She is certain that her perfect, pristine sister is about to marry the wrong man—and Caroline has slid into sin with a boy she’s known her entire life, wondering why God would care so much about her virginity anyway. charlotte mckinney father used car business: Fangasm Katherine Larsen, Lynn S. Zubernis, 2013-10-01 Once upon a time not long ago, two responsible college professors, Lynn the psychologist and Kathy the literary scholar, fell in love with the television show Supernatural and turned their oh-so-practical lives upside down. Plunging headlong into the hidden realms of fandom, they scoured the Internet for pictures of stars Jensen Ackles and Jared Padalecki and secretly penned racy fan fiction. And then they hit the road—crisscrossing the country, racking up frequent flyer miles with alarming ease, standing in convention lines at 4 A.M. They had white-knuckled encounters with overly zealous security guards one year and smiling invitations to the Supernatural set the next. Actors stripping in their trailers, fangirls sneaking onto film sets; drunken confessions, squeals of joy, tears of despair; wallets emptied and responsibilities left behind; intrigue and ecstasy and crushing disappointment—it's all here. And yet even as they reveled in their fandom, the authors were asking themselves whether it's okay to be a fan, especially for grown women with careers and kids. "Crazystalkerchicks"—that's what they heard from Supernatural crew members, security guards, airport immigration officials, even sometimes their fellow fans. But what Kathy and Lynn found was that most fans were very much like themselves: smart, capable women looking for something of their own that engages their brains and their libidos. Fangasm pulls back the curtain on the secret worlds of fans and famous alike, revealing Supernatural behind the scenes and discovering just how much the cast and crew know about what the fans are up to. Anyone who's been tempted to throw off the constraints of respectability and indulge a secret passion—or hit the road with a best friend—will want to come along.

Ruppert, 2004-09-15 The acclaimed investigative reporter and author of Confronting Collapse examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. Crossing the Rubicon examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting War on Terror are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkably draconian measures of repression, warfare and population control. Crossing the Rubicon is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

But his mom can be, well, a bit forgetful sometimes. A bit lax. A bit...CRAZY. For instance, she's a bit crazy when she leaves him in the tub for THREE HOURS. Or gives him a chicken leg for breakfast...or forgets that he needs to go to school. AND he's not completely sure his mother understands how time works. She's been even a bit MORE CRAZY since his dad left. So it's a very good thing that the folks in Kaline's tree house are not so crazy. They understand him. They don't mind that he sometimes HAS to play his pretend bugle, and, of course, they are FULL of good advice on how to handle bullies. His mom hints that the tree house is imaginary. Kaline is UNCONVINCED. The New York Times bestselling author of *A Girl Named Zippy* is delighted to introduce Kaline Klattermaster, a little boy who understands the importance of a few good friends -- make-believe OR otherwise.
