creating a business telegram account: Saints and Soldiers Rita Katz, 2022-10-11 Winner, 2022 Nellie Bly Book Award, Chanticleer International Book Awards More than a decade ago, counterterrorism expert Rita Katz began browsing white supremacist and neo-Nazi forums. The hateful rhetoric and constant threats of violence immediately reminded her of the jihadist militants she spent her days monitoring, but law enforcement and policy makers barely paid attention to the Far Right. Now, years of attacks committed by extremists radicalized online—including mass murders at a synagogue in Pittsburgh and mosques in Christchurch, New Zealand, as well as the Capitol siege—have brought home the danger. How has the internet shaped today's threats, and what do the online origins of these movements reveal about how to stop them? In Saints and Soldiers, Katz reveals a new generation of terrorist movements that don't just use the internet, but exist almost entirely on it. She provides a vivid view from the trenches, spanning edgy video game chat groups to what ISIS and Far-Right mass-shooters in El Paso, Orlando and elsewhere unwittingly reveal between the lines of their manifestos. Katz shows how the online cultures of these movements—far more than their ideologies and leaders—create today's terrorists and shape how they commit “real world” violence. From ISIS to QAnon, Saints and Soldiers pinpoints the approaches needed for a new era in which arrests and military campaigns alone cannot stop these never-before-seen threats.

creating a business telegram account: After the Red Pill Stephen R. Leach, 2022-06-07 After the Red Pill reports on events that the mainstream media ignores—the ones that revolve around the global biblical battle between good versus evil and the truth versus lies. Stephen Leach sheds light on a number of falsehoods, including those tied to the COVID-19 pandemic. Somehow, much of the world let the good life of liberty and freedom slip away and resorted to masking and lockdowns, scarring our children for life. He also details how President Donald J. Trump—the rightful duly elected leader of the United States of America—has tried to thwart the plans of elected and unelected government employees seeking to control our lives. He explains how progressive liberals

lied and cheated to remove Trump from office. Get answers to questions such as: • How has the world gone mad in such a short time? • What did the Wuhan lab in communist China seek to accomplish by unleashing the coronavirus? • What role are the US military and global military allies playing in the completion of 'the Plan'? Other topics include human trafficking, a new economic system that would change life as we know it, and the global Deep State. America must decide: Go to sleep and let the enemies of freedom stay in power or recognize that a swampland of evil wants us to live according to their plan.
