gatewood became a hiking celebrity and appeared on TV and in the pages of Sports Illustrated. The public attention she brought to the little-known footpath was unprecedented. Her vocal criticism of the lousy, difficult stretches led to bolstered maintenance, and very likely saved the trail from extinction. Author Ben Montgomery was given unprecedented access to Gatewood's own diaries, trail journals, and correspondence, and interviewed surviving family members and those she met along her hike, all to answer the question so many asked: Why did she do it? The story of Grandma Gatewood will inspire readers of all ages by illustrating the full power of human spirit and determination. Even those who know of Gatewood don't know the full story—a story of triumph from pain, rebellion from brutality, hope from suffering.

broward small business awards 2024: Red Notice Bill Browder, 2015-02-03 Freezing Order, the follow-up to Red Notice, is available now! "[Red Notice] does for investing in Russia and the former Soviet Union what Liar's Poker did for our understanding of Salomon Brothers, Wall Street, and the mortgage-backed securities business in the 1980s. Browder's business saga meshes well with the story of corruption and murder in Vladimir Putin's Russia, making Red Notice an early candidate for any list of the year's best books" (Fortune). "Part John Grisham-like thriller, part business and political memoir." —The New York Times This is a story about an accidental activist. Bill Browder started out his adult life as the Wall Street maverick whose instincts led him to Russia just after the breakup of the Soviet Union, where he made his fortune. Along the way he exposed corruption, and when he did, he barely escaped with his life. His Russian lawyer Sergei Magnitsky wasn't so lucky: he ended up in jail, where he was tortured to death. That changed Browder forever. He saw the murderous heart of the Putin regime and has spent the last half decade on a campaign to expose it. Because of that, he became Putin's number one enemy, especially after Browder succeeded in having a law passed in the United States—The Magnitsky Act—that punishes a list of Russians implicated in the lawyer's murder. Putin famously retaliated with a law that bans Americans from adopting Russian orphans. A financial caper, a crime thriller, and a political crusade, Red Notice is the story of one man taking on overpowering odds to change the world, and also the story of how, without intending to, he found meaning in his life.

broward small business awards 2024: *Purpose and a Paycheck* Chris Farrell, 2019-02-05 *Purpose and a Paycheck* tells the compelling story of how a growing movement of older entrepreneurs and part-time workers are creating a stronger and more vibrant economy. People 65 and older will account for 20 percent of the population in 2030, up from 13 percent in 2000. Many prognosticators blame the aging population for the stagnating economy, citing that as more people retire, they will stop working as relatively fewer working people have to support growing numbers of dependent elderly. *Purpose and a Paycheck* debunks this line of thought by showing how a growing movement of elderly entrepreneurs and part time workers are creating conditions for a stronger economy Growing numbers of Americans are no longer retiring in the traditional sense, and the numbers are striking such as: the labor force participation rate of men 60 years and over has risen nearly one-third from a low of 26 percent in 1996 to 35 percent in 2014, the comparable rate for women is from 15 percent to 25 percent, and 25.5 percent of new business ventures in 2016 were started by the 55-to-64-year-old age group, up from 14.8 percent in 1996. America's aging society and workforce is redefining work for all generations and is a strong force in shaping the U.S. economy and society, alongside globalization, automation, and climate change. Reframing aging will result in faster rates of economic growth and higher living standards for all of us in addition to a more fulfilling and financially secure second half of life for our aging population.

broward small business awards 2024: Debra Lafave- a Crown of Beauty for Ashes Joe Zuniga, 2016-09-12 Debra Jean Beasley LaFave is known to the world as a beautiful monster, a seductive pervert, a lovely wrecker of lives. How difficult must it be to live in a world that views you in such extreme polarities? When the media portrays someone as a sex object, or worse as a monster; it is easy to forget that that person developed over time. The story of now overshadows the story of then. It is only when the dust has settled and the news outlets are looking for ways to boost their ratings that the backstory is investigated and considered.

broward small business awards 2024: Democracy Joan Didion, 1995-04-25 From the bestselling, award-winning author of *The Year of Magical Thinking* and *Let Me Tell You What I Mean*—a gorgeously written, bitterly funny look at the relationship between politics and personal life. Moving deftly between romance, farce, and tragedy, from 1970s America to Vietnam to Jakarta, *Democracy* is a tour de force from a writer who can dissect an entire society with a single phrase. Inez Victor knows that the major casualty of the political life is memory. But the people around Inez have made careers out of losing track. Her senator husband wants to forget the failure of his last bid for the presidency. Her husband's handler would like the press to forget that Inez's father is a murderer. And, in 1975, America is doing its best to lose track of its one-time client, the lethally hemorrhaging republic of South Vietnam. As conceived by Joan Didion, these personages and events constitute the terminal fallout of democracy, a fallout that also includes fact-finding junkets, senatorial groupies, the international arms market, and the Orwellian newspeak of the political class.

broward small business awards 2024: The Leader in Me Stephen R. Covey, 2012-12-11 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

broward small business awards 2024: Citizen Illegal José Olivarez, 2018-09-04 "Olivarez steps into the 'inbetween' standing between Mexico and America in these compelling, emotional poems. Written with humor and sincerity" (Newsweek). Named a Best Book of the Year by Newsweek and NPR. In this "devastating debut" (Publishers Weekly), poet José Olivarez explores the stories, contradictions, joys, and sorrows that embody life in the spaces between Mexico and America. He paints vivid portraits of good kids, bad kids, families clinging to hope, life after the steel mills, gentrifying barrios, and everything in between. Drawing on the rich traditions of Latinx and Chicago writers like Sandra Cisneros and Gwendolyn Brooks, Olivarez creates a home out of life in the in-between. Combining wry humor with potent emotional force, Olivarez takes on complex issues of race, ethnicity, gender, class, and immigration using an everyday language that invites the reader in, with a unique voice that makes him a poet to watch. "The son of Mexican immigrants, Olivarez celebrates his Mexican-American identity and examines how those two sides conflict in a striking collection of poems." —USA Today

broward small business awards 2024: I'm Still Standing Raymond Hicks, 2015-06-26 I'M STILL STANDING is the story of a man whose idea of duty put him in conflict with the powers that be, and how he endured the injustice of false charges and wrongful incarceration, turning bad providence into spiritual growth. Raymond Hicks writes candidly about the humiliation that he suffered as an upstanding young black officer who was wrongly accused by his coworkers-the anguish and financial ruin that he and his family experienced as he single-handedly attempted to fight corruption within the sheriff's department, as well as within the justice system which failed him. Hicks, a modern-day Serpico, reveals his story in hopes that no other dedicated individual will ever have to suffer through a justice system gone mad. The purpose of this book is not just to restore justice, to right the wrongs visited upon Mr. Hicks, but to make everyone aware of the dangers we all face in a country riddled with corruption to such a degree that honesty is all but eliminated.
