costco business van nuys: Vindicated Jose Canseco, 2009-03-17 In 2005, Jose Canseco blew the lid off Major League Baseball's steroid scandal--and no one believed him. His New York Times bestselling memoir Juiced met a firestorm of criticism and outrage from the media, coaches, clubs, and players, many of whom Canseco had personally introduced to steroids--with a needle in the ass. Baseball's former golden boy, Rookie of the Year, onetime Most Valuable Player, and owner of two World Series rings was called a liar. In Vindicated, Canseco picks up where Juiced left off, revealing details even more shocking than in his controversial first book. He spills never-before-implicated names--arguably the biggest in the game of baseball--and explores the mystery of one celebrated player about whom key information was suddenly excised from Juiced at the last minute. He talks candidly about what the Mitchell Report did--and didn't--get right, why steroid use became so rampant, and how his life has changed since he tore the lid off Pandora's box.--From publisher description.

costco business van nuys: The First Lady of Underfashions Christina Erteszek, 2021-07-16 The First Lady of Underfashions is a nonfiction saga-like memoir written by Christina Erteszek and including excerpts from her parents' (Jan and Olga) unpublished memoirs. It is a complex, layered, and nuanced story that bridges the violence of war, the innovation of thought, the singularity of religion, the quest for identity, and the intrigues and intricacies of family life. Jan and Olga escape from World War II Europe and arrive in the US with just a few dollars. They turn their paltry savings into a multi-million-dollar fashion business. Olga becomes a leading patent holder of female lingerie, a trendsetter in the industry, and is widely known for her innovative business tactics. But as this husband-and-wife team think of retiring, they decide to merge with another fashion company, which proves to be a fatal move when a loophole in the agreement allows for a hostile takeover. This is also a story of a daughter's need to find herself. Along her path to self-discovery, she discovers her parents have many secrets, some of which will never be revealed.

Having entertained the idea for years, and even offered a few questionable opportunities (It's a piece of cake! Just do 4 hours of interviews, find someone else to write it, put your face on the cover, and voila!) I have decided to write these stories just as I have always done, in my own hand. The joy that I have felt from chronicling these tales is not unlike listening back to a song that I've recorded and can't wait to share with the world, or reading a primitive journal entry from a stained notebook, or even hearing my voice bounce between the Kiss posters on my wall as a child. This certainly doesn't mean that I'm quitting my day job, but it does give me a place to shed a little light on what it's like to be a kid from Springfield, Virginia, walking through life while living out the crazy dreams I had as young musician. From hitting the road with *Scream* at 18 years old, to my time in Nirvana and the Foo Fighters, jamming with Iggy Pop or playing at the Academy Awards or dancing with AC/DC and the Preservation Hall Jazz Band, drumming for Tom Petty or meeting Sir Paul McCartney at Royal Albert Hall, bedtime stories with Joan Jett or a chance meeting with Little Richard, to flying halfway around the world for one epic night with my daughters...the list goes on. I look forward to focusing the lens through which I see these memories a little sharper for you with much excitement.

costco business van nuys: The Entrance Crystal Jackson, 2020-01-10 Author and historian, Crystal Jackson, delivers an authentic and compelling account of one town's epic journey through American history. Since our nation's birth, Pacoima has been a microcosm of America's social development and evolution. Once called Pacoinga, this was sacred Indian land until Spain invaded in the 1700s. From the Mission era and genocide of the area's natives to the rise of a Black middle-class suburban community, the town's diverse racial history is unlike any other. Jackson's powerful book peels back the jaw-dropping layers of this historic town to expose the provocative racial threads that bind American history. As some in America strived to contain and diminish people of color, time after time, Pacoimabroke free and flew to unimaginable heights. The town blends a unique divergence of cultures, including Native, Latino, Black, Japanese, and White has defied all odds over that last 150 years. Their remarkable history reveals stories that redefine the development of America's minority culture. Jackson has spent five years researching the town and interviewed dozens of current and former residents. US Congressman Tony Cárdenas, US Congresswoman Barbara Lee, and Calif. Secretary of State, Alex Padilla, are among the many people raised in Pacoima, that Jackson interviewed for the book. She also interviewed 90-year-old residents, Indian chiefs, Mexican migrants, families of Japanese internment camp survivors and civil rights leaders who vividly described the town's growth and evolution. Despite the stolen Indian land, punishment for speaking Spanish, forced imprisonment, civil rights violations, and a tragic crack epidemic that nearly destroyed the town, Pacoima has defied all odds to make a significant impact on the country and even the world.

costco business van nuys: The Day the World Came to Town Jim DeFede, 2011-07-12 The True Story Behind the Events on 9/11 that Inspired Broadway's Smash Hit Musical Come from Away, Featuring All New Material from the Author When 38 jetliners bound for the United States were forced to land at Gander International Airport in Canada by the closing of U.S. airspace on September 11, the population of this small town on Newfoundland Island swelled from 10,300 to nearly 17,000. The citizens of Gander met the stranded passengers with an overwhelming display of friendship and goodwill. As the passengers stepped from the airplanes, exhausted, hungry and distraught after being held on board for nearly 24 hours while security checked all of the baggage, they were greeted with a feast prepared by the townspeople. Local bus drivers who had been on strike came off the picket lines to transport the passengers to the various shelters set up in local schools and churches. Linens and toiletries were bought and donated. A middle school provided showers, as well as access to computers, email, and televisions, allowing the passengers to stay in touch with family and follow the news. Over the course of those four days, many of the passengers developed friendships with Gander residents that they expect to last a lifetime. As a show of thanks, scholarship funds for the children of Gander have been formed and donations have been made to provide new computers for the schools. This book recounts the inspiring story of the residents of Gander, Canada, whose acts of kindness have touched the lives of thousands of people and been an example of humanity and goodwill.

costco business van nuys: Remain in Love Chris Frantz, 2020-07-21 Two iconic bands. An unforgettable life. One of the most dynamic groups of the '70s and '80s, Talking Heads, founded by drummer Chris Frantz, his girlfriend Tina Weymouth, and lead singer David Byrne, burst onto the

music scene, playing at CBGBs, touring Europe with the Ramones, and creating hits like “Psycho Killer” and “Burning Down the House” that captured the post-baby boom generation’s intense, affectless style. In *Remain in Love*, Frantz writes about the beginnings of Talking Heads—their days as art students in Providence, moving to the sparse Chrystie Street loft Frantz, Weymouth, and Byrne shared where the music that defined an era was written. With never-before-seen photos and immersive vivid detail, Frantz describes life on tour, down to the meals eaten and the clothes worn—and reveals the mechanics of a long and complicated working relationship with a mercurial frontman. At the heart of *Remain in Love* is Frantz’s love for Weymouth: their once-in-a-lifetime connection as lovers, musicians, and bandmates, and how their creativity surged with the creation of their own band Tom Tom Club, bringing a fresh Afro-Caribbean beat to hits like “Genius of Love.” Studded with memorable places and names from the era—Grace Jones, Andy Warhol, Stephen Sprouse, Lou Reed, Brian Eno, and Debbie Harry among them—*Remain in Love* is a frank and open memoir of an emblematic life in music and in love.
