UNDERSTANDING THE NAMP NUMBERING SYSTEM: YOUR KEY TO DECIPHERING MEAT CUTS

THE NORTH AMERICAN MEAT PROCESSORS ASSOCIATION (NAMP) DEVELOPED A STANDARDIZED NUMBERING SYSTEM TO HELP IDENTIFY AND CLASSIFY VARIOUS MEAT CUTS. THIS SYSTEM IS CRUCIAL FOR BOTH BUTCHERS AND CONSUMERS, ENSURING CLARITY AND CONSISTENCY ACROSS THE INDUSTRY. UNLIKE SIMPLY RELYING ON NAMES LIKE "SIRLOIN" OR "RIB ROAST," WHICH CAN VARY IN MEANING DEPENDING ON THE BUTCHER, NAMP NUMBERS PROVIDE A PRECISE IDENTIFIER. THIS PREVENTS CONFUSION AND HELPS ENSURE YOU GET THE SPECIFIC CUT YOU DESIRE.

THE NAMP SYSTEM USES A HIERARCHICAL STRUCTURE, OFTEN WITH A THREE-DIGIT CODE. THE FIRST DIGIT GENERALLY INDICATES THE PRIMAL CUT (E.G., THE MAIN SECTION OF THE CARCASS, LIKE THE ROUND OR LOIN). THE SECOND DIGIT SPECIFIES THE SUB-PRIMAL CUT (A SMALLER SECTION WITHIN THE PRIMAL CUT), AND THE THIRD DIGIT INDICATES THE SPECIFIC RETAIL CUT. FOR EXAMPLE, A CODE LIKE "112" MIGHT REFER TO A SPECIFIC SIRLOIN STEAK CUT FROM THE LOIN PRIMAL. WHILE NOT EVERY BUTCHER USES THIS SYSTEM PERFECTLY, LARGER SUPPLIERS AND MANY WELL-STOCKED BUTCHERS OFTEN EMPLOY IT, MAKING IT A VALUABLE TOOL FOR INFORMED PURCHASING.

MEAT GRADES: UNDERSTANDING QUALITY AND VALUE

BEYOND THE NAMP NUMBERING SYSTEM, UNDERSTANDING MEAT GRADES IS ESSENTIAL FOR DETERMINING QUALITY AND VALUE. THE USDA GRADING SYSTEM IS PREVALENT IN NORTH AMERICA, CLASSIFYING MEAT BASED ON SEVERAL FACTORS, INCLUDING MARBLING (THE INTRAMUSCULAR FAT), COLOR, AND TEXTURE. THE GRADES TYPICALLY RANGE FROM PRIME (HIGHEST QUALITY), CHOICE, SELECT, AND STANDARD.

PRIME: THIS GRADE BOASTS ABUNDANT MARBLING, RESULTING IN EXCEPTIONAL TENDERNESS AND FLAVOR. PRIME CUTS ARE OFTEN FOUND IN HIGH-END RESTAURANTS BUT CAN ALSO BE PURCHASED IN SUPERMARKETS, ALBEIT AT A HIGHER PRICE.

CHOICE: A VERY POPULAR GRADE, CHOICE BEEF OFFERS EXCELLENT FLAVOR AND TENDERNESS, WITH GOOD MARBLING. IT'S A GREAT BALANCE BETWEEN QUALITY AND AFFORDABILITY.

SELECT: SELECT GRADE BEEF HAS LESS MARBLING THAN CHOICE, RESULTING IN A LEANER CUT THAT MIGHT BE SLIGHTLY LESS TENDER. IT'S A BUDGET-FRIENDLY OPTION, IDEAL FOR RECIPES WHERE LONGER COOKING TIMES ARE ACCEPTABLE.

STANDARD: THIS GRADE IS THE LEAST MARBLED AND OFTEN LESS TENDER. WHILE IT'S THE MOST AFFORDABLE, IT'S BEST SUITED FOR GROUND MEAT OR RECIPES WHERE TENDERNESS IS LESS CRUCIAL.

KNOWING THE GRADE ALLOWS YOU TO CHOOSE THE MEAT THAT BEST FITS YOUR BUDGET AND CULINARY NEEDS. REMEMBER THAT GRADE DOESN'T ALWAYS DICTATE THE BEST MEAT FOR YOUR PURPOSE. A WELL-AGED SELECT CUT CAN BE FANTASTIC, WHILE AN IMPROPERLY HANDLED PRIME CUT MIGHT BE DISAPPOINTING.

CUTS OF BEEF: A NAMP-INFORMED OVERVIEW
