The *Business Planner's RoadMap™* is a logical step-by-step business planning process that makes it possible for anyone to research a business idea, determine feasibility, and write a business plan. I wrote this book because after reading many books on the topic of business planning, I was unable to find a single book that made it possible for average folks to navigate the process and create a meaningful business plan. *RiskBuster* enables ordinary entrepreneurs to start or grow any business, anywhere.
